Absolutely and Permanently Cures

Every kind of sexual weakness. He has successfully treated hundreds of cases in this vicinity, and will guarantee a perfect cure to every person whom he undertakes to treat.

The following testimonial, published by permission, will give hope to many similarly afflicted:

No one can possibly know, unless similarly afflicted, the agony I endured both mentally and physically from my early indiscretion, weak, vacillating, nervous prostration, loss of memory, in fact complete loss of manhood. I hated myself and the world generally. Dr. Showerman came to me like a burst of sunshine through thick clouds. I began to improve at once and am now a man again, thanks to him. I had been fooled by quacks until I was completely discouraged, but I found at once that Dr. Showerman knew his business.

THE Y. M. C. A. FIELD DAY.

It Resulted in Some Very Pretty Races and Was a Success in Every Way.

The Y. M. C. A. field, which has already cost $13,000, was formally opened yesterday with contests in the morning and afternoon. The afternoon card attracted a fair crowd but was not as large as was expected and there were many vacant seats in the grand stand and in the bleachers.

A programme of 20 events, consisting of bicycle numbers, runs, dashes and jumps, had been made out, with a good list of competitors.

The races were all pulled off in excellent shape and Physical Director Cameron thanked all the officers who helped. The officials were: Cycle referee, Edward Leonard; announcer, C. J. Sullivan; starter, F. S. Jacques; judges, L. F. Leonard, E. G. Wickes, A. R. Knox, Edward A. Ross; timers, W. A. Martin, F. S. Smith, George F. Bannigan; measurer, C. I. Avery; clerk of course, S. B. Kimball; assistants, W. B. Patterson, George H. Lamb, H. W. Brewer, W. L. Robinson; scorers, V. T. Holland, F. B. Squyer, F. H. Hosmer; athletic referee, Edward Leonard.

The first event on the card was the one mile novice, run in two trial heats, four men to qualify in each heat for the final. John Duncan, a coming rider, captured the first heat easily in 2:49 3-5 with Samuel J. Patterson second, H. Bigger third, and E. F. Sayler, of Mecklenburg, fourth. It was a very pretty contest.

The next heat went to F. M. Hurd, of Newark, who covered the mile in 2:44. H. J. Meyers, of Auburn, was second, Frank A. Elphee was third and J. Schroth was fourth. B. L. Smith, of Syracuse, fell on the back stretch on the third time around and did not finish. Schroth, who got fourth place, fell at the finish but carried his wheel across the line and qualified for the final.

The next event was the 100 yards dash, a handicap race. This first heat was a pretty race and was captured by H. T. Johnson, two yards, with Edward D. McCarthy, eight yards, second and Otto Hornung, two yards, third, the time being 11 seconds flat. The second heat went to L. R. P. Weed, of Binghamton, who had two yards, with C. S. Schuch from the five yard mark second and H. Ryan, scratch, third. The time was 10 3-5.

The next event was the first heat of the professional race between William Birdsall, of this city, and C. H. Werick, of Buffalo, for a purse of $50. The first heat was a half mile, the men being paced by a tandem ridden by Tucker, of Cortland, and Baker, of this city. The heat went to Birdsall who won on the sprint in 1:10.

The final in the 100 yards came next and Carl Schuch captured this with Ryan second and Weed third in 10 3-5.

The three trial heats in the half mile handicap were then run off. The first heat went to S. J. Patterson in 1:08 with Frank J. Manning second and D. L. Sullivan third.

The second heat went to F. S. Russell, of Seneca Falls, with J. F. Sullivan, of the same place, with 30 yards, second and F. M. Hurd, of Newark, with 35 yards, third. The time was 1:13 2-5.

The first place in the third heat was won by John Duncan who had 20 yards, second going to R. Mills, of this city, from the 35 yard mark, and C. H. Cary, of Binghamton, from the 55 yard mark, third. The time was 1:11.

The 440 yards handicap dash was then run off. This was won by Weed, of Binghamton, who had five yards, with Carl Schuch, from the 20 yard mark, second, and M. Kinsella, from the 10 yard mark, third. The time was 1:03.

The second heat in the match race was then run off. At the finish of the first heat, Werick objected to the half mile distance. He said he had come here with the understanding that he was to ride the best two in three mile heats and he wanted the other two to be mile heats. Birdsall did not object to this and the second heat was announced to be a mile. Birdsall caught the pace and kept the tandem until the back stretch was reached on the last turn. Then Werick jumped and in a long sprint won out in easy style in 2:24.

This was followed by the first heat of the mile open. John Duncan captured first in his heat in 2:33 3-5 with J. Schroth, of Rome, second and C. R. Dean, of Owego, third.

The second heat went to D. L. Sullivan with C. H. Cary, of Binghamton, second and F. M. Hurd third in 2:39.

