LOCAL AND PERSONAL.

Mrs. Pearl Barrett, of Massena, is visiting her St. Regis Falls friends for a few days.
 Mrs. George McConner, of Dickinson Center, was a St. Regis Falls visitor Wednesday.
 Miss Mary DeWalt spent the week-end with relatives and friends at Moira and Ladiesville.
 The M. E. Ladies Aid society will hold a food sale at Charles Weller's store Saturday afternoon.
 Miss Eliza Morey, of Dickinson Center, was a guest at Mrs. Henry Lathrop's a few days last week.
 Mr. and Mrs. H. B. Douglass, of Winthrop, were St. Regis Falls visitors a day or two the first of the week.
 Glenford and Ray Patraw, who are employed at Norwalk, had been spending a few days at home this week.
 C. H. Elliott, of Tupper Lake, and son Basil, were St. Regis Falls visitors Wednesday and Thursday of this week.
 Miss Olive Harris, of Utica, spent a few days at the home of her parents, Mr. and Mrs. David DeLafre, the past week.
 George Parks has rented the farm on the Trin road to Noble Stewart, and with his family is moving to Malone, where they have rented a boarding house.
 County court convenes at the county seat next Monday. Sixteen cases are called for trial, four of which are criminal cases, and only two civil cases.

E. J. LaPlante, town clerk, has received the license blanks for dog taxes and owners of dogs are reminded that they should secure their licenses before July 1st.
 Mr. and Mrs. Asa Beecher and daughter, of Hamilton, and Mrs. Dr. Merrill and Miss Mada Beecher, of Buckton, were guests at J. J. Murphy's Sunday.
 Andrew Ross received a message this morning advising him of the death of his aunt, Mrs. Martha Jones, at Havelton, N. Y., May 28. Mrs. Jones was 85 years of age. Friends will attend the funeral at Havelton Sunday.

The little son of Mr. and Mrs. Henry Allen, of this place, one year and nine days, died of meningitis Saturday. The funeral was held on Tuesday. Burial in Forest cemetery. Much sympathy is felt for the fond parents.
 We are sorry that Mrs. Hattie Green one of our aged and much respected ladies, who has been infirm for some time, is now reported as being in a critical condition. Her many friends hope she may again rally and regain her former health.
 The rain during the week has been almost constant, retarding farm and other outside work quite seriously. Low lands are flooded with water. The weeds in potato and corn fields are outstretching for cultivation.

P. W. Aldrich, of Jefferson, Indiana, arrived in his old home town the middle of the week and will probably remain three or four weeks closing up various business items. Mr. Aldrich is much pleased with the town and climate where he is now located.
 The rain last Saturday afternoon was a great disappointment to the High school ball team who were scheduled to meet the Mirvets boys. They are anxiously getting for the week-end to clear up the field to make the game possible this Saturday afternoon and hope to have a good crowd present to witness the game.

Walter B. Clark, assistant district attorney, has resigned the position on account of ill health. District Attorney Lawrence met Saturday afternoon Attorney Harold W. Main as his assistant to succeed him. Mr. Lawrence's term of office expires with the close of the year and Mr. Main has announced his intention of being a candidate to succeed him. What opposition he will have has not yet developed.
 Alfred Aseel is one of our new advertisers this week. He starts in a modest way but he has a stock of everything usually carried in a jewelry store that would do credit to a city store. He carries high grade goods and his stock should be investigated before purchasing elsewhere. There are several other merchants in town that would find it profitable to advertise their line of goods, even though they use only a small space, but of course a larger space attracts more attention.

A change of correspondence dated June 20th says that the printing plant of the St. Regis Paper Company was destroyed by flames about 12 o'clock last night. The cause of the fire is unknown, and had gained headway before it was discovered. The flames of both Cardthage and West Cardthage raged, but their efforts were almost useless. The hose was turned upon the Stark weather lumber buildings, which are located quite near the burning plant. The boiler room was saved but the rest of the plant was totally destroyed. The company had planned to begin operation to-day and had struck bonus ready to float the logs down Black river.

