
Blood donor

YCS volunteers working with the Natural Resource Conservation Project in Fulton recently visited the Red Cross Bloodmobile and joined with other people from all walks of life in donating a pint of blood to the Red Cross. Pictured above is YCS volunteer Viola "Bridget" Petersen from Fulton. "YCS has provided a valuable learning experience for me," says Bridget. "I will be better prepared to continue my education when the project is over."

Oswego Opera plans Spring season

The Oswego Opera Theatre Inc. launches its Spring season this week by announcing the start of its annual membership campaign. Incorporated as a non-profit performing company, the Opera Theatre is looking to increase its steadily growing membership by offering subscription at rates of $5.00, $10.00 and $25.00 for Student or Performing Members, Regular Members, and Patrons respectively. The purpose of the drive is two-fold. Money obtained from membership contributions will go towards covering production costs while increased regional support and community involvement will enable the organization to qualify for State and Corporate foundation grants.

The Opera Theatre was founded in 1977 and is affiliated with the Oswego County Council on the Arts. Utilizing the talents and skills of artists and performers from Oswego, Fulton, Syracuse, Utica and other area communities the company has gained increasing recognition and popularity among regional audiences with productions of "Amahl and the Night Visitors," "Suor Angelica," "Gianni Schicci" and "H. M. S. Pinafore." Continued success is anticipated with production of Carlisle Floyd's American folk drama "Susannah" scheduled to be performed this March in Waterman Theatre on the S.U.N.Y. Oswego Campus.

Music and drama lovers and other concerned citizens who take pride in the success of local artistic ventures are encouraged to participate by subscribing to one of the three types of membership. In appreciation of community support the company is offering members complimentary tickets to the upcoming production of "Susannah." In addition each new member will receive a certificate of membership.

Checks for membership fees may be sent to the Oswego Opera Theatre, c/o Business Manager, Dr. Richard Hyse, 10 Draper St., Oswego, N.Y. Other inquiries may be directed to Dr. James Soluri (315) 343-8955.

50th anniversary

Saturday, Nov. 17, Mr. and Mrs. Edward Verdi celebrated their fiftieth wedding anniversary. A mass of Thanksgiving was concelebrated by Rev. William Brown, pastor; Rev. Robert Libera; and Rev. Edward Patane, cousin of the couple; at the Immaculate Conception church in Fulton.

Dr. Anthony Scardella and John Scardella, grandsons of the Verdis, proclaimed the Liturgy of the Word. Joseph Scardella participated as leader of song and cantor.

After a homily by Father Brown, all present witnessed the renewal of the wedding vows. Mrs. Santa Ferlito and Paul A. Belfiore, the couple's maid of honor and best man, were again present to witness the exchange of vows.

A buffet luncheon was served at the Pontiac Hotel for all family members. Paul A. Belfiore proposed the toast as he had 50 years ago. Edward and Antoinette expressed their gratitude to all who attended the mass and dinner, and for making their day a memorable one.

The couple were wed in St. Joseph's Church in Oswego, by Father Gambini on Nov. 16, 1929. They have two children and five grandchildren.

Energy tax credit available

Taxpayers who take certain steps to save energy in their homes can reduce their income tax bills up to $2,500, it is announced by Marshall P. Capelli, IRS District Director, located in the U. S. Post Office Building in Fulton.

The law provides for a tax credit of up to $300 for energy conservation materials installed in the home, with a separate credit of as much as $2,200 for taxpayers who install "renewable" energy devices such as solar or wind equipment.

The smaller credit is figured on such items as the installation of storm or thermal windows and doors, insulation, weather stripping and caulking. Also qualifying are furnace replacement burners, flue-opening modifications, electrical or mechanical ignition systems to replace gas pilot lights, and clock thermostats.

According to the IRS, "renewable" energy source credit of $2,200 applies to qualifying solar, wind or geothermal equipment to heat, cool, or provide hot water for use in the home.

Both credits are available for items purchased or installed between April 20, 1977 and December 31, 1985.

Renters as well as homeowners are eligible for the credit.

Taxpayers need not itemize deductions to claim the tax credit but they must file Form 1040 attaching IRS Form 5695 showing how the credit was computed.

If the extent of the credit is more than the taxpayer's liability, unused energy credits may be carried over extending through 1987.

Forms may be picked up at the Post Office (upstairs) every Thursday from 9 a.m. to 4 p.m., Capelli advises.
