LOCAL AND OTHER BRIEFS.

Oswego is well represented at the Thousand Islands at the present time. The hot weather had an effect on the attendance at some of the churches yesterday. If this is not the heated term then we may well pray for deliverance from the genuine article. At the People's Mission last night J. E. Bledgett gave a fine talk on "Law" and Miss Fuller sang a sweet solo. Have you seen the Lightning Artist paint yet, or bought one of his paintings? If not, go this evening, Arcade block. Detective Lynch of Buffalo arrived Saturday night and took Willie Ryan to that city where he is wanted for grand larceny. The republican committees of the assembly districts will meet for consultation at the Doolittle house at 1:30 p. m. to-morrow. Patrick McDonald, who has been local salesman for Miles Keboe for the past nine years, has accepted a similar position with John K. Lynch. A tramp was lodged in the jail at Angelica a few days ago who had on at the time five pairs of trousers, three shirts, a blouse, vest and coat. Personal. H. Laurens Storke and Frederic E. Storke left for Oswego Saturday morning. Mrs. Mabel Comstock left for Syracuse this morning to visit her cousin, Mrs. J. E. Ratchford. Mrs. J. S. Spaborn and family of Tonawanda, are in town visiting their uncle, C. B. Chase of West Onondaga street. John H. Kelly, formerly in the employ of Mollison & Dowdle and for the past ten years with the Westchester Fire Insurance company of New York, has been appointed assistant secretary of that company. The many friends of Mr. Kelly will be pleased to hear of his promotion to this high place which is due to his ability, aptitude for the business and hard work. James G. Bennett, who was formerly proprietor of the Woodruff house in this city and the Lake Shore hotel at Oswego, and who has lately been interested in one of California's mammoth hotels, has returned east and become the proprietor of the Doolittle house at Oswego. Landlord Hinggrford, of the Woodruff, was in Oswego yesterday and brings the news back to Mr. Bennett's Watertown friends that he is as genial and enterprising as ever. Watertown Times.

AT THE BEACH YESTERDAY.

The excursionists from Syracuse—Over One Thousand Syracuseans Arrive Here and Picnic at Beach Oswego—A Pleasant Time in the Woods. The excursion of Syracuse German singers and their friends to this city yesterday did not in point of numbers disappoint the citizens here who expected a monster excursion. The excursion train arrived about 10:40 a. m., and every coach was filled to its utmost capacity. The excursion train ran through the city without stopping until the vicinity of the Oswego Manufacturing works was reached, where the electric cars were waiting to convey them to the beach. This was accomplished in time, but considerable delay was experienced through want of cars and motive power. The excursionists went to Beckwith's grove and it was a welcome relief to them to get under the welcome shade of the trees. The excursionists came here for a good time and they had it if good humored pleasure throughout the entire day may be taken as an indication of pleasure. Thousands of our own citizens visited the boulevard during the day and they also appeared to enjoy themselves, at least until the sun began to approach the western horizon, when enjoyment began to give way to anxiety regarding transportation to the city. There was music in the air all through the grove. The excursionists, divided up into little parties, lunched and sang songs. Hundreds of Oswego families had gone to the grove with their lunch baskets to spend the day and the cool shade of the trees and refreshing breeze from the lake rendered the outing a charming one. During the afternoon the "United Singers" of Syracuse, assisted by the Saengerbund of this city, gave a delightful concert with the following PROGRAM: Overture. This is the day of the Lord. United Singers and Saengerbund. "Ballad, Hallelu" (song). United Singers. "O Forest" (song). United Singers. Selection. Haldor Rosenblad. United Singers. "What is the German Fatherland" (song). United Singers. "Star Spangled Banner" (song). United Singers and Saengerbund.

The excursionists left for home about nine o'clock last evening without an incident having occurred through the day to mar their pleasure, except dissatisfaction at the close of the day over the want of car accommodations to convey them from the beach to their train.

AMUSEMENTS.

