Zinc Paints.

THE New Jersey Zinc Co. are prepared to execute orders for their valuable WHITE ZINC PAINT, which is now acknowledged to be superior to lead in Whiteness, Brilliancy and Durability, either for inside or outside use. And as it is now cheaper and will cover a much greater surface than Lead, being equal weights, and is not poisonous, it recommends itself, both on the score of health and economy.

A method of preparation has recently been discovered which enables the Company to warrant their Paints to keep fresh and soft in the kegs for any reasonable time. In this respect their Paints will be superior to any others on the market.

Their BROWN ZINC PAINT, which is sold at a low price, is now well known for its protective qualities, when applied to iron or other Metallic surfaces.

Their STONE COLOR PAINT possesses all the properties of the Brown, and is of an agreeable color for painting Cottages, Depots, Out buildings, Bridges &c. Their Paints which are sold Dry or Ground in Oil are pure, and put up in kegs of 25, 50, 100 and 200 lbs, to be used precisely like white lead. The Proprietors of this establishment, to accommodate their enlarged trade, and to keep pace with the growing interests of Oswego, have newly fitted up their old stand, extending through to Water street, and occupying the entire building on that street, for store rooms, and for manufacturing purposes. With these facilities, they are now enabled to offer for sale the largest, best and most valuable stock of goods ever opened at Oswego. In order to secure quick returns for their extensive outlay of capital, they have decided upon a material reduction in prices, thus offering to their old customers and to others, opportunities for good bargains, never heretofore presented. One of the proprietors being largely engaged in the lumber trade, superior inducements are offered to Lumber Dealers, and persons carrying on Saw Mills, and Shingle Factories in this vicinity, and in Canada, to exchange their commodity for goods at this establishment, either in large or small quantities, and at cash prices.

Country Merchants who are in the habit of buying their goods in New York and Albany, will find it for their interest to call and examine their stock before they incur the expense of a trip below, for the proprietors pledge themselves not to be undersold, even in the larger cities.

Great pains have been taken in the selection of Mill and Circular Saws, Cutlery, Edge Tools and Farming utensils, of all descriptions, the superior quality of which, we will freely refer to every farmer and mechanic who has used them. PRIVATE MEDICAL TREATISE
[illegible]
Physiological View of Marriage,
BY M. B. LA CROIX, Albany, N. Y.
250 Pages and 130 Fine Plate and Colored Lithographs and Plates.
Price only Twenty-five Cents.
Sent free of postage to all parts of the Union.

CHEAPEST book ever published, and containing nearly double the quantity of reading matter in that of the Fifty Cents or Dollar Publications. It treats on the Physiology of Marriage, and the secret infirmities and disorders of youth and maturity, resulting from excesses which destroy the physical and mental powers, all diseases arising from indiscretion, with plain and simple rules by which all persons can cure themselves without mercury, with the author's observations on marriage, its duties and disqualifications, and their remedies, with colored lithographs, illustrating the anatomy and physiology, and diseases of the reproductive organs of both sexes, their structures, uses, and functions. It contains many important hints to those contemplating matrimony, which will overcome objections against marriage; none, however, should take this important step without first consulting its pages. It treats of all diseases of females, whether married or single. Hints to those who desire no more children. Strangers who require medical aid, before consulting any doctor, ought to know whether their cases are properly understood by those whom they employ, and thus guard against the imposition of quackery, so prevalent in populous cities. Hence the advantage of a popular knowledge of oneself, such as is given in this work.

If medical authorism be the test of talent, and enlightenment be sought from books, let common sense discriminate between truthful simplicity and outrageous speciousness and bombast. Dr. La Croix is a legally qualified physician, and for the last twenty years has been daily consulted upon the different diseases upon which his books treat, personally as well as by letter. Any person sending twenty-five cents in a letter, post paid, will receive one copy by mail, free of postage, or five copies for one dollar. Address, Dr. M. B. LA CROIX, 56 Beaver street, P. O. Box 579, Albany, N. Y.

* Office open on Sunday, from 2 until 5 P. M.
RECOLLECT—No. 56 BEAVER ST., (Clinton Hotel Buildings,) Albany, N. Y.

