

GOODBY TO ENGLAND

Rear Admiral Cotton Says Reception Was Cordial.

SQUADRON WILL GO TO LISBON.

Kearsarge Will Make a Speed Trial to Frenchman's Bay, Me., and Steam 2,500 Miles at Full Speed.

PORTSMOUTH, England, July 15.—With the reception given on board Rear Admiral Cotton's flagship Kearsarge the official visit of the American squadron to England terminated.

"Our reception in England has been most cordial and enthusiastic," said Rear Admiral Cotton. "Nothing could exceed the courtesy extended to us on all sides, from the king and Prince of Wales, the officials of the government and officers of the army and navy to the people of London and Portsmouth."

Admiral Cotton was highly gratified at the receipt of a photograph from the Prince of Wales bearing the inscription "George, Portsmouth, July 13, 1903."

Admiral Cotton and the other American officers give Captain Hemphill all the honor for the part played by the Kearsarge, whose presence contributed in such a remarkable degree to the success of the visit.

"Our reception could not have been better in any shape or form. I had the pleasure of meeting people in the English service whom I have not seen for many years, among others that charming officer Captain Bayly, whom I met before when in England through the order of the late Queen Victoria in doing honor to America by assigning one of her best ironclads to convey the remains of the philanthropist George Peabody to Portland."

In order to provide a satisfactory buoy for the Kearsarge the royal yacht was moved to another position, her place being occupied by Admiral Cotton's flagship, Captain Hemphill of the Kearsarge has received instructions to clean the war ship's propellers, fill her bunkers with the best coal and go at the highest speed, with natural draft, to Frenchman's bay, Maine.

This is the first occasion in time of peace that an American battle ship has been subjected to such a severe test. It recalls a similar voyage of the battle ship Oregon during the war with Spain.

Divers have commenced work on cleaning the propellers, and 1,500 tons of coal will be delivered at once. Captain Hemphill will follow the Great Circle route, leaving Portsmouth at 9 o'clock Friday morning.

By the route that Captain Hemphill has selected for the speed trial the Kearsarge must steam 2,502 miles. On her way to Southampton she made 3,245 miles. She is thus expected to take less time on her impending voyage. Captain Hemphill commanded the Buffalo, which established the record of thirty-nine days on the run from New York to Manila, and the officers of the Kearsarge are satisfied that, with the excellent coal supplied and the vessel's moderately clean bottom, the record for a battle ship run will be broken.

Woonsocket Strikers Back to Work. PROVIDENCE, R. I., July 15.—The strike of the mule spinners in the mills of the Manville company's mill at Woonsocket and Manville is practically settled, and the employees, who have been out of work for eighteen weeks, are resuming none the better off.

A conference was held between committees of both sides, when it was agreed that the company would allow the employees of the spinning department who were out to return to work at their former rate of wages without any discrimination being shown against those who went out on strike. It was also agreed that in the future conditions warrant an advance in wages the company would be willing to consider the question.

Sanger's Resignation Regretted. WASHINGTON, July 15.—Assistant Secretary Sanger of the war department, who has resigned and is to be succeeded by Robert Shaw Oliver of Albany, N. Y., intends to relinquish his position as soon as possible, and it is probable that he will depart before Mr. Oliver comes to Washington. Colonel Sanger has been a very popular assistant secretary, especially with the high officials and heads of bureaus in the department.

To Extinguish Burning Mine. HANNA, Wyo., July 15.—Fifty expert miners have arrived here from Rock Springs and others are en route from Diamondville, Cumberland and Spring Valley. These men have had years of experience in fighting mine fires, and they will make a last effort to extinguish the flames and reach the bodies of the victims of the Union Pacific mine disaster.

ACCIDENT IN YOSEMITE.

Mrs. Johns of New York is Alone on the Mountains Fifteen Hours.

Yosemite Valley, Cal., July 15.—Mrs. A. E. Johns of New York has met with a terrible accident in the mountains of the Yosemite near here. A relief party found Mrs. Johns' position to be critical in the extreme. Her escape from a frightful death had been nothing less than miraculous. She had fallen a distance of 300 feet from the crevasse walls and had partially broken her fall by catching at juniper bushes and scrub trees as she plunged through their branches.

When the ropes had been lowered Mr. Potter descended to examine the perilous position. There, lodged upon a two foot ledge, with her clothing torn to fragments and her flesh scratched and bruised, lay Mrs. Johns, weak from exhaustion and lack of food and humbled by the frosty night.

