CHICKEN FOR CHRISTMAS

Midnight Prowler Frightened Away from Smith's Chicken Coop
The police were called to the residence of a man named Smith near the Oswego Preserving plant about midnight last night to eject a man from the yard who refused to leave the premises upon the demand of the owner. When the police arrived, the man had made his escape. It is claimed that the chicken coop on this property was entered some time ago, and it is believed that someone was looking for a Christmas dinner.

Schools Closed Today

The city schools closed at noon today for the Christmas recess. School will re open January 2. Most of the schools held appropriate exercises.

Christmas at High School

Christmas exercises were held this morning at the High school. The program was held under the auspices of Miss Helen Hagan, music teacher in the school. A vocal solo was finely rendered by Miss Eloise Perry and the High School Glee club made a hit with their selections. The piano solo by Miss Corrigan was applauded to the echo and she had to respond to an encore. The High school orchestra played several excellent numbers.

A GREAT BOXING BILL

Julian and Pittsley Will Cash on Christmas Day

SYRACUSE, Dec. 22.—"The greatest 'action' bill ever staged in Syracuse" is how Matchmaker Tom Cawley describes the Christmas afternoon show of the Syracuse City A. C. at the Alhambra.

There are three ten round bouts on the card and in every bout there is an old rivalry or old grudge to settle. Bobby Pittsley of Norwich and Kid Julius of Syracuse will meet for the second time in the wind-up and as each is noted for fighting every minute he is in the ring there should be "lots doing."

The main final brings together Young Goldberg of Rochester and Tony Adams also from the Flower City, who will determine the best weight honors of their town and in the third ten round bout Gene Moriarty of Solway will clash with "Fowler" Lyons of Rochester.

SCHOOL BOARD HOLDS MEETING

CLOSING BUSINESS OF PAST YEAR—WORK FOR NEW MEMBERS.

The Department of Education met last night and audited several accounts. A printograph was ordered from a Syracuse firm which demonstrated the machine to the satisfaction of Superintendent Richards yesterday afternoon. A number of contracts for minor repairs were awarded. The Department will probably hold its final meeting December 28th, when the records, etc., will be turned over to the new members.

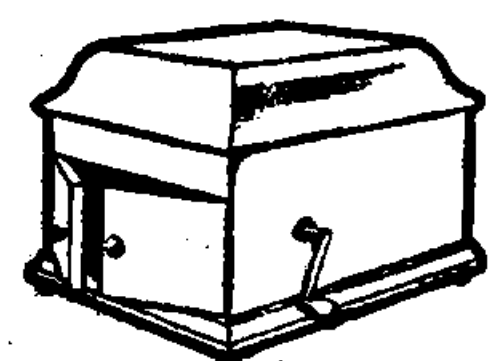

The new department, which will be made up of E. W. Burlleigh, former mayor J. D. Higgins; William Garshon and M. T. Crimmins, will have a number of important matters to take care of, including building of the new Sixth ward school and possibly a new High school. It is altogether probable that Commissioner Burlleigh will be chosen to succeed himself as president, as he will be more familiar with the workings of the department than the other members, owing to his experience on the commission.

Mr. D. P. Morehouse, one of the retiring commissioners, has been a member of the department for twelve years or two full terms.

Foolish Question.
The editor of the woman's page was on his vacation and the sporting editor had jumped into the breach. "Well, what do you think of this?" he snorted, as he held up a perfumed communication. "Here's a fool woman wants to know how to make a lemon tart; just as though a lemon wasn't tart enough already."—Life.

Myling Head.
Myling head, in the Faroe islands, is a sheer precipice piling up 2,200 feet in height.