A WORD OF CAUTION.

It is with extreme reluctance that Dr. LA CROIX takes this public method of inviting attention to his system of practice, and its unrivalled success. Not because it is any more improper for the physician to employ the press as a means to extend his business, than it is for the lawyer, the merchant or the mechanic, to publish column after column of boasting and deceptive advertisements, abounding with false statements and false promises, that respectable and honorable practitioners hesitate and fear to advertise at all, least they become associated with them in the minds of the reader.

There are very few men in the world in whom it is safe to repose confidence, especially in cases of a delicate nature. The many pretenders to medical science with which the country is filled, and the many disappointments to which the unfortunate are subjected by consulting such men, renders it a matter of mere justice to caution the public against them, and point them to the sure "haven of repose," which is under the management of Dr. La Croix, No. 56 Beaver st., Albany.

YOUNG MAN!

Let no false modesty deter you from making your case known to one who, from education and respectability, can alone befriend you. He who places himself under Dr. La Croix and his treatment, may religiously confide in his honor as a gentleman, and in whose bosom will be forever kept the secret of his patient.

TO FEMALES.

Dr. La Croix, No. 56 Beaver street, without rehearsing the ordinary and common place phrases usually resorted to by advertising quacks, will only state, that all female complaints of whatever name or nature, are treated by him successfully. The most convenient rooms always in reserve for ladies who may wish to consult a regular physician, with regard to any of these interesting complaints to which their delicate organization renders them liable.

THE ELECTRO GALVANIC PROTECTIVES—For married ladies, whose health will not permit, or who have no desire to increase their family, may be obtained as above. It is perfectly safe, and has been extensively used during the last eight years. Price reduced to $10.

FEMALE PERIODICAL COMPLAINTS.

Dr. Delaney's Female Periodical Pills are well known by thousands who have used them at different periods for the last 20 years in this city, to be a certain and safe remedy for the removal of all diseases to which females are liable. They are free from poisonous drugs, and warranted to produce no bad effects. The only precaution necessary to be observed is, ladies should not take them if they have reason to believe they are in certain situations, (the particulars of which will be found in the wrapper accompanying each box,) though always safe and healthy, so gentle and active are they.

Price $1 per Box. They can be transmitted by mail to any part of the United States.

Dr. La Croix can, without boasting, say that he has cured more than

10,000 PATIENTS

within the last three years; and no one single case is known, where his directions were followed, and medicines taken at reasonable times, and a cure not effected. Therefore, all who desire to be cured, not merely have their disease checked, are respectfully invited to call.

Advice to Strangers.—Beware of impostors who call themselves distinguished graduates, &c., and boast of practising all over the world for centuries past. Be not deceived by promises that cannot be fulfilled; and pay no enormous fees to those boasting advertisers before you consult Dr. La Croix, where a sure cure can be obtained with strict honesty on written guaranty and forfeiture. See my sworn certificates.

Persons at a Distance may consult Dr. La Croix by letter, post paid, describing case, and have medicines securely put up and forwarded to any part of the United States, always accompanied with full and explicit directions for use. Communications strictly confidential. Office arranged with separate apartments, so that patients never see any one but the doctor himself.

Attendance daily, from 8 in the morning till 9 at night, and on Sundays from 2 till 5, P. M.

THE MARRIAGE STATE;
SHALL HAPPINESS AND HEALTH, OR MISERY AND SICKNESS, ATTEND IT?
Most Startling Considerations!
Reflections for the Thoughtful.

Strange that countless human beings exist and drag through life as do the beasts of the field, or the insects of the earth, evincing no more thought or reflection than though the noble faculties of mind were not vouchsafed to them.

Many such are husbands and fathers, upon whom are dependent the health, the well being, and the happiness of a confiding and affectionate wife, with perhaps a family of children.

HOW OFTEN IT HAPPENS THAT THE
WIFE LINGERS FROM YEAR TO YEAR
in that pitiable condition as not even for one day to feel the happy and exhilerating influence incident to the enjoyment of health.

She may not be an invalid confined to her bed, or even to her room; as her pride, ambition and energy induce and nerve her to take personal charge of her household, even when her health will not admit of it; but she is nevertheless perceptibly sinking from day to day, and always ailing.

