The Daily Times.

SATURDAY EVENING, MARCH 15.

CITY AND COUNTY.

BREVITIES.—Jennie Carroll and the Lannier troupe at Doolittle hall this evening.

—General Thaw has *so far* succeeded in his attack on this city that his requisition that wagons be used instead of sleighs is to-day generally heeded.

—Trying to hurry upsummer—the young man who paraded the streets in a linen coat yesterday.

—The Common Council of Jackson Mich., threatened to repeal the license of Theodore Thomas's orchestra troupe just as the performance was about to begin in that city unless the aldermen were furnished tickets. Their shameful demand was acceeded to.

—The claimant Tichborne has been offered $10,000 to come to this country to exhibit himself. The indictment for perjury against him hinders the acceptance of the offer.

—A rhinoceros for Barnum's "World's Fair" arrived at New York Tuesday from Europe. He is six feet high, nearly twelve feet long, and weighs about four tons. He is nearly as large as a full-sized African elephant.

—New York city is said to be fuller of confidence operators in all branches than it ever was before, which is an additional reason why all persons should put themselves on their guard by reading the news papers assiduously.

—The Western press avows its willingness to accept the theory of spontaneous generation if potato bugs appear after such a winter as the one just passed.

—The members of the St. John's Temperance Society will give a literary entertainment in Mansard hall, Monday evening next.

—The Choral Union are to have a room for their rehearsals in the rear of Parkhurst & Bros.'s store.

—Willard Ives of Watertown has donated $7,000 to the Northern New York Conference Seminary.

—About twenty-five horses in the employ of the Troy and Lansinghurgh horse railroad company are sick with the epizooty.

—Mr Clarence W. Denton of the firm of Denton & Sons, carriage manufacturers, leaves for the West Tuesday to benefit his health. It is likely that he will settle west of St. Louis.

—A procession of 75 or 80 persons, headed by Supervisor Dunn, Chief Engineer Crawford and other politicians of the 5th ward, waited on Mayor Perry, Thursday night, and demanded the appointment of Mr. W. A. Wybourn as street commissioner.

—The St. Patrick's supper at Doolittle hall, Monday evening, will be a pleasant affair. Go!

SUNDAY SERVICES.—Grace Church: Preaching in the Chapel, corner West 5th and Oneida streets, at 11 A. M. and 7½ P. M., by Rev. Dr. Condit.

TEACHERS' EXAMINATION.—I will be at the following named places, to examine those proposing to teach in the 1st Commissioner district from 9 A. M. to 4 P. M., of each day as follows:

Granby Center School house,	April		8
Hannibal Village	"	"	7
Oswego Center	"	"	8
Scriba Corners	"	"	9
New Haven village	"	"	10
Fulton school house No 2		"	11

Bring paper and pencil. It is expected that *all* desiring examination, will avail themselves of this arrangement, as private examinations, except in extreme cases, will not be given.

I. W. MARSH,
School Commissioner, 1st district.

ESTHER.—The Oneida papers announce that the chorus composed of the cream of the Syracuse and Oswego musical organizations, and under the personal supervision and directorship of Prof. B. W. Seager, are to visit Oneida on Tuesday evening next, and will produce the Oratorio of Esther, at Devereux hall. Mr. John G. Parkhurst, of Oswego, is to personate King Ahasuerus: Prof. Seager, Haman, and Mr. Frank Roraback, Mordecai the Jew.

PERSONAL.—Yesterday's Albany *Express* says:

Hon. J. F. Crawford, and Hon. D. G. Fort, of the Assembly, from Madison and Oswego counties, will address a public temperance meeting at Ash Grove, M. E. Church, this evening. These gentlemen are both able advocates of the great temperance reform. The music will form an attractive feature of the meeting.

—Mr. Horace F. Thurber, son of Dr. Thurber of this city, was found dead, Thursday, with his face in a small creek at Stevenson, Alabama, where he was stopping for the benefit of his health. He is believed to have been suddenly taken with syncope while walking along and to have fallen into the water and was unable to extricate himself. He was about 35 years old and had many friends in Oswego.

—Mr. Oliver Peck left this city, last night, for Detroit, Mich., and will visit several western cities on business.

