RAN DEAD HEAT FOR METROPOLITAN STAKE

Sysonby, the Favorite and Race King, a 20 to 1 Shot, Finished Even.

40,000 PEOPLE AT THE RACE

The Time However Was Disappointing. Showing That the Belmont Track Is Now and Now—Hackschmidt, the Russian Lion, Won from the American Champion Jenkins at Madison Square Garden Last Night in Two Straight Falls—Both White and Britt are in the Best of Condition for Their Battle To-night at San Francisco—The State League Season Starts Today—New York Nationals Won Their Game Yesterday, While the Highlanders Went Down to Defeat.

New York, May 5.—In a terrific driving finish with 40,000 men and women cheering themselves hoarse, James H. Keene's 3-year-old colt Sysonby, by Melton-Optime, yesterday afternoon, ran a dead heat in the rich Metropolitan handicap at a mile over the new Belmont Park course with O. L. Richard's Race King, a 4-year-old son of Tenny Orderlette, who, before the memorable struggle began, was regarded as a cheap selling plater. Few in the great throng disputed the official verdict, for the reason that while it was undoubtedly correct the horses finished at a point where it was impossible for more than a handful of spectators to see it. Judges Clarence McDowell and C. H. Pettigill, who stood in a direct line with the two horses as they rushed down towards them close to the rail, could not separate them. Sysonby picked up 107 pounds, which was two pounds less than scale weight, and gave 20 pounds by the scale to Race King, who carried 97 pounds, including three pounds overweight. Sysonby was a hot favorite at 2 to 1, backed down from three, while Race King was a 20 to 1 shot. As there was no run off to decide the question of supremacy, all bets on the pair were cut in two. The bettors received half the face value of the mutual bet. C. E. Rowe's Colonial girl, a 6-year-old mare by Medder Springdale, a 15 to 1 shot, was third, with the rest of the field strung out in a long dusty procession, near the end of which trailed August Belmont's famous mare Beklamie, second choice in the betting, but evidently not ready for such a hard race. The mile was run in 1:41 3-5.

As in the other races, the condition of the track proved to be an important factor. Like all new race courses, it was decidedly soft and spongy, with the exception of a beaten path, which was as hard as adamant along the outer rail of the home stretch leading close to the judges' stand. It was for this path that Shaw made a bee line with Sysonby as soon as he rounded the upper turn, a move that was quickly followed by Louis Smith, who had the leg up on Race King. That was why the two horses steered clear of the soft going in the middle of the track and rushed along so close to the thousands on the lawn that the exciting situation became intense. Beklamie's performance was a source of much disappointment to the crowd, although among the turfmen it was a generally accepted fact that she was not ready. For a time it looked as if Beklamie might accomplish something for she got away well and was a contender for nearly three-quarters of a mile, only to be back in the rut by the end of the race. It might be said, as between Sysonby and Race King from the start, with Beklamie close up to the end of the turn, followed by Watan, First Mason, Oxford and Colonial Girl in the bunch, the rest trailing. When Beklamie quit, First Mason became a dangerous factor for a few moments, only to stop in his tracks at the same time giving way to his stable companion, Colonial Girl. But the latter at the end was five lengths behind the locked pair. The start was good, although there was something of a delay before Mars Cassidy could get the field perfectly aligned. The race itself was for the most part truly run, although many turfmen would have preferred to have seen it decided over a hard, fast track.

The horses ran the reverse way and were mostly trotting by the turn. The same may be said of the riders for as soon as the big field swept into the stretch, it spread out like a huge fan half a dozen horses swerving in different directions. But in time, horses and riders will become familiar with the new method. As the crowd of the race was divided, Messrs. Keene and Richards each received \$5,555, exclusive of their own fees. Mr. Richards did not care to run the dead off and for that matter it is probable Trainer Rowe was just as well satisfied as both horses were all out when they were saddled.