AL. G. FIELD'S MINSTRELS. The Al. G. Field Minstrels will appear at the Academy of Music on Saturday, July 30 and its shrewd manager has spared neither trouble nor money to make it first class in every respect. The new first part, "In Camp" is said to be one of the most beautiful and gorgeous settings ever seen on the stage. Special attention has been paid to the choral portion of the entertainment, and the ringing of good old fashioned negro melodies is one of the features of the performance. The comedy element consists of Al. G. Field, Jerry Hart, Tommy Donnelly and Harry Shunk, which should be a sufficient guarantee that there will be plenty of fun throughout the entertainment. There will be a grand spectacular street parade at 11:30 a. m. on the day of the performance. Sale of reserved seats will open at Butler's at 7:30 Wednesday evening. Journalistic. The Fulton Times last week appeared in enlarged form—eight six column pages. Its make-up also is improved and the Times has quite a city look. It is a newsy paper, and worthy the patronage it receives. Its enlargement evidences enterprise on the part of its publishers and also indicates a liberal support from the people of its district, without which the additional expense would hardly be warranted. Sent to the Industrial School. Charles Peterson, a boy nine years of age, whose mother resides at 116 West Mohawk street, slept in the station house last night. He went to engine house No. 1, and told a pitiable story of coming from Syracuse and that his father and mother had gone away and left him. The firemen sent over to the police station and the boy was taken there. He was recognized as an old acquaintance and knowing that some trouble must have happened at home a bed was made up and he slept soundly until this morning. Before the recorder he told a story to the effect that he had heard his mother tell a man who was at her house yesterday that she would murder him and he knew she kept a revolver in the house all the time. It is difficult to believe the boy under any circumstances as he hardly knows how to tell the truth. But the recorder fulfilled the sentence he imposed when the boy was arrested before and sent him to the New York State Industrial school at Rochester.

THE STREET CAR SERVICE.

Complaints Over the Lack of Accommodation Yesterday. Complaints, loud, deep and innumerable were made yesterday over the lack of accommodation in the street car service. From two p. m. till after four o'clock not a car crossed the bridge to the east side of the river. Crowds of people were standing on every corner awaiting transportation until patience was exhausted and they either returned to their homes or braved the terrific heat and walked to the street car barns to take their chances there in boarding a car for the beach. Probably between three thousand and four thousand people were out on the boulevard yesterday. Hundreds were there till late in the evening waiting for transportation to the city and hundreds more preferred walking in, many carrying children in their arms, rather than take precarious chances of returning on the street cars. The Electric Car company and its management was cursed and denounced as perhaps no company or management ever was before. This much for the citizen's side of the matter. A Times representative called on Mr. Graves this morning and asked him what explanation the company could give regarding the miserable service of yesterday. That gentleman replied: "We were swamped, simply swamped. Everybody, apparently, wanted to go out on the boulevard and we lacked sufficient cars to convey them." Reporter—"How is it, Mr. Graves, that no car ran up Albany street from 2 o'clock till after 4?" Mr. Graves—"It would have been useless to have gone. Cars running down to the city were filled up with people desirous of going to the beach—people who preferred paying their fares from the barns down town and back rather than await chances at the barn."

THE DOOLITTLE HOUSE.

Mr. Bennett Assumed Charge This Morning. James G. Bennett, the well known popular landlord, assumed charge of the Doolittle House this morning and to-day there is a lively bustle in the great hostelry. It will take Mr. Bennett a few days to get matters systematized to his liking but when that is accomplished everything will move off like clockwork, and guests will appreciate the efforts of an accomplished landlord in catering to their comfort. Mr. Bennett arrived here Saturday and is contributing his experience to the work of systematization.

THE BICYCLE RIDERS.

Some of Them Question the Authority Prohibiting Them from Using the Sidewalks with Their Wheels. The wheelmen doubted at first the authority of the chief of police to issue an order prohibiting them from riding on the sidewalks, and they have been flocking to the police station to see the section which says they shall not use the walks for bicycle riding. The section, which is 652, says in substance: "That no person shall be allowed, without authority, to drive any wagon or vehicle on the sidewalks and if such an offence is done the person is liable to a fine of \$50 or thirty days' imprisonment, or both for each offence. The wheelmen are now hustling about trying to get the common council to designate a certain portion of the city to be used by the wheelmen.

THE POLICE COURT.

Before Hon. C. N. Bulger, Recorder. JULY 25.—J. P. Sullivan, George Cain and Martin Murphy got in a row Saturday night near twelve o'clock at the corner of East Sixth and Seneca streets. They moved away after being so ordered by John Matthews. They proceeded down Seneca street to Ninth, where they came across Michael, alias "Dodie" Gillen, and John Keilher engaged in a fight. Keilher was down and Gillen on top pounding and kicking him. The fellow might have picked out a more suitable place for the conflict, but perhaps they did not know how restless were the aliburns of Thomas Keilher, in front of whose place the fight occurred. The noise of the strife aroused Thomas as and he came down and witnessed Gillen pounding his nephew. Gillen did not deny this morning that he gave Keilher a good thrashing. He said he met Keilher on Bridge street and they were going home together. Keilher insisted on pouring into Gillen's ear a tale about his domestic troubles and called his wife, with whom he is not living, some hard names. Gillen told him he ought not to speak so of his wife, whereupon Keilher hit and knocked him down and then started to run away, but he was caught in a barb wire fence and fell down. Then, Gillen said, he gave him a good thrashing, which the recorder thought Keilher deserved. There would not have been any further trouble had not Thomas Keilher been awakened. He claimed that when Gillen got through mauling his nephew he came over and wanted to fight him. Tom says he did not accept the invitation because he was afraid of Gillen, who came back and threw stones through his windows. The warrant on which Cain, Murphy, Sullivan, Gillen and Keilher were arrested, was sworn out by Thomas Keilher. Cain, Sullivan and Murphy were fined \$10 or 35 days for fighting on Sixth street. Keilher got \$25 or 90 days for the Ninth street affair. Gillen's case was adjourned to Saturday to investigate the stone throwing.

