Dickinson Center. Luke Usher president of the Putnam National Bank, charged with embezzling funds of the bank, was arraigned before the United States court at Albany, Tuesday, and pleaded not guilty, and the trial was put over until the March term. Colonel S. H. Palmer, of Ogdensburg, has been appointed by Governor Black to succeed the late William L. Proctor as a member of the board of managers of the state asylum at Ogdensburg. He is one of the prominent and influential citizens of the banner county, and has the controlling management of the Ogdensburg "Journal." Mrs. Mary P. Averell, of Ogdensburg, whose term has expired, has been reappointed. The Springfield "News" of January 11th says: "Emma Phillips, of this city sued for separation from Samuel K. Phillips, on account of cruel and abusive treatment and gross and confirmed habits of intoxication." On the following day the same paper says that a decree was granted "Emma Phillips, of this city, from Samuel K. Phillips, of Malone, N. Y." We believe the plaintiff in the case formerly resided at Dickinson Center. The Malone "Palladium" says: "John Hardy, of Malone, and Warren Lee, of North Bangor, are recent additions to our local Klondike party. The 17th of February is the day set for departure. Mr. Hardy has had considerable mining experience in Colorado and is well fitted physically for the trip, and the latter qualification can apply to all the Malone party. A recent dispatch from Skagway says that there will be suffering in Dawson in April—there always is. Food will be scarce, and scurvy will break out, but the situation will be no more serious than it has always been at that time of the year. Senator George R. Malby introduced a bill in the senate last week for the relief of John W. Barrett, of Franklin county. He came to this country a few years ago and shortly after arriving here commenced the study of law and is now a student in the Albany law school. He has signified his intention of becoming an American citizen, and Mr. Malby's bill provides that he may take his examination for admission to the bar previous to the time of legally becoming a full fledged citizen. Mr. Barrett was a law student in the office of G. H. Main in Malone, and is a young man of ability and promise.—Ex. This morning about one o'clock, fire was discovered in the old wooden building on Mechanic street, owned by B. C. Dailey and occupied by S. S. Johnston as a meat market and S. F. Stearns as Norwood Cash Grocery. The entire building with contents was burned as was also the harness shop of James McJellan. The apartments over the store were occupied by Ed. Wreight and wife and the alarm was given just in time to permit their escape, losing all their household goods. By hard work on the part of firemen and the paid brigade, the "News" block next adjoining on the west and A. H. Latham on the east, were saved.—News. Judge Benham has lately rendered a very important decision in regard to taxes heretofore paid on property purchased with pension money, which affects many claims against the county. The law gives the board of supervisors power to correct assessments and refund such taxes under certain circumstances on an order of the county court. In 1894, 1896 and 1898 numerous applications for an order for refund of taxes were made to said court but were all dismissed on technical points. In the latter year the court decided that application must first be made to the board of supervisors for refund of the tax. This year such applications were made, but the board declined to allow them, and an order was obtained by attorney Means for the board to show cause why an order should not issue requiring the refund thereof. Gne case was selected, that of Louis Gonyea, of Dickinson, in which the entire property taxed was purchased with pension money, and taxes had voluntarily been paid thereon by him since 1895. Evidence was taken and the case argued by Mr. Means for Gonyea and John P. Kellas for the board of supervisors. The court has decided that where the taxpayer has paid voluntarily, without a levy by the collector, he cannot recover the taxes so paid.—Farmer.

The remains were placed in the Catholic cemetery in this village. Rev. Samuel, officiated. Silas Howe is visiting friends in Vermont. We learn he intends to remain until spring. The Union Free school in this village, is progressing finely. The teachers spare no pains in making every thing pleasant for the students. Prepar Bourdon has moved to St. Regis Falls where he will continue the blacksmith business. His removal is regretted by his many friends in this place. James Kingston has purchased the house and lot owned by the Schryer estate. Consideration \$500.00. James Chaffee and Mrs. H. Wagstaff are no better at this writing. We learn that W. J. Tanner of this village will open a first-class neat market at Lawrenceville. William means business. Nix.
