BLOODSHED YESTERDAY.

TROOPS IN CONFLICT WITH THE STRIKERS AT HAMMOND, IND.

One Man Killed and Several Injured—The Man Killed Had Been Taking no Part in the Riot—A Chicago Striker Killed and a Number Fatally Hurt—A Young Lady Observer of the Conflict Killed—The President Issues a Proclamation—Debs and Sovereign Write the President—Mails Running with Some Degree of Regularity Out of Chicago.

CLASH WITH POLICE.

UNION STOCK YARDS, Ill., July 9—At 12:30 this morning Swift & Co. attempted to move several wagon loads of beef from the packing house to their down town store houses. As the wagons were passing the corner of Fortieth and Emerald streets, a crowd of strikers standing in the shadows opened fire on the drivers with revolvers. Officers Duffy and Tracy, who were detailed in this district, rushed to the scene and a fierce fight took place. A call for assistance was quickly sent to the stock yards station and responded to by a patrol wagon loaded with police. The police finally succeeded in arresting the following men: Michael Walsh, Hugh McNichol, Timothy Linehan, Martin Neston, Henry Lanaher, Thomas Shaw. John Fitzpatrick, one of the drivers, received a slight flesh wound on the left arm from a bullet. McNichol was shot in the leg. Great excitement prevailed in the district for a few minutes, but at 2:15 a. m. all was quiet.

AS TO THE PRESIDENT'S PROCLAMATION.

CHICAGO, July 9.—Notice that President Cleveland's proclamation was about to be issued was received at army headquarters at 9:30 o'clock last night. A copy was at once given to Mayor Hopkins. A few moments later the proclamation itself was telegraphed from Washington. It was copied on the official paper of the headquarters and a copy was dispatched to the mayor. Gen. Miles spent an hour in telephone and telegraphic communication with the president and secretary of war. According to the best information obtainable the proclamation was hastened by the news from Spring Valley that striking miners were engaged in depredations.

At midnight Gen. Miles was seen. "Does the proclamation mean martial law?" he was asked.

"It amounts to the same thing. It means that whoever disobeys it is a public enemy, and as such is to be destroyed."

"Does it place you in command of the state troops?"

"No, the president is acting in accordance with law, and under the authority conferred on him by the constitution. It means that all riotous persons and all persons who incite to riot are enemies to the constitution and will be treated as such."

Chief Brennan said last night with reference to President Cleveland's advice to the people of Chicago that it was only in line with what the mayor gave out a few days ago. "Peace must be preserved in this city at all hazards and the police will work hand in hand with the government to bring about this end. Personally I am of the opinion that the police of Chicago and the state militia are amply able to handle the difficulty but as the president seems to think otherwise the only thing we can do is to render him hearty assistance in every way.

Vice-President Howard of the A. R. U. was asked what he thought of the president's proclamation. He said: "Oh, that will not affect law abiding citizens at all, and we are all law abiding citizens. The trouble is, there are not enough non-union men in this country to run the railroad trains. This proclamation will not produce enough of them for this purpose and no amount of proclamations will produce them."

PRESIDENT'S PROCLAMATION.

WASHINGTON, July 9.—At a late hour to-night President Cleveland issued the following proclamation:

Proclamation by the President of the United States:

Whereas, by reason of unlawful obstructions, combinations and assemblages of persons, it has become impracticable in the judgment of the president to enforce, by the ordinary course of judicial proceedings, the laws of the United States within the state of Illinois and especially in the city of Chicago within said state and

Whereas, for the purpose of enforcing the faithful execution of the laws of the United States and protecting its property and removing obstructions to the United States mails in the state and city aforesaid, the president has employed a part of the military forces of the United States.

Now therefore, I, Grover Cleveland. President of the United States, do hereby admonish all good citizens and all persons who may be or may come within the city and state aforesaid, against aiding, countenancing, encouraging, or taking any part in such unlawful obstructions, combinations and assemblages; and I hereby warn all persons engaged in, or in any way connected with, such unlawful obstructions, combinations, and assemblages to disperse and retire peaceably to their respective abodes on or before 12 o'clock noon on the 9th day of July instant.

Those who disregard this warning and persist in taking part with a riotous mob in forcibly resisting and obstructing the execution of the laws of the United States or interfering with the functions of the government or destroying or attempting to destroy the property belonging to the United States or under its protection, cannot be regarded otherwise than as public enemies.

Troops employed against such a riotous mob will act with all the moderation and forbearance consistent with the accomplishment of the desired end; but the stern necessities that confront them will not with certainty permit discrimination between guilty participants and those who are mingled with them from curiosity and without criminal intent. The only safe course, therefore, for those not actually unlawfully participating is to abide at their homes, or at least not to be found in the neighborhood of riotous assemblages. While there will be no hesitation or vacillation in the decisive treatment of the guilty, this warning is especially intended to protect and save the innocent.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be hereto affixed.