Thus, day after day, and month after month transpire. Her health daily sinks, till finally even the hope of recovery no longer remains.—And thus

THE BLOOMING BRIDE,

But a few years ago in the flush of health and youth, and buoyancy of spirits, rapidly and apparently inexplicably, becomes a feeble, sickly debilitated wife, with frame emaciated, nerves unstrung, spirits depressed, countenance hearing the impress of suffering, and an utter physical and mental prostration.

Sometimes this deplorable change may and does arise from organic or constitutional causes But oftener, by far oftener, to gross and unexcusable ignorance of the simplest and plainest rules of health as connected with the marriage state, the violation of which entails disease, suffering and misery, not only to the wife, but often

Hereditary Complaints upon the Children
"UNTO THE THIRD AND FOURTH GENERATION."
Transmitting Consumption, Scrofula, Hypochondria, Insanity, Gout, King's Evil, and other and worse diseases as a
DREADFUL INHERITANCE
from the parents.

And must this continue? Shall we be wise in all that concerns the cattle of our fields, our horses, our sheep, our cows, our oxen, the nature and character of the soil we possess, the texture and quality of our goods and merchandise, but in all that concerns ourselves as human beings, with human functions and passions, subject to great derangement, involving our future peace and happiness, in all that concerns the health and welfare of the wife of our affections, and the mother of our children, in all that concerns the mental and physical well being of those children we should be immersed in the darkest and most

BENIGHTED IGNORANCE,
AS CULPABLE AS INEXCUSABLE?

How long shall this ignorance prevail so productive of its bitter fruits? How long shall the wife and mother be ignorant of the nature, character and causes of the various womb and sexual complaints, embittering her days by suffering—suffering often prolonged to years, eventuating in a complication of diseases utterly and hopelessly incurable? Shall we forever close our eyes to the results of physiological science by which we may arrive at an understanding of ourselves as men and women, subject to serious life-long enduring diseases, and perpetuating them to our children.

LET EVERY WIFE AND HUSBAND PONDER!

No husband or wife need be ignorant of what concerns them most to know, to secure their health and happiness, and the pecuniary prosperity. That knowledge is contained in a little work entitled

CAUTION! BEWARE OF COUNTERFEITS.

The extraordinary success of M. Duboy's French Rat Extirminator, has excited the cupidity of some dishonest and irresponsible persons, to counterfeit it. To prevent this, we have, at great expense, procured a splendid steel-plate wrapper, and none will be genuine without the signature of the proprietors, LYNDE & OSBURN, on the same, and the top of every box, stamped thus:

"M. DUBOY'S FRENCH RAT EXTIRMINATOR."

It is necessary that the above caution should be strictly observed, lest the purchaser become the victim of a BASE FRAUD. Call on the Agents and get a circular, gratis.

All orders must be addressed to

Henry's Invigorating Cordial
Purely Vegetable in its Composition.

This invaluable Cordial, is extracted from Herbs and Roots, which have been found after years of experience, by the most skilfull Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In case of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites or for

DEBILITY

arrising from any cause, such as weakness from sickness where the patient has been confined to bed for some time, for Female after Confinement, Abortion or Miscarriage, this cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy Irritability, Physical Prostration, Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, if not superior to any Compound ever used.

TO FEMALES.

Henry's Invigorating Cordial, is one of the most invaluable medicines in the many complaints to which Females are subject. It assists nature to brace the whole system, check excesses and creates renewed health and happiness.—Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man and it is the young who are the most apt to become its victims, from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the system, and Premature Decay. Many of you may now be suffering, misled as to cause or source of the disease. To those, then, who by excess have brought on themselves Premature Impotency. Henry's Invigorating Cordial, a medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary append a long list of Recommendations, Certificates, &c., beginning with 'Hear what the Preacher says,' and such like; it is not necessary, for 'Henry's Invigorating Cordial,' only needs a trial to prove that it will accomplish all we say.

LYNDE'S RUSSIAN OINTMENT.
The most Extraordinary Medicine ever Discovered.