THE POLICE COURT.

—Martin Keilher, who was wanted for assault in the second degree on James Struggell was captured yesterday. This morning he pleaded not guilty and was held in \$500 for his examination Wednesday morning. —Rosa McQuade had her son James arrested for being drunk. He pleaded not guilty but was convicted and fined \$10 or 60 days.

DISASTROUS FIRE AT CARTRIDGE.

Some of the Losses and Insurance—Probable Loss Between \$40,000 and \$50,000. A serious fire started in Cartridge about 9:30 last night which for some time threatened to be as disastrous as the memorable conflagration of 1885. The fire started in Brezie's saw and veneering mill, which was totally destroyed, loss \$10,000, insurance \$4,000. The flames then spread to Guyot's grist and carding mill, which shared a like fate, loss \$16,000, insurance \$4,000. Kesler's saw and planing mill next succumbed, loss \$23,000, insurance small. The machine shop of Ryther & Pringle was also destroyed. Aid was asked of Watertown and Lowville. The department from the former city reached Cartridge first, and the services of the Lowville department, which was ready at the train to make the trip, was not required. The fire was under control at midnight, and was nearly extinguished at 1 a. m.

THOUSAND ISLAND NOTES.

The Player's Company, located at Alexandria Bay, gave the drama "The Honeymoon," at the Music hall, on Thursday evening. The Nightingale made a special trip from Clayton, stopping at all points between there and the Bay, and returning after the play. The Rev. R. A. Ulin of Trinity church, Watertown, preached at the Thousand Island Park Tabernacle, on Sunday morning and held a service in the parlor of Fine View house in the evening. At Fine View hall in the afternoon and at the Tabernacle in the evening, Bishop Thoburn told of his labors in India. Fine View house has a new attraction in the shape of a phonograph, by means of which several of the guests were Thursday evening treated to a fine selection by the celebrated Gilman's Band, every note of which was as distinct as if the band were actually present.

OSWEGO EXCURSIONISTS AT THE GLEN.

About 300 Oswegoians came to Watertown to-day on the excursion of the Ames iron workers' aid society, arriving here at about 10:30 o'clock. Many of them visited Glen park this morning and others took the trip over the electric road to that pleasant resort this afternoon. They were, to all appearances, pleased with their visit. They left on the return trip at 6:15 p. m. The Garland City band accompanied the street car train loads of Oswego excursionists from Public Square, bound for the Glen at 1:30 p. m. to-day. The railway company had provided twelve cars, six motor and six trailers for the trip. Although a number had preceded this special train to the Glen, the cars were well filled and it is estimated that the street cars have carried nearly everyone of the excursionists to the Glen. At the park platforms had been erected for dancing, the merry-go-round and the switchback were in operation, and the visitors passed pleasant hours on the brink of Black River's noted gorge. HELD FOR THE GRAND JURY.

The examination of Andrew Downie, the owner of the circus, under arrest on the charge of rioting at Phoenix, took place there before Justice of the Peace Alvord on Saturday. Downie was present with his attorney, Stanley E. Filkins of Medina and District Attorney C. W. Avery conducted the case for the people. Justice Alvord held Downie in \$500 bail for the grand jury, which was furnished, Mr. Filkins becoming the bondsman. A Brutal Outrage. CANASTOTA, July 24.—A widow lady, over 60 years of age, was assaulted and outraged at her home this morning by Elmer Johnson, a farm hand who had been employed for the last month by J. Weaver Wilson. The woman lives about two miles west of Canastota. Johnson broke into her house at five o'clock in the morning and committed the outrage. Afterwards he hid in a house near by. Officers John E. Stimpson and Henry Phelps were notified, and after considerable search Willard Jones, who had been working with Johnson, discovered him. He was taken to the Canastota state ion house and locked up.—Utica Herald, Special.

CHILDREN CRY FOR FITCHER'S CASTORIA.

The Feeding of Infants. The fact that about fifteen infants to every hundred born, die the first year, is significant and lamentable. "I am decidedly of the opinion," says the well known authority, J. H. Hanford, M. D., "that the general introduction of lactated food would materially diminish this death rate."
