OSWEGO COUNTY
Legislative report

The Personnel Committee of the Oswego County Legislature has been meeting since the start of the new legislative year with discussions centering on a number of new areas of concern, approval of measures presented to them and exchanged views on priorities which have been set forth for 1975.

William J. Brouse, Town of Parish, Chairman of the Personnel Committee has disclosed that his committee has discussed efforts to place all employees in their proper grades with some 30 employees directly effected by the changes and adopted rules and regulations for the temporary hiring freeze which is in effect in the County.

Adopted by the Committee was the following appointment procedure for the duration of the freeze. If an If an employee leaves County service no action to fill the vacancy will be taken for 30 days, during which time the position will be evaluated for recommendation to the Personnel Committee. Requests for replacement of personnel must be made in writing, accompanied by a written recommendation from the proper Legislative Committee. Requests for new positions will be processed in the same manner with the addition of Legislative approval.

Under these new guidelines, authorization for the filling of vacancies of Senior Title Searcher, Senior Clerk and Clerk in the County Clerk's Office, an Auto-mechanic in the Highway Department and a part-time Lab Assistant in the County Lab. Approval was also given for a Juvenile Officer with the Sheriff's Department while three positions in the Public Health Department and two positions in Mental Health were returned to their respective committees for recommendations.

Members of the committee have discussed 1975 priorities including Management Confidential Designation for department heads and key personnel, a Performance Rating System of equitable and objective assessment for awarding merit increments and Employee Code of Ethics and a Health and Safety Standards to establish guidelines for the health and safety of County employees.

The Committee gave approval for the expenditure of $450 for training programs being conducted by the Institute for Local Public Service at Syracuse University for the training of 25 county employees and 10 persons from the cities, towns and villages this spring.

Giving a report to the Committee on his activities during the last six months of training in Albany was Arthur O'Neill the County's Personnel Technician Trainee who will be continuing his training in the county beginning March 1. All the training is being paid by the State under a special training plan.

Chairman Brouse has said that all minutes of meetings are available for inspection and that news release will be released following the Committee's meetings to keep the public aware of their activities. Also attending the meetings were Donald Gleason, Donald Coleman, Mark Fruce, Joseph Osetek, John Donovan and John T. Sullivan, along with Civil Service Administrator James W. Wright.

A jigsaw puzzle of a church was Billy's project for the afternoon. He worked diligently as the church took form. But one section was missing—the door. "A church has to have a door," he said. At last he found it.

As Billy grows older, he may discover that the Church has many doors which can open to him:

Gratitude for his home, his family, his friends
Knowledge of God, his Creator
Sensitivity to spiritual life
Inspiration from Bible accounts of dedicated lives
Experiences in sharing his beliefs with others
Development of his character
Foundations of a sustaining faith

Open these doors to your child so that he may grow spiritually. Take him to church each Sunday.

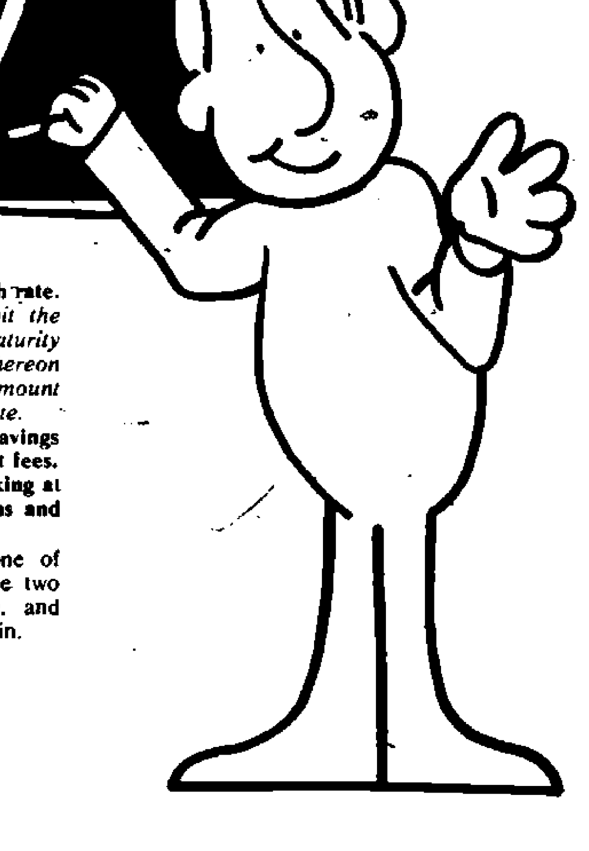
3 Keys to Saving
1. Day-to-Day Account
2. Long-Term Certificates Of Deposit
3. Free Checking



If you can't beat the rising cost of living, you can at least go a long way toward getting even. See us for First Trust's package of savings-plus:

1. DAY-TO-DAY ACCOUNT pays a healthy rate of interest from the day you deposit your money, and never quits until the day you withdraw it. A terrific way to safeguard earnings until you absolutely need them.
2. LONG-TERM CERTIFICATES OF DEPOSIT earn even higher rates of interest—ideal for money you can spare for a few years. Of course, federal law does require you to leave that money on deposit for the specified time, to qualify for the high rate. *Federal law and regulation prohibit the payment of a time deposit prior to maturity unless three months of the interest thereon is forfeited and interest on the amount withdrawn is reduced to passbook rate.*
3. FREE CHECKING adds to your savings by saving you regular check-account fees. You can easily qualify for free checking at First Trust simply by saving with us and borrowing from us.

You'll be money ahead with any one of these Key Bank savings options. Take two and get really rolling. Or all three, and find yourself back on top of things again.