IT will relieve the pain of the worst BURNS and SCALDS instantly, and heal without leaving a SCAR. It will effectually cure SALT RHEUM, SCROFULA, ERYSIPELAS, FEVER SORES, RHEUMATISM, QUINSY, SCALD HEAD, SORE THROAT, FELONS, SORE EYES, PILES, RINGWORM, WHITLOW, BROKEN BREAST, CHILBLAINS, CORNS, BARBERS' ITCH, SORE NIPPLES, CHAPPED HANDS, SPRAINS, BRUISES, OLD SORES, PAINS in the BACK, SIDE, and CHEST, NEURALGIA, CRAMPS, POISONS from VEGETABLES, and BITES of INSECTS, AGUE in the FACE, SPINAL AFFECTIONS, STIFF JOINTS, INDOLENT ULCERS, TUMORS, BOILS, CUTANEOUS ERUPTIONS, &c.

In cases of Salt Rheum a single application will soften and heal the harsh, dry skin, while in Scrofula, the enlarged glands decrease rapidly under its use. The burning of Erysipelas, the irritability of a Fever Sore, are subdued with almost magical ease, while the sleepless nights to the miserable Rheumatic are succeeded by gentle and refreshing slumbers. Its efficacy in Scald Head, Ringworm, and Tetter, is as surprising as it is peculiar and reliable. So in Piles: a very few applications in every case will suffice to convince the most incredulous. In stiff Joints, Indolent Tumors, and Ulcers of long standing, a certain time is needed, with a proper and continuous application; but the result is sure. Barbers' Itch, Sore Nipples, and Chilblains, are immediately relieved, and quickly cured. No family should be without this invaluable Ointment in the house, as it may save life and great suffering by its timely application. Where there are children, its superiority will render it absolutely necessary. It is put up in the cheapest possible form, that every one may (as all undoubtedly should) constantly keep it within reach.

We copy a few from the many recommendations the proprietors have received.

ROCHESTER, March 6th, 1853.

MR. E. W. LYNDE.
Dear Sir: Having bought a box of your "Russian Ointment," and used it in my family for more than one year, I can safely recommend it as one of the most efficacious remedies in use for Burns, Wounds, Bruises, &c. It has also cured the worst case of Salt Rheum I ever saw; and I have every reason to believe the cure permanent, as I have seen no signs of a return of the disease after the lapse of one year. Yours, &c.

HENRIETTA, May 13, 1853.

MR. E. W. LYNDE.
Dear Sir: My son was afflicted some two years since with the Salt Rheum. We tried Dalley's Magical Pain Extractor, Trask's Magnetic Ointment, and various other remedies, but they gave him no relief. Your Russian ointment was recommended to me, and I purchased a box of it from you, which, with a few applications, entirely removed the disease. I have also tried it in various other complaints with complete success. I would cheerfully recommend it to the public as an invaluable remedy. Respectfully, Yours, &c.
E. W. WADSWORTH.

A Voice from the Physicians.

ROCHESTER, Feb. 25, 1853.

MR. E. W. LYNDE.
Dear Sir: Having under my care during last summer one of the worst cases of Scald Head which has ever come under my observation, I was induced to try your Russian Ointment, which succeeded in eradicating the disease beyond my most sanguine expectations, removing the scaly surface, and creating a new and healthy scalp in a much shorter space of time than I have ever before seen it effected by any other application. I have also used it in various cases of Scrofulous Swellings, Indolent Ulcers, Erysipelas, Fever Sores, and difficulties of that character, and have universally found that relief of a permanent character was speedily obtained. I therefore feel no hesitation in recommending the Russian Ointment to all persons afflicted with any of the above-named diseases. Yours, &c.,
GEO. W. PEER, M. D.

ROCHESTER, March 1, 1853.

MR. E. W. LYNDE.
Dear Sir: I used those boxes of Russian Ointment which you gave me in a case of Erysipelatous Inflammation, which came under my care, and was truly astonished at the speedy relief afforded by it. Meeting with such success, I was constrained to use it in other cases of a kindred character, and have never found it to fail me when there was a possibility of a cure being effected. I have become convinced of the efficacy of the Russian Ointment in all curable cases of Indolent Ulcers, Fever Sores, Scrofulous Swellings, &c. and cheerfully recommend it to those persons afflicted with such difficulties. Yours, respectfully,
S. M. LUCKEY, M. D.

