Ladies, read Particular Notice.

THE REAL VELPAU FEMALE PILLS

[Warranted French.]

THESE PILLS, so celebrated many years ago in Paris, for their relief of female irregularities, and afterwards so esteemed for their certain employment in the practice of abortion, are now offered for sale for the first time in America. They have been kept in comparative obscurity from the fact that the originator, Dr. Velpau, is a physician in Paris of great wealth and strict conscientious principles, and has withheld them from general use lest they should be employed for unlawful purposes. In overcoming female obstructions they seem to be truly wonderful, bringing upon the blood gotten from whatever cause may have stopped them; but they are offered to the public only for legitimate uses, and all agents are forbidden to sell them who shall be ascertained that the object is unlawful.

Sold by T. H. Camp & Co., E. S. Jenger, T. A. Peck Watertown, N. Y.

Ladies can procure a box, sealed from the eyes of the curious, by enclosing one dollar and five postage stamps to either of the above agents. may16dm6

Ladies peculiarly situated, or those suspecting themselves so, should not use these Pills during the first three months, as they are certain to produce miscarriage, after which admonition" the proprietor assumes no responsibility, although their mildness will prevent any injury to health. The ingredients composing the above Pills are made known to every Agent, and they will tell you they are safe and will perform all claimed for them. Price $1 per box. Sold wholesale and retail by

Therefore any one offering you these pills for less than $1 a box, avoid them as you would poison. They are bogus. None are genuine unless the name of S. D. HOWE is on every box, which has recently been added, "on account of the Pills being counterfeited."

MEDICINES.

Ayer's Pills

Are particularly adapted to derangements of the digestive apparatus, and diseases arising from impurity of the blood. A large part of all the complaints that afflict mankind originate in one of these, and the intelligent will find these Pills an invaluable remedy in the following cases:

Subjoined are the statements from some eminent physicians, of their effects in their practice.

AS A FAMILY PHYSIC.

From Dr. A. W. Cartwright, of New Orleans.

"Your Pills are the best cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease."

FOR JAUNDICE AND ALL LIVER COMPLAINTS.

From Dr. Theodore Bell, of New York City.

"Not only are your Pills admirably adapted to their purpose as an aperient, but I find that they exert effects upon the Liver not to be mistaken. They have in my practice proved quite effectual for the cure of bilious complaints that any one remedy I can mention. I can truly say that we have not in the whole catalogue of medicines which is worthy the confidence of the profession and the people."

DYSPEPSIA — INDIGESTION.

From Dr. Henry J. Bowe, of St. Louis.

"The Pills you sent me last autumn have been all used in my practice, and have satisfied me that they are entitled to a conspicuous place in the catalogue of medicines. So peculiarly are they adapted to the diseases of the human system, that they prove a perfect success when all other remedies fail. Indeed I have experimentally found them to be beneficial in almost all the complaints for which you recommend them."

DYSENTERY — DIARRHŒA — RELAX.

From Dr. I. O. Brown, of Chicago.

"Your Pills have had a long trial in my practice, and I hold them to be one of the best aperients I have ever found. Their alterative effect upon the liver renders them an excellent remedy, when given in small doses, for bilious disorders and liver complaint. Their sugar coating makes them very acceptable and convenient for the use of women and children."

INTERNAL OBSTRUCTION—WORMS—SUPPRESSION.

From Rev. E. Sweet, who practises as a Physician and Midwife in Boston.

"I find one or two large doses of your Pills, taken at the proper times, are excellent promotives of the natural secretions. They quickly stimulate the torpid liver, and also very effectually cleanse the stomach and expel worms. They are the best physic we have that I recommend as either safe or pleasant."

CONSTIPATION — COSTIVENESS.

From Dr. J. P. Fowler, Montreal, Canada.

"I cannot control the sale of your Pills for the cure of costiveness. In cases of this kind they have found them a very great boon. The colonial journals are proclaiming the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease."

IMPURITIES OF THE BLOOD — SCROFULA — ERYSIPELAS — SALT RHEUM — TETTER — TUMORS — RHEUMATISM — GOUT — NEURALGIA.

From Dr. Rockhill Hall, Philadelphia.

"It is my opinion, Doctor, in advising that your Pills purify the blood. They do that. I have used them in my practice, and have seen the most remarkable results from their use. In all cases of disease originating in impurities of the blood, or requiring alterative treatment, they are the best remedy I have ever found. They stimulate the organs of digestion, and infuse healthy and vigor into the system.

"Such preparations as your Pills are a national benefit, and you deserve great credit for them."

FOR HEADACHE — SICK HEADACHE — FOUL STOMACH — PILES — DROPSY — PLETHORA — PARALYSIS — FITS — &c.

From Dr. Edward Ford, Baltimore.

"DEAR DR. AYER: I cannot answer you all complaints I have cured with your Pills better than to say all you ever heard really is true. I place great confidence in your Pills, and believe they are the most perfect cathartic in use. I do that your Pills afford us the best we have. I receive value them highly."

TALLAHASSEE, Leon County, Florida, July 17, 1860.

To Dr. HERRICK, Albany, N. Y.—My Dear Doctor:—I write this to inform you of the wonderful effect of your Sugar Coated Pills on my elder daughter. For three years she has been affected with a bilious derangement of the system, sadly impairing her health, which has been steadily failing during that period. When in New York in April last, a friend advised me to test your pills. Having the fullest confidence in the judgment of my friend, I obtained a supply of Messrs. Barnes & Park, Druggists, Park Row, New York. On returning home, we ceased all other treatment, and administered your Pills, one each night. The improvement in her feelings, complexion, digestion, etc., surprised us all. A rapid and permanent restoration to health has been the result. We used less than five boxes, and consider her entirely well. I consider the above a just tribute to you as a Physician, and trust it will be the means of inducing many to adopt your Pills as their family medicines.

I remain, Dear Sir, with many thanks,
Your obedient servant,
S. G. MORRISON.
