

## BISHOP LUDDEN ON THE DEADLOCK

Catholic Clergyman Says U. S. Senatorial Situation Is Due to Bigotry

THE STATEMENT WAS SIGNED.

"Your Name Is Murphy" He Says Is Against New York Leader — Spirit of "Know-nothingism" Causes Deadlock — Democrats Unsuccessful Without Democrat Party.

SYRACUSE, Jan. 25.—Bishop Ludden of the Catholic diocese of Syracuse, in a statement tonight upon the deadlock at Albany over the election of a United States senator, declared that "bigotry and the old spirit of 'know-nothingism' is responsible for the situation. The Bishop added: "According to our theory and system of government the majority, or, as it is supposed to be, that of the majority of the people, ought to stand by that system or patriots themselves as do the Astors and other apostate patriots. Why is the business of our Legislature obstructed by the unseemly and unreasonable quarrel now on about the election of the United States senator? Put down the answer and explanation. Bigotry and the old spirit of 'know-nothingism' is the cause. It is yet dead and both are very much alive although poorly and only transparently disguised.

"Daniel Dougherty, the famous author and lecturer, used to relate that when, once on a time he was a candidate for some political office an Irishman met him and said: 'Mr. Dougherty, you have no show for bigotry.' 'Why,' said Mr. Dougherty, 'because you are an Irishman, and that's against you, and you are a Catholic and that's against you, and your name is Dougherty.' Now this is an illustration of our State Democratic quarrel over the election of a Senator of the United States. I don't know exactly what Tammany Democracy means in contradistinction to others of the State democracy, but I do know that without the Democrats of the great city of New York the other Democrats of the State could not elect a single official, great or little. The real meaning of the opposition led by the Osbornes and others against New York Democrats, led by Murphy is that of the Irishman above stated. 'You are an Irishman and that is against you, and your name is Murphy.' It is well enough to have Murphy and Tammany and New York Democrats elect our governor and, in driving out the Republicans, place in office and elect Democratic State officials, draw the chestnuts out of the fire and make the plum tree, but for reward they must be content with severe slander and abuse.

## INSURGENTS REPLY BISHOP'S STATEMENT

SAY THAT RELIGION HAS NOT ENTERED INTO SENATORIAL CONTROVERSY.

ALBANY, Jan. 26.—The fight for United States Senator took a religious turn to-day through the criticism of Bishop Ludden of Syracuse last night of the insurgent members and brought forth quick replies from their headquarters. Much surprise and indignation was expressed by the "insurgents" that they should be the subject of attack on this score and all denied that religion was causing them to vote against William F. Sheehan. "It is most unwell for, unnecessary and unfortunate," declared Sheehan, "that the leader of the band, Bishop Ludden, should not discuss his own statement until all the insurgents had presented their views and then he thought a formal statement might be issued.

## PEOPLE'S INTERESTS IGNORED IN VULGAR STRUGGLE FOR PATRONAGE

—SENATOR BRACKETT

Minority Leader Declares That Much Vaunted Business Session Is Lamest and Tamest in History of State—Calendar Promised Next Week.

## DEADLOCK CONTINUED TO DAY

ALBANY, Jan. 26.—The Legislature in joint session deadlocked again to-day over the election of a United States Senator with the Sheehan forces still in the lead. Two new candidates made their appearance to-day, Former Senator John R. Taylor of Middletown and Seymour VanSanvoord of Troy, each receiving one vote. The latter was chairman of the committee on platform at Rochester State convention and met with the approval of the Dix element in the party. Talk of a break in the Tammany ranks from Sheehan caused no little amusement among the Sheehan men who said there would be no break. Murphy denied there had been any overtures made to him to seek a compromise candidate. The only changes to-day were among the insurgents. Evans of Sullivan changed from Shepard to Taylor; Martin of Saratoga from Douglas to Kernan; Myers of Schenectady from Douglas to Van Sanvoord. The vote cast was as follows: After the vote was announced Senator Wagner took occasion to say that the legislature was well on its way with its work and the report that no business has been transacted was erroneous.

