

The original Raw Food. An unrivalled nutrient. It builds muscle and bone. It makes new blood. Is retained by any stomach. Satisfies the hunger of consumptives. Unaided it will sustain strength for weeks. Contains the largest amount of nutrition in the smallest possible bulk. It will sustain life by injection. It is simply the vital principles of raw beef concentrated. It is prescribed and recommended by more physicians than any other food in the world. We refer to any physician you know.

THE BOVININE CO. NEW YORK.

Forestine Kidney and Malaria Cure. The season is now at hand when we need a "Building up" Tonic or "Spring Medicine" to cleanse the Blood which has become impure from lack of proper exercise, and also to "brace" us up for the season of work which has now commenced. Nearly all the so-called Blood Purifiers bring the impurities to the surface, which cause Boils and Pimples, each one of which leaves a scar or disfigurement of some kind, and generally upon the face and neck. Forestine Kidney and Malaria Cure is the only Blood Purifier that carries off the impurities through the Liver, Kidneys and Bowels, which is nature's plan. Instead of disfiguring the skin it makes it soft and velvety and is the only Blood Remedy that should be used by people who desire smooth and healthy skin. It is peculiar to itself and nothing else can take its place. It has a gentle soothing effect upon the nerves, cures Rheumatism and Neuralgia, strengthens the appetite, regulates the Bowels, Liver and Kidneys and makes the weak strong.

FARMS FOR THE MILLION. The marvelous development of the states of Minnesota, South Dakota, Iowa, Nebraska and Wyoming, within the last few years has attracted attention in all parts of the world. It is not necessary, however, to search far for the causes of this wonderful growth, for this entire region, which is penetrated by the North-Western Line, teams with golden opportunities for enterprising farmers, mechanics and laborers who desire to better their condition. Here are lands which combine all varieties of soil, climate and physical features that render them most desirable for agriculturists or commerce. Rich, rolling prairies, capable of raising the finest quality of farm products in luxurious abundance, can still be secured at low prices and upon most liberal terms, and in many cases good productive farms can be purchased for scarcely more than the yearly rental many eastern farmers are compelled to pay. Reaching the principal cities and towns and the richest and most productive farming districts of this favored region of the North-Western line (Chicago & North-Western R'y) offers its patrons the advantages of ready markets, unexcelled train service, perfect equipment and all the comforts and conveniences known to strictly first-class railway travel. Maps, time tables and general information can be obtained of ticket agents of connecting lines, or by addressing W. A. Thrall, General Passenger and Ticket Agent, Chicago & North-Western R'y, Chicago, Ill. 7,21m3,19

WHITE BEAR AND LAKE MINNETONKA. The beautiful summer resorts of Minnesota should not be overlooked by those seeking a retreat at which to spend their summer outing. These famous spots are best reached by the WISCONSIN CENTRAL LINES, via St. Paul. Through trains are run via this popular route from Chicago at convenient hours, equipped with Pullman vestibule sleeping cars, day coaches, and dining cars serving a cuisine unequalled.

MARINE NOTES.

