Burglars!

One good reason to get a **TOUCH'N'GO Automatic Garage Door Opener System.**

Protect your family and keep your property safe from possible theft with the best automatic opener on the market — from The "OVERHEAD DOOR."

- Integral light automatically illuminates garage when door is opened or closed — or activates light without opening the door.
- One-inch obstruction security means door is locked, even if not completely shut.
- Digital radio controls with 19,683 programmable codes provide maximum security and safety.
- Professionally installed and backed by our five-year limited warranty.