With difficulty the rope was secured around Mrs. Johns' waist and an effort made to help her to the rim above. This attempt proved futile because of Mrs. Johns' weight. By leaning over the abrupt precipice Mr. Potter could discern another and larger ledge a hundred feet below from which there was a sheer drop of hundreds of feet. He determined to try this plan of rescue.

Giving the rope to those above to lower the rope, Mr. Potter swung the mainline form of Mrs. Johns out from the tiny strip of rock upon which she had braced herself for fifteen hours, and by swinging the rope to and fro Mr. Potter was able to lodge the body of Mrs. Johns on the larger ledge. He then descended himself. Calling to her Mr. Potter had him descend by the rope to the ledge upon which he and Mrs. Johns were resting. Then the two picked up Mrs. Johns, and together they made their difficult way around dangerous ledges and over yawning precipices beneath until, almost worn out, they finally reached the rim above once more.

Mrs. Johns is suffering much from nervous shock, but as no bones were fractured she will recover.

FATE OF MISS SELVAGE.

Murdered by Grave Robbers and Buried Near Indianapolis.

INDIANAPOLIS, Ind., July 15.—Acting on statements made by Rufus Cantrell, chief of the convicted band of Indiana grave robbers, officers, accompanied by Cantrell, visited the Union Chapel cemetery near Nora, eleven miles from Indianapolis, and two graves were opened. It was in one of these, according to Cantrell, that would be found the body of Miss Carrie Selvaige, an Indianapolis schoolteacher, who disappeared from the Union State hospital March 11, 1900, and was never found.

According to the story told by Cantrell, two men found the woman wandering on a country road as they were returning from a grave robbing expedition on the morning of her disappearance. They invited her into their buggy, found she was demented and took her to a cabin in Hamilton county, where she was kept for weeks. She was moved later to a hut in Indianapolis, and when the search for her became close they chloroformed her and buried her body in the Union Chapel cemetery.

Paper Mills Burned. HOOSICK FALLS, N. Y., July 15.—The mills of the Stark Paper company, located at Sodom, a small settlement outside Hoosick Falls, have been destroyed by fire. The loss is about \$25,000, partially covered by insurance.

A NINETY MILE RIDE

General Nelson A. Miles Made It In Nine Hours.

RIDER SHOWED NO SIGNS OF FATIGUE

Trip Was Taken to Show That Army Commander is Still a Sturdy Soldier—Reviews Troops on Arrival at Fort Reno.

EL RENO, Okla., July 15.—Lieutenant General Nelson A. Miles completed a horseback ride from Fort Hill, I. T., to Fort Reno, Okla., a distance of ninety miles, in nine hours and ten minutes. The first thirty-five miles was made in record time, the distance being covered in two hours and twenty-five minutes. Upon completing the trip General Miles

GENERAL MILES.

showed no signs of fatigue and forty minutes after his arrival at Fort Reno reviewed the troops stationed at that post. The ride was taken, it is stated, to demonstrate that General Miles at the age of retirement is still a sturdy man.

General Miles spent Monday morning inspecting Fort Hill, resting in the afternoon preparatory to taking his long ride. There was a large crowd at the fort when General Miles came from the commandant's house shortly after 4 o'clock to make the start. He was booted and spurred and wore a campaign military suit. As the general started off at 5:10 a. m. he was cheered lustily. He was accompanied by Captain Sayre of the Eighth cavalry.

The weather was cool at the start, but became intensely hot. Anadarko, Okla., thirty-five miles distant from Fort Hill, was reached in two hours and twenty-five minutes. The ride was made in ten mile relays, soldiers stationed along the line furnishing fresh horses. Lunch consumed twenty minutes, and it is estimated that fifty minutes were spent in changing mounts and in other small delays. This made the actual time spent in the saddle eight hours.

A salute was fired as General Miles entered Fort Reno at 2:20 p. m. He showed no signs of weariness as he dismounted and said, "I enjoyed every moment of the trip, and there was one time that I felt particularly good; that was when I came up to the men who had charge of the pack teams just south of the Canadian river. They had lunch ready, and I enjoyed it with them. It made me feel extra good."

Immediately after reviewing the troops at Fort Reno General Miles, accompanied by Colonel Maus, drove to El Reno and caught the train for Fort Riley, Kan.

