Lung Association Follows up on Christmas Seals

American Lung Association, announced.

'Christmas may have passed, but the need for Christmas Seal dollars is great,' Felton said. A follow-up mailing campaign will begin soon to secure the additional contributions. Failure to raise those additional funds could jeopardize some vital programs of the association.

Additional Christmas Seal contributions are needed because the campaign of the American Lung Association of central New York is $10,000 short of the $191,000 raised last year, Macao N. Fallon, president of the association, announced.