"The silence of the minority," answered Senator Brackett, "may be taken to mean that we concur in what has been said. As a matter of fact when impartial history comes to dip her pen in the ink to write the real story of this much vaunted business session she will have to say that it was started in the lamest, tamest fashion possible. Its like has never been seen before on earth or in the heavens above or the waters under the earth. The people's interests have been lost sight of in the vulgar struggle for patronage which is now going on in an attempt to club the insurgents into line." Majority Leader Smith declared that the Legislature would have a calendar next week.

## BISHOP MAKES FURTHER COMMENT

SAYS INSURGENTS ONLY SUPPORTED CATHOLICS WHO HAD NO CHANCE.

SYRACUSE, N. Y., Jan. 26.—When informed by a reporter of the United Press today that his statement regarding religious prejudice affecting the votes of the Albany insurgents had caused the ire of Senator Roosevelt's men at the capitol, Bishop Ludden appeared highly amused and declared it his privilege to "start a row, swing 'em Irish, I'm a Catholic and my name's Paddy."

## GOVERNOR DIX ON SYRACUSE APPOINTMENTS

SYRACUSE, Jan. 26.—"One of your neighboring counties has accused me of not being a partisan. The appointment I made from Onondaga of Judge Hiscock they thought a mistake. (Applause) So it was in the appointment of Judge Vann's son and General Verbeck. I believe they were entitled to this consideration. I hope to receive your cooperation in my work," said Governor Dix Tuesday evening in an address at Utica, following a reception and dinner tendered by the Fort Schuyler Club. Former Judge Charles Andrews and Adjutant General Verbeck were the Syracuseans who attended.

## CHARGE MADE AGAINST M'CABE

SENATOR ROOSEVELT SAYS HE CANNOT ORGANIZE COMMITTEE.

ALBANY, Jan. 26.—Declaring that he was unable to organize the Forest, Fish and Game Commission of the Senate of which he is chairman because Clerk McCabe of the Senate "through outside influences" refused to designate a committee leader he selected, Senator Roosevelt, clerk of the anti Sheehan Democrats, to-day offered a resolution directing the clerk to make the designation. On a point of order made by Senator Grady, the resolution was not received. Senator Brackett, the Republican leader, charged that the statement, made by Roosevelt raised the question of whether or not a contempt had been committed. He urged that the Senate make an investigation and vindicate its rights.

## GOVERNOR DIX ON SYRACUSE APPOINTMENTS

ALBANY, Jan. 26.—Assemblyman O'Connor, the Independence League member said: "The corrupt political black boarder whether his name be Murphy, Cary, Sheehan, McDermott, Ryan or O'Connor, who appeals to the generous Irish race for protection or approbation is on a par with the Italian blackboarder on being 'caught with the goods' appeals to the great Italian race and he is treated with the same contempt. 'The real Irish spirit, the spirit which animated Emmett, Wolfone, John Mitchell, O'Connell and Farnell is the same spirit which now animates the noble little band of patriots at Albany who are battling for American independence and American manhood against a more dangerous foe than was King George and his red coats. 'The idea that race or religion has entered into the minds of these men is too ridiculous to even warrant a contradiction. The good warrant should mind his own business, we all love him in his place."

## \$50,000 FIRE OCCURS IN TROY

BAD BLAZE IN DOWNTOWN DISTRICT DURING THE NIGHT.

TROY, Jan. 26.—The Boston store owned by the Carl company, the stores of Wolworth and company and Kreisge and company, the Men's Furnishing store of C. E. Wilson and several other business places on River street from Fulton street north were destroyed by fire this morning. The loss is estimated at \$500,000. The fire started at 5:30 o'clock in the Boston store and in less than an hour the walls of the structure collapsed. A short time later the building north of the Boston store fell and the flames extended East from River to Fourth street. Five women were taken from apartments in one of the burning buildings by Sergeant Johnson and Policeman Hoonan. Johnson's uniform was nearly burned off while he was making the rescue. Six firemen were caught in the falling walls but were not seriously injured. Fireman Lucase of the Eddy Steam Engine Company, and Fireman Link of the Trojan hooks, have been located in the ruins and it is believed they will be taken out alive. Lieut. Butler of truck 2 has not been located in the debris and he is believed to be dead.