Then came a high jump contest in which there were two Auburnians and H. A. Austin, of Brooklyn, who holds the State record. Edward McCarthy had a handicap of 10 inches and cleared 4 feet 7 inches, making a total of 5 feet 5 inches. Frank Laper, who had a handicap of seven inches, cleared 4 feet 10 inches. Austin then jumped in exhibition and cleared 5 feet 9 inches, breaking the State Y. M. C. A. record of 5 feet 7 inches.

The final heat of the novice race was then run off. It went to Schroth, of Rome, with Sayler, of Mecklenburg, second, and Hurd, of Newark, third, in 2:38 2-5.

The quarter mile race for boys followed and was won by C. W. Smith, of Ithaca, in 49 seconds, with A. Owen second and R. Hemingway third.

The final heat in the half mile handicap was then run off. First place was taken by D. L. Sullivan in 1:09 2-5 with Cary second and Manning third.

The baseball throw which was taking place at the same time was won by Edward O'Hora who threw it 252½ feet.

The final heat in the match race followed and was won by Werick. He caught the tandem and held it until the stretch when both men made a pretty sprint and the Buffalonian won out in 2:23.

The final heat in the mile open went to Cary who beat Sullivan out on the sprint, with Hurd, of Newark, who paced, third.

The 120 yards hurdle went to Austin, of Brooklyn, easily in 17 seconds with Kinsella, of Auburn, second, and H. T. Johnson third.

The 220 yards handicap dash had two starters and both got places. Charles McCarthy, from the 30 yard mark, went over the line first with J. Davis, on the 20 yard mark, second. Time 28½.

The 1,000 yard, handicap run went to Carl Schuch who had 50 yards, with J. Simpson and F. J. Carter, both from scratch, second and third respectively in 3:53.

The last event in the contests was the two mile handicap which was captured by C. H. Cary, of Binghamton, with 200 yards. Frank Manning, with the same handicap, was second, W. H. Corey, jr., 60 yards third, and F. S. Russell, 20 yards, fourth. The distance was covered in 5:07.

Birdsall, paced by the tandem on a flying start, rode an exhibition quarter mile in 31 seconds, establishing a track record.

There were no bad injuries in the races although Duncan and Patterson had a bad spill in the final heat of the novice race. They were leading the bunch and making a pretty race for first place when Duncan went down and Patterson went over him. Both riders were skinned but their injuries were trifling and they rode in the other races.

The summary:

The Shakers' Ideas of Medicine.

Nowadays when a man goes to his doctor, he is usually told that he has some unheard of disease with a long name, and when he leaves the office he does not know whether it is St. Vitus Dance or consumption that is gradually undermining his health.

It is therefore refreshing to talk with the Shakers, for their very simplicity commands confidence and respect, and we have the further satisfaction of knowing that they have devoted themselves to the study of disease and its cure for more than a hundred years.

The venerable old man whom the writer saw was only too glad to discuss his pet subject. He said that strange as it might seem, very few doctors realized that three-quarters of the most prevalent diseases were all attributable to faulty digestion.

He then went on to say that a child of average intelligence knows that putrid meat or decaying vegetables are poisonous, and must be avoided, and yet these same foods, even if taken into the stomach in the freshest possible condition soon decompose unless digested and absorbed.

In such cases the resulting poisons enter the system, when aches and pains, weakness and debility soon follow as a natural consequence.

It was recognition of this that led the Shakers to devote their energies to the perfection of a product which would stimulate the digestive organs and assist them to perform their proper work.

The first symptom of disordered digestion is loss of appetite, and the Shaker Digestive Cordial is wonderfully efficient in supplying any deficiency in this respect, at the same time it relieves all distress after eating. Furthermore, as was carefully explained by our venerable friend, it is absolutely harmless.

Better evidence of the Shakers' confidence in it could not be found, than in the fact that they have placed 10 cent sample bottles in the hands of all druggists, assured that if once tried it will produce such immediate and marked benefit that it will be continued.

SENECA COUNTY.

A Flippant Young Man from Rochester Gets Himself Into Trouble—Other Notes.

SENECA FALLS, July 5.—Saturday afternoon Officer McGuire was nearly run down by a young man with a bicycle while coming up Water street hill, and as this is one of the proscribed streets the officer naturally took the rider in charge. The young fellow acknowledged having seen the signs but rather flippantly added that he didn't know what they meant, and to the officer's request to go with him to headquarters said he didn't have time, as he wanted to catch the 2 o'clock train. He went, however, but could not be convinced that he was being used right and tried to convince the justice that he should be let off. He gave his name as L. M. Roberts and his home as Rochester, in which city, he said, these matters were conducted differently. The justice was firm and insisted on his paying the fine which he finally did but in a very ungracious manner, by taking the money from his pocket and throwing it on the desk and then informing the justice that if he ever came to Rochester he might do him harm. The officer who made the arrest remonstrated with him for his language when the young man turned on him and finally ended by daring him to re-arrest him and then ran out and down the stairs, and made for the depot, where he was found a few minutes later by Officer McGuire. He was returned to police headquarters where, after he had acknowledged his error, he was severely reprimanded and discharged.

