Davis, late of the City of Oswego, in said county, deceased, that they are required to exhibit the same, with the vouchers therefor, to the subscriber at her residence in the City of Oswego in the County of Oswego, New York, on or before the 15th day of July, 1902.

Dated this 10th day of January A. D., 1902.
Harriet E. Ward,
Executrix &c of Ellen L. Davis, deceased.

# MARINE NEWS.

## BIG JAM AT CHARLOTTE

ROCHESTER, July 8.—The river conditions at Charlotte are serious and shipping is practically tied up. The ferryboat Windsor is completely out of business. The flats are flooded to an extent greater than at any time since the great ice jam last spring. The big passenger steamers are experiencing the utmost difficulty in making their docks and last night grave fear was expressed for the Toronto and Kingston, which while turning in the river practically dammed the water. It looked for a time as if they would be capsized, but the danger was averted. A jam of flotsam, consisting of trees, haystacks, fence rails and a great quantity of lumber from up the valley has formed South of the ferry slip, for nearly two acres in area and is backing up the flood, causing great damage to surrounding country.

### Movements of Boats Yesterday

Rees arrived at Duluth.

Ewen arrived at Toledo.

Volunteer arrived at Erie.

Tower arrived at Escanba.

Montana passed Mackinaw up.

Rome arrived at Buffalo from Chicago.

Cumberland cleared from Marquette for Toledo.

Schuykill, Bulgaria and Progress passed Detroit up.

Nottingham cleared from Two Harbors for Lake Erie.

Niko and Peterson and A. P. Wright passed the Soo up.

The Parnell has been placed for corn from Chicago to Buffalo.

Thirty vessels with ore cargoes are now at Ashtabula. This is the largest fleet of the season.

The rush of vessels with iron ore from Escanaba and Lake Superior to ports on Lake Erie has become so great during the last few days that the capacity of the unloading docks at all points has been overtaxed. Twenty-seven loaded vessels are now at Conneaut with cargoes waiting to be unloaded and eight more, which arrived during the day, were compelled to wait outside in the open lake for their turn, owing to the crowded condition of the slips.

BUFFALO, N. Y., July 7.—Owing to increasing business the steamer Montana of the Western Transit Line, which has been tied up for some time, was put in commission again on Saturday, and took out a load of package freight for the West.

HOUGHTON, July 8.—The steamer R. S. Warner, which had all the buckets knocked off her propeller by a log in Portage River, received repairs and cleared for Buffalo to-day.

BAY CITY, July 8.—The steamer A. E. Stewart, built by the West Bay City Shipbuilding Company for the Stewart Transportation Company of Detroit, was launched this afternoon.

ERIE, Pa., July 9.—The fish tug Comet picked up the body of a man about twelve miles off Conneaut today. The body is well dressed, but there was nothing in the clothing to identify it. It had been in the water for some time. In may be the body of one of the crew of the Dunbar, which foundered two weeks ago.

TORONTO, July 7.—In the case of the action of the schooner J. F. Card, registered at Detroit, against the steamer Hiawatha, registered at Cleveland, and action for damages sustained in a collision between the two off Thunder Bay on May 12, 1900, during a fog, Justice McDougall has rendered an exhaustive judgment in which he finds that both the schooner and the steamer were running at an immoderate rate of speed, and that, therefore, the schooner can recover only one-half the amount of damage she has sustained. If the parties cannot agree upon this amount the same will be decided by the court after hearing evidence.

CHICAGO, July 8.—Grain freights were without change in rates or conditions. Charters: To Buffalo, Topeka, corn at 1¼ cents. To Midland, Germanic, wheat.

CLEVELAND, July 8.—Dock managers are hustling to get ore vessels unloaded. They are getting a good supply of cars, but the hot weather is bothering the workmen and they are not able to work so long nor so fast. Some of the vessels in port here will be lucky if they get away this week. Vesselmen are not kicking much and say the delay will strengthen freights. Two blocks of ore to be moved before November 1st were on the market today at the opening rates.

