10,000 HUNGRY PEOPLE IN RIOT

OGDENSBURG OFFICIAL IS CHARGED WITH MANSLAUGHTER

CAPT. HOLLAND HELD FOR DEATH OF WILBUR HUNT

C. H. Spink, State Trooper, Also Accused of Shooting Watertown Bootlegger

OFFICER IS PAROLED

Will Appear in Court October 22—Holland, Collector of Port, Gives $1,000 Bail

OGDENSBURG, Oct. 13.—Capt. Henry Holland, collector of the port of this city, was arrested in court this afternoon on the charge of manslaughter in the first degree, growing out of the death of Wilbur F. Hunt, of Watertown, who was shot and killed on the Gouverneur road Tuesday night.

Capt. Holland waived examination and was held to await the action of the Grand Jury. County Judge John S. Draper, who happened to be in the court room, fixed bail at $1,000, which was furnished.

The arrest of Capt. Holland followed the formal arraignment of State Trooper Charles H. Spink of Troop B, who was also charged with manslaughter in the first degree. Spink was arraigned before Justice of the Peace Myron E. Gray and his case was adjourned until October 22 at 1:30 p. m. He was accompanied in court by Lieut. Costello of the State Troopers. He was paroled in custody of Lieut. Crosdale who agreed to produce him when he was wanted.

Warrant Served by Chief.

The warrant on Captain Holland was served by Chief of Police John D. McCormick. Captain Holland was accompanied by Attorney George E. VanKennen. He appeared voluntarily. The information for the warrant was furnished by District Attorney William D. Ingram.

The information for the warrant is as follows: "William D. Ingram, being duly sworn, says that he is District Attorney of St. Lawrence County, State of New York. Upon information and belief that on October 11, 1921, in the town of Gouverneur, St. Lawrence County, one Henry Holland did commit the crime of manslaughter in the first degree, that he did wilfully and feloniously cause to be assaulted one Wilbur Hunt, by one Charles Spink, the said Charles Spink being a trooper of the State of New York, and acting under the authority and direction of said Henry Holland in his official capacity as Collector of the Port of Ogdensburg.

"And that said Charles Spink, under the direction and authority of said Henry Holland, as aforesaid, did shoot off and discharge a loaded revolver to, at and against the said Wilbur Hunt, inflicting a mortal wound from which said Wilbur Hunt died, such mortal wound being inflicted without the desire to cause death.

"The sources of deponent's knowledge and ground for his belief are conversation with said Henry Holland and said Charles Spink, wherefore your informant craves that said Henry Holland be held to answer."

Arrest Causes Surprise

Capt. Holland's arrest comes as a surprise here. In addition to being collector of the port, a position which he has held for several years, he is the owner of the Ogdensburg News. His term as collector does not expire for several months, and the administration at Washington said that he would be allowed to serve out his term.

In the court room Captain Holland expressed his regret over the fatal outcome of the case, and said that he accompanied the troopers to point out to them the automobile which contained the cargo of whiskey.

Lynn Maynard secured a license from County Judge John Conboy a week ago today, October 6, to carry a revolver. It was said by the Judge today, Judge Conboy said that Maynard represented himself to be a farmer residing near Philadelphia and furnished the names of several persons for references who were known to Judge Conboy. Maynard claimed that he desired a permit to own a revolver for the protection of his home and to carry when driving his automobile, said Judge Conboy.

The case was tried in this city today and Holland was held on bail till the Grand Jury meets in January.

Mrs. Burkett Guilty of Forging Roosevelt's Name

NEW YORK, Oct. 14.—Coupling its verdict with a recommendation for mercy, a New York jury found Mrs. Emma Richardson Burkett of Hillsdale, Ind., guilty of forging the name of the late Col. Theodore Roosevelt to a note for $60,000.

The jury had been advised that it would be permissible to declare Mrs. Burkett "guilty but insane," in view of the testimony of medical experts that she suffered from delusions.