The race was not run under the most favorable conditions. The sky was overcast and a stiff, chilling wind blew down the back stretch, directly in the faces of the horses and their riders. There was such a change in the temperature that thousands who came dressed in Summer costumes realized they had not brought their Winter wraps along. Yet the enthusiasm was always at the highest pitch and with the partial success of the public favorite in the event, the crowd seemed to be well satisfied with the proceedings of the afternoon. Summaries:

First race, six furlongs—Blandy, 1.08, W. Davis, 7 to 1, won; Oliver Cromwell, 1.13, Green, 100 to 1, second; Regal, 1.18, Shaw, 7 to 1, third. Time, 1:18.

Second race, four and one-half furlongs—Verone, 1.15, D. O'Connor, 12 to 1, won; Merry, 1.16, Shaw, 9 to 2, second; Green Room, 1.22, O'Neill, 4 to 1, third. Time, 53 3-5.

Third race, five furlongs—First Water, 1.17, O'Neill, 9 to 10, won; Vendor, 1.17, Burns, 8 to 1, second; Comedienne, 1.4,

ACROSS COUNTRY.

The signs of the times point to an enormous increase of intelligent public interest in health: to a new generation with purer, stronger blood and therefore more active, braver brain and body. No physical, healthy person ever contracted to grip, consumption, malaria or any other germ disease. But with a weakened system we all have to fight the germs of disease. Our blood is often in a fertile condition for the growth of bacteria—the germs of disease—because our stomach is disordered or our liver is torpid—in either case our blood does not get the proper nourishment. A torpid liver means a stagnation of the blood and an accumulation of poisons which furnishes a weak spot for bacteria to enter.

To enrich the blood and increase the red blood corpuscles, Dr. Pierce's Golden Medical Discovery, that would quickly cure the bad symptoms by increasing the red blood corpuscles and thereby feeding the nerves on rich blood. This "Medical Discovery" also acts upon the digestion and assimilation of food, so that the blood gets its proper elements from the products of digestion. Feed the lungs, stomach and heart on rich red blood and you have surely a healthy body which will throw off the germs of disease which lurk everywhere. Get as near nature's way as you can. A medicine made entirely from natural extracts and which does not contain alcohol is the safest. Dr. Pierce's Golden Medical Discovery contains neither alcohol nor narcotics.

Baird, 20 to 1, third. Time, 50 2-5.

Fourth race, the Metropolitan handicap, mile—Sysonby, 107, Shaw, 2 to 1, dead heat; Race King, 111, Smith, 20 to 1, dead heat; Colonial Girl, 111, Booker, 15 to 1, third. Time, 1:41 3-5.

Fifth race, steeplechase, about two miles—Good and Plenty, 14, Ray, 7 to 1, won; Flying Buttress, 156, Pending, 15 to 1, second; Kube, 155, Sullivan, 50 to 1, third. Time, 5:32.

Sixth race, seven furlongs—King Pepper, 106, J. J. Walsh, 10 to 1, won; Onates, 111, Lyne, 8 to 1, second; Whorler, 106, Baird, 11 to 5, third. Time, 1:25 2-5.

BOTH ARE CONFIDENT.

The Long Awaited Britt-White Battle Takes Place To-night.

SAN FRANCISCO, May 5.—After many ups and downs Jimmy Britt, of this city, and Jabez White, of England, are to meet to-night in Woodward's pavilion in a 20 round bout before the Hayes Valley club. It is not expected, the grand jury will interfere with the fight. The police will be instructed not to permit the over-crowding of the gallery or of any part of the house.

By the rules of the club four to 10 chances in what betting has been done. What money is placed is chiefly between friends.

The men are to weigh in at Harry Corbett's at 2 o'clock to-day at 133 points. The only work indulged in on the last day of training was a few minutes' exercise with the dumb-bells.

In speaking of his prospects to-day, White said:

"I certainly expect to win, but cannot say whether by a knockout or on points. I came all the way from England to fight Britt and I hope to secure a decisive victory over him. I have trained hard and faithfully for the battle, and I am in the best possible condition. In fact I never felt better in my life. If I lose I will offer no excuses."

Britt, who is in fine condition, is confident, and from all indications the fight will be lively from start to finish. Both men are talented and trained to perfection and both are prepared for a hard and stubborn contest. Fast and fierce work is expected when the men enter the ring, with every prospect of an early knock-out to the fight.

The contest is of technical import-

"RUSSIAN LION" WON.