CHICAGO, July 8.—Fifteen days suspension for Captain Judson Groh of the tug Lislie and Captain H. W. Wanwig of the steamer J. W. Westcott has been ordered by the steamboat inspectors of Chicago as a result of the collision between the Westcott and the Leslie at Washington Street two months ago. The action against Captain Groh came as a surprise, for all the witnesses of the accident, including city bridgetenders and officials of the Harbormaster's Department laid the cause of the collision at Captain Wanwig's door. Captain Groh, it is said, will appeal his case to the supervising inspector of this district. Another decision announced yesterday by the inspectors, is that Engineer Michael Burns, who deserted the trust tug Rita McDonald at the solicitation of strikers, leaving a fire under her boilers, cannot have a new license. The engineers' license had expired since the trust began proceedings.

TOLEDO, O., July 7.—Since Friday night, and all within a little over 48 hours, eight people have lost their lives in this city by drowning. There were three fatalities on the Fourth, two on Saturday, and two on Sunday.

On Friday evening last Oliver Peal, aged 18 years, met death by falling off a scow into the lake while assisting in a display of fireworks. The same evening Ernest Price, an 11-year-old boy, was seized with cramps and drowned while swimming in Swan Creek, and Lyman Birwell, aged three, fell into a cistern and drowned on the same date. On Saturday evening a well-dressed stranger, whose identity has not yet been learned, leaped to death by jumping from the Cherry Street bridge into the Maumee River. At nearly the same hour Charles and Theodore Hall, aged twelve and nineteen years respectively, were drowned while swimming in Ten Mile Creek. The younger lad went in to bathe and was seized with cramps, and in an effort to rescue him the brother lost his life. Yesterday afternoon two young men, Harold Arnold and a Frank Davis found a watery grave at Walbridge Park. They were diving from a rowboat, which was carried away by the swift current, and while trying to recover it they became exhausted and sank. In addition to the drowning epidemic three people were killed and one perhaps fatally injured within the past few days by being knocked from street cars.

Head-ache.

Sick headache, nervous headache, tired headache, neuralgic headache, catarrhal headache, headache from excitement, in fact, headaches of all kinds are quickly and surely cured with

DR. MILES' Pain Pills.

Also all pains such as backache, neuralgia, sciatica, rheumatic pains, monthly pains, etc.

"Dr. Miles' Pain Pills are worth their weight in gold," says Mr. W. D. Kremer, of Arkansas City, Kan. "They cured my wife of chronic headache when nothing else would."

"Dr. Miles' Pain Pills drive away pain as if by magic. I am never without a supply, and think everyone should keep them handy. One or two pills taken on approach of headache will prevent it every time."
MRS. JUDGE JOHNSON, Chicago, Ill.

Through their use thousands of people have been enabled to attend social and religious functions, travel, enjoy amusements, etc., with comfort. As a preventative, when taken on the approach of a recurring attack, they are excellent.

Sold by all Druggists.
25 Doses, 25 cents.

# THE STATE CANALS.

## Important Conference Will Be Held in Albany Shortly.

It is expected that a conference regarding the future of the New York State canals will be held in Albany in a short time. Oswego will undoubtedly send delegations when the conference is called. The Buffalo *Express* has the following regarding the movement.

Buffalo's commercial and business interests are looking forward eagerly to the conference of the canal men of the State to be held soon in Albany. It is expected that a definite decision as to what is the most feasible canal improvement scheme and the best means of making that plan a reality will be arrived at by that conference. Word is now daily expected to reach here announcing the date of the conference. It was to have been held some time ago, but was deferred. It really will be a sequel to the session of the canal men held here last May.

Buffalo will be presented at that conference by the following named men: George Clinton, John J. McWilliams, Major Thomas W. Symons, R. R. Hefford, Alfred Haines, John Laughlin, John Cunneen, M. M. Drake, W. A. Rogers, George P. Savage, T. S. Fassett and George H. Raymond. New York's delegation will include some of her biggest commercial men and merchants. Among the number will be Gustav Schwab, manager of the North German Lloyd Steamship Company; Frank S. Witherbee, who has large iron-ore holdings in the Northwestern corner of the State; Frank Brainard of the Produce Exchange, Frank S. Gardner of the New York Board of Trade & Transportation, and W. R. Corwine of the Merchants' Association.

