"OSTIES" VICTORIOUS

Had No Difficulty In Defeating 48th Company Last Night.

AN EXCITING GAME.

Teams Played For $50 Purse and Door Receipts—Big Crowd In Attendance and Much Enthusiasm Displayed Throughout the Contest.

On a closely contested and exciting game of indoor base ball at the Armory last night the Osterhouts defeated the military lads by a score of fourteen to eleven. It looked as if the 48th boys were to win but the Osterhouts made six runs in the last two innings and won the game by three points.

It looked at first as if there would be no game. It was claimed by the Osterhouts that the 48th Separate Company had agreed to let the winner take 60 per cent. and the loser 40 per cent. of the receipts but on coming together the 48th team did not think they could stand for that, but were willing to divide 40 and 40 with 20 to go to the Armory. The Osterhouts would not agree to this and after a good deal of wrangling 60 and 40 was agreed to.

The game was started about 8:30 with the Forty-Eighth lads at bat first and to the surprise of all, Kirk, Weiss and Singleton landed three runs. The next three men were struck out and the Osterhouts went to bat and Reed, Murphy and Donahue each made a run with the next three men being struck out. In the second inning the military lads went to bat and landed five runs before they gave the bat to the Osterhouts and to the surprise of every one in the Armory the Osterhouts landed five runs making the score eight to eight.

Osterhouts Played Star Game.

In the next inning Trombly and Vincent made runs but the Osterhouts were unable to score in that inning and could not find the ball in the next three innings that followed. In the seventh inning Reed made a beautiful home run forcing Leroy home. In the eighth inning, Cavanaugh, Warsop, Pare and McBride each made a run. Cavanaugh's run tied the score and the other tallies helped swell the victory. After this the 48th were unable to score.

In the second inning Cavanaugh was unable to continue pitching so Murphy went into the box and pitched a splendid game of ball to the sorrow of the 48th lads who could not touch the sphere.

One feature of the game was the quick catch of Donahue from Cronk's hit in the fourth inning and his catch from the same man again in the seventh.

The umpiring of Mr. Reidy and McDonald was excellent although some of the decisions of McDonald were hissed because the crowd was with the Osterhouts.

The score was as follows:

WON'T DELIVER BONDS

Village of Fulton in Another Muddle Growing Out of Water Works Question.

[Special to the Times.]

FULTON, April 3.—A telegram received this afternoon from President Gaylord, who is in New York, announces that Spitzer & Co., bond brokers, have refused to deliver the $115,000 worth of bonds which were to have been turned over to the village yesterday. The firm declines on the ground that only taxpayers were allowed to vote at the special election at which the issuance of bonds was permitted. The village officers will carry the matter to the courts.

TRUSTEES IN SESSION.

Have Short Meeting and Make Some Appointments—Blow For Canning Factory Project.

FULTON, April 3.—The new Board of Trustees met last night for their first session. The new President, Gilbert L. Wells, presided and Trustees Castle H. Gardner, newly elected, C. C. Benedict, appointed in the place of Bert C. Brown who resigned at last meeting, and Charles M. Allen, holding over, were present. The Board evidently did not intend to take hold of the work of appointments generally, and hastened business through, the session being very short.

A petition from the present police force asking that the old officers be appointed and that Peter Connelly be made Chief of Police was submitted. This petition was laid on the table, and then the trustees, on motion of Mr. Gardner, made the following appointments, being the same officers as last year:

Regular—Fred Van Valkenburg, John Youngs, Thomas Alnut, Peter Connelly, Frank Dunn, Richard Baker, and Charles Morrell; special—William Coffrey, Frank Spaulding, William Curtis and Philetus Smith. Attorney Sheldon B. Mead of the law firm of Mead & Stranahan, was made corporation counsel. The board then adjourned until to-night at 7:30 without naming a street commissioner or clerk.

W. S. Hillick, in the absence of W. P. Hillick acted as clerk.

Blow For Canning Factory.