## CHARGE MADE AGAINST M'CABE

SENATOR ROOSEVELT SAYS HE CANNOT ORGANIZE COMMITTEE.

ALBANY, Jan. 26.—Declaring that he was unable to organize the Forest, Fish and Game Commission of the Senate of which he is chairman because Clerk McCabe of the Senate "through outside influences" refused to designate a committee leader he selected, Senator Roosevelt, clerk of the anti Sheehan Democrats, to-day offered a resolution directing the clerk to make the designation. On a point of order made by Senator Grady, the resolution was not received. Senator Brackett, the Republican leader, charged that the statement, made by Roosevelt raised the question of whether or not a contempt had been committed. ## LABOR LEADERS INTERESTED IN ALLEGED "BOYCOTT" CASE

Alton B. Parker Representing Samuel Gompers, John Mitchell and Frank Morrison Before United States Supreme Court.

WASHINGTON, Jan. 26.—Whether Samuel Gompers, John Mitchell and Frank Morrison, President, Vice President and Secretary respectively of the American Federation of Labor, shall serve all sentences for contempt of court is the problem with which the Supreme Court of the United States to-day found itself confronted. The famous Bucks Stove and Range Company cases were first on the dock at call this afternoon. There are three separate appeals in the litigation, but all are related. One prosecuted by the American Federation of Labor, is to determine the validity of the permanent injunction granted by the District of Columbia court preventing publication in the American Federationist of the name of the Bucks Stove and Range Company will be taken out alive.

An alleged violation of this injunction caused another separate action against Gompers, Mitchell and Morrison for contempt of court. It was charged that the labor leaders deliberately continued the boycott against the stove company, publishing its name on the "unfair" list in direct defiance of the court's decree. The Supreme Court of the district sustained this charge and Justice Wright sentenced Gompers to one year in jail, Mitchell to nine months and Morrison to six months. The Court of Appeals affirmed this decision. From its judgment both the labor leaders and the Stove company appealed. Alton B. Parker of New York will make the main argument before the Supreme Court in behalf of the labor leaders, assisted by J. H. Dalton, J. J. Darlington and Daniel Davoport will appear for the Bucks Stove and Range Company.

## THE WELLAND CANAL FIRST.

TORONTO, Jan. 26.—Toronto Board of Trade will take some course of action in the near future to cooperate with other interests in the city and in Western Ontario to advise the Dominion government against starting work on the proposed Georgian Bay canal before improvements have been made on the Welland canal.

It is thought by leading business men in the city that the government appropriation for the preliminary plans of the Georgian Bay canal will not interfere in any way with the deepening of the Welland canal. Nevertheless, a protest likely will be filed by the Toronto Board of Trade in conjunction with similar organizations from other municipalities against other moves that would neglect the waterway between Lake Erie and Lake Ontario.

## TUBERCULOSIS SUNDAY APRIL 30

## Asbury Park Hotel Burned

ASBURY PARK, N. J., Jan. 26.—The West end hotel, one of the largest hostels in this resort, was partly destroyed by fire early to-day, entailing a loss of \$40,000. Sparks from a fire place ignited the wood work through a defective flue on the fifth floor.

## ANNIE YEAMANS ON SICK LIST

Famous Old Actress Moved to New York.

NEW BRITAIN, Ct., Jan. 26.—Annie Yeamans, the aged actress, was enough improved today to leave the hotel Beloit, where she has been ill since Tuesday for New York. She will rest at a New York hotel until Feb. 4 when she will join "the Echo" company at Buffalo. After Christian Science practitioners had failed to give her relief her a doctor was called who said Mrs. Yeamans had heart trouble. Through her nephew who has a part in the same company, Mrs. Yeamans now 75 years old strenuously denied that she intended leaving the stage. "Why," he said, "Mrs. Yeamans considers herself a young woman and says she has a great future ahead of her."

## TREATY MAY PROVIDE FOR LOWERING WOOD PULP DUTY

No Official Announcement Will Be Made Until This Afternoon—Looking for Advance Information.

