Wednesday evening a Lehigh symbol train JB 5 was pulling into the lower end of Sayre yard the engine 1635 mounted a switch point and was derailed turning over on its side and two cars following it were thrown over on their side, while several other cars left the track. The train was in charge of engineer Willis Ely and conductor Robert Dillmore, of this place and was running at a fair rate of speed when the accident occurred. None of the crew were injured. The cause of the wreck is being investigated by the railroad officials, but it is supposed that the switch point was not closed tightly. The tracks were torn up for a distance of several hundred feet. The accident happened on the freight leader, so the main line tracks were not blocked.

PACKER AUXILIARY

Annual Meeting Held When New Officers Were Elected.

At the Parish House Tuesday afternoon the General Auxiliary, of the Ladies' Auxiliaries, of the Robert Packer Hospital, held its annual meeting with nearly three hundred ladies in attendance. It was by far the largest attended meeting of the auxiliary since its organization.

Mrs. Louis Piolet, of Wysox, vice president, presided at the meeting. Reports from the various auxiliaries were read, and showed that the past year had been a prosperous one in each auxiliary. The financial side showing that each one had raised their annual pledge and each have a substantial balance in the treasury. Reports showed that each auxiliary had been augmented during the past year with more members, a marked stride forward in the great work of charity.

After the usual routine of business Dr. Silas D. Molyneux, assistant surgeon at the hospital was introduced and in the absence of Dr. Guthrie, gave a review of the work accomplished at that institution during the past year. The report was very good and showed that the number of patients admitted to the hospital during the year had far surpassed any previous year and was nearly double that of the largest record year. He thanked the ladies for the excellent and benevolent work which they are accomplishing.

Two members of the Central Committee have died during the past year and resolutions of regret were passed upon them they were Mrs. Harry Packer of Mauch Chunk, and Mrs. Thomas Jordan, of Towanda.

The officers re-elected for the ensuing year were; President, Mrs. Mary Packer Cummings, of Mauch Chunk; vice president, Mrs. Louis Piolet, of Wysox; second vice-president, Mrs. Howard Elmer, of Waverly; recording secretary, Mrs. William Little, of Towanda; corresponding secretary, Mrs. Bert Hayden, of Sayre; treasurer, Mrs. H. P. Maynard, of Athens.

Members of the following auxiliaries were in attendance, Wysox, Waverly, Athens, Towanda, Sheshequin and Ulster, and Rome.

The social side of the annual meeting was a luncheon at the Parish House that noon to the members by the Monday Club, of this place. Luncheon was served to the members in the main auditorium which was neatly decorated and arranged for the occasion. Covers were laid for over two hundred. After the luncheon, the time until the meeting hour was enjoyed in an informal way by the members, which promoted fellowship and friendship among the various members. The day was one of the most pleasant since the organization of the auxiliaries.

THE FULL CREW BILL

The full crew bill presented in the last legislature has been signed by Governor Tener, and will make a material difference in the workings of the Lehigh Valley out of Sayre, if the bill is carried out as it reads, as well as all other railroads in Pennsylvania. The bill provides that not less than six men shall be employed on trains of more than thirty cars, an engineer, fireman, two trainmen, a flagman and a conductor. Trains of less than thirty cars, according to the law, will be only required to have five members in the crew, the same as present. Passenger trains composed of not more than three coaches and a baggage car must have a crew of five men, which does not include the pullman conductors or porters. Passenger trains composed of more than the above must have a crew of six men exclusive of Pullman employees. The fine for each violation of the law is \$100. The Lehigh trains sent east from here are mostly all composed of the number of cars required for a full crew and it is probable that a number of new trainmen will be employed to fulfill the law.

The twice a month pay bill, which was introduced in the last legislature has been vetoed by Governor Tener, who says "This bill is another attempt to prevent employers and employees from making their own contracts. Previous legislation of this kind has been pronounced unconstitutional."

THE N. P. A.

Officers Must Attend Hearing This Morning in Dauphin County Court.

Another prod has been given the officers of the National Protective Association of Williamsport, through subpoenas served on them to be present at a hearing to be held before Judge Kunkle in the court of common pleas of Dauphin county, this morning at 10 o'clock when they will be invited by the commonwealth to tell what they know of the disposition of the funds of the association and the methods used to divert the funds to the coffers of the American Patriots at Springfield, Illinois.

It is stated that J. W. Beaman, former president of the Keystone Guard, of Athens, who as well as officers of the National Protective Association, is wanted for the purpose of securing further enlightenment of the bargain which was entered into between the Protective Association officers and the American Patriots last fall when the business of the organization was turned over to the Illinois concern.

The issuance and service of the subpoenas marked the culmination of a long fight to secure information concerning the closing of the business of the N. P. A. When the transfer was first attacked the attorneys for the policy holders apparently ran up against a stone wall and the proceedings moved slowly. They were before the Dauphin county court at the same time as those concerning the Keystone Guard. In the Keystone Guard case the attorney general's office found itself under the necessity of coming into court with an amended suggestion. A similar procedure was followed with respect to the Williamsport concern.

In addition to the attack on the National Protective Association through the office of the attorney general, proceedings looking to the appointment of a receiver were instituted in the court of common pleas of Lehigh county. Two sets of papers were filed.

