THE COMMON COUNCIL.

The Bill of Ex-City Clerk Kelly Allowed and Ordered Paid.

An order was passed by the common council last evening granting the full amount of the bill, \$120, presented by Ex-City Clerk J. H. Kelly and Chief Assessor Mannister Worts for making out tax sales.

The subject was called up by Alderman Alfred Moran of the First ward, who said the matter had been in the hands of the claims committee for a long time and he would like to hear their report.

Chairman Smith of the claims committee said that the reason why the committee had not reported on the bill was because they had examined the charter and could not find where the city clerk was entitled to any pay other than that of city clerk.

Mr. Kelly was in the audience and being called upon explained his side to the council. He said that the council of last year had instructed him to make out the tax sales from 1848 to 1889. There were 650 of these notices. Mannister Worts and himself were obliged to go through the assessment rolls which made considerable extra work. In consequence it has been discovered that erroneous assessments had been made and the city has collected considerable money in taxes.

Ald. P. H. Moran moved that an order be drawn in favor of Mr. Kelly and Mr. Worts for \$120.

Mayor Higgins said that the matter is before the claims committee and until that committee reported no order would be drawn.

Ald. A. Moran moved that the matter be taken out of the hands of the claims committee.

A vote was taken and the motion adopted 5 to 4.

Ald. P. H. Moran moved that an order for \$120 be drawn on the city chamberlain. Adopted.

Alderman A. Moran after his success in getting through Kelly's bill thought he could have a reconsideration of City Chamberlain Lynch's bill for serving notices but the mayor wouldn't have it. The alderman from the first ward moved to reconsider the bill. It will be remembered that the claims committee cut Mr. Lynch's bill in two and as cut the bill was endorsed by the council on June 19. The mayor held Mr. Moran's motion out of order on the ground that the bill had been passed upon and approved at a previous meeting and was out of the hands of the council.

A WOMAN'S WILES.

How a Fair but Frail Street Exercised Her Tactful Ways—Renews an Old Acquaintance with an Auburn Manufacturer and Sells His Property for Him.

ACBURN, July 11.—One of the boldest schemes to obtain money fraudulently ever perpetrated in this city was successfully worked, yesterday.

It was a woman, too, who carried the scheme through, and squeezed an Auburn manufacturer for \$75 good and lawful money. Sunday, Kittie Connell arrived in the city from Syracuse. She is pretty, with a tall, slender figure and tasteful attire. She rode about the city during the day with a Genesee street merchant and late in the afternoon appeared at the apartments of James W. Albert in the block at 7 State street. She was acquainted with Mr. Albert. They had been boy and girl friends in Oneida and had attended the village school together. He had not seen her in a number of years, seven or eight, and was pleased to meet her again, that is, he was until she announced her intention of remaining for a visit. Now, Mr. Albert is a man of family and his wife is out of the city visiting relatives all of which he explained to his persistent guest. Kittie didn't mind a little thing like that; she had come to stay and the fact of having to stay alone in the house with the head of the family, didn't phase her a little bit. She cared no more for the proprieties than an Auburn lawyer. Mr. Albert expostulated and explained that people might gossip about it and said "how it would look," but Kittie didn't care, she was above the reproach of scandal mongers and when she so feelingly referred to their old friendship, Mr. Albert's protests grew feebler and fainter and finally ceased altogether and the entrancing Kittie was allowed to remain. Before retiring the uninvited guest was offered a half dollar by her host. He explained that he worked in Osborne's factory and would leave in the morning before she had arisen. The money was to procure her breakfast, as he was boarding out during the absence of his family. The money was refused with shrinking modesty. She didn't need it; she had plenty of money, all she wanted was a place to stay.

Well, Mr. Albert went to his work early in the morning leaving modest Kittie in solitary possession of the house. He did not return until 7 o'clock last evening. Then he found John A. McGeer, the carriage manufacturer, and a cart waiting to get into the rooms to remove the furniture. During the day Kittie had visited Mr. McGeer and had sold him the furniture in the Albert apartments for \$75. Then she had locked the door and left for parts unknown, taking Mrs. Albert's best dress as a souvenir of her visit.

McGeer made complaint at police headquarters and now the police are looking for Kittie.—Advertiser.

General Term Decisions.

At a general term of the supreme court of the fourth judicial department held at the court house in Utica at 2 o'clock yesterday afternoon the following decisions of local interest were handed down by Hon. George A. Hardin, Presiding Justice, Hon. C. E. Martin and Hon. Milton H. Merwin, associate justices: Harvey Joyce, appellant, vs. the R. W. & O. R. E. Co., respondent—Judgment and order reversed and a new trial ordered with costs to abide the event. Per curiam opinion.

Mary Senecal, as administratrix, etc., appellant, vs. the Thousand Islands Steamboat Company, limited, respondent—Judgment and order reversed on the exceptions and a new trial ordered, with costs to abide the event. Opinion by Hardin, P. J. William D. Bailey, respondent, vs. the R. W. & O. Railroad company, appellant—Judgment and order reversed on the ground that the damages are excessive, and a new trial granted on payment of the costs of the trial by the appellant, unless the plaintiff shall stipulate to reduce the verdict for damages to the sum of nine thousand dollars, in which event the verdict and judgment as so modified are affirmed without costs to either party. Opinion by Martin J. Palski.

JULY 10.—We understand that gas well No. 1 now being sunk by Mr. Tollen had on Tuesday noon, attained a depth of about 500 feet.—The walk on the south side of Mill street has long had a reputation for roughness but Portland cement walks are now being placed along six fronts on that street, to wit: Chas. Tollner, and R. W. Box factories and residence property belonging respectively to Mrs. C. Clark, B. Pines & Son, Mrs. E. M. Fisher and F. H. Cross. This will place the walks of a great portion of the street in fine condition.—Mrs. Ida Craig of Chicago who is visiting her relatives and many friends in this village, her old home, has sung with the choir in the M. E. church two Sundays and last Sunday she added much interest to the morning service by giving a solo "Good Shepherd." It was well rendered. c.