The Buckton High school commencement exercises will be held Tuesday evening.
 Watson Page, one of our aged and highly respected residents who has been in failing health for some time, has been confined to his bed for the past two weeks. Mr. Page's many friends hope he may soon recover.
 Attention is called to the provisions of the election law whereby an unrolled voter who has moved from his or her election district, since the last enrollment may procure from the board of election, a transfer to the district in which he or she now resides. Such a transfer must be procured thirty days prior to primary day which is September 24th. If such a transfer is not procured, the voter cannot vote in the primary.

What is believed to have been the biggest trout ever caught in the Adirondacks was taken on an 8-ounce rod while bait fishing in deep water in Follenbrook Pond recently by Duncan Haynes, of Patterson, N. J. Mr. Haynes was a guest at "The White Birch", the palatial summer camp of J. K. Barbour, millionaire linen thread manufacturer of Patterson, N. J. The fish was a "laker", twelve long, 20 inches in girth, and weighed 31 pounds. It took 40 minutes to land the monster. It was taken on C. L. Dickert, of Saranac Lake, to be mounted and will be added to the fishing and hunting trophies at Follenbrook. Mr. Dickert declared it the largest trout he had ever seen in his many years as a taxidermist. The next in size which he had mounted weighed 20 pounds.

The annual convention of the 4th district of the American Legion, New York State Department, will be held in Malone on Saturday, July 15th. State Commander William F. Deegan and many others prominent in the legion will be present. Married men are requested to bring their wives and entertainment will be furnished by the Women's Auxiliary of Malone Post. About 200 legion members from out of town are expected to attend. Most of them will make the trip to Malone in automobiles, returning to their homes the same day. The streets will be decorated. The fourth district of the American Legion is composed of the following counties: Clinton, Essex, Franklin, Fulton, Hamilton, Washington, Montgomery, Saratoga, St. Lawrence, Schenectady and Warren. Each county will be represented at the convention to be held there on July 15th.

W. S. S.
Crop Report.
 Last week was generally cloudy and too cool with an excess of moisture which hindered planting and cultivation; but crops, however, continue in good condition, according to the summary of weather and crop conditions for the week ending June 20, issued by the itasca office of the weather bureau. Following the severe storms of Sunday, June 11th, a high, cold wind on Monday further damaged corn and fruit. On Saturday, June 17th, considerable flooding and washing occurred when heavy rains were general over the state.
 Crops are quite generally up and looking good but needs warmth. Potatoes are making good growth. Wheat is heading well and oats, excepting some injured by excessive moisture, have made a good start. Hay, meadows and pastures are generally much improved. Alfalfa and some clover is being cut. An excellent harvest of strawberries is in progress. A heavy drop of fruit is reported, especially apples and cherries, the cause of which is largely attributed to the frost and cold weather in April. Cherry picking has begun.

W. S. S.
A Request to All Residents and Property Owners.
 As a very necessary preparation to the placing of our streets and residences in as presentable and pleasing appearance as possible, attention of all property owners is called to the growth of weeds and grass between walks and roads, especially between sidewalks and fences, and along line fences; these should be cut and kept cut as often as required during the summer to keep the obnoxious weeds from obtaining growth. Particularly the rag weed obnoxious as the weeds is largely responsible for attacks of hay fever and asthma, and these weeds are just now getting their start and should be cut wherever found. By so doing people afflicted with the above diseases may find our community particularly favorable for a stay during the summer months.
 Old boards, boxes, etc., lying about, fences and sheds should be removed and piled. Some of the measure piles have not been removed from against the barns as yet. Let's all make an effort to take them away and throw fresh dirt over where they were and keep flies from developing or get an antiseptic solution ample to retard the growth of flies. A little thought and effort will accomplish much. Out-houses should be cleaned and kept clean. Lawns and front yards require considerable care, but every owner of well kept premises should feel that they are doing their share in making our community acceptable and to be adapted as a future summer home for many a city citizen.

Chairman Committee on Civic Improvements, Chamber of Commerce, BURLING.
REID—Born to Mr. and Mrs. Robert A. Reid, St. Regis Falls, N. Y., Wednesday, June 21, 1922, a daughter, Florence Anita Reid.
LAFRANCE—Born to Mr. and Mrs. George LaFrance, St. Regis Falls, N. Y., Sunday, June 11, 1922, a son, Ronald O'Neil LaFrance.
CHENEY—Born to Mr. and Mrs. Watson I. Cheney, St. Regis Falls, N. Y., Friday, June 16, 1922, a daughter, Harriet Norma Cheney.

