Life's Change.

Much Suffering at This Critical Period Saved by Dr. Miles' Nervine.

"Change of Life" is one of woman's greatest and most dangerous troubles.

Often it is not recognized, and the distressing symptoms are mistaken for Dyspepsia, Liver, Womb Trouble, etc.

The depressing constitutional effects of Change of Life, and the female Disorders so common at that period, are best treated with a general nerve restorative which will give tone to the entire system—Dr. Miles' Nervine.

The beneficial effects of this celebrated medicine are very quickly felt, and the constitutional disturbances tided over. Pain and anxiety are relieved, and fresh energy infused into mind and body.

It is the medicine which acts on the nerves which regulate the organs of the body.

Such distressing troubles as Backache, Headache, Bearing-down Pains, Bloating, Indigestion, Menstrual Irregularities, Irritability, Dizziness, Loss of Appetite, Tired Feeling, are relieved and cured by Dr. Miles' Nervine.

"My wife was a sufferer from an attack of nervous prostration, brought on by female weakness, and was in very poor health. After reading one of Dr. Miles' advertisements, she concluded to try Dr. Miles' Nervine. She obtained good results from the start, and now after taking second bottle enjoys good health. Words cannot express our appreciation of what it has done for us."—E. J. AUGUSTINE, New Orleans, La.

A MAN TO WHIP JEFF.

Billy Madden Says He Knows Where There Is Such a Fighter.

AND HE'S ASKED TO PRODUCE.

There Are Those Who Believe Madden Is Romancing and If He Means Rublin He Certainly Is—Kid McCoy Is in Great Demand—Swimming Records Broken at the St. Louis Olympic Races—New York Nationals Made It Four Straight from Boston. Results of Other Games in Four Leagues Yesterday.

SAN FRANCISCO, Sept. 7.—Billy Madden is out with a statement that he knows where there is a fighter who, with a little development, can wrest the heavyweight championship from James J. Jeffries. This is interesting to Californians who think Jeffries is the greatest fighter ever born, and they want Madden to produce this would-be champion.

Madden, however, is mysterious, and this leads the sporting public to believe he is romancing. If Madden has Ruhlin in view, then he will be the laughing stock of the country.

"Kid" McCoy is in great demand here. He already has contracted to fight O'Brien and "Twin" Sullivan, and now there is a movement on foot to have him arrange to meet Marvin Hart. It is likely that McCoy will drop the Sullivan match and take on Marvin Hart.

Records Were Beaten.

ST. LOUIS, Sept. 7.—The American 50 yards swimming record of 31 seconds, held by David Gaul, of the Pennsylvania Swimming club, was broken by Zoltan Hollomay, of Budapest, and Scott Leary, of San Francisco, who tied and covered the distance in 28 3-5 seconds, in yesterday's Olympic swimming races. In swimming off the tie, Hollomay won, lowering the record to 28 seconds.

C. M. Daniels, of the New York Athletic club, won the 220 yard championship swim in 2:44 1-5, broke all records, including the world's record of 2:46, held by David Billington, of England, and the American record of 2:50 4-5, held by E. Carroll Schaeffer.

WOMAN IS STRONGER THAN HIS STOMACH

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or, what is practically the same thing, let him be dyspeptic, and his muscle would soon fail. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. H. Wells, of Willard, N. C. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and hygienic rules. I carried out these as best I could, bought six bottles of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. Felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in stomach, my nerves seemed all 'run-down.' I was very thin in flesh, but now can eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

PRETTY MUCH EVERYTHING.

(The golf clubs that employ caddies on Sundays, says "The King," are helping to carry out a beneficial work of social improvement by keeping the youths from pitch and toss, and from the public houses and from the mischief of the streets.)

I sing the praise of Sunday golf—
Delight of many laddies—
For, though the "unco guid" may scoff,
'Tis just the thing for caddies.
It keeps them from the certain loss
Of moral worth by pitch and toss.

It guides their tender footsteps, too,
Where blow the healthful breezes,
Where love of what is great and true
Their whole existence seizes;
It makes their little faces clear,
And keeps their thirsty lips from beer.

Thus drunkenness may save a man
From more revolting vices
And what is nasty on this plan
Expedient and nice is.
Why, even I, by writing verse,
May be deterred from something worse.

The fly that feeds upon the rose,
May save the bloom from canker;
And every ugly weed that grows
May check a plant that's ranker;
Till now I never understood
The interchange of bad and good.

But now whatever calls for blame
Will show a prepossessing,
And all adversity may claim
To be a hidden blessing.
"Whatever is," I know, in spite
Of inner consciousness, "is right."

(St. Petersburg, Aug. 21.—Special.)—The czar is just as tickled as he can be. Today he went down town and stopped everybody he met and said:

"Ha, ha, old man, what do you think that little terror of mine did today?"

The answer in each case was indicative of respectful apprehension.

"Well, sir," the czar explained, "he's a wonder. Why, he said this morning, just as plainly as could be: 'Gooski-Gooskiviton!'"—Cleveland Leader.

PEOPLE AND POLITICS.