—The Brooklyn *Eagle* has an account of a ball recently given at Glen Cove by the Messrs. Duryea, all residents of Oswego, to their employes and friends. According to the account it was a very extensive as well as happy and decorous affair, and a great credit to the originators.

—Bishop Huntington may be expected in Oswego soon after Easter.

—The Syracuse *Standard* has this compliment for Judge Whitney:

"The Loomis family continue their efforts to secure the release of the notorious Dewio Loomis from an Oswego jail. But they don't seem to make much progress. The rock which stands in their way is Judge Whitney, who firmly declines to have anything to do with the usual bail which the Loomis's furnish when they get into trouble. The Judge is quite willing to take the entire Loomis family "promise to pay," if two well known and honest citizens sign the sureties. But the signatures of the honest citizens of the country don't seem to be forthcoming. The natural inference is that Dewio has little dealings with that kind of people in that country."

—Mr. Austin Gifford, a young man who has been for two or three years engaged in the insurance business in this city, has accepted an offer to go to Whitehall to have charge of a large office.

NO COLONIZING.—The impression that Tremain & Barton, painters, are going to Kansas or any other place to join a colony, is a mistake. They are going to stay right here and stick to their prosperous business. They own western lands, and are locating more, but will not move from Oswego.

TO-NIGHT.—At Doolittle Hall, Jennie Carroll, and dramatic company. We know the lady and guarantee an excellent performance. The fact that it is for the benefit of one of our most efficient military companies should help to draw.

LAKE SHORE MAIL.—The mail service commences on the Lake Ontario Shore road to-day, Saturday, the 15th inst. The mails will leave Oswego regularly by the 2:10 train in the afternoon, and arrive by the evening train. The mails will be carried as far as Sodus at present, and the service will be extended westward as fast the road is opened.

ST. PATRICK'S CELEBRATION.—Monday, St. Patrick's day, will be celebrated in this city with the usual spirit. At two o'clock in the afternoon a procession will be formed consisting of the citizens' Cornet band, companies of the 48th regiment, Kellogg guard, companies of the fire department, Father Mathews Temperance band and society with their ship, St. John's Temperance society, St. Patrick's Temperance society, and citizens on horseback. The line of march will be as follows:

Right resting on the east corner of West 1st and Bridge streets; thence will march up 1st street to Oneida, up Oneida to 6th (to be reviewed by Common Council at the city hall) down 6th to Seneca, down Seneca to 3d, down 3d to Van Buren, down Van Buren to 1st, up 1st to Bridge, across the bridge and up to East 4th, up East 4th to Oneida, up Oneida to 5th, up 5th to Mohawk, down Mohawk to 4th, up 4th to Utica, across Utica street bridge to West 1st, up West 1st to Erie up Erie to 5th, down 5th to Bridge, down Bridge to 1st and disband.

In the evening a literary entertainment will be held at Mansard hall of the St. John's Temperance society and the St. Mary's supper will occur at Doolittle hall.

PRESENTATION.—At the meeting of the Ionian Lodge of Free Masons, Thursday evening, Dr. J. K. Eckert was presented with a solid gold watch chain, to which is attached a charm consisting of a Maltese cross, with a past master's jewel on the front surface and on the reverse the inscription: "Presented to P. M. J. K. Eckert by the members of Ionian Lodge No. 679, 1873." The chain is a fine piece of workmanship and was procured by J. F. Tozer and the engraving on the cross was also done by him. Dr. Eckert has been Master of the Lodge for three years and during that time it had grown and flourished. The members have given, in this presentation, a flattering expression of their high esteem for Dr. Eckert, and he is worthy of it.

County Towns.

MEXICO.

There is at least one man in Mexico who has the courage to declare his sentiments on the temperance question publicly. He makes this declaration in the *Independent*: "I J. N. F. Hall, of the village of Mexico, county of Oswego, fully sensible of the great wrong I have done to myself, my family and the community in which I live by the free use of intoxicating drinks, do hereby pledge my sacred honor that I will abstain from all intoxicating drinks, of whatever name or nature, as a beverage, from this date henceforth. Dated Mexico, February 10, 1873. J. N. F. HALL."