Items of Interest to Shippers and Mariners. BUFFALO, April 6.—All the life-saving stations in this district, except the new one at Ashtabula, are now fully equipped with crews. —About 500 bushels of wet corn were found in the winter cargo of the schooner Richard Winslow on unloading her. —W. J. Conners is already at work on his new contract to handle package freight in Chicago. He had 497 men at work yesterday and fully 500 more were asking for a job. John Bowen, the superintendent here for some time, is in charge of the work there. John McCarthy succeeds him here. —The attempt to break down the power of the Shovelers' Union by giving the unloading of the steamer America to Charles Flynn and a non-union gang failed, as it might have been expected to. After a conference yesterday between Supt. Moore of the Terminal Elevator, Boss-Scooper James Kennedy and President O'Connell of the Shovelers' Union, the work was given to the union gang and the unloading began during the forenoon. This ends the diversion for the present. —It has been concluded to start coal rates all on the same basis this season, like a street car fare, so the Lake Michigan rate was fixed yesterday at 25 cents, the same as it had been made to Duluth and Toledo. It is given out, though, that the rate is not going to be considered anything but temporary. As soon as there is a show of actual demand more will be demanded. The takings were the propellers Schlesinger, Fast and Vance for Chicago and the Wolf for Milwaukee. The schooner Mott will load for Toledo, all at 25 cents.—Express. DETROIT, April 4.—A new transportation line was organized here to-day under the title of the Duluth and Ogdenburg Transit company. The line is composed of the steamers Ohio, Ford and Saginaw Valley, and will operate as the Lake Superior end of the Central Vermont railroad, connecting for westbound freight from all points from Cleveland to Duluth. The boats will be put in service at the opening of navigation in Lake Superior. The line will be under the management of Capt. Ward. DETROIT, April 5.—The 'longshoremen at Menominee and Marinette have voluntarily decided to reduce their wages from 50 to 40 cents per hour. —A prominent marine insurance man says that the insurance companies have not taken in premiums enough to pay the losses since navigation opened. —Insurance men say that the wreck of the steamer Waldo A. Avery, which was burned in the straits last fall, has been greatly damaged by the shifting of heavy ice. —The Crescent line steamer John M. Nichol is loading about 18,000 barrels of flour at the Duluth mills, which it will transport to Buffalo when navigation opens at Duluth. —The grain laden steamer Majestic arrived here yesterday morning with the forward rigging of an unknown schooner fast to her forward upper works. About 4:30 o'clock, when between the Canadian club house and the rangeon Harsen's Island she collided with a schooner and the bow-sprit and jib-boom of the latter broke through the forward cabin of the steamer and passed on through her upper deck. The Majestic brought the jib-boom, bowsprit, two jib-sails, anchor and cathead to Detroit. Captain Lawless of the Majestic met a Canadian tug going up just after the collision and sent her to the relief of the schooner. The latter was found to be the Theodore Voges, but no one on the Majestic saw her name. The Voges was taken to Port Lambton, Ont., from where she was towed in the afternoon to Port Huron for repairs. Hugh McCaffery, brother of the captain, was struck by some of the rigging and killed. The schooner belongs to Black River, Ohio, where she was built in 1876. She was laden with coal and bound for Sand Beach. The injuries sustained by the Majestic are not serious, being all above the hull.—Tribune.

Nichols will teach the spring term of school, a mile and a half west of Bridgeport, beginning April 16.—The village school opened this week with the same corps of teachers. Allen Rider will teach the fall term in the senior department.—John Coble, jr., has bought a farm known as the Graves farm.—Miss Gertrude McLaughlin is spending the week with Mattie Tilford. Now a Chicago Man was Cured of Rheumatism. Mr. John Hall, of 6225 Commercial Ave., Chicago, met with a serious accident for which he used Chamberlain's Pain Balm, freely, with the best results. "But now," says Mr. Hall, "comes the best part of my story. For many years I have been quite a sufferer from rheumatism, with stiffness of the joints. Since the application of Chamberlain's Pain Balm all symptoms of rheumatism have disappeared; in fact I believe that it has banished every trace of rheumatism from my system." For sale by D. M. Mead and A. D. McIntyre, Druggists, Jan. 13, 1894, 247 W. 12th St. PULASKI. APRIL 4.—Mrs. Seneca D. Moore died last night after a long and painful illness.—Commissioner Woods deserves commendation for his much needed new sidewalks on the iron bridge.—Postmaster D. C. Bishop is slowly improving. His illness has been quite severe.—E. B. Clark and family have returned from a protracted visit in California.—A. F. United building and other business starts up soon a small contingent for "Coxey's army" could easily be raised in Pulaski.—Pulaski is proud of its representation at the teachers' institute in Sandy Creek.—Several people in Pulaski are waiting impatiently for the trout fishing season to open. Then the game protectors' business will boom. Very Satisfactory Results. "Two years ago my husband was taken sick with kidney and liver complaint. He had two physicians, and all the medicine he took seemed to go against him. He had no appetite and could not sleep. At last I prevailed upon him to try Hood's Sarsaparilla, and he did so with very satisfactory results." Mrs. GEORGE LUCE, Sinclairville, N. Y. HOOD'S PILLS cure all liver ills. 25c. THE SPORTING WORLD.