—The Czar receives nearly $35,000,000 per annum. His salary is paid in monthly installments of $400,000 each, which are sent to him on the National Bank of Russia.

—It is said that Doctors Ott and Hirsch received each $50,000 for their services to the Czarina on the occasion of the Czarevitch's birth.

—King Alfonso XIII. of Spain visited the large estate of the Marquis of Luque, some forty miles from Madrid, with the sole intention of witnessing the working of various sorts of agricultural machinery, most of which came from America.

—Albert, the reigning prince of Thurin and Taxis, is an ardent sportsman, and puts on a new suit of clothes every day. To his critical eye a coat once worn is in rags. Each of these garments is perfumed with attar of roses that costs not less than $90 an ounce. In a year his serene highness wears about 1,000 cravats.

—The Marquis of Anglesey's auction sale developed the fact that his wardrobe consisted of 227 suits, 362 fancy waistcoats, 100 overcoats, 61 lounge suits, 73 smoking suits, 9 kilts, 142 pairs of boots and slippers, 150 pairs of pajamas and other articles of clothing too tedious to mention.

—Dr. A. Conan Doyle, the author of "The Adventures of Gerard," is a stalwart cricketer, and they say can provide as exciting time with his bat as with his pen. He has recently been covering himself with honor on the crease, playing on the Marylebone eleven in an international match in England against the Haverford College cricket team. He held top score and was "not out."

—An ordinary echo is a curious thing, but, according to the statements of a Frenchman, at a watering place in the Pyrenees, one echo on the Franco-Russian frontier is far from ordinary.

"As soon as you have spoken," said the Frenchman, who had secured an audience of wide-eyed tourists, "you hear distinctly the voice leap from rock to rock, from precipice to precipice, and as soon as it has passed the frontier it assumes the Spanish tongue!"—Argonaut.

—The last man in New York to hear of the Slocum disaster arrived at the Battery at 7 o'clock Saturday evening.

"What time does the General Slocum leave for Rockaway?" he asked the gateman.

"What's that?" said the gateman sharply. He thought his ears had deceived him. But the man repeated his question.

"I've been reck'nin' on a trip to Rockaway all the week," he said. "It never leaves from here, but I've been waitin' quite a while and it don't show up."

"You'll have a good long wait for it, all right," said the astonished gateman. "The Slocum burned and sank with more than 1,000 people aboard most a month ago. You'd better wake up."

"You don't say so," returned the inquirer, with a faint note of surprise. "Sorry to hear it. Guess I'll have to go by train after all, though I don't like ridin' on the cars nohow."

This was too much for the gateman.

"Say, you're an odd fish," he exclaimed. "They want you over at the aquarium. Where do you live, anyhow?"

"Right here in New York," the stranger replied, "but I don't get a chance to read the newspapers much."—New York Sun.

VISITORS TO ROSEMOUNT.

Mr. Olney to Make a Number of Speeches During the Campaign.

Esopus, Sept. 7.—Several Democrats came to Rosemount who are taking an active part in shaping the destiny of the campaign. Judge Parker's guests included Richard Olney of Massachusetts, Lieutenant General Nelson A. Miles, retired; John R. McLean of Ohio, a member of the national executive committee; Judge Daniel McConville, chairman of the speakers' bureau of the national committee; J. L. Weaver and J. C. Tricbel, Jr., of Natchitoches, La., and Professor Henry W. Callahan, a member of the faculty of the University of Colorado.

Mr. Olney was in close consultation with Judge Parker most of the day. They reviewed much of the work to date and much that is in prospect, including some of Judge Parker's personal plans. The judge was greatly pleased when Mr. Olney said he intended to make a number of speeches in support of the Democratic ticket.

General Miles, who is spending the summer at Cold Spring on the east bank of the Hudson, made his first visit to Judge Parker. He declared his call to be purely social and departed warmly praising Judge Parker's personality. He had an extended conversation with the judge in which economic subjects and militarism took a prominent place. Judge Parker asked him to call frequently.

A Blood and Nerve Food.

The latest food product comes in tablet form and is composed of medicinal properties that replace to the blood and nerves what is worn out and in this way builds up and repairs all manner of weaknesses and enables one to throw off most of the ails of life. This preparation, which is known as Dr. Chase's Blood and Nerve Food, overcomes and cures not only such common ails as nervous headache, nervous dyspepsia, sleeplessness, nervous irritability, general debility, etc., but even such serious conditions as profound blood poverty, neurasthenia, paralysis, paresis, dementia, locomotor ataxia, and the various forms of spine-ail and brain-break that have hitherto resisted all drug medication. It is not a dope having a stimulating and only temporary effect, but is a food that feeds the depraved blood and starving brain and nerve cells, and in a natural manner restores them to structural integrity and perfection of function.

To convince the public that it is really a wonderful food cure its makers, The Dr. Chase Co., 224 North Tenth St., Philadelphia, Pa., ask you to weigh yourself before taking it. They will be glad to send you their book free. Price of Food (it is never called pills) is fifty cents a box; five boxes, enough to give it a fair trial, two dollars. Sold by The Chas. H. Sagar Co.