The understanding here is that three plans will be seriously considered by the conference: The old Erie Canal route modified, the cost of which is estimated at $80,00,000; the plan to use part of the old route, with the canalization of the Mohawk, the cost of which is estimated at $70,323,000 and the Lake Ontario route, the estimated cost of which is $49,980,000. The Lake Ontario route involves the building of a canal from the Erie Canal at Lockport to Lake Ontario at Olcott. Then Lake Ontario would be used as far as Oswego, from which point a canal would have to be built to Oneida Lake. The old canal route would be followed from New London East to the Hudson.

All three plans provide for 1,000-ton barges. The canal men at present seem to think it best to stand right up for a completed 1,000-ton barge canal. Governor Odell's proposition last winter was to spend $28,000,000 in deepening the canal to nine feet and in providing 1,000-ton barge locks. A nine foot canal would permit the passage of 450 ton boats. But some of the canal men seen here yesterday said that the issue might as well be met fairly from the start—that the commercial interests wanted a 1,000-ton brrge canal.

While it is too early to make any prophecies, it is safe to say that the local canal men will not be surprised if the conference decides in favor of the plan to use part of the old route and to canalize the Mohawk for the rest of the way. The estimated cost of that plan is $70,323,000.

If, as is expected, the coming conference decides on one of the plans, it will appoint a committee to draft a bill along those lines for presentation to the Legislature. Steps will also be taken to renew the agitation in favor of canal improvement all over the State. No effort will be spared, either, to show the Republican and Democratic parties that the sentiment of a majority of the people of the State is in favor of canal improvement. The canal people are not youngsters. They realize that the political organizations control the situation pretty much.

"There seems to be no doubt that both parties will take a stronger position in favor of canal improvement this fall than at any time in the past," said a Buffalo canal-man last night. "The great growth of the Niagara Frontier in the way of electric power and the possibilities for cheap manufacturing, along with the rapid completion of the big steel plant there, are making people at this end of the State especially anxious in regard to cheap water transportation, and this matter is being brought home to the politicians. The fact that within the last few days shipments of grain for export from Canadian ports have been in excess of those from American ports, and especially those of the port of New York, has served to arouse the commercial interests of the metropolis more than ever before and they are prodding the politicians. A committee has been appointed by the Canal Association of Greater New York to try to defeat the renomination of all Greater New York Legislators who voted against the canal bill last winter or else dodged it. No such action is necessary at this end of the State, for Erie County's members are solid on the canal question."

BURNETT'S VANILLA EXTRACT.

What you pay for extracts is important, but what you get for your money is ten times more important. Burnett's Vanilla costs more because it is worth more. 6

## THE STOCK MARKET.

NEW YORK, July 9.—The stock market opened generally higher with fairly active trading. Sugar 128, Atchison 83¾, preferred 98⅝, Columbus and Ohio 49¼, Consolidated Gas 228¼, Illinois Central 165½, Louisville & Nashville 141, Manhattan 132, Missouri Pacific 110½, American Bicycle 175¼, New York Central 157½, Pennsylvania 153⅜, Rock Island 180, Reading 66¼, St. Paul 178, Union Pacific 106¼, Wabash 30½, Western Union 87, Erie 36⅞, United States Steel 38¼, preferred 89¼, Copper 61⅛, Baltimore and Ohio 108¼, Colorado Fuel 90⅜.

The stock market opened steady. Commission houses were not well supplied with orders. The best strength was shown in Union Pacific and St. Paul where it was thought that Western operators were still actively bullish. Uncertainty as to Louisville dividend checked trading in that stock. Missouri Pacific was firm. There was a better tone in U. S. Steel on the belief that recent litigation had not been commenced in good faith and was less serious than it looked.

