A Tribute to...

our Chamber of Commerce!

The sincere men who aggressively promote the industrial advantages and potential profit possibilities of our city, comprise our most important, single group of citizens. They are the hard-working members of our Chamber of Commerce. On their shoulders falls the responsibility of attracting new factories and industries to our community, in order that more and more payrolls, families and homes will augment our already prosperous area. Indeed, we might say that the CHAMBER OF COMMERCE is the very life-blood of our daily lives, for their activities penetrate each business, large and small - bringing to all, the kind of help that benefits, directly or indirectly, every man, woman and child in our proud community. We salute the incomparable work of our Chamber of Commerce!
