STATE OF NEW YORK
COUNTY OF OSWEGO
CITY OF FULTON
SS.

I, John F. Walsh, Sr., City Clerk of the City of Fulton hereby certify that the foregoing resolutions were duly adopted at the Meeting of the Common Council held in the Common Council Chambers in the Municipal Building, Fulton, New York, on the 17th day of July 1979 at 7:30 o'clock P.M.D.S.T., and I further certify that:

The foregoing are the complete minutes of the meeting of the 17th day of July, 1979 at 7:30 o'clock P.M.D.S.T. in the Common Council Chambers in the Municipal Building.

John F. Walsh, Sr.,
City Clerk

Approved this 18th day of July, 1979.

Mayor Of The City Of Fulton, New York

July 17, 1979
Honorable Mayor Percy E. Patrick and Members of the Common Council,
City of Fulton, New York
Gentlemen:

On July 6, 1979 a petition was filed in my office by Verner M. Drohan containing 52 pages and on July 10, 1979 a supplement to that petition containing 6 additional pages was filed in my office by said Verner M. Drohan. The petitions filed state that the signers thereon protest against the adoption of Local Law No. 1 of said City of Fulton entitled, "Local Law No. 1 pursuant to Section 10, sub-division 13 of the Municipal Home Rule Law reapportioning the City of Fulton, New York by amending Section 4 of the Fulton City Charter entitled: Division into Wards; Ward Boundaries." The petition further requests that said Local Law be submitted to the qualified electors of the City of Fulton for their approval or rejection at the next general election to be held on November 6, 1979.

I bring to your attention that the title stated on the petition does not show or include the year of the proposed local law. The correct title for the local law as passed is "Local Law No. 1 of the Year 1979."

I have examined the petitions as required by Section 37, Article 4 of the Municipal Home Rule Law and my examination has diclosed the following:

Each of the 58 petition sheets contains the identical text of the protest against Local Law No. 1 and states that each petitioner has personally signed the petition. The total number of names listed on the petition is 805.

I have authenticated the signatures with Primary Enrollment Book which lists the voters name, registration district and qualifications to vote in the General Election of 1978. The following discrepancies exist in this list:

21 signatures used abbreviations or the name was misspelled.
11 signatures used initials.
12 signatures listed the wrong ward or district.
7 signatures used Mrs. instead of first name.
1 lacked a Jr.
4 lacked a Sr.
19 signatures listed incorrect addresses.
2 signatures listed full middle name instead of initial.
13 signatures did not list the middle initial.
71 signatures were not registered for the last general election.
10 signatures did not list date of signing.

Pursuant to Article 6 of Section 134-7 of Election Law the use of titles, initials or customary abbreviations of given names by the signers of the petition shall not invalidate such signatures provided, that the identity of the signer, as a registered voter, may be readily established by reference to the signature for the petition and that of a person whose name appears on the register of voters for the last preceding general election.

In view of these findings, it is my opinion that the 71 signers who were not registered for the last general election and the 10 signers who did not date their signature as required and the 12 signers in the incorrect ward of district would be ineligible signatures, totaling 93. As the total number of signatures on the 58 page petition is 805, the ineligible 93 signatures would decrease this to 712 signatures.

In accordance with provisions of Section 24, Article 3 of the Municipal Home Rule Law the petition consists of separate pages, each of which shall be signed and witnessed as provided by the election law for designating petitions. Five (5) of these sheets did not designate the ward that the certifier listed as his residence for the last General Election of 1978. One (1) sheet did not list the City that the certifier was registered in for the last general election. One (1) sheet contained mutilated ward and district numbers of the certifier. The total number of signatures of these seven (7) sheets was 99, which I consider ineligible also. These 99 signatures deducted from the above named total number of 712 signatures would leave a balance of 613 signatures which are valid and authentic.

On a petition of this type pursuant to Section 24, Paragraph 2, Subparagraph (1) of the Municipal Home Rule Law, the signatures are required in number to be equal to at least 5% of the total number of valid votes cast for Governor in the City of Fulton Gubernatorial Election. The total number of valid votes cast for Governor in the City of Fulton on November 7, 1978 was 4,026 votes. 5 percentum of this figure would be 202 votes. In view of this, the petition does meet this requirement.

Having completed my examination and authentication of this petition of protest in accordance with applicable provisions of the Home Rule Law and the Election Law, I hereby certify that this petition does meet all the necessary provisions of law for a valid petition and I do hereby present said petition to you for your consideration.

Very truly yours,
John F. Walsh, Sr.
City Clerk

The recent submarine sandwich sale held by the Greater Fulton Jaycees was a great success. Over two hundred fifty dollars were raised and turned over to the Senior Girl Scout troop 202 of Fulton and will be applied towards the girls' upcoming trip to Switzerland. Jaycee co-chairwoman Kathy Callahan is shown presenting a check for all the proceeds to Girl Scout Sally Wise while troop leader Betty Sampson looks on.

