KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A COMING EXHIBITION.

WHAT MAY BE WITNESSED AT THE ARMORY ON THE 17TH.

Harold St. John Will Meet Instructor Hawkshaw—Fierce Fights for Points With Sword, Sabre Gun and Bayonet Will Create Much Enthusiasm—The Contest in this City will be Followed by Another in Syracuse.

Mention was made in the TIMES yesterday of the engagement of Harold St. John as instructor in athletics by the Forty-Eighth Separate company of this city, and also that an exhibition would be given at the armory on the evening of the 17th between Mr. St. John and another skillful swordsman. From the following, which is clipped from the Syracuse *Standard* this morning, some idea may be drawn of the exhibition in store for our citizens.

"Harold St. John, champion sword and foil expert of the United States and Canada, has made a match with Instructor Hawkshaw, late of her majesty's army, to take place at Oswego a week from Tuesday next in a series of exciting bouts which will include contests with foils, swords, gun and bayonet, sword against bayonet, bayonet against saber. Mr. St. John's record throughout the country is well known, and when he comes to this city after the Oswego conflict for his return engagement the local public will have an opportunity to note the wonderful strength and activity contained in his 170 pounds of avoirdupois. Mr. St. John yesterday was in consultation with members of the Syracuse Athletic association and Forty-first Separate company. His production will be brought off by one organization or the other. It will be without doubt one of the grandest exhibitions of this character ever produced in Syracuse.

"A couple of weeks ago the international match between this gentleman and Maj. Morgan was fought at Watertown. It included the events mentioned and in addition thereto a three-round bout with the gloves. Mr. St. John was defeated with several of the implements of war, but managed to obtain the championships mentioned in the foregoing paragraph. Maj. Morgan weighed in the neighborhood of 190 pounds, and was picked from the flower of the queen's army to give instruction in Canada. The battle that took place between the men was savage in the extreme. The sabers they used are those now in use by the army, except that they were blunt on both edges. In order to judge just what manner of conflict occurred between the men it is only necessary to know Morgan's immense saber was broken into bits on the arm of his antagonist in resisting a straight blow. Had it not been neatly parried Mr. St. John would now be nourishing a broken arm. Another instance is recorded where Maj. Morgan's gun and bayonet caught Mr. St. John under the chin and hurled him completely off the platform. In the succeeding move the bayonet tore aside Mr. St. John's mask and inflicted a bad wound directly under the left eye. Had it gone an inch higher it would have torn the eye from the socket. The contests are very fierce and the combatants have nothing to protect their bodies except a thin leather jacket. These few instances are given so that the public may comprehend what sort of contest may be expected.

"The meeting between Mr. St. John and Instructor Hawkshaw will be given under the auspices of the military company in Oswego and will include several other athletic feats by talent in that city. The return engagement will certainly be for blood, for one or the other will be defeated and will long for revenge."

GRAND PHONOGRAPHIC CONCERT

A LARGE LAUNDRY.

Now in Course of Construction by John Lennox.

John Lennox, the laundryman, is erecting a building for laundry purposes on Hubbard street in the immediate vicinity of the Tannery bridge. It will possess all modern improvements for the successful operation of laundry work—boiler, englue and all kinds of improved machinery. The work of construction will be pushed to completion as speedily as possible and when in operation will be one of the most complete laundry establishments in northern New York.

Mr. Lennox will have an office in the central part of the city—probably at his present stand in the Holbrook block, for receiving and delivering work.

Capital Notes.

ALBANY, April 5.—In the senate today Senator Parsons' Genessee river dam bill was reported favorably. It appropriates $100,000 for the prelim. inaries of the work, $10,000 to be available this year and the remainder next year.

Senator Pound's compulsory education bill has passed the senate.

A RARE TREAT.

Hon. John F. Finerty and M. J. Murphy at Priory Hall To-night.

The Hon. John F. Finerty of Chicago, well known as a journalist, war correspondent and orator, will deliver a lecture entitled "The Story and Songs of Ireland." The lecture is an interesting review of the history of Ireland for the past eight centuries and deals with the most important historical events of that country's story. Mr. Finerty will divide his lecture into six periods or epochs, each of which will be illustrated by one of the most famous songs of the Irish poets which will be rendered by Mr. M. J. Murphy, the Irish baritone singer.

The lecture was given in Syracuse recently and the Bastable theatre was far too small to accomodate the audience assembled in it.

Both Messrs. Finerty and Murphy are representative Irishmen and both have a national reputation, one as an orator and the other as a singer, while both are also famous in journallsm. It is expected that Priory hall will be crowded to its capacity to-night, as the low price of the tickets, twenty-five cents for admission and fifty cents for reserved seats, makes it possible for everyone to avail himself of this rare entertainment.

Two Cases of Small-Pox.

Two cases of this dreaded disease have appeared in Syracuse. The authorities are taking precautionary measures to prevent its spread and it is to be hoped they will prove effectual. The health officers apprehend no fear of an epidemic.

Rev. David Wills Called.

There was a meeting of the congregation of Grace church last evening to decide upon the matter of calling Rev. David Wills jr., who preached at Grace church last Sunday, to be the pastor of that church. The vote was by ballot, and was unanimous in favor of calling Rev. Mr. Wills. If he accepts the call, Grace church people will have an energetic, conscientious pastor, who will be invaluable to them.

With the Cornell Glee Club.