Mrs. Burkett attempted to collect on the forged note, which she claimed Col. Roosevelt signed in Chicago at the time of the 1912 convention. The document was pronounced a forgery by relatives of the former President, and Mrs. Burkett was arrested.

Register Early So That You Can Vote At November Election

REGISTER!

Unless you go to the polling place in your election district and register, you cannot vote on election day.

Today is the first day of registration.

Polls will be open from 8 o'clock in the morning until 10 o'clock at night.

Don't wait until next week, or something may happen to prevent you from going to the polls.

The municipal election this year is important and it is your solemn duty as a good citizen, interested in the welfare of your city, to participate.

You can't vote if you don't REGISTER!

UNEMPLOYMENT CONFERENCE TO PUSH DECISIONS

Meeting Adjourns, But Committee Will be Named to Carry Out Agreements

WASHINGTON, Oct. 13.—Now for putting into effect the recommendations made by President Harding's unemployment conference.

The conference, after submitting a guide to remedy the unemployment situation and business depression of the country, has adjourned sine die. But a standing committee is to be appointed to carry out the agreements reached during the sessions.

Minority "fireworks" against any reduction in wages, against the repeal of the Adamson eight-hour law, and favoring the absorption of the War Labor Board into the Interstate Commerce Commission, were not adopted by the conference as a whole, but were read into the proceedings as "information."

"The conference shall not dissolve, but continue," said Hoover today in adjourning the sessions.

With the appointment of the standing committee the proposals will be carried out. Already Col. Arthur Woods is going through with his community civic and permanent measures.

To Push Measures

The standing committee when appointed proposes to push repeal of nuisance taxes, the passage of the tariff, lowering of freight rates; to exert its influence in obtaining limitation of armaments, to restrain the fluctuations of exchange through responsible agencies such as banks of issue; to remedy the irregular periods of unemployment in such seasonal industries as mining, to seek fair play for the farmer and particularly to establish prospects for vastly increased building activity.

Labor is satisfied because no issue has been decided by the conference as a whole which would prejudice the workers' claims. Although "informational" reports declared for reduced wages, the general body fought shy of any official declaration.

Secretary Hoover believes that the proposals regarding the "four funda-

FRENCH CANCELS LEAVE OF TROOPS ON THE RHINE

BERLIN, Oct. 13.—All leave of the officers and men in the French armies of occupation on the Rhine has been cancelled by General Degoutte because of the complications in the internal German situation.

In the Germen capital the press is vigorously protesting the League of Nations Council's decision regarding Upper Silesia, and is unanimous in declaring that Germany cannot consent to any suggested economic arrangement whereby the disputed territory remains in a doubtful status.

"Germany will never assent to judicial murder from Geneva," the Taegliche Rundschau declares. "We must defend our holy rights with every means at the disposal of this defenseless nation."

It is considered possible that Chancellor Wirth will resign his position and his party is already preparing to handle the crisis. Many Germans are already leaving Silesia in fear of renewed Polish attacks.

Phillips Resigns as State Insurance Head

ALBANY, Oct. 13.—Resignation of Jesse S. Phillips as State Superintendent of Insurance, to take effect November 1, was officially announced today. It was understood here that Phillips is to enter the National Casualty and Surety Bureau in New York in an executive capacity.

Phillips has served as Superintendent of Insurance longer than any other man except one. He was first appointed in 1913 by Governor Whitman.

GIANTS WHIP YANKEES AFTER TERRIFIC FIGHT

Rally by American Leaguers In Final Stopped Only by Wonderful Playing

RAWLINGS IN STAR ROLE

Dives for Liner and Catches It Foot From Ground to Prevent Score

BY WILLIAM SLAVENS McNUTT
(United News Staff Correspondent.)

POLO GROUNDS, New York City, Oct. 13.—The New York Giants won the baseball championship of the world Thursday after stellar defensive play in the final inning against a furious assault by the game Yanks that turned the watching crowd into a mob of raving maniacs. The score was 1 to 0. Anything might have happened in that memorable last inning, and a good many things did.