Company opens service center in Fulton

Kaman Bearing and Supply Corporation, which exceeded $100 million in sales in 1978, has surpassed the 100 mark in its number of service centers located in 22 states and British Columbia.

With the opening of service centers in Fulton, New York, Wallingford, Connecticut and Gillette, Wyoming, the Kaman Bearing and Supply Group of companies wholly-owned subsidiaries of Kaman Corporation, can now claim 102 locations.

"Our expansion in the bearing and supply business," said company President Charles H. Kaman, "executed through a planned balance among selective acquisitions, internal expansion and new market penetration, has made us a major factor in the market, with the ability ot offer central warehousing and computer-controlled, broad-based inventories."

Kaman Corporation entered the bearing and supply distribution business in 1971 with the acquisition of Reliable Bearing and Supply Co., San Bernardino, California.

Since then, Kaman has acquired 14 independent distributors, many with more than one outlet. Now among the top five bearing distributors in the country, approximately one half of Kaman Bearing and Supply Corporation's growth has evolved from internal expansion and new market penetration, and half from acquisitions.

The Fulton location on Route 48 serves the paper, primary metal and machinery manufacturing, food processing and brewing industries in the areas north of Syracuse with a complete line of bearings, related products and power transmission equipment from major suppliers. Under the direction of Thomas Baggett, regional manager, Bernie Duda is operating as office and warehouse manager, with Culver LaMourey and Dan Murphy in outside sales.

The New York and Connecticut locations are part of Kaman Bearing and Supply Corp. East, headquartered in Syracuse, New York, which now operates at 28 locations in seven states: Connecticut, Delaware, Maryland, New Jersey, New York, Pennsylvania and Rhode Island.

Summer jobs for Oswego County youth

Graduates from high school or college are always hit with the same question: "Do you have any experience?"

Through the Oswego County Legislator's summer employment program, young people from throughout Oswego County are earning, learning and gaining that very practical commodity--experience.

The main object of the legislators' program is to give college or college-bound students experience in their major area of study in college.

For the past three years, the School/Community Relations Service, Oswego County Board of Cooperative Educational Services (B.O.C.E.S.), has been afforded the opportunity of having an intern work in its office.

This year, two legislative interns appointed by Hollis Iselin, R-Town of Schroeppel, have been assigned to the Oswego County B.O.C.E.S. service.

Miss Susan F. Catiglione, daughter of Mr. and Mrs. Vincent Catiglione of 920 Sandra Drive, Phoenix, is serving her third summer under the direction of Clarence (Andy) Anderson. Joining Miss Castiglione this summer is Miss Carolyn H. Knickerbocker, daughter of Mr. and Mrs. Ray Knickerbocker of Center Road, Pennellville.

Communications Work

Miss Castiglione is a senior at the State University College at Potsdam and will be the first student in the college's history to receive a combination degree in English - Communications. She will enter graduate school next year in radio-television communications at either Syracuse University or Boston College.

The duo major was made possible through a Student Initiated Interdepartmental Major (S.I.I.M.), which required the development of a program and curriculum by Miss Castiglione, with the approval by a board of the major areas of concentration.

An accomplished musician, Miss Castiglione was a member of the America's Youth in Concert and toured Europe with the concert orchestra.

During her freshman year, she interned at the Courier-Freeman, Potsdam. Miss Castiglione was the first intern at the State University Central Administration in Albany. She served for a semester in the office of the Deputy to the chancellor for governmental relations.

This past year, Miss Castiglione was one of the originators of "Up-Beat", a student publication at Potsdam which searches for stories that display the uniqueness of Potsdam State through the one-of-a-kind accomplishments of its faculty, students, staff and programs. She will be a contributing member next year.

Miss Knickerbocker will enter the Newhouse School of Communications, Syracuse University, this fall as a photo-journalism major.

A June graduate of the John C. Birdlebough High School in Phoenix, Miss Knickerbocker was editor of the high school yearbook for two years.

She was a member of the National Honor Society three years and served as its president in 1979 and treasurer in 1978. She was also president of the Student Council during her senior year.

Miss Knickerbocker played soccer four years and was captain of the team last year; on the softball team two years, captaining the team and being named most valuable player in the spring 1979 season; and was also a member of the volleyball team three years, serving as captain during the 1978-79 season and named most valuable player in 1978.

Miss Knickerbocker was the receipient of three scholarships, including the Larkin, Phoenix Chamber of Commerce and the Phoenix Teachers Association.

Valuable Experience

Anderson stated that "the county legislators, and particularly Hollis Iselin, deserve a lot of credit for providing this type of training for the young people in Oswego County".

The Marines will land

Approximately 125 U.S. Marines will be visiting Oswego as part of this year's Marine Corps/Navy Great Lakes Cruise. The Marines will be here Sept. 15-16.