Done at the city of Washington this eighth day of July in the year of our Lord one thousand eight hundred and ninety-four, and of the independence of the United States of America, the one hundredth and eighteenth.

(Signed.) GROVER CLEVELAND.

By the president:

W. Q. GRESHAM, Secretary of State.

The proclamation was communicated to Gen. Miles by Secretary Lamont, who telegraphed as follows:

In view of the provisions of statute and for the purpose of giving ample warning to all innocent and well disposed persons, the president has deemed it best to issue the accompanying proclamation to-night. This does not change the scope of your authority and duties nor your relations to the local authorities. You will please make this known to Mayor Hopkins.

STRIKERS DIDN'T APPEAR.

CHICAGO, July 8.—Vice-President Wickes, in accordance with his promise to Vice-President Lawrence of the Safe deposit company, appeared at his office in the Pullman building at noon to-day ready to talk over the situation with a committee of ex-Pullman employes. No committee called on him, however, and after waiting an hour and a half, he closed his office and went home.

TIE-UP AT BUFFALO ORDERED.

BUFFALO, July 8.—Buffalo has been ordered tied up. James Millican, president of the local branch of the A. R. U., received a dispatch to-night from President Debs directing him to withdraw the members of the order from service at once and cautioning him to prevent any resort to violence. It is learned from inside sources that the intention of the local A. R. U. officials is to call out their men at midnight on Monday. Whether the men will obey this mandate or not depends upon the trend of events at Chicago and other points to-morrow. The amount of support the organization receives from the other unions will also have considerable bearing upon their action.

The Central labor union this afternoon adopted resolutions endorsing the object of the A. R. U. strike, calling upon all trades unions to give moral and financial support, and condemning the invasion of the state of Illinois by federal troops as a violation of the constitution.

MOVING PROVISIONS.

CHICAGO, July 9.—At 3 a. m., today 100 meat wagons belonging to the largest packers in the stock yards left for the down town district loaded with supplies for the branch markets from which the bulk of the retail trade of the city is supplied. All regular drivers had struck or been driven from their work by threats of strikers. Last night the entire office force turned out and volunteered to drive, load the wagons or make themselves useful in any way possible. Every man on the wagons was well armed and armed guards rode on horseback forward along the line of march. The procession started at 3 a. m. All the early part of the night was spent in loading the wagons and arranging the start. Superintendent Cousins of Swift & Co., led the march. It is expected that all the principal markets down town can be kept well supplied with stock in this way.

BLOODSHED AT HAMMOND.

HAMMOND, Ind., July 9.—Before daylight yesterday a mob overturned fifteen cars on the Chicago & Calumet road. A Pullman car was fired and other acts of vandalism indulged in. The northbound train on the Monon road was side-tracked and the trainmen forced to leave by the mob. A telegram asking military assistance was sent to Chicago and at 11:30 Co. D of the Fifteenth battery arrived. Realizing they were unable to cope with the mob reinforcements were asked and at 4 p. m. the second division arrived. Just then several freight cars were dumped on the track a block and a half to the north. The mob then assembled at the State street crossing when a rope was thrown around a Pullman car standing on a side track with the evident intention of throwing it over on the main track and preventing the further passage of a mail train that had just arrived. There were regulars on the engines, regulars on the roof and regulars at the car windows, all of them waiting for just such a condition as was now imminent. A volley was poured from engine, roofs and windows. Some of the bullets took effect and the regulars made for solid earth and with bayonets fixed made a dash for the mob on both sides. This is the list of casualties

Charles Fleisher, carpenter, married, aged 35, a resident of Hammond, was killed instantly, a bullet entering his abdomen and passing through the body.

W. H. Campbell, shot in right thigh, probably fatal.

Victor Seitor, shot in knee, amputation of leg necessary, condition critical.

Miss Annie Flemming of East Chicago, bullet wound above right knee, not serious.

Unknown man, shot in right leg, amputation probably necessary.

Fleisher took no part in the disturbance but was looking for his son, whom he had heard was on the outskirts of the mob.

Miss Flemming, who was not even a spectator of the melee, being simply in the act of crossing the tracks after a visit to a neighbor's house, fainted when shot.

DEBS TO CLEVELAND.

CHICAGO, July 8.—President Debs of the Railway Union, and Master Workman Sovereign of the Knights of Labor, united in the following letter, last evening:

CHICAGO, July 7.

The Hon. Grov. Cleveland, president of the United States, Executive Mansion, Washington, D. C.

DEAR SIR:—Thro' a long period of depression, enforced idleness and low wages, resulting in widespread poverty and in many cases actual starvation, the working people have been patient and law abiding; and not until the iron heel of corporate tyranny was applied with the intention to subjugate the working people to the will of arrogant monopolies did they make any effort to stay their oppressors.

By your action, in so far as you have supplanted state authorities with the federal military power, the spirit of unrest and distrust has so far been augmented that a deep seated conviction is fast becoming prevalent that this government is soon to be declared a militasy despotism.