Notwithstanding the absence of the pastor, Rev. George H. Watson, services at Grace Church will be continued as usual. Rev. Mr. Bonham, the Evangelist of the Diocese, will officiate next Sunday; and Bishop Huntington on Sunday evening, March 23d (although Confirmation is postponed until later in the spring). Two week-day services (on Wednesday and Friday evenings) will be held throughout the four remaining weeks of the Church's Lenten season.

MARCH 12.—This morning Mr. John Lamoree of this town and one Ripley, living on said Lamoree's farm, got into some dispute about something pertaining to the farm, and the dispute went so far that the said Ripley threatened to shoot said Lamoree. The courts are now deciding whether shooting or the attempt is a crime.

The charter election will be held next Tuesday, March 18. Citizens remember.

Rev. L. Muzzy exchanges pulpit with the pastor at Adams next Sabbath.

Rev. Geo. H. Watson has left town for a few weeks to recover from his ill health, if possible, that has been around him all winter.

The singing class at South Mexico conducted by Mr. J. Y. Willcox, will close with a concert Thursday evening, March 20.

Sleighing material is melting away, and again we hope to see soon the face of mother earth, and place our feet on "terra firma." C. O. B.

MARCH, 13.—There was a mistake in my last letter concerning the Lamoree and Ripley affair here. Instead of Ripley attempting to shoot Mr. Lamoree, the case has been proved differently to day, and Mr. Lamoree has been held to appear before the grand jury. But the general opinion is that it was nothing but a common clay pipe that Mr. L. pointed at Mr. Ripley, while he (R.) was taking said Lamoree's hog from his place.

Mr. J. R. Norton has left town to spend a few days with his parents in Lewis county.

Mrs. J. C. Spencer has returned from her visit, and her store is again open for business. C. O. B.

Mr. Vincent Samuel Stone of Mexico is among the speakers at the junior exhibition, class of '74, at Hamilton College, April 2d.

VOLNEY.

FULTON, March 18.—The Sunday School Institute for the town of Volney, was held in the Baptist church, at Fulton, yesterday and to-day. At the opening session last evening the church was completely filled. An hour was spent in devotional exercises. The opening address was delivered by Rev. G. W. Baptiste, followed by an address on the object and aims of a Sunday School Institute. The devotional exercises of the morning session were conducted by W. J. Townsend, Esq. The topics were discussed as follows: Difficulties in Sunday School work, P. L. Salmon; How to overcome them, O. J. Harmon; Sacred Geography, H. B. Chamberlain; Duties of Teachers, Rev. A. C. Shaw. A large number of teachers from a distance were entertained at village homes.

In the afternoon at two o'clock Rev. T. Cooper called the Institute to order, and conducted the opening exercises. Questions handed in on slips of paper were answered by O. J. Harmon. An exercise with charts on the books of the Bible was given by H. B. Chamberlin; an address on the duties of superintendents by Rev. T. Cooper; a discussion on the seven rules for teaching, by Hon. O. J. Harmon, and the Superintendents review by W. J. Townsend.

In the evening many were unable to gain admission. The devotional exercises were conducted by P. L. Salmon. A very interesting lesson to a class of small children by Miss A. M. Hicks of the Oswego Normal School. A large number of questions were answered by Judge Tyler, Rev. M. Baptiste, S. N. Dado, Esq., H. B. Chamberlin, and others. Mr. C. T. Bennett of the *Patriot*, read an essay on "Wasted forces." The Institute was a success in numbers and interest.

CONSTANTIA.

CLEVELAND, March 13.—The *Lakeside News* has secured a new office on the first floor in the Farmer block, Main street, where it intends to have steam power.

A donation was held at Constantia Centre, March 6, for the benefit of Noah Goodrich and well attended. Receipts, $76.

The Dakin's Bay school exhibition took place March 7, and was a pleasant affair. The *News* gives Miss Burst, the teacher, much credit.

SCHROEPPEL.

PHŒNIX, March 14.—A fire insurance company has just been organized at Phœnix, with a capital of $100,000. The name of this organization is "The Oswego and Onondaga Fire Insurance Company." The entire stock has been taken and a meeting to choose directors is held this week.

DIED:

JUDD.—Mrs Laura F. Judd, wife of Dr. G. P. Judd, born in Plainfield, N. Y., April 2d, 1804; died in Honolulu, Sandwich Islands, October 24, 1872, after an illness of sixteen months.