HIGH SCHOOL NEWS AND NOTES
 Written by the Pupils of St. Regis Falls High School.
 For your information, we will say that all hands have been quite busy this week. Examinations up to the time this was written, were considered very fair and a goodly percentage of passing marks have been recorded. The full report is to follow in next week's issue.
 A Case of Mistle.
 On a certain examination, some information was asked for relative to a leading scientist. This was given: "Alexander Graham Bell, the inventor of the telephone, was the means whereby an efficient form of communication was made possible. This was a great improvement over former methods of communication."
 Base-Ball. (C. of C. Please Copy.)
 Weather permitting, we shall meet Moira High Saturday, on Memorial Day, and a good-sized crowd will be on hand to witness the game which is the last of the school year. It is a lamentable fact, but two weeks ago when we played Winthrop there was a audience quota for just \$6.65. That means 27 2/3 adults for each of the boys made expenses. In this condition co-operation? We hear considerable about boosting the home town and touting it so attractively for summer residents, but in our opinion, to boost a town there must be civic spirit—pride in local achievement, and confidence in one's own townsmen and that is manifested by personal backing. Moral support helps but it doesn't pay expenses when a few of us have to reach down every trip to meet a shortage. The boys are playing winning ball and a good ball team means good school work for every member of the team. We had to meet a 70 per cent standing. Isn't that something worth encouraging? A school is as good as the community behind it. Get behind it, but not so far back that you can't push it a little.
 That we have a good team is in itself remarkable for there are just eleven men available from which nine are to be selected and made into players whether they are qualified to play any position or not. Poor (or good) as they are, it has taken the better part of two years for some one to develop them at considerable sacrifice of time and money. Are we reasonable in expecting an outsider to put his shoulder to the wheel in town uplift when we will not only not help ourselves but actually pull back in the harness?
COMMENCEMENT.
 The annual commencement exercises will be held in the theater Monday evening, June 26th. The class numbers four, namely: Harold Southworth, valedictorian; Lillian Forke, salutatorian; Nelson Ramsford, and Lawrence Rayson. Departing from the usual custom, a play will be presented by the Seniors with the assistance of members of the other classes. At the theater, a certain number of seats will be reserved for relatives and friends of the class and admission to these seats will be by ticket.

W. S. S.
Successful Canning Needs Proper Jars
 Common-sense construction and use of washing and sealing properly are the main things to look for in jars for preserving fruit and vegetables, an experienced housewife. Of course imperfect jars or tops are never satisfactory they say, and things that need to be air-tight to keep well should be put only in cans whose covers fit tightly and with new rubbers.
 Food specialists at the state agricultural college at Ithaca suggest that the most attractive pack is made in made in a wide-mouthed jar of clear white glass. They say, however, that no metal parts should come in contact with the food, as poisonous products are sometimes formed in chemical action between acid in food and metal.
W. S. S.
County Well Survey Results.
 A year ago, the Farm Bureau started up a county-wide soil survey to determine the soil surface in the hills of every agricultural community and by use of these analyzed samples make recommendations as to the line requirements as determined for the various parts of Franklin county by the department of agriculture, Cornell. By the end of the summer, these samples were all obtained and the results are now complete and available for public use. The analysis of these soils has been carefully taken by making a representative sample on two or three representative farms in each community. The fields where these samples were taken had never received any lime or if they had it was not lately. This gives the original requirements, taking into consideration the condition and rotation of the land.
 In general it was found that in the towns of Moira, Bumpay, Fort Covington and some parts of North Bangor, the total lime requirement of the surface soil was negligible. This means that for future crops it would be unnecessary to apply lime for soil-clover, corn, oats and common crops, but for alfalfa a ton of lime per acre is recommended at the time of seeding. The average of all the other towns showed a lime requirement for clover of about a ton of lime per acre although the recommendations vary from 500 pounds to 4,000 pounds. Professor A. F. Gustafson, who assisted the Farm Bureau in gathering and analyzing the samples, very often made the statement that limestone seems to be one of the great necessities in this locality.
 In a great many cases, limestone is recommended if clover is not doing well but should not be applied in fields where potatoes are in the rotation. The most common recommendation for the different locations is 2,000 pounds lime for clover with acid phosphate. Anyone who wishes to know the results of the survey in his locality may get the information at the Farm Bureau office.