Eugene P. Andrews of this city, who has been attending Cornell University for the past two years, is a member of the Cornell Glee, Banjo and Mandolin club. The club started on the concert tour of '94 in January and after giving several concerts in eastern cities went west, giving concerts in Cleveland, St. Louis, Duluth, Minneapolis, Chicago and Milwaukee with great success. The club numbers upwards of 50 members and 32 of them are making the tour at present. In a letter written from Duluth, March 30th, Mr. Andrews says: "You can't imagine how strange it seems to jump from St. Louis to Duluth in two days. Up here there is ice on the bay and lake, so men are walking on it. * * * * Green grass in St. Louis. Ice up here and a low sun." "In Madison, Wis., I took dinner with Prof. Frank G. Hubbard, formerly of Oswego." "Duluth is almost *all new* and built with all improvements that modern architecture can suggest, but it seems strange to see great seven and eight story buildings that would grace Chicago, alongside of little frame stores, and sit up in the elegant dining room of the 'Spalding' on the top floor, and eat tomatoes, cucumbers, asparagus and strawberries and gaze out meanwhile over miles and miles of frozen lake."

ZEDEKIAH SANGER'S WILL.

It Was Not Admitted to Probate Today—Heirs Are Turning Up in All Parts of the Country—There Will Probably Be a Contest Over the Probating of the Document.

The probating of the will of the late Zedekiah Sanger has been adjourned until June 7. The petition which was filed some time ago named as heirs, Joseph T. Sanger of Yonkers, N. Y., and William Carey Sanger of Columbia Heights. Since the filing of the petition about fifteen new heirs have sprung up from different parts of the United States. There is one from California, one from Michigan, one from St. Louis, Mo., a few from the New England states and several scattered about the state of New York. These persons have placed their interests in the hands of Attorney E. B. Powell. When seen by a TIMES reporter this morning, Mr. Powell said he was unable to give the names of the heirs as he did not know them. When asked if a contest would be made, he said he did not know about that either; that they would have to wait and see what grounds there were to break the will on before anything could be done.

THEY ROBBED FREIGHT CARS.

Another Accomplishment of Shea and McGough Brought to Light in Troy.

TROY, N. Y., April 5.—A sensation has been caused here by the discovery of an organized conspiracy to rob railroad freight cars in Green Island and this city. Both the Fitchburg and Delaware & Hudson companies have lost thousands of dollars worth of goods in this manner, and a discovery has just been made which will probably lead to the arrest of the members of the gang. Part of the stolen property was recovered in the saloon of Eugene E. McClure in the Thirteenth ward. The latter has implicated "Bat" Shea, who killed Robert Ross, and John McGough, also arrested for the Ross shooting. It is said that McClure has made a full statement and that two police officers are implicated in the robberies. Arrests will follow.

Student Taylor Yet in Jail.

ITHACA, N. Y., April 5.—F. I. Taylor is still in jail but to an Associated Press reporter stated that he expected to be released about three o'clock. The papers from Judge Smith arrived this morning and Taylor's attorneys are now busy making out the bail bonds. Mrs. Dingen of Buffalo, arrived on the 12:30 p. m. train to furnish bail.

District Attorney Jennings when interviewed, said: I know nothing about the matter further than was contained in the dispatches in your paper last night. I have received no notification whatever in the matter.

Notable Weddings in Troy.

ALBANY, N. Y., April 5.—A wedding of interest to descendents of the Knickerbockers all over the state, was celebrated here to-day at one o'clock. It was that of Miss Catharine Barnard Walsh, a daughter of Mr. and Mrs. Augustus H. Walsh, to Mr. John Dewitt Peltz, a prominent lawyer of this city, and cousin of Judge William H. Learned. The marriage was celebrated in St. Peter's church by the Right Rev. William C. Roswell Doane, bishop of Albany, assisted by the Rev. G. H. Walsh of Philadelphia and Dr. Batershall of this city.

No General Strike in Rochester.

ROCHESTER, N. Y., April 5.—The fear entertained yesterday that there was to be a general shoe strike here has been dissipated. The men to the number of 110 have made amicable agreements in two shops—Curtis and Wheelers and Eddy and Websters. They have gone back to work. There are only two shops now affected. The men now ont agree that the strike is not likely to spread much further. It is understood all the shops here are working on orders and the season promises to be a good one for the city.

A tongue twister.

Say this as fast as you can:

"Say! Should such shapely showy shoes sell slow?"

And while you're twisting your tongue 'round it let this thought soak into your consciousness, "that we are selling, (and selling fast, too), the prettiest and best line of shoes for men, for women, for boys, for girls, and for little tots, that there is in Oswego, and there are some good ones, too.

OUR MEN'S SHOES—Include styles for Fancy Full Dress, Walk-abouts, Solid Comfort, Bicycling (a special one), "soft-easy" workers, button, lace, congress; any kind you want. Hard times prices on every pair.

OUR LADIES' SHOES—Are dainty and stylish new cuts, dressy and neat; styles for $1.50, $2.00 and $3.00 are specialties, and at two yards' distance the cheaper ones cannot be told from the higher priced ones. The handsomest and the cheapest for the money we ever saw.

SHOES FOR BOYS AND GIRLS—As many kinds as there are people, almost. Stogies for stormy days, high cuts to keep young ankles dry; dressy styles for party wear, &c., &c.

We are the best shoe sellers, as well as the best dry goods sellers.