11 A. M. — The stock market made a prompt recovery in the early dealings from the impression resulting from yesterday's late attack on prices. There was no sensational news to influence sentiment, but there was a better appreciation of the favorable nature of the government weekly crop report issued late yesterday, and rumors of probable gold exports on Thursday were shown to be without foundation. St. Paul maintained its leadership and advanced 1½ per cent. Chesapeake and Ohio and Norfolk and Western each gained a point. The speculation lapsed into quietness after the first half hour but maintained a good undertone. Governments were unchanged.

### City Lots Sell Rapidly.

FULTON, July 9.—The sale of the city lots in the North part of the city yesterday by George P. Saunders, accompanied by a balloon ascension and some other entertainments, afforded a gala day for many people. The lots sold rapidly and cheaply; the whole territory being cleared out by noon. Several hundred feet of frontage on Sixth, Seventh and Eighth Streets were sold and the cross streets between these in new streets laid out.

### An Impromptu Bath.

FULTON, July 9.—Charles Hoff and another young man rowed down to Braddock's dam North of the city yesterday afternoon and went too near from the South side, going over with their boat. The boat was somewhat damaged but the boys got out without injury.

## WANT BETTER STREETS

### Board of Public Works Will Probably Order Paving Done — Citizens Favor It.

FULTON, July 9.—At the meeting with the Board of Public Works held at the City Hall last evening regarding the proposed pavement of First Street and Broadway in response to numerous petitions, a large number of interested citizens were present.

Attorney Spencer was present in the interest of certain property owners on Broadway to oppose the pavement. C. H. David raised a question regarding the reestablishment of the grade between First and Second Streets.

No opposition was made regarding the paving of First Street, and as out of 4,000 feet of frontage only 1,600 feet were represented in opposition to the Broadway plan it is probable that immediate steps will be taken to complete the work on both these streets this season.

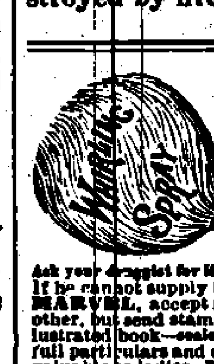
Many people were of the opinion that the city ought to go slow and maintain existing conditions for a time with possibly a few alterations to certain streets, but the popular opinion is that no time should be wasted in making presentable the present unsightly streets. W. J. Pentelow delivered a ringing speech favoring the proposed improvements.

As the result of the meeting it is clear that the majority of the citizens favor good pavements and are determined to see the proposed plans carried out. The Board of Public Works will probably order the paving done at once and the material will probably be asphalt.

The Fulton Light, Heat and Power Company has a large force of men at work erecting new poles, etc., preparatory to the installation of the new street lighting system, which, it is said, will be a marked improvement over the present service. The commercial wires have recently been put on the meter system.

### Planning New Buildings.

FULTON, July 9.—A meeting of the directors of the Oswego County Agricultural Society has been called for Saturday at ten o'clock at the City Hall when steps will be taken towards the immediate erection of a main building for the fair grounds on the West side in place of the one destroyed by fire Monday evening.



Every Woman is interested and should know about the wonderful MARVEL Whirling Spray. The new Vaginal Syringe. Injection and Suction. Best—Safest—Most Convenient. It Cleanses Instantly.

Ask your druggist for it. If he cannot supply the MARVEL, accept no other, but send stamp for illustrated book—sealed. It gives full particulars and directions invaluable to ladies. MARVEL CO., Room Times Bldg., New York.

### SANDY CREEK.

JULY 9.—Sargent's Military Band began a series of weekly openair concerts Tuesday evening.—Lindsey Green has purchased the 24-foot gasoline launch which ran ashore at Colwell's Point, recently.—Mr. and Mrs. W. P. Sanford and Miss Alva Stenstrom of Brooklyn are spending some time at the Sanford cottage in Bishop's grove at Wigwam Cove.—Mr. and Mrs. Henry Taylor of Buffalo, are visiting friends in town.—Bert Gillespie is unable to be out on account of injuries received while celebrating the Fourth.—Roscoe Sargent was in Syracuse Saturday.—Mrs. J. Cutler and son, Eben, of Penn Yan, are spending some time with friends here.