Striking Stone Masons Violent. CLINTON, Mass., July 15.—A body of striking stone masons who had been employed on the Wachusett dam of the metropolitan water system, armed with revolvers, marched among the other workmen and with threats compelled 450 to stop work. One man who hesitated in obeying the strikers' order was thrown into the Nashua river, but was rescued promptly by his associates. The police force, numbering a few men, was inadequate to check the strikers. An attempt was made to arrest one of them, but he eluded the police after a chase in which he dropped his revolver. The contractors apparently are now waiting for developments. They say they will not grant the demands of the strikers for an increase in wages to 35 cents an hour, which caused the trouble. It is understood that an effort will be made to resume operations today, and extra police will be on hand if this is done.

Attorney on Trial For Bribery. BUTTE, Mont., July 15.—The disbarment of A. J. Shores, chief attorney for the Amalgamated Copper company, charged with attempting to bribe Judge Harney with \$200,000 in connection with the Minnie Healy mine decision, was reached today after six months' delay. F. A. Heinz and John McGinnis of the Montana Ore Purchasing company, to whom the mine was awarded, have been subpoenaed by the defense, which alleges a business and political conspiracy on the part of the opponents of the Amalgamated Copper company through Shores. An affidavit of Charles W. Clark, son of United States Senator Clark, was read admitting that he offered Judge Harney the money with the approval of Mr. Shores and other Amalgamated attorneys.

Charged With Starting Forest Fires. GLENS FALLS, N. Y., July 15.—Sam Pasco was arraigned in the Warren county court at Lake George, charged with setting no less than twenty forest fires. These are alleged to have been started during the confagurations of early June. Pasco is also charged with stealing timber, with assault in the first degree and with burglary in the third degree. Pasco is a man of enormous physical strength and is over six feet in height, a dead shot and a typical mountaineer. He pleaded not guilty and asked that counsel be assigned to defend him.

Japan Suspicious of Russia.

PEKING, July 15.—United States Minister Coger has arrived at Newchwang, where he will make a personal investigation of the situation. M. Lessar, the Russian minister to China, has returned to Peking. The Russian legation is without information regarding the result of the conference of high Russian officials at Port Arthur. Dispatches from Japan on the situation are optimistic, but on account of the continuing reports of Russian activity on the Yalu river and also the statement made by the Korean legation here that China will not consent and the Koreans themselves are unable to open Atami to trade because of Russian objections, the opinion here is gloomy. Unless the evacuation of Manchuria occurs soon the belief obtains here that the acts of belligerent Russians on the Yalu will precipitate a conflict, as it is understood that Japan will regard the continuation of Russian encroachment on the territory bordering the Yalu as a casus belli.

Kishineff Murderer Found. KISHINEFF, Russia, July 15.—The murderer of the boy Dobussary, whose death was charged to the Jews and which was the immediate cause of the massacre, has been discovered. He is a gardener, and has confessed that he and the boy's uncle committed the crime. The new governor of Kishineff, Prince Uruslov, has exchanged visits with the leading Jews of this city.

Commissioners Go to Berlin. THE HAGUE, July 15.—The international exchange commissioners have left this city for Berlin after submitting their views to the government representatives.

Hawaii's Budget. HONOLULU, July 15.—The extra session of the legislature has appropriated \$8,000,000, being \$2,000,000 over the estimated government receipts.

WAS ALMOST LYNCHED.

Negro Who Assaulted Child Was Saved by Quick Witted Sheriff.

ALBANY, N. Y., July 15.—The quick wit of a deputy sheriff at Coxsackie prevented the lynching of James Little, a nineteen-year-old negro hailing from Summerhurst, N. J., who near New Baltimore criminally assaulted Emma Cole, aged eleven years, daughter of Joseph Cole, a farmer living one mile back of New Baltimore. The child, with her five-year-old sister and Maud Lobdell, aged twelve, was picking berries by the roadside in the long woods between New Baltimore and Coxsackie, a mile from home, when Little accosted them, asking for something to eat.

The Lobdell girl went to her home, but her mother was not there, and, returning to her companions, she found the negro dragging Emma Cole into the woods. She ran to her aid, and the negro pulled out a handful of her hair. She then ran away, with the little Cole girl screaming for help, while Little dragged his victim into the woods and assaulted her, then escaping after threatening her with death if she moved.

Her father and neighbors met the child coming home and at once organized a party to scour the woods. A description of the negro was sent to nearby towns, and an hour later he was captured on the railroad track near Coxsackie by Roy Cutler. He confessed the assault and was locked up.

In the meanwhile news of the capture reached New Baltimore, and a mob of 100 enraged farmers started for Coxsackie, augmented by a large number of striking Coxsackie molders and river men, all frankly vowing their intention to lynch the negro.