It was one of those innings that makes slaves for life of baseball fans. Men go to ball games year after year hoping to see something of the sort, and just about the time they get tired and indifferent and ready to quit life pastime, a similar situation occurs and the fading fan is good for another ten years' attendance in the hope that it may happen once more.

In the last half of the ninth the Yanks came to bat one run to the bad. Waite Hoyt, the Brooklyn school boy, had pitched wonderful ball, but a boot by the usually dependable Peckinpaugh had given the Giants a run. With Ari Nehf bending them over like twisting streaks of wild lightning, that one run looked as big as a wholesale bootlegger's yearly profit.

Ruth at the Bat

In that last half of the ninth Pipp was due at the plate. He did not appear. Nehf threw a few to keep

RAIL EXECUTIVES WILL INSIST ON MORE WAGE CUTS

CHICAGO, Oct. 13.—Special trains carrying Presidents and high officials of the great trunk lines were pulling into Chicago tonight for the meeting of executives that is expected to declare for lower freight rates on basic commodities here Friday.

More than 100 railroad executives will attend the meeting.

The executives, besides considering rates, will, it is officially stated, ask the Railroad Labor Board for further reductions of railroad wages and start action for the amendment of the Transportation Act to put all wage questions affecting the roads in the hands of the Interstate Commerce Commission instead of the Railroad Labor Board.

It is expected that in asking for further wage reductions the executives will take a decided stand.

That all of the executives will vote in favor of some further reductions in wages as the only possible way of cutting operation costs and thus making possible freight rate decreases is fully expected.

The railroad union leaders in executive session here today declined to make public their decision on a possible strike and would not say whether they will try to confer with the executives for some sort of compromise.

PERSHING WILL REACH LONDON NEXT SUNDAY

LONDON, Oct. 13.—General Pershing will arrive in London, Sunday and will be entertained at the American Embassy as the guest of Col. George Harvey until his departure for Paris on Tuesday.

The ceremony of decorating the unknown British soldier with the Congressional medal will be held Monday at 11:30 o'clock in the morning at Westminster Abbey. Admiral Niblack who arrived in London Thursday, will represent the navy at the rite. Sir Worthington Evans, Secretary of State for War, will give a dinner for General Pershing Monday evening. The embassy has announced that Col. Harvey will perform the actual ceremony of presenting the medal. Gen. Pershing representing the United States Army.

SPLIT BREAKS UP PARLEY ON IRISH PEACE

British and Irish Each Blame Other for Breaking of Truce Terms

COMMITTEES TO REPORT

No Vital Questions Will be Taken Up Until Truce Problem is Solved

BY RALPH H. TURNER
(United News Staff Correspondent.)

LONDON, Oct. 13.—The government and the Irish peace delegates have thus far been unable to reach any agreement regarding the continued observance of the truce between the Irish Republican Army and the Crown forces, the United News is informed, and until this question is settled no attempt to get down to the main issues in the Irish problem will be made.

Following the sudden adjournment today of the main conference after its brief morning session, three sub-committees met during the afternoon to discuss the truce. The greater controversial points, therefore, remain untouched.

One sub-committee has already laid before the main body its report on the alleged violations of the truce, which the government claims are jeopardizing the cause of peace. Certain remedies are proposed in this report, but there is a wide divergence of views on the issue, each side blaming the other.

No Rupture Feared

The Sinn Fein delegates refuse utterly to accept the responsibility for the recent outbreaks, declaring that the Black and Tan forces are equally guilty.

After the hurried morning session the report was circulated that a hitch had arisen in the proceedings, although the difference of opinion was said to be insufficient to threaten a rupture. Accordingly, in a further attempt to clear up the argument and to settle other questions of minor importance that have arisen relating to the conference procedure, a meeting of the two sub-committees was called. The final agreement, if one is reached, will be placed before the conference Friday morning for approval of the full body.

In addition to the truce problems, the sub-committees are understood to have discussed the question of the interned soldiers of the Irish Republican army. The Sinn Fein leaders are not insistent upon their immediate release, but are demanding better treatment for the prisoners.

