BEWARE OF MORPHINE.

Mrs. Pinkham Asks Women to Seek Permanent Cures and Not Mere Temporary Relief From Pain.

Special forms of suffering lead many a woman to acquire the morphine habit. One of these forms of suffering is a dull, persistent pain in the side, accompanied by heat and throbbing. There is disinclination to work, because work only increases the pain.

This is only one symptom of a chain of troubles; she has others she cannot bear to confide to her physician, for fear of an examination, the terror of all sensitive, modest women.

The physician, meantime, knows her condition, but cannot combat her shrinking terror. He yields to her supplication for something to relieve the pain. He gives her a few morphine tablets, with very grave caution as to their use. Foolish woman! She thinks morphine will help her right along; she becomes its slave!

A wise and generous physician had such a case; he told his patient he could do nothing for her, as she was too nervous to undergo an examination. In despair, she went to visit a friend. She said to her, "Don't give yourself up; just go to the nearest druggist and buy a bottle of Mrs. Lydia E. Pinkham's Vegetable Compound. It will build you up. You will begin to feel better with the first bottle." She did so, and after the fifth bottle her health was re-established. Here is her own letter about it:

"I was very miserable; was so weak that I could hardly get around the house, could not do any work without feeling tired out. My monthly periods had stopped and I was so tired and nervous all of the time. I was troubled very much with falling of the womb and bearing-down pains. A friend advised me to take Lydia E. Pinkham's Vegetable Compound; I have taken five bottles, and think it is the best medicine I ever used. Now I can work, and feel like myself. I used to be troubled greatly with my head, but I have had no bad headaches or palpitation of the heart, womb trouble or bearing-down pains, since I commenced to take Mrs. Pinkham's medicine. I gladly recommend the Vegetable Compound to every suffering woman. The use of one bottle will prove what it can do."—MRS. LUCY FRASLEY, Derby Center, Vt.

TO ROB RAILROADS.

Alleged Conspiracy of Congressmen and Merchants to Sell Bogus Tickets.

SYRACUSE, Jan. 12.—It is claimed by the District Attorney that a number of well-known merchants in this city have been acting in league with congressmen and trainmen on the West Shore railroad, by which tickets to New York and other points have been sold at surprisingly low prices.

Deputy Sheriff Charles Marvin has arrested William H. Bushnell, conductor; Frank Covy, trainman, and William E. Ackroyd, conductor. These are the men who are alleged to have been operating while serving the railroad company.

Arrests were also made of those who, it is claimed, have done the selling of the tickets. The men arrested were as follows: Maurice Weinstein, clothier at No. 251 West Washington street; Morris L. Mantell, music dealer; Louis L. Hurwitz, David Davis and Rubin Rubenstein. All were admitted to bail in \$300 last evening.

The news of the arrest of these men, who are well known merchants, spread rapidly and the court house and sheriff's office were soon thronged with friends of the arrested men anxious to furnish bonds. When Judge Ross was ready to leave his chambers for the night, the bonds were not ready for his signature and he threatened to let the matter go over until this morning. That meant that the men would have to remain in the sheriff's office for the night.

During the past two years, Mrs. J. W. Alexander, wife of the editor of the Waynesboro, (Miss) Times has, in a great many instances, rallied her baby when in the first stages of croup, by giving it Chamberlain's Cough Remedy. She looks upon this remedy as a household necessity and believes that no better medicine has ever been put in bottles. There are many thousands of mothers in this broad land, who are of the same opinion. It is the only remedy that can always be depended upon as a preventive and cure for croup. The 25 and 50 cent bottles are for sale by A. D. McLarty, Oswego.