One of the purposes of the proceedings that have been under way for nearly six months is to secure from James Goodell, Jr., of Chicago, who was appointed trustee, to handle the funds applicable to the maturing of the certificates of Class B, whatever assets he may have in his possession. In addition there is sought a general accounting from everybody connected with the transfer of the funds of the association.

Hungarians Still in Trouble.

Another chapter has been added to the already voluminous Namet-Kneise-Rogenski, booze fest-baby case and this time the charge of trespass is brought against Namet and Rogenski by Kneise to recover damages for injuries sustained by his small offspring at a celebration held in Namet house, some time ago, when the child had one of its legs broken by Namet falling on it.

The case has been tried before two justices and each time it was dismissed. Kneise through attorney D. E. Kaufman, of Towanda brought the suit for action in trespass and Tuesday morning the two defendants were taken to Towanda by County Detective McCracken. The case was brought in the court of common pleas and that court held the two men in bail of \$5,000, each. A rather large amount and the men had difficulty in securing it. C. C. Yeom of this place, is the attorney for the defendants. The action against the two men was brought on what is known as a capias, which is in fact a civil warrant.

At the Springs' Corners grounds the Spring's Corners team played the Waverly Hook and Ladder team, being defeated by a score of 12 to 11. It took eleven innings to decide the game. It was a hitting contest.

Milltown 15, Osborne team 4 was the score of the game played on the Cayuta Heights Park grounds. Langley and Snedeker were the battery for Milltown and Hensley pitched and Loveland caught for the Osborne team.

At the Asa Packer Field two games were played, the Coleman Colts defeating the Waverly Independents by a score of 13 to 0.

In the big game the Coleman Memorial team defeated Ulster 8 to 5. The game was hard fought and the Ulster team say they lost the game on account of the unfair decision of the umpire, and in this the audience agreed with them. Oakleaf pitched four innings for the Coleman, when he was hit pretty hard and Cramer was put in his place. A Reagan caught for the locals, for Ulster Wheatley pitched and Morrison caught, Ulster had but 2 errors against the Coleman Memorial's 5 and Ulster made 3 hits to the Coleman Memorial's 4.

WHY GIRLS LEAVE HOME.

Tired of living in a small town and wanting to see the world two good looking and well dressed girls about eighteen years of age, Bessie Leary and Clara Fittinger, of Farmington a small town near Catsaugus, Pa., drew their wages at a silk mill where they worked and "bided bit," without bidding goodbye to their parents.

The two girls were taken from Lehigh train eleven at the local station Monday noon by Chief Sisson and Lehigh officer Evans, after a message had been received here from the police at Lehigh giving a description of the girls. They were taken to the City Hall by the officers and word was sent to the Lehigh police. Once at the City Hall they opened up considerable abuse on the two officers and between crying and swearing they told the story of their running away from home. They said they were dissatisfied with their home life, and that their parents were cruel to them. After drawing their wages at the silk mill they went to Mauch Chunk and purchased tickets over the Lehigh to Buffalo as they wanted to see the world and have a good time. Another crying spell and then the girls said they would never return to their homes and if taken by force they would run away again.

The fathers of the two girls arrived here on the Black Diamond Express that evening and immediately went to the City Hall, where after an interview with the girls, during which the girls shed many tears, the parental forgiveness was given and everything was all right. The fathers could give no explanation for the actions of the girls other than they were tired of living in a small town and wanted to get out in the world and stated that their home life had always been the best. The quartet left on train 12 Monday for their homes at Farmington.

PUMPKIN SOCIETY.

The semi-annual meeting of the Pumpkin Society for the purpose of electing officers was held in their club rooms Monday night, at which the following officers were elected for the next six months: President, John Adam; vice-president, Leman Baker; secretary, Thos. Jordan; treasurer, Wm. Mott; general manager, Thos. Jordan; asst. general manager, Lloyd Jones; committee of management, John Adam, Claude Druckmiller, Sargent Roland Murray; press agt., Leon Shelden.

At the conclusion of the election a smoker was held after which the members enjoyed a banquet served by Lloyd Jones a member of the club. It was a royal good time, interspersed with singing and speeches.

The Pumpkin Society was organized five years ago as a social club with a membership of thirteen and would meet each week at some member's home, the finances then became so that rooms were rented and furnished as club rooms and recently the club has taken over the entire southern half of the second floor of the Richards block and made cozy club apartments out of it. They have a spacious pool room, card room, parlor, office and kitchen and bath. The rooms are decorated and furnished in very good taste. At present the membership is composed of 27 well known young men of the town. It is the only club ever organized in Sayre which has kept together for such a length of time, which reflects greatly upon the officers of the club.

C. T. Lilley's Store Broken Into.

The grocery store of C. T. Lilley, on South Elmer Avenue, was entered by burglars Sunday night. Entrance was made through a rear window by removing a pane of glass nine by twelve inches. From the size of the opening it is thought that the work was done by some small person as outside the window was a nail on which the person stood. When the store was opened Monday morning change from 50 cents to a \$1 was missing besides some candy, cigars and tobacco. The exit was made through the rear door.
