Charles Cray was nominated by the Tammany and Liberal Republicans last night, as Grant's successor.

The workingmen gave up the proposed parade yesterday, after denouncing by resolution the refusal of the authorities to let them march where they pleased.

FROM WASHINGTON. SENATORIAL CAUCUS. WASHINGTON, Jan. 13.—The Republican Senators in the caucus to-day, determined to give precedence to the discussion of the resolutions reported from the Finance Committee, regarding the resumption of specie payment, until the resolutions are disposed of, and then the bankruptcy bill and the Louisiana questions will be respectively taken up.

A caucus of Republican Senators to-day morning, was called, especially to exchange views relative to the nomination of Mr. Cassius, when it was discovered the opposition to it was much greater than was supposed, even by those who had made up their minds to vote in the negative on the question of contradiction.

Committee Business. The Committee on Appropriations considered the subject of the postal telegraph, heretofore referred to them by the House. The committee reported the question for one week when they will determine what they will do with the matter.

The meeting of the Senate at noon interrupted further proceedings of the caucus, but after an early adjournment the session of the caucus was resumed, when Messrs. Edmunds, Conkling and Brewwell advocated the nomination of Mr. Cassius. These three were principal advocates, but those who spoke on the other side were far more numerous, and before the discussion ended it was discovered that the committee's friends were in the minority, and finally the general vote named seemed to yield to the views of the majority.

The best indication of the views of the Senate on the subject of the nomination, was given by the members of the Committee on Judiciary, were requested to wait upon the President in reference to the nomination. Also they were not formally instructed. It was a general understanding that they should represent to him the feeling and views of the Republican Senators upon the subject, and in reference to the nomination. The opinion therefore prevails among them that the President, on hearing the statement, will withdraw the nomination. Objection to him was based on purely political grounds.

Weather Probabilities. WASHINGTON, Jan. 13.—A. M.—For New England, the Middle States and the lower lake region, snow will prevail with fresh to variable winds and lower temperature; the storm which is now central in the Middle States will be followed by a heavy snow storm during Wednesday night and Thursday.

FROM THE EAST. Fire in Boston—\$150,000. Boston, Jan. 13.—The brick building No. 70, 72, and 74 S. Broadway street, was burned to-day. The loss will amount to \$150,000. In addition to the loss by the occupants, Lee & Shepard and several other publishers had works of value going through the process of binding. The flames were very threatening at one time, and the entire Fire Department was called out.

By the fire in Southbury street in morning the principal losers are Fleming & Co., bookbinders, who gave employment to about one hundred persons, fifty of whom were women. The firm had stock valued at from forty thousand to fifty thousand dollars, which was destroyed. The firm also had on hand for binding, about one thousand dollars worth of books, belonging to publishers in Boston and New York. Among the losers are Osgood & Co., Lee & Shepard, John L. Shorey, the Congressional Publishing House, R. S. Davis & Co., and Estes & Lauriat.

The Labor Reformers in Boston. Boston, Jan. 13.—A committee organized in labor reform, waited upon Mayor Cook to-day, and presented a petition asking the city authorities to commence extensive public improvements, in order to give employment to as many applicants for work as possible, and declaring the willingness of the workmen to accept city scrip in lieu of funds is pleaded as an excuse for not granting the request. It also asks that the contractor be allowed to bid that workmen be hired directly by the city, and that work and time be established at eight hours per day.

The Mayor replied that such expedients as suggested would greatly impair the future credit of the city, and in the end result in injury to working men instead of benefit. The public fund cannot be used to commence a strike, and this plan would increase the already large class who lean upon the Government for support, instead of depending upon their own exertions.

In conclusion the Mayor said the outlook does not appear to be all gloomy, the effect of the late financial disturbance is already being worked out, and many factories, will soon resume their wonted activity, and I have no doubt there will soon be plenty of work for all who desire it.

Destructive Fire at Natick—the Town Destroyed. NATICK, Jan. 13.—The fire broke out this morning broke out in Sherman block, Main street, and spreading rapidly in various directions consumed nearly the whole business portion of the village. Only three houses were saved. The loss is estimated at a half a million, but is pretty well insured. Several steamers were sent from Boston.

The Female School Committee. Boston, Jan. 13.—Miss May and Miss Peabody, two of the women recently elected on the School Committee, appeared and were admitted to seats at the meeting of the Board last night. The legality of the proceeding is still pending.

MISCELLANEOUS. National Board of Trade. BALTIMORE, Jan. 13.—An adjourned meeting of the National Board of Trade, about 40 delegates present, met here to-day, Frederick Truhey, of Philadelphia, in the chair.

Mayor of Cincinnati moved that subject one, two, three and four of the official programme, embracing the reform of currency, restoration of specie payment, national banking, and the national banking law be referred to a committee of nine to be appointed by the president, the latter to be chosen by said committee, and to report on Thursday morning.