WASHINGTON, Jan. 26.—Officials of the State Department to-day were busy rushing through the details of the announcement of the reciprocity treaty concluded with Canada, which was to be given out at Ottawa and at Washington at four o'clock this afternoon by international agreement. Members of Congress, representatives of American and Canadian business interests to-day besieged the State Department and the White House in an endeavor to obtain in advance some inkling of the treaty's provisions. Interest was manifested

also by Senators and Congressmen, but Secretary Knox remained deaf to all appeals. The President who prepared a message to Congress to accompany the treaty also refused to discuss it with callers. That a reduction of the duty on wood pulp and pulp wood used in making print paper is recommended in the treaty, was considered almost certain. The President's attitude on these duties is well known and as the negotiations were open to Taft's suggestions, it is believed that he would not have permitted their conclusion until some such provision had been made.

## GOVERNOR DIX MAY TAKE HAND.

Wants His Legislative Program Carried Out

POSITION FOR HUPPUCH. Can Have Place Now Held by John W. Carlisle—Governor Confers with Heads of Various State Departments—Construction of Highways.

ALBANY, Jan. 26.—That Governor Dix is tired of the fight for United States senator having the legislative spot light became known to-day and it's expected that if the deadlock continues much longer he will take a hand in the game. The Governor is anxious to have his legislative program carried out and realizes with the deadlock continuing nothing will be done regarding legislation until it's settled. J. Sargent Cram and former State Chairman Connors were callers on the Governor to-day and they urged him to take a hand in settling the contest. However, the Governor is loathe to inject himself into the fight unless he is asked to by representatives of the different candidates. Ex-assemblyman Strieler of Buffalo, one of the Sheehan boomers, headed another committee of labor representatives to-day which appeared before the Governor in favor of the Sheehan candidacy. The committee represented organized labor from Troy and Saratoga Springs. The Governor made it plain to-day that State Chairman Huppuch could have the job of Public Service Commissioner Carlisle whose term expires Feb. 1. Huppuch, however, refused to give up his business to attend to the duties of the office and now the Governor is looking for a business man for the place who has had contact with the shippers and who is not merely a theorist or a lawyer. The governor conferred with the heads of the various departments to-day. Majority Leader Wagner was present and the conference was for the purpose of devising means for bringing about greater economy in the administration of State affairs. The construction of State highways was discussed at length, the Governor expressing the opinion that he wanted the work progressed as soon as the specifications for the \$3,750,000 letting are passed by State Engineer Bense. He said the bulk of the letters received by him were in favor of turning the work over to the State Engineer and the abolishment of the highway commission.

## SCHENK JURY IS STILL OUT.

WHEELING, Jan. 26.—The Schenk jury retired at 2 P. M., after the transcribed testimony of Florence Coleman was read to them following the request made this morning for the evidence.

## The Tariff Commission Bill.

WASHINGTON, Jan. 25.—The Ways and Means Committee reported to-day a tariff commission bill which is substantially the same as that introduced by Representative Longworth, and which the leaders expect will be passed by the House. After the Republican members of the Ways and Means Committee had consented to insert a provision requiring the Tariff Board to investigate and report on any subject at the direction of either house, the Democratic members all voted for the bill, making the report unanimous. The Payne bill does not change the name from tariff commission but it increases the membership of the board to five and clothes it with all the powers provided by the Longworth bill, so that the name is of little consequence. Another difference is the omission of the provision that the members of the board shall be confirmed by the Senate, and the clause appropriating \$250,000 for the support of the board is also stricken out, presumably with the purpose of making this appropriation in one of the regular appropriation bills. Still another difference between the Payne bill and the Longworth measure is that the latter fixes the salaries of all the members of the board at \$7,500, while the Payne measure makes the salary of the chairman \$7,500 and pays the other members \$7,000 each. The President is, of course, greatly pleased with the action of the committee. Flight to Havana Postponed Key West, Fla., Jan. 26.—A second postponement of the proposed aeroplane flight from this city to Havana by McCurdy was made necessary early to-day by a high wind.