It was the strikers' "benefit day" in Coxsackie, and the town was crowded. Threats of lynching filled the air, and every train augmented the crowd.

Deputy Sheriff Vanloon, realizing that the coming of darkness would mean the breaking of the flimsy local lockup and the violent death of his prisoner, smuggled the negro out and took him down the river on the boat to Cashtkill, where there is a well built jail.

The Cole girl is seriously injured, but may recover. Her father and the neighboring farmers are in a terrible state of excitement and but for the deputy's quick action would certainly have lynched the negro.

PETITION TO RUSSIA.

President Roosevelt Centers With Jewish Citizens.

OSTER BAY, N. Y., July 15.—An important conference has been held at Sagamore Hill between the president and representative Jewish citizens of the Society of the B'nai B'rith regarding the petition to the Russian government on the Kishineff outrages. Besides the president, the parties to the conference were Simon S. Wolf of Washington, Oscar S. Straus and Leo N. Levi of New York.

The administration has been embarrassed by the delay of the representatives of the B'nai B'rith society in presenting the petition. A draft of the document was handed to President Roosevelt several weeks ago by Mr. Wolf, but it was decided after some consideration to modify the text of the petition before presenting it formally to this government for transmittal to Russia.

The result of the conference at Sagamore Hill has not been disclosed yet, but a strong intimation is given that the petition may not be forwarded to the Russian government.

It is suggested that the whole matter may be resolved into a brief statement through diplomatic channels to the Russian foreign office that such a petition is in the hands of the United States government, thus leaving it to Russia to say whether it would or would not receive the document if it were presented.

President Roosevelt is delighted over the success of the American riflemen in recapturing the Palma trophy in England. The following cablegram regarding the contest was received from the secretary of the National Rifle Association of America, now in London: "American rifles, ammunition and men have won a victory over Great Britain, France, Norway, Australia, Canada and Natal and bring back the Palma trophy."

The president responded as follows: "Accept my heartfelt congratulations for the American victory."

Charged With Attempt to Poison. ITHACA, N. Y., July 15.—Charles Wallace of this city occupies a police cell charged with assault in the first degree for either attempting to poison Jacob Corners or pretending to do so. Wallace, a bartender in the Lehigh Valley House, invited Corners to drink with him. After the latter had done so Wallace laid a one ounce laudanum bottle before him and informed him that he had drank the contents of it. Corners immediately became deathly pale and violently ill, and three physicians were called. They found no traces of poison, though Corners said he was suffering great pain. When arrested Wallace said he merely wanted to scare Corners.

General Oliver's Plans. ALBANY, N. Y., July 15.—The selection of General Robert Shaw Oliver for assistant secretary of war was unexpected to his friends in this home city, but is commended by military men, who regard him as having few equals and no superiors in the national guard. General Oliver himself is at Murray Bay with his family, but a national guardsman quotes the latter as saying, "The national guardsman must be put on his mettle and must be taught to do everything necessary to a soldier for himself."

Body Goes to Canada For Burial. LONDON, July 15.—The body of Justice Sir John Douglas Armour of the supreme court of Canada and a member of the Alaskan boundary commission, who died in London, leaves tomorrow for Canada by the Allan line steamer Tunisian. The two daughters of the deceased will accompany the remains.

DECIDE YOURSELF

The Opportunity is Here Backed by Oswego Testimony.

Don't take our word for it. Don't depend on Sanger's statement. Read Oswego endorsement. Read the statement of Oswego citizens. And decide for yourself.

Here is one case of it: Mr. O. M. Bond, of 127 West 7th Street, says: "For twelve or thirteen years I have had kidney complaint causing me back-ache, but the difficulty was mostly urinary trouble. It finally became chronic and I claim that a man of my age in my condition cannot be entirely cured. The kidney secretions are irregular; treatment in successive times there is a retention and often I have been in such misery that I would walk the floor the greater part of the night despite the fact that I used many kinds of medicines. I depend entirely on Doan's Kidney Pills now when I want relief and I have used a number of boxes, taking them when I need them. I consider Doan's Kidney Pills the best of any that I ever used. I would not tell my friends as I have in many cases to use them if I did not think they were a fine medicine."

Just such emphatic endorsement is plentiful in Oswego. Call at Vowinkel's drug store and get a free trial bottle. Price 50 cents. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for Oswego. Write for circular and get the name—Doan's—and take no other.
