HELD IN BONDAGE

All Her Life—Happy Release at Last of Miss Alice Young, who Resides at 392 Alexander Street, Rochester, N. Y.

(From Rochester Democrat and Chronicle.)

Our representative was received very pleasantly at 392 Alexander Street, by Miss Alice Young, who told how since childhood she had been held in the bondage of pain from her back, never remembering the time that she had not suffered pain or aches in the region of the kidneys. Many were the means she used to find relief, but there seemed no remedy for her case and she still remained a captive; then along comes these little enemies to backache, Doan's Kidney Pills, and a half box releases the bonds, as one by one the aches and pains disappear, she finds herself a slave to pain no more, by their continued use. She says: "I was entirely relieved of all my suffering and now I am perfectly strong, healthy and well." "How did you take this remedy?" Miss Young was asked by our representative. She replied that she followed directions explicitly. Miss Young then told how the malady affected her, saying her symptoms were: "Stooping, bending over, walking or standing any length of time always gave me a pain in the small of my back. I had a pain in the kidneys all the time, and if I caught cold it would always settle there; the pain I suffered was of a very exhausting nature; at night I could only lie flat on my back any other position causing pain and suffering; the nerves passing up my back, were affected and this brought with it severe headaches, but as I said before, Doan's Kidney Pills have removed all pain and suffering entirely and I never felt better and healthier in my life."

Doan's Kidney Pills are for sale by all dealers, price 50 cents, mailed by Foster-Milburn Co., Buffalo, N. Y., Sole Agents for the United States.

MARINE NOTES.

Items of Interest to Shippers and Mariners.

DETROIT, April 9.—The work of straightening the channel at Lorain has been commenced.

—The first schooner out of Benton Harbor was the Jessie Winters, which departed from that port Sunday.

—The government lighthouse steamer Amaranth was placed in the Detroit dry dock yesterday afternoon for overhauling.

—A sidewheel steamer for the Canadian Pacific Railway, to run between Owen Sound and the Sault, is being built on the Clyde.

—The steamer Imperial cleared from Windsor for Pelee Island yesterday afternoon with a number of passengers, and a fair load of freight.

—The little schooners Lodestone and Magnet, with stone from Sibley's quarry, arrived under sail yesterday. They were the first sailing vessels of the season to put in an appearance.

—Each of the men of the Sand Beach life saving crew, who saved the crew of the steamer Shupe during the terrible storm on Lake Huron last May, has received a medal from the government. Dan Lynn of the volunteer crew that attempted to rescue the Shupe's crew, was left out, which is regarded as a piece of rank injustice. —*Tribune.*

MACKINAW CITY, April 9.—The vast field of ice between Waugoshance and McGulphin's Point has given way and the straits are open to navigation. From appearances to-night it is probable that boats will have no difficulty in making the passage between Lake Huron and Lake Michigan.

CHICAGO, April 9.—The Neosho for wheat to Buffalo and the Samoa for wheat to Kingston, were placed at unchanged rates. Although the demand for boats in the wheat trade is improving somewhat, vesselmen are in no hurry to charter at the prevailing low rates.

WASHINGTON, April 9.—Captain Dumont, supervising inspector of steam vessels, cannot give his interpretation of the White law, in its reference to mast signal lights, without making a personal examination of the lake craft. He has written to Buffalo and other cities for measurements, but the replies have been unsatisfactory. Next Friday Captain Dumont will go to Buffalo, and after making his own calculations and observations, will decide whether the lights must be forty feet above the main deck or that distance above the spar deck.

CHICAGO, April 9.—Discrimination against large wooden steamers by marine underwriters as compared with steel boats is ended by the new rates, which the companies have just succeeded in agreeing upon. Wooden steamers will be given this season a full policy of the same terms as the policies on steel vessels at 3½ per cent. The same insurance last season would have cost 4½ to 5 per cent. Full policies on steel steamers will be written at 2¾ c., and on steel barges at 3½ c. Counting the increased fire risks on wooden boats, and the larger value of steel boats, the two classes are now on exactly the same footing.

—The Chicago board of marine underwriters have reduced grain insurance from Chicago to Buffalo from 40c to 25c per $100.

A CRY FOR HELP

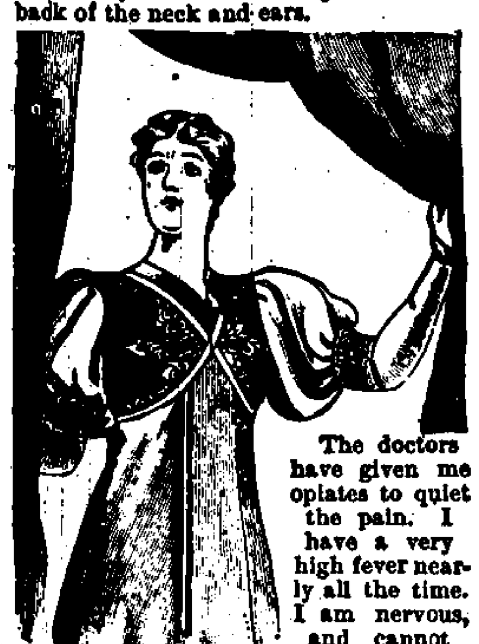
RESULT OF A PROMPT REPLY.

Two Open Letters that Should Suggest to Thousands of American Women to go and do Likewise.

[SPECIAL TO OUR LADY READERS.]

LITTLE FALLS, MINN., *May* 11, 1894.

"I am suffering, and need your aid. I have terrible pains in both sides of my womb, extending down the front of my limbs and lower part of my back, attended by backache and pains in the back of the neck and ears.



The doctors have given me opiates to quiet the pain. I have a very high fever nearly all the time. I am nervous, and cannot stand. My doctor says I must keep in bed. Now I place myself under your care. I am only twenty-one years old, and too young to suffer so much."—MRS. CHAS. PARKER.

The above letter was received by Mrs. Pinkham at Lynn, Mass., May 15, 1894, which received a prompt reply.

The following letter reached Mrs. Pinkham about five months later. Note the result.

LITTLE FALLS, MINN., *Sept.* 21, 1894.

"I deem it my duty to announce the fact to my fellow-sufferers of all female complaints, that *Lydia E. Pinkham's* treatment and Vegetable Compound have entirely cured me of all the pains and suffering I was enduring when I wrote you last May. I followed your advice to the letter, and the result is simply wonderful. May Heaven bless you and the good work you are doing for your sex!" —MRS. CHAS. PARKER.

All the druggists in town say there is a tremendous demand for *Lydia E. Pinkham's* Compound; and it is doing lots of good among the women.

If you are sick and in trouble write to Mrs. Pinkham. Relief awaits you.