The motion was adopted and the following committee appointed: Enoch Pratt, of Baltimore; B. F. Morse, of Boston; A. M. Wright, of Chicago; A. Lester Taylor, of Cincinnati; W. O. Smith, of New York; J. W. Foster, of New York; Geo. B. St. Louis, of New York; W. H. Woodson, of Philadelphia; P. S. Marsh, of Buffalo. Consideration of taxes on immigrants was discussed for some time and postponed till to-morrow.

They paid twenty dollars last month. A large number of mounted men go from place to place allowing none to work. An appeal from the citizens was to-day received by Mr. Kellogg, asking for aid, which he sent to-morrow.

Fatal Railroad Collision in Wisconsin. BALDWIN, Wis., Jan. 13.—By a collision near Alton, Wis., on the Chicago and Northwestern road, between a regular and a freight train, the freight train was crushed to the wreck, and lived but a short time. G. H. Gunn, brakeman, had his arm badly broken, Charles Bowball, engineer, was injured about the chest and shoulders, by jumping from the engine. Dan Chamberlain, engineer of the freight train, was seriously injured. The accident was wholly due to carelessness of the conductor and engineer of the freight train.

New Jersey Engineers on a Strike. WHITING, N. J., Jan. 13.—The engineers of the New Jersey Southern Railroad, by a preconcerted arrangement, and the instigation of all the other employees of the company, last night after taking their regular trains to their destinations, ran their engines to headquarters of motive power of the road at Manchester, and then disconnected them. This has compelled a closing up of business on this road and on other roads depending on it for connection. The cause of the strike is the failure of the company to pay wages due them. The track was torn up in several places to prevent the trains of other roads from running on the New Jersey Southern Company's tracks.

Memphis Relief Fund. MEMPHIS, Jan. 13.—The Howard Association to-day resolved to place \$30,000 out of the \$40,000 now in their hands to the credit of the several States in proportion to the amounts contributed thereby. The fund is to be drawn upon as may be needed for the relief of destitution in the various States. The remainder of the fund is retained for their own suffering.

Senator Thurman Re-elected. COLUMBUS, Jan. 13.—Mr. Thurman received in the Senate to-day, 23 votes for United States Senator against 14 for Governor Hayes. In the House Mr. Thurman received 57 votes and Hayes 44. The election of Mr. Thurman will undoubtedly be ratified in the joint session.

MINERS' STRIKES. WILKESBARRE, Pa., Jan. 13.—Runners are the of a general strike of the miners throughout the anthracite coal region, and there is considerable excitement already. A prominent officer of the miners' and laborers association, stated to-day that the miners were fully prepared for a strike for the entire season, and under no circumstances will they submit to a reduction of wages.

The operators of this section have not asked for a reduction of wages, but will not consent to make any advance over the basis of last year.

POTTSVILLE, Pa., Jan. 13.—A meeting of coal operators and miners have been held at Pottsville, Mount Carmel, and other points in the upper section of the Schuylkill region, comprising a portion of Northumberland county yesterday and to-day.

It was found by reports submitted that voting was almost unanimous in favor of adopting the basis of 1873 for this year.

Some of the individual operators have already agreed to continue mining on the 1873 basis.

The miners are confident in case a compromise is not effected on the 17th, that the strike will become general, and that they can hold out for several months. The Philadelphia and Reading Company are receiving a rigorous fight and are determined not to yield. The prospect for an early resumption are not good, and the probability are that the coal shortage for the early season of 1874 will show a heavy decline compared with 1873 shipments.

POTTSVILLE, PA., JAN. 13.—A MEETING OF COAL OPERATORS AND MINERS HAVE BEEN HELD AT POTTSVILLE, MOUNT CARMEL, AND OTHER POINTS IN THE UPPER SECTION OF THE SCHUYLKILL REGION, COMPRISING A PORTION OF NORTHUMBERLAND COUNTY YESTERDAY AND TO-DAY.

IT WAS FOUND BY REPORTS SUBMITTED THAT VOTING WAS ALMOST UNANIMOUS IN FAVOR OF ADOPTING THE BASIS OF 1873 FOR THIS YEAR.

SOME OF THE INDIVIDUAL OPERATORS HAVE ALREADY AGREED TO CONTINUE MINING ON THE 1873 BASIS.

THE MINERS ARE CONFIDENT IN CASE A COMPROMISE IS NOT EFFECTED ON THE 17TH, THAT THE STRIKE WILL BECOME GENERAL, AND THAT THEY CAN HOLD OUT FOR SEVERAL MONTHS.

THE PHILADELPHIA AND READING COMPANY ARE RECEIVING A RIGOROUS FIGHT AND ARE DETERMINED NOT TO YIELD. THE PROSPECT FOR AN EARLY RESUMPTION ARE NOT GOOD, AND THE PROBABILITY ARE THAT THE COAL SHORTAGE FOR THE EARLY SEASON OF 1874 WILL SHOW A HEAVY DECLINE COMPARED WITH 1873 SHIPMENTS.
