

Calling All Teens

BY LYNN ALLEN LIZ WSKJE

Dream Symbols
Teeth falling out, leaving childhood behind. Boys childhood was more fun than it was. I remember cleaning windows every perspective.
Sports Scramble See if you can assemble these sport words.
Winter is a good time to also, and you can play and ride.
What letter can you drink? Can you eat? Can you sing? Can you see with? Can you sail? Can you ask a question?
Breaking your leg on your first ski trip. Missing the bus and having to walk a block on icy streets.
Planning a snow ball fight weeks ahead and having all the snow melt the night before.
Buying \$30 boots that leak.
Shovel your driveway and having the snow plow go by.
Did you know...? My Mona Lisa smiled her mysterious smile because she had very crooked teeth. That the tarantula is harmless? That there are about 2,000 different kinds of frogs? That the goldfish can live 25 years!!!

I happen to get better grades than most of my friends do. Because of this, I've thought of getting lower grades to get along with them. What do you think?
Dear M.C.
Don't let a thing like that get you down. There's nothing wrong with being smart. After while, people will begin liking you for what you are - not what others think you should be!
"POEM"
But for Love
I'd never know
The happiness of sharing
But for Love
I'd never know
The tenderness in caring
But for Love

COUNTRY WRESTLING
The state set of words can be seen in the form of a bumper sticker on Fulton cars and accurately reflects the high regard in which the sport is held in this area. The last two years have produced two State Champions with Greg Stevens in 1973 and Randy Gillette in 1974. Both of these young men are continuing their winning ways in college as Greg is in his second year and Randy in his first year at Syracuse University. State Champions don't stop there. They are also Champion Coach Dan Gable and Randy is in his first year at Syracuse University. State Champions don't stop there. They are also Champion Coach Dan Gable and Randy is in his first year at Syracuse University.

Remember - this is for your class and your support is needed as well as your donations. If you have any questions get in touch with Shelby Dargatzis, Mr. Kane, Pat Chalone, or any one of the action chairmen.

WORK DAY - Fish and Game Club is having work day for cutting wood for the clubhouse, Saturday, January 25, starting at 9:00 a.m. at the club. All members and friends are asked to come with their axes and chain saws.

WRESTLING is one sport that even though the team wins or loses it is each individual that must win or lose. When you walk out on the mat it is you by yourself against the other guy. Your teammates and followers can yell out encouragement but only one person can obtain the results. There are no alibis, no excuses, no relating your guard, you have to be ready physically and mentally to engage in six minutes of action.
What's involved in the way of training and conditioning to reach the peak of effectiveness? To begin with conditioning should be a year long objective as there is only three weeks of preparation before the first match. On November 11, 68 potential wrestlers reported to Coach Bleau and this amount has dwindled to 30 Varsity and Junior Varsity members.
On November 11 training started with a warm up and continued until the snow started falling. Some of the other training techniques are sprints, 15 second drills, pushups, ups and downs, jumping jacks and chains, which are continuous periods of wrestling with different tags and positions. Coach Bleau emphasized that more importance was placed on conditioning and technique rather than strength.
A physical exam and weighing is required by New York State law before a wrestler can compete in another state. He is weighed by a Doctor and issued a Wrestling Weight Permit card which the physician indicates the minimum weight that he can wrestle at. The purpose of this card is to prevent undue weight reduction for competitive purposes - reductions which might jeopardize the physical well being of the pupil. During the Wrestling Season the pupil should eat and drink normally, even though in training and participating in wrestling activities. The rules allow a two pound allowance over the weight classes after January first. It is recommended that the wrestler permit a weight reduction not to exceed 5% of the net weight recorded at the physical examination. The before mentioned information was recorded from the Wrestling Weight Permit card.

OCHS Open House Being Planned
The annual open house at Catholic High School will take place on Sunday, February 2, at 2:00 p.m. in the school gymnasium. The public relations committee under the chairmanship of Miss John Heagerty, made final plans and set up committees to carry out plans for the open house. Letters of invitation will be sent to parents and students of 7th and 8th grades in the Fulton Oswego area by the mailing committee. Personal calls before February 2, will follow the letters. The calls will remind the students that they are cordially invited to the Sunday afternoon tea together. It is hoped that the students will get acquainted with the layout of OCHS and learn about the many extra-curricular activities at the school.
The Public Relations Committee is made up of both students and parents working together to make the open house enjoyable and informative for everyone.
The Student Program will include short resumes and demonstrations of the peak activities at OCHS. Student and parent committee members will be available to take the visitors around the school and answer their questions. It is hoped that everyone will take advantage of this opportunity to get together with the Students and Faculty to learn more about what makes OCHS alive and active.
The dance featuring Doctor Al scheduled for Saturday, January 25, has been canceled. At the present time, there are no plans for this date.
Later last week, the Raider wrestlers lost a heartbreaker to Oneida in a 18 to 3 lead which appeared to insure a 10-0 upset. However, the talented Spartan heavyweights came through to enable FSM to squeak out a 24 to 15 victory.
The wrestlers will host Liverpool at G.R.B. High School Friday, January 23, and the Oswego Buccaneers, Tuesday, January 28. The JV team will start wrestling at 6:30.
Pulaski will Central Square 21 98-Rusty Borden (F) dec. Mike Goduci 2-0; 112-Nickerson (F) dec. Matt Smith 2-1; 119-H.J. McKnight (F) dec. Kuznelman 5-0; 126-Dapson (CS) dec. KARATE CLASS
The winter session of Karate instruction began with registration and orientation on Wednesday, January 15, 1975. The class is a co-ed class and emphasizes both Karate and Karate techniques. There is still room to register, as the course will get in for some. Registration is on Wednesday, January 22, 1975 at 7:30 p.m. Ben Musemeck will again be our instructor. **PREP AND CADET HOCKEY**
Wednesday's floor hockey players battled through another set of games on their way to the playoffs. The games were fast and hard hitting as the boys gain experience and skill. **Prep League 9-11** The Flyers continued to dominate action as they breezed by the Bruins for an easy 9-2 win. Ralph Johnson and Mark Parrish scored the goals for the Bruins. Dave Kram, Mike Measures, and Mitch VanBuren tallied for the Flyers II while Mike Parrish scored the lone goal for the Bruins II. The Canadians continued winning strong as they beat the Flyers II 2-0, in the second game. John O'Connor and Bob Lanzafame scored for the Canadians.

News from Argentina

Dear Friends,
Well, here it is the Christmas Season, and must confess I am homesick. I really miss my family and all my cousins and all the holiday preparations that we go through each year. I know snow isn't essential for Christmas, but when you have known it all your life, somehow the lights in the palms and the tropical desert atmosphere makes me all the more homesick! Also, it takes 3 1/2 months for packages to arrive surface mail, and none of my presents got here.
But anyway, the Rotary Club here was so generous to surprise me with round trip tickets to Buenos Aires to be with relatives on my father's side whom I visit on the way over. I am so happy to be here with them, and I am enjoying sightseeing in this beautiful, great city. It has been very hot for about a month now, and now it is about 96 degrees and very humid. I saw a Santa Claus downtown on Avenida Florida, and even his whiskers were wilted!
We made a four day trip to Mar del Plata which is the Miami Beach of Argentina. It is so beautiful with miles of cabanas and so many TAN people. The swimming was great, and as usual, I hated to leave. We also went to see Airport 1975, and it was fantastic. Before I head back to San Juan, I hope to visit the people I met in Concordia when I went with the school rifle team. It isn't too far from here.
You may recall, we are on summer vacation for two more months I think, and as they don't have a family for
