Plan to Extend Subway Tunnel for Fort Washington Ridge Dwellers

Property Owners Demand Continuation Through Fort George Hill of Base Under Construction.

Mr. Gore Scents Victory.

Milo R. Madieh, of the Public Service Commission, declared yesterday that he had been informed by the local board of health that the extension of the tunnel through the Fort George district was necessary for the health of the people. He said: "I do not know which is the more important, the extension of the tunnel or the health of the people. The extension of the tunnel is a great improvement, and it will be a great thing for the health of the people."
