CHRISTMAS AT THE RICHARDSON-BATES HOUSE MUSEUM

The Oswego County Historical Society begins its holiday season with the annual Christmas Open House on Sunday, Nov. 30 from 1-5 pm. The House Museum, at 135 East Third Street in Oswego, will be decorated for a victorian Christmas. Visitors can view the period rooms and exhibitions, and enjoy refreshments and music. Betty Moshier will sing carols and accompany herself on the autoharp. The Renaissance Singers will perform 16th century madrigals. The musicians will sing alternately from 1:30 to 4:30. For more information call 343-1342. Admission is free and everyone is invited.

Pictured are the Renaissance Singers.

The Active Consumer

Finding An Original
 Hair today is getting clipped. The modern American woman wants to look her best without having to spend a lot of time or trouble. For many the answer is a fun clip.

A very versatile hair clip can help you head into fashion fast.

This new wave clip fashionably works in all types of hair. The Fun Clip can clasp the thickest locks or hold the tiniest wisps in place. Its double-sided tooth design can nip straggling hair in the bud by gripping fine, silky strands that slip through an ordinary clip. The clips come in adult and children's sizes and in "in" shades of pink, blue, white, red, black, tortoise and "crystal" as well as decorated.

There's a "hair-raising" side to the story, however. These Fun Clips have become so popular, many imitators are around. The real thing is made of industrial grade plastic so it's guaranteed to last. The others may not be. If you're looking for one in a department or beauty supply store, see that patent number 3998233 appears on the package and the clip. Then you'll know you're getting the right clip. You can learn more about the many ways this clip can help you dress your tresses by calling (213) 271-7790.