The Marines who are serving aboard the USS FAIRFAX COUNTY during the 1979 Great Lakes Cruise are representatives of the more than 189,000 Leathernecks on active duty now at posts and stations throughout the world.

The 125 Marines comprising the ship's special Marine detachment are members of the 2nd Marine Division home-based at Camp Lejeune, N.C. They are commanded by Major Thomas R. Delux, a veteran of 20 years Marine Corps service.

During this cruise the Marines have brought with them some of their most modern equipment and weapons. These include two M-60 tanks, two assault amphibian personnel vehicles, two tube-launched anti-tank weapons, a Dragon anti-tank weapon, an 81 mm mortar and M-60 machine guns, and the weapons assigned to individual members of the detachment.

Accountant II exam offered

The Oswego County Dept. of Personnel is accepting applications until September 19 for the Accountant II examination, to be given on October 20.

The position pays a salary of $12,805 and candidates must possess minimum qualifications of (A) graduation from a regionally accredited or New York State registered college or university with an Associate's Degree in Accounting or Business Administration including at least twelve hours in accounting; and six years of responsible experience in auditing, municipal budgeting or financial plannning and analysis, three of which are in a supervisory capacity; or (B) graduation from a regionally accredited or New York State registered college or university with a Bachelor's degree in Accounting or Business Administration, including at least 24 hours in Accounting; and four years of responsible experience in auditing, municipal budgeting, or financial planning and analysis, two of which are in a supervisory capacity; or (C) graduation from a regionally accredited or New York State registered college or university with a Master's Degree in Accounting or Business Administration including at least 36 hours in Accounting and two years of responsible experience in auditing, municipal budgeting or financial planning and analysis, one of which is in a supervisory capacity; or (D) any equivalent combination of training and experience as defined above.

Applications and further information are available at the Dept. of Personnel, Second floor, Riverfront Office Building, 120 East First Street, Oswego, New York, 13126; or will be mailed upon request made by calling 349-3511.

Saturday sabbath observers and handicapped persons requiring special testing arrangements are asked to note this on their application forms.

Oswego County Government is an equal opportunity, affirmative action employer and all interested persons are invited to apply for this exam.

Loan closet

An important service offered by the Fulton Chapter of the American Red Cross is the agency's Loan Closet. This is a free service that allows residents to borrow donated wheelchairs, walkers, crutches and commodes on a temporary basis until they are able to get their own or no longer need them. Pictured here with the items from the Loan Closet are from left: Ginger Mason; Janet Lewis, executive secretary for the Fulton Red Cross; and Rita Frawley.

Fulton Red Cross has several program

Although the Fulton Chapter of the American Red Cross has long been known for keeping area hospitals supplied with donated blood through regular bloodmobiles, this is only one of several important life-saving programs conducted by the local Red Cross, according to Miss Janet Lewis, agency executive secretary.

The Fulton Red Cross is funded in part through the annual fund drive of the United Way of Greater Fulton and serves the City of Fulton, Village of Phoenix and townships of Granby, Palermo, Schroeppel and Volney in Southern Oswego County.

Miss Lewis explained that the local Red Cross has various other life-saving programs available to the public such as courses in First Aid and Cardiopulmonary Resuscitation (CPR) and Water Safety.

She remarked, "During the past year 58 different classes were taught by Red Cross instructors in First Aid and CPR, with over 585 people becoming certified. And, 123 courses in Water Safety were offered with more than 300 people receiving their certificates."

"Another service we provide, which can be a real savings for people is our Loan Closet," she continued. "This is a free service where we loan-out donated wheelchairs, walkers, crutches and commodes to sick handicapped and elderly people on a temporary basis until they are able to get their own or no longer need them." She added that the Loan Closet is located at the Red Cross office in the Key Bank Building in Downtown Fulton.

The agency executive pointed out that the local Red Cross is also involved in serving military families. "In the past year alone, 25 servicemen with families in the greater Fulton area have called on our agency for assistance."

"In addition, the Red Cross provides relief to people seffering disasters," she stated.

"For example, a f... years ago, the R... Cross paid the bu... expenses for two f... victims in the Village Phoenix."

She noted that on national level, the R... Cross recently sent ... to victims of tornad... in Iowa, where 1,0... homes were damag... and 34 people injur... and assistance to M... nesota where scatter... damaged occurred.

Internationally, agency continues to p... vide relief to the Vi... nam refugees known the "Boat People" ... Malaysia, where cam... have been establishe... provide shelter, fo... water and medical ca... In addition, the R... Cross is providing relief operation for ... fugees in Thailand.

Miss Lewis co... cluded, "The Fulton R... Cross is extreme... proud of the vario... life-saving progra... we are able to provi... and look forward to continued growth these programs in ... future, as we work meet the life-savi... needs of our grow... community."