Charge Conditions Bad

It is charged that conditions in some of the internment camps and prisons are intolerable, that men are often locked in huts for 14 hours at a stretch, and that their health is constantly endangered.

There was another great demonstration at Downing street when the Sinn Fein delegates arrived for today's session. Eventually the enthusiasm and numbers of the crowd grew to such proportions that the police were forced to disperse them. There was no trouble, however, the mob good naturedly breaking away as the Bobbies forced them to scatter.

JUDGE PROTECTS PUBLIC SERVANTS FROM LANDLORDS

NEW YORK, Oct. 13.—"Civil service employes have a budget to meet. They have no other means of livelihood," said Justice Samson Friedlander in court Thursday. "Therefore I shall refuse to permit any landlord to raise their rents."

Justice Friedlander declared that hereafter any policeman, fireman, letter carrier or public servant would be protected from rapacious landlords. And he ordered Patrolman William Helms to continue paying $40 rent for his flat instead of the $50 demanded by the owner.

Finger Print Town; Fail to Get Slayer

CHICAGO, Oct. 13.—The plan to take the finger prints of all the men in Glenview, Ill., in the belief that Fred Christensen, an employe of the Glenview State Bank, who was found shot to death in the bank three weeks ago, was slain by a local citizen, has apparently failed.

The finger prints were taken more than two weeks ago and no trace of the slayer has been found. The inquest was continued indefinitely today for further

PROHIBITION OFFICERS TO RAID ALL STORES SELLING MALT AND HOPS

Commissioner Haynes Issues Drastic Order Intended to Put Stop to Making of Home Brew—Fears Beer in Private Homes Will Do Harm

WASHINGTON, Oct. 13.—"The perfect friendships" borne of receipts for home brew are threatened. Open war has been declared on private hooch mills.

Malt, hops, stills, spills, caps, thermometers and all utensils, contrivances, machines, preparations, compounds, tablets, substances, formulae, directions of receipts "advertised, designed or intended for use in the unlawful manufacture of intoxicating liquor" are declared unlawful and anyone having them in his possession is subject to prosecution under Section 18 of the prihibition enforcement law.

Henceforth, Commissioner Haynes announced today, the home brewer must stop making "hooch." Although homes will not be raided by the "flying squadron," the new enforcement amounts to almost the same thing—a man can't make hooch if he can't get the stuff to make it.

Seven stores displaying various devices for making home brew and several kinds of malt and hops compounds have been raided here within the last two days. State directors and prohibition agents throughout the country have been instructed by Commissioner Haynes to raid every place where beer utensils and malt and hops are sold.

The action of the new commissioner came as a surprise because during the administration of Commissioner Kramer the dealers even advertised in the newspapers. But Commissioner Haynes said today that he was going to make a determined effort to rid the markets of these utensils because he believed the law prohibited beer in the home.

ARBUCKLE TRIAL IN RAPPE CASE TO OPEN NOV. 7

SAN FRANCISCO, Oct. 13.—Roscoe Arbuckle, once a comedian but now looking as if he never knew how to laugh, had but little more than three weeks to prepare for the battle of his life when he went to bed tonight.

November 7 will see the big chinese of custard pies standing before a court ready for trial on a charge of causing the death of Virginia Rappe, model, film comedienne, and "the best dressed girl in Hollywood."

Arbuckle arrived in San Francisco—scene of the Labor Day party after which Miss Rappe died—early today and entered a plea of "not guilty" to the charge of manslaughter against him.

His attorneys wanted a little more time, but after much arguing November 7 was set as the day for the trial.

CAPT. WELSH WILL SAIL SCHOONER IN BIG RACE

GLOUCESTER, Mass., Oct. 13.—Captain Martin Welch, who last year sailed the Gloucester fishing schooner Esperanto to victory over the Canadian champion Delawanna off Halifax in the North Atlantic Fisherman's Cup Races, will be at the wheel of another Gloucester boat to defend the cup in the races of this year.

