"I REMEMBER"

BY THE OLD TIMERS

From Mrs. Molly Reese, Caston, La.: I remember when my mother carded and spun thread and wove cloth to make our clothes and counterpanes and bed covers on an old wooden loom. My dad made shoes and used wooden pegs to fasten the soles.

From G. W. Secor, Dalton, Pa.: When I was a little boy in dresses living in Dunmore, and the Pennsylvania gravity railroad was in operation handling coal and freight, my sister took me by the hand and went to visit friends near the head of the number 6 plane. I used to go out on the top of the cut in front of the friends' home and watch the gravity trains come up to the top of the plane in small sections, couple up at the summit and coast down through the cut to number 7 plane, where they were hauled up to the top of number 7, and continued likewise to numbers 8, 9, 10, 11 over the Moosic mountains.

From Loyd Conley, Morganton, N.C.: I remember when I was a little boy my dad chewed tobacco and he would give me the tags of the tobacco and I would take them to the store and trade them for candy. Wish I could remember the name of the tobacco.

From Tom Meyer, Cincinnati: I remember by dad, who was bald-headed, wearing a black satin skull cap in the house all the time.

The Edward Zepp family of Syracuse spent last Thursday evening with Mr. and Mrs. Adrian Wooding of Jacksonville Road.