Mrs. Judd arrived at these islands in the ship *Parthian* in 1828. A devoted servant of her Saviour, she died, surrounded by her large and loving family, in the full hope of redemption.

Her children rise up and call her blessed; her husband also, and he praiseth her. PROV. XXXI: 28.

The above obituary notice was handed us for publication by a friend of the deceased, thinking it would be read with deep and sad interest by many who cherished her memory in this city.

Why sir, this policy in its accumulations pays me several hundred dollars more than all my premiums amount to, compounded at 7 per cent for the entire time. The amount of my policy originally was five thousand dollars, and my premium one hundred and two dollars. The policy now amounts to ten thousand six hundred and sixty-three dollars and twenty three cents. SECOND EDITION.

RAILROAD ACCIDENT.—An accident, caused by the spreading of the track, occurred on the R. W. & O. RR. half a mile East of Pulaski yesterday afternoon, resulting in throwing three or four cars loaded with lumber and staves down a bank and the passenger coach off the track. The passengers walked to Pulaski and came to Oswego on the evening train.

POLICE COURT.—For yesterday's report see First Edition. To-days report follows.

Elizabeth Jacobs, arrested by officers above named, for interfering with them in arresting Elizabeth Jacobs, his mother, was not disposed of.

Cornelius Griffin, arrested by officers Griffin and Chauncey for being drunk and disorderly, was fined $20 or 40 days in the O. P.

Henry Connell, Frank Kune, Patrick Moran, Ed. McLaughlin, Christie Smith, Alexander Russell, and Daiglun Morrissy, another lot of the crowd engaged in the *charivari* at Levi Clark's Thursday night; all but Morrissy pleaded guilty and were fined $1 each. Morrissy was let go.

POLICE DOINGS.—The *charivari* in the 2d ward, Thursday night, brings in quite a harvest to the city. Several of those engaged in it were tried by the Recorder yesterday, and to-day six boys were hauled up and fined $1 each. There were about 20 in all and probably all will be caught. All have paid their fines, thus far. It appears that it was the daughter of Mr. Clark who was married. She was divorced, several years ago, from Thos. Audlin, but recently the difficulties were arranged, and Thursday they were remarried. This was the occasion of the *charivari*. The boy Turner was quite seriously hurt by the shot in the leg.

—A soldier named Welch left the Fort, yesterday, and after procuring a suit of citizen's clothes went to the D. L. & W. depot, yesterday afternoon, to take the 5:50 P. M. train to Syracuse. It happened, however, that Major Verplanck was on the train and immediately took Welch and was conducting him back to the Fort, when Welch escaped from him. Major Verplanck informed the police, and officers Slattery and McCarty caught him soon after on West 3d street and he was taken to the Fort, where he is now doubtless cooling his heels in the guard house.

RENTING OF SEATS IN GRACE CHAPEL.—The announcement that the first annual rental of seats in Grace Chapel would take place last evening, drew together quite a large number of the members and friends of the church. The chapel was open for inspection during the afternoon, and was very generally "inspected" by those anxious to secure a good seat.

The neatness and taste displayed in the erection and completion of this chapel we have before commented on; but we have omitted to mention the credit due the ladies of the congregation for the noble part they have taken in the good work. Through their efforts in the "sewing society" the entire chapel has been carpeted both up stairs and down.

The "upstairs" part consists of a neat room for the pastors, study (which the ladies intend furnishing), a large room for festivals, etc., and a tastily arranged kitchen and two closets.

The ladies have also, we believe, paid for the decorations on the walls, and have still quite a sum of money left in their treasury, and are adding to it weekly. They intend giving an oyster supper in the chapel a week from next Thursday evening to further replenish their treasury. Such efforts, on the part of the so-called "weaker sex," are deserving of the highest commendation.

The seats in the chapel have all an established rental, and the bidding last evening was for "choice." Mr. Wheeler acted in the capacity of auctioneer, and fully established his claims for a license. The bidding was quite spirited, and nearly every seat in the chapel was rented, bringing a total premium of $1,352. The rental of the seats amounts to $3,500, making a total of rental and premium of $4,853—a very creditable amount for a new society.

It is not expected that the main building of the church will be completed for upwards of a year.

The following are the amounts paid for the "choices," and the names of the purchasers:
