

Radio Health Program Meets Public Approval

Can a successful doctor also be a successful "disc jockey"?

Dr. James F. Grant, Oswego County Health Department commissioner, has been one for six years and is about to begin his seventh year with station WSGO in Oswego.

His radio personality comes out once a week with the airing of the program, "Your Health Department and You!" every Saturday at 10:05 a.m., when he answers questions posed by county listeners who have health concerns.

The program has come a long way from the once-a-month show that was initiated in 1973. At that

time, the show was the product of the combined efforts of Dr. Grant and Nick Sterio, chairman of the local health board and staff member of WSGO at the time.

Now Dr. Grant and Robert Gessner, station manager of WSGO, spend Saturday mornings on the air discussing health problems in Oswego County. Along with questions referred by program listeners, Dr. Grant will sometimes offer solutions to frequently-asked questions from his health clinics.

A special aspect of the series is the presentation of guests who are experts in specific matters of interest to public health.

Firefighters Inform Students

Fifth grade classes at Cayuga St. School in Hannibal have been carrying out Operation EDITH (Exit Drills in the Home) with their parents. Speaking to students during Fire Prevention Week were the above, from right to left: James E. Cook, Oswego County Fire and E.M.S. dispatcher and 2nd assistant chief, Cody Volunteer Fire Department; Bob Gardner, student and Cody Volunteer fireman; and Donald H. Gardner, firefighter for the city of Fulton and chief of the Cody Volunteer Fire Department.

PROCLAMATION FOR A UNITED NATIONS DAY OF SHAME

Whereas, the United Nations has never condemned the Communist tyrants for assaulting religious freedom, destroying the sanctity of the family, abrogating property rights, abolishing free elections, or murdering tens of millions, and

Whereas, the UN *did* condemn the United States in 1975 for maintaining military bases in Guam, and in 1976 for importing nickel and chrome from anti-Communist Rhodesia, and

Whereas, the United States has only one vote in the UN General Assembly, while the Soviet Union has three (USSR, Byelorussia and the Ukraine), and

Whereas, America's taxpayers pay twenty-five percent of the UN regular budget, more than sixteen times the amount that a majority of the member nations collectively contributes, and

Whereas, the money Americans "contribute" to the UN has not been used to support American ideals of true human rights and freedom, but instead has been used to suppress freedom and glorify tyrants, and

Whereas, in 1961, the UN troops in the Congo massacred civilians, bombed hospitals, destroyed churches and slaughtered women and children, and

Whereas, in 1971 the UN expelled the government of Free China from its membership, and welcomed instead Communist Chinese tyrants who have murdered millions of their fellow Chinese, and

Whereas, just this year, the United Nations Development Program has approved a \$15 million aid program for these same Communist Chinese, and

Whereas, two groups affiliated with the terrorist Palestine Liberation Organization (the Special Unit on Palestinian Rights and the Committee on the Exercise of the Inalienable Rights of the Palestinian People) have been receiving funds from the UN and

Whereas, UNICEF (which claims to help needy children) has issued medical combat packs to terrorists entering Rhodesia, and

Whereas, far from being a meaningless debating society, the UN is actually the formal framework for a one-world government, and

Whereas, the United States should maintain its sovereignty and freedom, and should not allow the UN to acquire control over its citizens,

BE IT THEREFORE RESOLVED that the United States should get out of the United Nations, and that the UN anniversary on October 24, 1979 should be proclaimed a *United Nations Day of Shame*.
