THE ROCHESTER UNION admits that "Hendricks was opposed to Lincoln and in favor of peace during the last war."

An American manufacturer announces a Tilden and Hendricks lead pencil. It is soft at one end and hard at the other.

In a speech made at Springfield, Ill., on Tuesday, ex-Governor Palmer of that State, a Democrat, said from his own knowledge that "Governor Hayes is as good and as pure a man as lives in this country."

Prof. Huxley is 51 years of age, is of medium height, compactly built, with very dark complexion, small black eyes, dark hair and side whiskers tinged with gray.

Professor Huxley was in New Haven, Conn., last Wednesday as the guest of Prof. Marsh of Yale College.

The name of Hon. M. L. Townsend has been suggested as a suitable candidate for Governor.

Two years ago thousands of people were induced to vote the Democratic ticket, hoping that a change would bring about an improvement in the affairs of the country.

"Blue Jeans" Williams of Indiana, whom the Democracy support for governor, is a good representative of that party in one respect at least.

One of Tilden's confederates in the St. Louis and Alton railroad squalls. Old Mr. Bayard, a very nice old gentleman, has had an erection of conscience, and tells a reporter of the New York Times that Tilden & Co. handed him \$38,000 as his share of the "divvy" in the swindle.

Gov. Hendricks adopts and repeats the lie in the St. Louis platform that the national taxes increased from \$5 a head in 1860 to \$16 a head in 1870.

The fact is that the population in 1860 was \$1,400,000. Five dollars a head would be \$7,000,000. The actual taxation in that year was \$28,000,000, or \$1.99 a head.

The population in 1870 was \$2,800,000. Eighteen dollars for each

would be \$50,400,000. The actual taxation in 1870 was \$88,000,000, or just \$10 a head.