The Elsie, with Cap'n Marty at the wheel and manned by a large number of the same crew that handled the Esperanto a year ago, won the elimination race off Gloucester Thursday, crossing the line 11 minutes and 22 seconds, or nearly a mile, ahead of the second best boat, the Ralph Brown, under command of Captain Alvaco Quadros.

The Arthur James finished third, with the Elsie G. Silva and the Phillip F. Manta, a Provincetown boat, a mile and a half behind the James.

SENATOR KNOX'S FUNERAL WILL BE HELD THIS A. M.

WASHINGTON, Oct. 13.—Funeral services for Senator Philander C. Knox will be held Friday at 11 a. m. at St. John's Episcopal Church.

President Harding, Cabinet members, diplomats, Senators and others prominent officially will attend. The regular Cabinet meeting has been postponed by the President.

Members of the Senate Foreign Relations Committee, of which Senator Knox was a member, will be honorary pallbearers. Active pallbearers will be Major Charles Wilson, Major J. R. Clark Jr., William W. Smith of Pittsburgh, Frederick D. Faust, Walter E. Clark and W. F. Martin.

The body will be taken to Valley Forge, where the Senator had a country home, and services will be held from the Valley Forge Memorial Chapel, Saturday at 2:30. The body will be interred in the chapel.

Actress Not Murderess; Held for Vagrancy

LOS ANGELES, Oct. 13.—A charge of vagrancy was today substituted for that of suspicion of murder lodged against Mildred Bailwin and Jean Monroe, actress, held in the city jail since the death of Al Stein, motion picture director, following a liquor party in his apartments.

The tentative murder charges were dropped when a chemical analysis, made by Dr. L. B. White, found no poison present. Acute alcoholism was given as the cause of death.

LONDON MOB MAKES SECOND RAID FOR FOOD

Parades Rags and Hunger Before Upper Classes Until Driven Back by Police

STRATEGY SAVES DAY

Clash is Short Lived and Crowd is Again Pushed Back Into Slums

By RALPH H. TURNER
(Staff Correspondent of the Morning Telegram.)

LONDON, Oct. 13.—For the second time within a fortnight 10,000 poverty stricken men and women today swept up from the East End to parade their rags and hunger before London's upper classes, and for the second time the stern military efficiency of the Metropolitan police has prevented a demonstration which might have ended in horror.

Back Again in Slums

The jobless thousands are back again in the slums with little accomplished. They succeeded in breaking a few policemen's heads. They looted, or attempted to loot, a few cheap restaurants. They buried a few bricks at their hereditary enemies, and then scattered and took up the weary march back to the slums from which they came.

But for a time the situation was ugly. Only the strategy of the blue coats prevented a massed attack upon the shops, restaurants and hotels of the West End.

From Mile End Road to Cambridge Circus, on their way to Trafalgar Square, the demonstrators proceeded without interference. But at this open place they were met by a thousand police and hundreds of Scotland Yard men, mounted and unmounted, who sought to turn them back.

As the uniformed men charged with drawn clubs, the crowd scattered to let them through. Then it closed in on them and the bricks, stones and sticks began to hurtle through the air.

(Continued on Page Two)

Crowd Is Beaten.

The battle was unequal, however. The police were organized and the crowd wasn't. In a few moments some of the forces of the law had been struck down, but the crowd had been out-maneuvered and was breaking away.

Working with splendid precision, the police forced the marchers into side streets, and enclosed the district in a ring through which no demonstrator could break.

Trafalgar Square, in the meantime, resembled a cavalry camp. Four hundred picked mounted officers were quartered there, their horses picketed at the base of Nelson's monument.

Defeated in their attempt to force their way to the favorite oral battle ground of public agitators, the crowd gradually dispersed.

HOWAT, REBEL STRIKE LEADER, IS SUSPENDED

PITTSBURG, Kan., Oct. 13.—President John L. Lewis of the United Mine Workers of America today took a hand in the outlaw mine strikes which have caused almost complete stoppage of coal mining in the Kansas district, by suspending Alexander Howat, insurgent leader who called the strikes, and who is now in jail.

