Students Study Pollution

These eighth grade science students put posters in the Fulton store windows to help in their fight on pollution. Front row, Scott Grimshaw, Lisa C. Matock, Roxanne Raponi, Gene Tracy. Back, Teresa Snyder, Barb Gummer, Karen Johnson and Sylvester Beeles.

Front: Diane LaBeef, Wendy Parsnow, Mary Ferriter, Sharon Fuller, Wanda Ives, Diane Barbagallo. Back: Dick Kunik, Joe Tindall, Lorraine Favara, Cheryl Gatziala and Huey Parrow.

The students in Mr. Lynch's eighth grade science classes have been studying the pollution problems prevalent in our environment. The students studied some of the various causes of pollution and then decided to act. Some students wrote letters to the local factories, Mayor Patrick, senators, congressmen, and President Nixon, asking them to use their influence to help solve the pollution problem. Many students made posters designed to get others involved. Some of the posters were selected to be placed in the downtown store windows. The pictures (below, etc.) show some of the students who spent Saturday afternoon distributing the posters to the local stores.

"Is There School Today?"

If schools here in Fulton or anywhere in Oswego County are to be closed due to weather conditions school officials will telephone your local radio stations, WOSC and WOSC-FM.

Your local stations will then immediately broadcast this closing information over the air. We will repeat school closing information every five minutes during the morning hours before 9 o'clock.

If you hear reports of other closings but **NO REPORT FOR FULTON SCHOOLS** then this means that as far as we know at WOSC, schools in the Fulton system are **OPEN!**

Please do not telephone WOSC asking for this information. This only loads up our telephone lines thus delaying school officials and others with important information trying to reach us. Thank you.