The transmission of United States mails is not interrupted by the striking employes of any railway company, but by the railway companies themselves, who refuse to haul the mail on trains to which Pullman cars are not attached.

We look upon the far-fetched decision of Attorney-General Olney, the sweeping un-American injunction against railway employes, and the movements of the regular army, as employing the powers of the general government for the support and protection of the railway corporations in their determination to degrade and oppress their employes.

The present railway strike was precipitated by the desire of the railway corporations to destroy the organizations of their employes and make the working people more subservient to the will of their employers; and as all students of government agree that free institutions depend for their perpetuity upon the freedom and prosperity of the common people, it would seem more in consonance with the spirit of democratic government if federal authority was exercised in defense of the rights of the toiling masses to free liberty and the pursuit of happiness. But on the contrary there is not an instance on record where in any conflict between the corporations and the people the strong arm of the military power has been employed to protect the working people and the industrial masses from the ravages and persecution of corporate greed. But the measure of character has been the line of declaring the corporations always good and in the right and the working people and the industrial masses from the ravages and persecution of corparate greed.

Now, sir, we pledge to you the power of our respective organizations, individually and collectively, for the maintenance of peace and good order and the preservation of life and property, and will aid in the arrest and punishment of all violators of the civil and criminal laws of state or nation. In the present contest between labor and railway corporations we shall use every peaceable and honorable means at our command, consistent with the law and our constitutional rights, to secure for the working people just compensation for labor and respectable consideration, in accordance with the inherent rights of all men and the spirit of republican government. In doing so we appeal to all the liberty loving people of the nation to aid and support us in this most just and righteous cause.

Found a Cure for Sciatic Rheumatism.

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered from sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which affected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. Hatchery Near Three Mile Bay.

ALBANY, July 7.—The United States fish commission has decided to locate a hatchery near Three Mile bay on Lake Ontario, in Jefferson county, for the cultivation of white fish, and pike perch.

Anti-Cigarette League.

The principals of several schools of Otsego county have united to organize an anti-cigarette league of the school boys. A constitution has been adopted which gives as the object for the league the suppression of cigarette smoking among boys. Every member of the league is to wear a button which shows that he does not smoke cigarettes.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

Dodging the Navigation Laws.

Another way of dodging the Canadian navigation laws was recently illustrated at Ogdensburg. The steamer Island Wanderer arrived there with an excursion party of about 300 persons from Iroquois, and was bound for Brockville to celebrate. As the Canadian laws forbid an American boat from carrying passengers from one Canadian port to another, the steamer tied up at the dock, the passengers all got off and returning at once on board the lines were cast off, and the happy party went on their way rejoicing.

Corbett Welcomed to Dublin.

DUBLIN, July 8.—James J. Corbett, the pugilist, arrived here to-day. Four bands and thousands of citizens welcomed him at the station. He was carried on men's shoulders from the train, the horses were unharnessed from his carriage, and he was drawn by the crowd to his hotel. He was cheered wildly when he made a speech from the hotel balcony.

BURGLARS IN WEEDSPORT.

Five Hundred Dollars' Worth of Goods Stolen From Two Houses.

WEEDSPORT, July 8.—The first burglary of any prominence in this vicinity in some time occurred early this morning when the residences of Julius E Rude and Orrin W. Burritt were entered. The burglars were very successful, taking away with them from both places about $500 in value. Mr. Rude is a jeweler here but is most of the time travelling. He had in the house last night several grips, some filled with silverware, one with watches and another with old gold. The latter, valued at $150, was taken. The burglars were evidently a little hungry as they had a lunch before leaving.

At Mr. Burritt's they took about $50 in cash, two gold watches and papers of Mr. Burritt's. The burglars were professionals to a finish and it is thought they are the same ones who were in Jordon on Friday night. There is no clue to their identity.—*Syracuse Standard Special.*

QUIGG & PENFIELD,

See the Gasolene and Oil Ranges, Refrigerators, Window Screens, Screen Doors, Ice Cream Freezers, Paint Oil and Putty. All to be sold lower than any place in the city.

WE HAVE THE BEST RANGES ON THE MARKET. They are the "SURE LUCK," "ANDES," "PARIS," Double Draft "NOVELTY," and "SUNSHINE."

—ALSO THE—

CULVER FURNACE. One of the most perfect of its kind on the market. And the IDEAL NOVELTY Furnace

Which is the greatest Furnace in the world. It has all the latest appliances which go to make up a perfect one. Its cleanliness is realized, as is also its heating powers, which cannot be surpassed. Easily regulated and perfectly indirect draft. One great advantage in this furnace is taking out the grates. By opening the lower door, the entire grate can be pulled out, the burnt part removed, and the new piece easily put in without interfering with the furnace. Also at no extra expense. To have your curiosity satisfied go and examine the furnace at QUIGG & PENFIELD'S.

One of the Greatest Novelties in the Hardware Line is the Nickle Plated Oil Heater.