Lewis' action came as the climax of a long struggle during which Howat called unauthorized strikes and was sentenced, with August Dorchy, vice president of the Kansas miners, to six months in jail for violation of a Kansas Industrial Court order.

As Howat has had the majority of miners in this district on his side further trouble is looked for. If the miners do not observe the Lewis order, it is predicted, strike benefits will be cut off.

Lewis placed George Peck and Thomas Harvey in charge of the district. John Fleming, in charge of the district while Howat is in jail, Thursday refused to turn over his office and the finances of the union to the Lewis appointees.

GIRL WHO TRIED TO END LIFE TO GET NEW START

CHICAGO, Oct. 13.—The world has brightened again for Charlotte Callaiex, German grand opera singer.

Wednesday night she declared she was "ready to die" after taking two ounces of chloroform when repeated efforts to win recognition from the Chicago Opera Association failed.

Today her room in the Cook County Hospital was filled with flowers and a message was received from Cyrena Van Gordon, contralto, offering her home in Camden, N. J., as a resting place to recover from the poison.

The condition of the singer was vastly improved by the interest shown in the wire from Miss Van Gordon.

Miss Callaiex left a note when she attempted suicide saying she had "waited six months to see Mary Garden" and had used all of her money.

State Treasurers Must Account for Monies

CHICAGO, Oct. 13.—Attorney General Edward J. Brumbage is preparing suits to compel four Illinois state treasurers to make an accounting of state interest received while they were in office, he announced Thursday.

The suits will be filed, he said, against Governor Len Small, who is now under indictment and whose trial is to take place at Waukegan, Ill., on charges of embezzlement; Lieut. Governor Sterling, also under indictment; Auditor of Public Accounts Russell and William J. Ryan, Jr.

Fire Destroys Plant of Buffalo Firm in Canada

BUFFALO, Oct. 13.—Fire today completely destroyed the Buffalo Specialty Company's plant at Bridgeburg, Ont., across the river from this city. The flames at one time menaced the entire town. The total loss is estimated at $75,000.

The specialty company manufactured liquid veneer for Canadian distribution. Many persons were thrown out of work because of the fire.

Syracuse Man Freed On Charge of Murder

SCRANTON, Oct. 13.—Judge E. C. Newcomb today ordered the release of George H. Hayward of Syracuse, brought here from Philadelphia and charged with the murder of Harry Weidman, Oneonta, N. Y., in this city the night of August 22 last. Hayward is to be returned to Philadelphia to answer a charge of stealing an automobile.

U. S. RELIEF NOW FEEDING 20,000 RUSSIAN KIDDIES

NEW YORK, Oct. 13.—The Hoover relief organization is already furnishing meals to 20,000 children in the Kazan district of Russia, according to the cabled report of Col. William M. Haskell, director of the American relief administration's mission to Russia to the administration's headquarters here.

The latest kitchen to be opened in the Samara district, Colonel Haskell said, was in the village of Novoye Makino, where 600 children were fed the first day. These figures are consantly increasing as new kitchens are established in Kazan and Samara.

Report from Kazan show that this district is in almost as sad straits as Samara. The sick number 500,000, and most of these have no clothing to face the bitter winter, and fuel is scarce and costly.

"The total number of starving in the Tartar republic," the report continues, "is about 1,250,000. Of this number the government is caring for about 240,000. There are 360,000 children between the ages of 5 and 15, and 408,000 under 5, who receive no help."

C. W. Love, Organizer of Ku Klux Klan, Resigns

INDIANAPOLIS, Ind., Oct. 13.—W. Love, one of the most influential organizers for the Ku Klux Klan in the north, resigned Thursday.

Love was Grand Goblin of the Great Lakes domain, comprising Indiana, Illinois, Michigan, Ohio, Kentucky, West Virginia and Minnesota. His brother R. B. Love, King Kleagle of Indiana, also resigned.

Both men said they were leaving the city to engage in business and that their resignations did not necessarily mean that they were out of the order.