Summary of Interesting Events in the Fields of Sport. —Big Bobby Barr will be signed by Manager Chapman to play for Buffalo. —The St. Louis Club has released Catcher Twineham and Sioux City has snapped him up. —Tom Mansell, who once led the American association in hitting, is a gripman out in Kansas City. —The Chicago Herald says that Glenalvin will play second for Chicago and if he fills the bill he will be kept there. —John Lavock, champion feather weight of Ohio, has been engaged as instructor of the Manhattan A. C. of Toledo. —Jimmy Carroll, the Brooklyn middleweight, is billed to box six rounds with "Australian" Billy McCarthy Saturday night at Lenox Lyceum, New York. —Princeton and Harvard freshmen will not play a match this season. Harvard's faculty will not permit the freshmen to play both Yale and Princeton in the same season. —Skaneateles is to have a new half mile track, Cuddeback brothers building it. Thomas Holler is to take the driving park himself and will hold the first races there Decoration day. —The management of the Waltham (Mass.) bicycle track are willing to put up \$1,000 to the man who will ride a mile over their course Decoration day in less than two minutes. —The Buffalo curlers will apply for admission to the Canadian association at the next meeting of that body. If admitted, an attempt will be made by the local club to bring the next bonspiel to Buffalo. —Harry Wright, chief of umpires, has decided finally to order all umpires to stay behind the home plate all through the game, thus doing away with much kicking on the men who insist on judging balls and strikes from near the second base. —Jim Stafford says of Phil King, Princeton's stocky second baseman: "When I collided with him in a recent practice game I thought I had run against the grand stand. If that's the way they tackle in a football game I'll never play it. He's one of the strongest fellows I ever met." —Le Jockey, Paris, states that Baron Hirsch has given all his turf winnings of 1893, amounting to 75,000 livres, to the London hospitals. In order to make it a round sum the baron added 7,500 livres to his winnings, so that the gift to these charities was \$75,000. He did the same thing in 1892. —George Dixon is looking the picture of health. Dixon does not seem to worry over his defeat at the hands of Walter Edgerton, the "Kentucky Rosebud." Dixon says that while Edgerton is a very clever boxer, he (Dixon) is his master at any stage of the game. Dixon does not deny, however, that Edgerton can hit a very hard blow. A Favorite for Coughs and Colds. "Chamberlain's Cough Remedy is the best medicine for coughs and colds I have ever used," says S. Keel & Son, of Coal Run, Ky. It is a favorite because it can always be depended upon. It loosens a cold, relieves the lungs and affords a permanent cure. Whooping cough is not dangerous when this remedy is freely given, as it liquefies the tough mucus and makes it easier to expectorate. 25 and 50 cent bottles for sale by D. M. Mead and A. D. McIntyre, Druggists, Jan. 13, 1894, 247 W. 12th St. Fair Haven. APRIL 5.—W. I. Allen, the new landlord of the Dietel house, had a dance in the Turner hall last Friday evening. It was a success. Y., was in town Tuesday on business. —William Hollinback met with a bad accident Monday. He was helping a family by the name of King to move. He took a shot gun out of the wagon and in setting it over a fence struck the hammer in some way against the fence and discharged the gun. The full charge struck him on the collar bone and broke it and glanced upward in the neck, causing a severe wound. Dr. Deo was called at once and pronounced it dangerous. He telegraphed to Auburn for Dr. Chesman and Dr. Hall who was also in Auburn. They came on the 12:30 train and counseled with Dr. Deo and pronounced it a very dangerous wound, but at four o'clock to-day he is feeling some easier. A good share of the shot was got out but he seems to be bleeding inwardly some yet. His recovery is doubtful.—The new milk station will be completed this week. A CHARMING WOMAN.