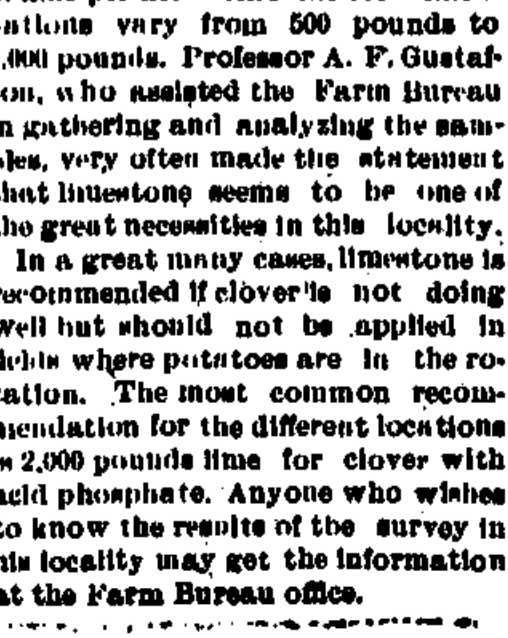

W. S. S.
Agriagraphs.
 Spray potatoes with care. Use enough and go to work. Spray the bugs and spray for blight. Mix Bordeaux and use it right.
 Use Ab any! Only the real friends travel the uphill roads with you.
 Clean sweet milk cows with utensils kept in the sun out of dust and dirt.
 Squashes and pumpkins need plenty of room and do best at the edge of the garden next to corn or pole beans.
 Each quail on the farm saves five dollars to the owner in crops saved from the bugs it eats, someone has figured out.
 Paint on the buildings and a neatly clipped front lawn are pretty good indications that the back fields and the barnyard are nothing to be ashamed of.
 It's called "Suggestions to City Persons Who Desire to Farm" but it contains a lot of information that farmers would like to read. Ask the state agricultural college at Ithaca for C. 24.
W. S. S.
Homespun Farm.
 No legacy is so rich as honesty.—Shakespeare.
 Cotton batting has been found excellent for cleaning smoked walls and ceilings over stoves and registers.
 Isn't there some fruit juice left from last summer's canning that would taste good in cold water to the men in baying?
 Fires "of unknown origin" could often be traced to electric light wiring hung over nails, or to oily rags thrown in corners.
 Don't throw away the young beetles as they are thinned out of the garden. Best greens are a fine early summer food which contains valuable minerals.
 Aunt Ade thinks that if folks did some steady thinking on the kind of moves to get away they would not have to get agitated over so often about a censorship.

W. S. S.
 An excellent hand loak for cleaning and preserving time is the free hull-tin on food preservation which has just been prepared by the state agricultural college at Ithaca. Ask for H 180.
 Some of the old chairs now repoussed in New York attic and wood-sheds, their rounds worn by the feet of three or four generations, may be well worth painting up again.