Wolfe's Schiedam Aromatic Schnapps.

THE above [illegible] extensively known throughout the length and breadth of the United States, and is universally admitted to be the most delightful, [illegible] are [illegible] proportion [illegible] long practice in the [illegible] liquors have ever [illegible]

A [illegible] of liquors of every description [illegible] himself to the production of an article [illegible] which should prove a valuable agent in the cure of the maladies [illegible] and for which Holland gin has been [illegible] medical faculty for years. At length his efforts were crowned with success, at his extensive distillery in Schiedam Holland, from which place the [illegible] been imported, and he [illegible] his Schnapps, which, for purity and entire freedom from the pernicious fusel oil [illegible] ingredients, and delightful [illegible] has never been equalled, and cannot be excelled.

In order to protect himself from pecuniary loss at the hands of cheats, impostors, and pirates, who would unquestionably attempt to palm off a vile and spurious article upon the un-suspecting community, and, like the wolf in sheeps clothing, prey upon their very vitals, he resorted to the [illegible] and selling his Schnapps only in pint and quart bottles.

These bottles are of glass, stamped with the name of the manufacturer; are corked and sealed, and have printed labels bearing the signature of Udolpho Wolfe upon them. They are also enclosed in colored wrappers, also bearing his signature, in which form alone they can be obtained in cases, containing two dozen bottles each.

Notwithstanding all these guards, unprincipled parties have been found guilty of the unwarrantable and criminal practice of buying up empty bottles, filling them with [illegible] gin, which is the most pernicious poison with which a community was ever cursed and sends thousands to wretched drunkards graves yearly.

It is only necessary, therefore, for those who purchase the article to read, or drink it at public places, to mark well the appearance of the bottles from which they drink. Caution is necessary.

The Schnapps have been introduced but about four years, but in that brief time their virtues have been acknowledged to an almost incredible extent, until it is a matter of some difficulty to keep up a supply adequate to the demand, orders are [illegible] pouring in from every State and Territory in the Union, from Maine to Oregon and California.

Determined that the virtues of the Schnapps should be thoroughly substantiated by the most undeniable and unquestionable testimonials, circulars were dispatched to every regular member of the medical faculty, and professional chemist whose name could be obtained, soliciting their acceptance of a bottle of the Schnapps, with a view of enabling them to test its medicinal qualities in their practice, and submit it to the strictest chemical analysis in their laboratories.

Of the ten thousand physicians and chemists in the United States about four thousand accepted the offer. Upwards of two thousand have promptly furnished their written endorsement that the article is all that is claimed for it, and in the strongest language recommended its general use, not only as a remedial agent, but a delightful, luxurious, and pleasant beverage.—These voluntary endorsements are from gentlemen of unquestionable knowledge and the most perfect science.

Nor alone have practitioners and chemists furnished their testimonials. The public press, in almost every principal city and town, has spoken boldly in its favor in its editorial columns.

The New York Medical Times and Journal of Health, high authority, has repeatedly proclaimed its excellence. In the July number of that Journal, Dr. Reese, its accomplished editor, has publicly [illegible] discussion upon the subject of the use of alcoholic stimulus, medicinally, in his widely circulating [illegible] and the views of the medical faculty in reference to my Schnapps in particular, giving as [illegible] should be spread before the public. Physicians, therefore, who have not already complied with my request to forward me their opinion as to its qualities, will oblige me by doing so through the editor of the Medical Gazette.

Were it necessary to do more than simply state this fact, which he who runs may read, this advertisement could be increased to an indefinite length by the publication of these authorities, all on file at the warerooms of the proprietor, in New York.

It is not only as a remedial agent that the Schnapps are to be recommended, but as a gentle and perfectly harmless stimulant, which cannot be otherwise but healthful and invigorating, and may be indulged in with impunity by those of temperate habits, without the slightest [illegible] consequences of intoxication—that vice which desolates the social hearth, entails misery upon countless thousands, fills our jails, almshouses, and prisons, and even furnishes the gallows with its deadly fruit.