She has studied American and European. Ladies Very Carefully, and Tells Just What She Thinks About Them. "I have observed women very carefully." It was a member of a leading Ladies' Club who spoke. Continuing, she said: "I have seen English women and women from the continent under all circumstances and I think I understand them. I have observed American women under every condition and I am able to compare the two. I am sorry to say that American women are not as strong and healthy as the women of other countries. They are weak, delicate and run down, especially at this time of the year. And that is not the worst of it. American women need not be so. It is nonsense to suppose that a woman can go through this season without assistance. She needs a tonic, a stimulant, something that will make her complexion good, her eyes bright, and her health perfect. I know what will do this because I was once in a greatly run down state myself and I found that careful and continuous use of Duffy's Pure Malt Whiskey did wonders for me. I am a firm advocate of temperance but I believe nearly every woman could be made healthier, happier and more attractive if she followed the same course that I have." These are good common-sense ideas which every lady can adopt to advantage. It should be remembered, however, that Duffy's Pure Malt Whiskey is not a medicine, but a pure, healthful beverage, as ordinary whiskeys do not contain the results necessary for the purpose. Instead, they contain your druggist or grocer giving you just what you require and under no circumstances take any other. Write for a free copy of the book. APRIL 5.—The singing class under the direction of Mr. Enos will give one of their concerts at North Scriba band hall, on Tuesday evening, April 10. Admission 15 cents. RAILROAD NOTES.

Items of Interest Picked up along the Tracks. —The Michigan Central station agents have been ordered not to allow any loading around their stations. —The name of Halls Station on the Lockport branch of the New York Central has been changed to Beach Ridge. —Charles E. Whitehead succeeds David Fether as boss machinist at the Delano Lehigh Valley shops. These shops will hereafter be general repair shops, all new work being done elsewhere. —The block system on the New York Central will be in complete operation as far as Suspension Bridge on Monday. The interlocking switch system will be put into effect in the yards later. —The proposed issue of \$5,000,000 Delaware & Hudson stock at par to take up fixed obligations to that amount which mature this year has been officially authorized. The value of the rights to subscribe to the new stock is estimated at \$648.50 to the holder of each 100 shares. —The Brooks Locomotive Works at Dunkirk will probably be forced to close down very shortly unless some new orders come in. There are now but 300 men at work out of a force which ordinarily numbers 1,600. The last engines now under construction will, it is expected, be finished before the end of this week. If the shops are closed it will be a heavy blow to Dunkirk. —The 14th annual meeting of the Canadian Pacific was held here today. The report showed a falling off of net earnings from last year, which was the best in that respect the company has ever had. Gross earnings were \$20,962,377.44, working expenses \$13,220,901.51. Net earnings for 1892 \$7,741,416.05. Net earnings last year \$8,420,347.50. Total surplus \$7,261,213.14. The falling off in net earnings is accounted for by the extreme cold weather, low prices of grain and stagnation of business on the Pacific coast. No new lines will be built this year.—Buffalo Express.

ASK THEM WHY? Ask the men who are making imitations of COTTOLENE, the new vegetable shortening, why they give up lard and try to trade on the merits of COTTOLENE? Perhaps you can guess. ASK HIM WHY? Ask the grocer who attempts substitution, why he tries to sell an imitation when people call for that pure, palatable and popular vegetable shortening, COTTOLENE? Perhaps you can guess. ASK YOURSELF? Why should not YOU use COTTOLENE, instead of lard or any other compound, for all cooking purposes? It has the highest possible endorsement; from Physicians as to healthfulness; from Cooking Experts as to superiority; from housekeepers as to economy. Use COTTOLENE and stick to it. Sold in 3 and 5 pound tins. Made only by N. K. FAIRBANK & CO., CHICAGO, AND PRODUCE EXCHANGE, NEW YORK.