NOTICE OF FORECLOSURE BY ADVERTISEMENT.
 WHEREAS, default has been made in the payment of the money secured by a mortgage dated the sixteenth day of April, 1904, executed by Herman Hart and Olive Hart his wife, of the Town of Moira, Franklin County, New York, to Horace A. Jenkins of the same place, which mortgage was recorded in the office of the Clerk of the County of Franklin, New York, at Malone, New York, in Liber 78 of mortgages at page 460 on the 15th day of April, 1904, at two forty cents per cent, and no action has been brought to recover the debt secured by said mortgage, and no action has been brought to recover the debt secured by said mortgage, or any part thereof and default having been made in a condition of said mortgage whereby the power to sell the mortgaged premises therein contained has become operative.
 NOW, THEREFORE, notice is hereby given, that by virtue of the power of sale contained in said mortgage and duly recorded as aforesaid, and in pursuance of the statute in such case made and provided, the said premises are to be sold by me, the undersigned, at public auction, at the front door of the Waverly Hotel in St. Regis Falls in the town of Waverly in the County of Franklin, New York, on the nineteenth day of September, 1922 at ten o'clock, A. M. Terms of sale: Cash on delivery.
 The said premises are described in said mortgage as follows:—
 All That Tract or Parcel of Land, situate in the town of Waverly, Franklin County, New York, being part of Lot No. 33, containing 10 and bounded and described as follows: Beginning at the northeast corner of Great Lot No. 33 running thence south four degrees west thirty three chains to the north line of Great Lot No. 33; thence north eighty six degrees east eight chains thirty three links; thence north four degrees east thirty chains to the north line of Great Lot No. 33; thence north eighty six degrees east eight chains thirty three links along the line of Great Lot No. 33 to place of beginning, containing twenty five acres of land more or less, being the same premises deeded by Benjamin Haley to said Herman Hart by deed which is recorded in Liber No. 114 of deeds at page 303, on the 13th day of Nov. 1901.
 Dated June 14th, 1922.

Helpful Words
 From a St. Regis Falls Citizen.
 Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys. If so there is danger in delay. Weak kidneys get weaker fast. Give your trouble prompt attention. Doan's Kidney Pills are for weak kidneys. Your neighbors use and recommend them. Ask your neighbor. Read this St. Regis Falls testimony.
 Mrs. A. Johnson, South Main St., says: "I was troubled with my back and kidneys. My back ached so I could hardly straighten up. When I caught cold, it always settled in my kidneys and brought on this terrible backache. My kidneys acted irregularly and I was annoyed with headaches and dizzy spells. I got a box of Doan's Kidney Pills at Wardner's Drug Store and they cured me of this attack. I can highly recommend Doan's and I always keep a box in the house to take when my kidneys don't act right."
 Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Johnson had. Foster-Milburn Co., Props., Buffalo, N. Y.

NOTICE OF FORECLOSURE BY ADVERTISEMENT.
 WHEREAS, default has been made in the payment of the money secured by a mortgage dated the sixteenth day of April, 1904, executed by Herman Hart and Olive Hart his wife, of the Town of Moira, Franklin County, New York, to Horace A. Jenkins of the same place, which mortgage was recorded in the office of the Clerk of the County of Franklin, New York, at Malone, New York, in Liber 78 of mortgages at page 460 on the 15th day of April, 1904, at two forty cents per cent, and no action has been brought to recover the debt secured by said mortgage, and no action has been brought to recover the debt secured by said mortgage, or any part thereof and default having been made in a condition of said mortgage whereby the power to sell the mortgaged premises therein contained has become operative.
 NOW, THEREFORE, notice is hereby given, that by virtue of the power of sale contained in said mortgage and duly recorded as aforesaid, and in pursuance of the statute in such case made and provided, the said premises are to be sold by me, the undersigned, at public auction, at the front door of the Waverly Hotel in St. Regis Falls in the town of Waverly in the County of Franklin, New York, on the nineteenth day of September, 1922 at ten o'clock, A. M. Terms of sale: Cash on delivery.
 The said premises are described in said mortgage as follows:—
 All That Tract or Parcel of Land, situate in the town of Waverly, Franklin County, New York, being part of Lot No. 33, containing 10 and bounded and described as follows: Beginning at the northeast corner of Great Lot No. 33 running thence south four degrees west thirty three chains to the north line of Great Lot No. 33; thence north eighty six degrees east eight chains thirty three links; thence north four degrees east thirty chains to the north line of Great Lot No. 33; thence north eighty six degrees east eight chains thirty three links along the line of Great Lot No. 33 to place of beginning, containing twenty five acres of land more or less, being the same premises deeded by Benjamin Haley to said Herman Hart by deed which is recorded in Liber No. 114 of deeds at page 303, on the 13th day of Nov. 1901.
 Dated June 14th, 1922.
HORACE A. JENKINS,
 Mortgagee.
 Walter B. Clark, Attorney for Mortgagee, Malone, N. Y. 19w14