The canning factory interests had a bad blow at a meeting yesterday. The farmers, it seems, have an idea that the factory can be put up for much less than the sum named by Hastings, Pressprich & Co., who desire to put up the plant, and consequently they did not take hold of the project yesterday with the expected vigor. The plan of the company was for the farmers to subscribe $9,000 for stock, and allow the company to put up the concern. Already about $4,900 had been promised, but only about twenty farmers responded to the call yesterday for a meeting, an idea having obtained that the plant could be put up for less money. Only one of the committee who had the matter in charge, was present yesterday, George Ripple, and he seemed still to be in favor of the plant. However, it is doubtful if the plant is built.

BIG PRICES FOR BOOKS.

J. O. Wright Paid $8,100 at the Daly Sale For One Volume.

Augustin Daly's collection of books, the sale of which was concluded recently in New York, was marked by the receipt of the highest price ever paid in the United States for a single volume, says the New York Sun. J. O. Wright paid $8,100 each for two volumes of an "Autographic Collection" of literary and pictorial remains and mementos of Thackeray. The sale of the Daly books the other day brought, in two sessions, $33,343, and the total for the collection was $160,035.

When the Brayton Ives collection was sold in New York city in March, 1891, it was described as the greatest book sale up to that time. Yet the Ives collection brought only $120,000, and the highest price paid for any one volume was $7,400 for each of the two volumes of the Gutenberg Bible, bought by J. W. Ellsworth, then of Chicago. In the sale the other day the Douai Bible, for which Daly paid $20,000, sold for $5,565 to George D. Smith. "Uncle Tom's Cabin" (London, 1852) sold for $5.

SCHOOLS IN CUBA.

Remarkable Work In Organizing Them—Needs of the Island.

Alexis E. Frye, superintendent of schools in Cuba, who arrived recently from that island, went to Boston the other night. He said that the organization of the schools in Cuba was not really begun until Jan. 2, and the formation of new ones was stopped on March 3, under the orders of General Wood, as the money to go further just at present was not coming in. There has been some decrease in the revenues of the island, owing largely to the departure of the troops, who spent a lot of money every month, and that loss has been felt.

In the two months and a day Mr. Frye was at work he organized 3,079 schools, with 3,500 teachers, and over 130,000 scholars are now in daily attendance, says the New York Post. Requests come from all over the island for new schools, and when Secretary Root was in Cuba recently he saw in Guanjay 140 pupils under one teacher in a hovel. The law requires that not more than 50 scholars shall be in one room, so in this one place there should be three schools instead of one. Most of the schools on the island are of the primary grade, as the war stopped all teaching, and the children have had little or no opportunity to learn in the last five years.

The teachers' salaries in Cuba, Mr. Frye said, were larger on the average than those paid in any other country in the world. The average in the ungraded schools in the country districts is $360 a year, and in the cities of the second class the lowest paid is $600, while in Havana the rate is from $720 to $900. To each of these is added $120 where a teacher has charge of two rooms or more.

Look Young.

Hair-Health is warranted to restore gray, white or bleached hair to its natural color. Hair-Health is a hair food, restoring youthful color and beauty to gray and faded hair. Removes dandruff and stops falling and breaking of the hair. It is not a dye. It positively will not discolor the skin, scalp or clothing.

It acts on the roots, giving them the required nourishment and positively produces luxuriant, thick hair on bald heads. Keeps the scalp clean and healthy. Does not rub off or make the hair greasy or sticky, and its use cannot be detected. Good for men and women.

Hair-Health is a dainty dressing, and a necessary adjunct to every toilet, and unlike other preparations, its healthful action on the roots of the hair causes the hair to regain its original health and color, whether it be brown, black or golden. Prevents hair falling after much perspiration.

Hair-Health is sold by leading druggists everywhere. Price, 50c. for large bottle, or sent by express, prepaid, in plain sealed package, on receipt of 60c. by LONDON SUPPLY CO., 853 Broadway, N. Y.

Remember the name, "Hair-Health." Refuse all substitutes. Money refunded if it does not benefit you.