Several young men were standing in front of Burritt's meat market yesterday, discussing the morning news when one of them tapped another of the party on the chest. The blow was a light one, and given and taken in good part, but the result was rather surprising. The one who was struck stepped back against another one of the party, who in turn stepped backward through the window. The young fellow who gave the first blow settled the bill and although it pulled a little heavy on his purse, expressed himself as satisfied.

Saturday and Sunday were by far the hottest days so far this season, the thermometer hovering about the hundred mark, both days. Yesterday, however, was comfortably cool, at least during the afternoon and evening. The Fourth was ushered in by bonfires and fire crackers at midnight Sunday but as there was no celebration during the day nearly every one went to the lake or Waterloo and not a few went to Syracuse, so that the village had very much the appearance of Sunday.

The following officers of Powhatan lodge No. 310, I. O. O. F., were installed Friday evening by District Deputy Grand Master Todtman: Noble grand, Solomon Sisco; vice grand, William Barter; secretary, George E. Wellbery; treasurer, George Drew; R. S. N. T., Charles Avery, L. S. N. G., Fred Young; R. S. V. G., Dearcy Hurritt; L. S. V. G., William Runyan; com., James Button; war., Vert Bishop; I. G., Edwin V. Fox, P. G., George Cuddeback; R. and L. S. S. and O. G. were left over for one week.

Mathew Kasey, of New York, is spending a two weeks' vacation with friends in this place.

Mr. and Mrs. James Cain, of Chicago, are visiting relatives and friends in this place.

Hon. Chauncey G. Heath has just returned from Milwaukee, where he attended the fiftieth anniversary celebration of the admission of Wisconsin into the Union of States. Mr. Heath, who is passing the evening of life among the friends of his youth in this place, was one of the pioneers of Wisconsin, where by his ability he rose to distinction, being several times elected to the territorial Legislature. He was also a member of the first Legislature after it had become a State. While there Mr. Heath met H. C. Hobart, who was, with him, a member of the fifth territorial Legislature, they being the only surviving members of that body.

The pier at Bull's Grove is being built out into the lake far enough to enable the large lake steamers to make regular landings.

Professor W. J. Dillingham, who has conducted a business college here for the past year, has gone to his old home in Indiana where he will reside in the future. During his residence here he brought the school up to a high standard of excellence and has made many friends who will regret to part with him but will wish him success wherever he may go.

The American Fire Engine company has received an order for another engine for the New York city fire department.

Joel Troutman, who has been spending the past year roughing it in Colorado and New Mexico, has returned home fully restored to health. His traveling companion to the West, Arthur Andrews, son of C. T. Andrews, is now on a trip through the North Park, as guide for a party of Normal school teachers.

Assistant Paymaster John R. Sanford has been ordered to report for duty at Boston.

WATERLOO, July 5.—The Fourth of July was celebrated here yesterday in the old-time manner. The streets were thronged with people all day. In the forenoon there was singing of National airs by a chorus of 150 children's voices and an oration by Colonel Archie E. Baxter, at the public park. The fusileer parade caused much sport. It was well gotten up. In the afternoon there was a parade of the Waterloo Fire department. The line was headed by a platoon of police. There were seven uniformed companies in line, and all presented a fine appearance. The seven-mile bicycle road race to Seneca Falls and return was run off in the following order: Morse Wardell, first; George Denniston, jr., second; John Atkinson, third; L. Baker, fourth; Robert Parker, fifth; Arthur Johnson, sixth; William Archer, seventh; Lewis Burgess, eighth; Floyd Lisk, ninth; Schuyler Post, tenth; Charles Shelensky, eleventh. There were several spills along the line, but no one was seriously injured; time, 22 minutes 10 seconds. Saxton's band, of Lyons, gave a concert in the evening, as did also the Waterloo Cornet band, during the display of fireworks.

The Waterloo Organ company swung to the breeze yesterday morning a handsome large American flag, 12 by 18 feet.

Cottolene

has every virtue that lard lacks. Lard has many faults that Cottolene is without. Cottolene is composed of refined cottonseed oil and carefully prepared beef suet and is as pure, healthful, and nutritious as the highest grade salad oil. As good as the best olive oil for frying and better than any other material for shortening, Cottolene is even more economical to use than lard.

The genuine Cottolene is sold everywhere in one to ten pound yellow tins, with our trade-marks—"Cottolene" and steer's head in cotton-plant wreath—on every tin. Not guaranteed if sold in any other way. Made only by