In countries where pure wines and liquors can be had readily, and for a mere trifle, they are freely used by all classes, and drunkenness is hardly known—that vice to which the couplet of the immortal poet so aptly applies:

"A monster of such hideous mien,
That, to be hated, needs but to be seen."

Were Wolfe's Schiedam Aromatic Schnapps to be drunk in preference to all other distilled or fermented liquors, our temperance societies would have less arduous labor to perform, and Horace Greely, Gough, Barnum, and the other learned, eloquent, and devoted friends of total abstinence, would rarely be called on to ascend the rostrum, and cause thousands to listen with "an attent ear" to the great and startling truths they relate with such fervid and impassioned eloquence. There need be no Maine law to stop the intoxication.

As long as men and women will persist in drinking drugged, adulterated, poisoned liquors, with which the country is flooded, drunkenness and all its attendant evils must exist. We may well exclaim with Cassio—

"Oh, that a man will put an enemy into his mouth,
To steal away his brain."

In many districts of this country, particularly in the region of the great western and southern rivers, the character of their waters is such as to produce disorganization of the system, and frequently chronic disorders of an incurable character, the enumeration and specification of which would be a matter of supererogation to all those who reside in the districts specified. When qualified with the Schnapps, the bane is neutralized or destroyed. The fact has become known at the South and West, and the Schnapps are used to the extent of thousands of bottles daily. Their great recommendation is their undeniable and well established purity, which can be proved by chemical analyzation of the contents of any and every bottle bearing the above enumerated evidences of genuineness. The proprietor solicits the most rigid tests, and defies any person or persons to prove to the contrary, or to produce an equally pure extract of the juniper berry or Holland gin.

The public are again reminded that Wolfe's Aromatic Shiedam Snapps can only be procured in pint and quart bottles, stamped, labelled and corked, and in colored wrappers, with the signature of the proprietor affixed; and that the word Schnapps belongs exclusively to my Medical Beverage. All others are counterfeit.

BY LETTERS PATENT SECURED IN 1849.

PULVERMACHER'S Patent Hydro-Electric Voltaic Chains, constructed to be worn under the garments, are the most wonderful discovery in medicine and electricity of the present day.—They relieve, without pain or shock, instantaneously, acute nervous pains such as head, ear, tooth ache, rheumatic pains, tic doloureux, &c., and by their mild but continuous and [illegible] action on the body, diseases of years' standing, such as gout, local paralysis, nervous complaints, liver diseases, &c., disappear, as if by a miracle; they have been applied with the greatest success in all those dreadful diseases in children, commonly called convulsions, as also in cases of teething under difficulties and disorders of the [illegible]. They precipitate metals from their solutions, decompose water, deflect the magnetic needle, in short, show all the phenomenon of a powerful voltaic pile. The instruments producing these effects weigh about two ounces, can be folded up in a pocket book, are always ready for instantaneous use, and will last a man his lifetime, guarding himself, family and friends, &c., against that number of diseases and complaints in which mild streaming electricity is a perfectly safe, certain and wonderful speedy remedy. The price of a complete chain is from $1 to $5; batteries $10 to $22 50.

Incredible as may seem the above facts, any person can easily convince himself beforehand at the depot, of their truth. The importance of the invention has been acknowledged in America, by the Academy of Medicine of New York, and the chains have been applied with great success in the medical colleges, the City Bellevue, and Wards Island Hospitals, Brooklyn City Hospital, &c.; in Europe, by the Royal College of Physicians and Surgeons in London; by the Academies Nationale de Medecin at Paris; by the Imperial Faculty at Vienna; by the Royal Faculty at Berlin, and other scientific institutions of the highest order, including the principal hospitals in Europe.

The proprietors are in possession of testimonials to the same effect, from all of the above institutions in America and Europe, as well as of the most eminent and distinguished members of the profession in both hemispheres, and invite the public to examine them.

Full and illustrated descriptions, one for personal use and one for scientific men, with copies of testimonials and a number of cases cured in New York and Europe, may be obtained gratis at the office. They will be forwarded free of postage, to any part of the United States in answer to pre-paid inquiries, containing three cents postage stamps. J. STEINERT, 568 Broadway.