Claude Graham of Schenectady is visiting with his parents at their home near this village.—Miss Blanche Colony is at home for the summer. Miss Colony has been teaching at Machias during the year.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

### Regular Meeting of Department.

Regular meeting of the Department of Fire and Police held Monday evening, June 30th, 1902.

Present—President Fitzgerald, Com'rs Parsons and Frost.

Absent—Com'r McGowan.

Com'r Parsons moved that the reading of the minutes of the last meeting be dispensed with and that they be accepted as recorded. —Carried

Com'r Frost moved that orders be drawn on the Police fund for the following:

ACCOUNTS ALLOWED.

| | |
|---|---|
| Salaries | $542 50 |
| James Doyle, disbursements | 6 61 |
| F. M. Bishop | 50 00 |
| Edward Mathews | 18 00 |
| A. E. Rice | 7 80 |
| Works & Co | 19 85 |

Ayes—Com'rs Frost, Parsons, the President. —Carried.

Com'r Parsons moved that orders be drawn on the Fire fund for the following:

ACCOUNTS ALLOWED.

| | |
|---|---|
| Salaries (quarterly) | $1,098 66 |
| Mrs. Grady | 9 41 |
| Mrs. Burger | 5 58 |
| Mrs. Daley | 17 80 |
| Mrs. Glassford | 15 23 |
| Dean Bros | 10 25 |
| John D. Kehoe | 14 10 |
| Thos. Putnam | 6 00 |
| D. O'Mara | 7 20 |
| Frank Burns | 2 70 |
| M. J. Cummings | 46 25 |
| H. M. Quigg | 80 10 |
| Geo. H. Hunt | 31 65 |
| John Babcock | 41 74 |
| A. J. Tovey | 22 50 |
| Standard Oil Co | 2 50 |
| L. C. Clark | 2 25 |
| A. F. McCarthy & Co | 2 75 |
| W. Cochrane & Son | 11 85 |
| International Fire Engine Co | 6 00 |
| S. F. Blair | 6 90 |
| M. B. Crawford | 5 18 |
| Denton & Son | 67 68 |
| F. L. Smith | 2 89 |
| John Ginane | 32 43 |
| Jessmore & Neal | 17 38 |
| Smith Hardware Co | 175 01 |
| Thos. F. Dalton | 18 00 |

Ayes—Com'rs Frost, Parsons, the President. —Carried.

Chief Doyle's report for June was read, accepted and ordered filed.

Chief Blackburn's report for the quarter ending June 30th was read, accepted and ordered filed.

Moved by Com'r Frost that the Supply Committee be authorized to purchase oats and ground feed, and that the Apparatus Committee be directed to have the ambulance repaired as per Chief Blackburn's recommendation.

Ayes—Com'rs Frost, Parsons, the President. —Carried.

Moved by Com'r Parsons that the following be appointed as special policemen to serve on July 4th under the control and direction of Chief Doyle at a compensation of two dollars each: Herman Schwartz, James H. Dietz, James Mack, Edward Burns, James Dorsey, Wm. Glynn, Geo. W. Vickery, Henry Hill, David D. Carr, Jno. Edland, Thomas McGann, Michael Brennan and Jas. Cavellier.

Ayes—Com'rs Parsons, Frost, the President. —Carried.

On motion adjourned.

F. M. BISHOP, Clerk.

### Fire and Police Meeting.

Special meeting Department Fire and Police held Wednesday evening, July 2, 1902.

All members present.

The Clerk read a communication from the Department of Works asking for the appointment of twelve special policemen.

Moved by Com'r Parsons that the following be appointed as special policemen, to serve on July 4th under the control and direction of Chief of Police James Doyle, all expenses to be paid by the Department of Works. —Carried.

Courtland Vincent, John Burke, John McGrath, John Collins, David M. Gorsline, John Welch, James Fennell, Jr., L. E. Austin, James Driscoll, Edward Murphy, Edward Warren and John Flarity.

On motion adjourned.

F. M. BISHOP, Clerk.

### New York Produce Market.

NEW YORK, July 9.—1902.

FLOUR—Receipts 14,911 bbls; sales 3,100 bbls; Market quiet.