Hackschmidt Threw Jenkins Two Straight Falls.

MADISON SQUARE GARDEN, NEW YORK, May 5.—A crowd of about 8,000 persons saw one of the greatest wrestling matches in years at Madison Square Garden last night. The contestants were George Hackschmidt, the "Russian Lion," and Tom Jenkins of Cleveland, for the catch-as-catch-can championship of the world. The Russian won, taking two straight falls in decisive fashion.

Whatever has been said about Hackschmidt's prowess, the Russian fully lived up to it last night. He not only convinced those present that he is the most wonderful grappler of the century, but with the strongest man in the world, he toyed with Jenkins as if he were a child.

All of the noted tricks at catch-as-catch can which Jenkins is supposed to be past master of were dissolved in thin air. The Russian surprised a lot of critics with his knowledge of Jenkins' best style, even going the American several better in the execution of the various holds.

During the entire contest Jenkins was on top only a few times. He had plenty of chances to try his catch-as-catch can lore on his man, but the latter might have been a stone wall for all the good they did. If

and will come nearer towards deciding the championship of the world in the light weight division than any thing in the same line that has been witnessed in years.

The important grappler won in two straight falls. The first fall took 31 minutes and 15 seconds and was won with a half Nelson hold. The second took 22 minutes and four seconds and was won with a half Nelson and body hold.

The race for the State League pennant starts to-day. The Syracuse Stars, who will endeavor to retain the trophy they won last year, open the season with Albany on the Senators' grounds. Scranton plays at Amherst, Wilkesbarre at Utica and Binghamton at Troy.

Arrangements for the opening in Albany to-day are elaborate. There is to be an automobile parade prior to the game in which baseball and other notable athletes will participate. In the first car will ride either Governor Higgins or Lieutenant Governor Bruce, Mayor Gaus, President Farrell, of the State League; President Kuntzsch, of Syracuse, and President Winchester, of Albany. The players will ride in other machines and the parade will be headed by a band, which will afterward give a concert at the park.

The betting administered to the Pentups by the Stars yesterday would indicate that the boastful utterances of some of the Utica papers, after the game there the day previous, were a little premature. There is no reason as yet to doubt that Kuntzsch & Griffin's men will fail to give a good account of themselves. Even with Utica, it is now two to one in the Stars' favor.

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

ANTI-SEMITIC RIOTS.

Christians in Crimea Held Carnival of Pillage and Plunder.

St. Petersburg, May 5.—Later news of the anti-Semitic disorders in the Crimea shows that they were on a larger scale than the first reports indicated. At Melitopol the people set upon the Jews and fought a regular battle with stones and revolvers. The few police and 30 soldiers in the town were powerless.

When the Jews fled defeated the Christians from noon until midnight held a carnival of pillage and plunder. Every shop except two jewelry stores was sacked, the crowd only desisting when exhausted. The arrival of M. Trepolet, governor of Taurida province, on the following day restored order.

The number of killed or wounded is not given either from Melitopol or Simpheropol, where rioting against the Jews began as the result of the circulation of a story that a Jewish huckster had thrown a sacred ikon into a water cistern.

At the village of Orlofsky in the Crimea the rioting took the form of an attack upon the Baptists. No one is reported to have been killed.

Russian Ships Pass Singapore.

Singapore, Straits Settlement, May 5.—The Russian naval division passed Singapore in semi-darkness and six at 5:30 o'clock this morning. Six warships and four colliers were sighted.

Effect of Germany's Tariff.

New York, May 5.—President Herbert of the New York Produce Exchange forwarded to Second Assistant Secretary of State Ade in Washington a protest against the "Apparent deliberate intention of the German government to discriminate against American trade" under the new German tariff, and expressing the hope that a treaty will be negotiated with Germany which will place American products on an equal basis with those of competing countries. The effect of this new German tariff, which goes into operation on March 1, 1906, is, according to the claims made by the grain and flour exporters here, to impose a discriminatory duty on exports from this country, in favor of European countries, particularly Russia.

A PERFECT FIT

isn't the result of guesswork and chance—believe us.

The splendid fit of Schloss garments is the outcome of twenty-five years' experience making clothes as good as they can be made. The lines correspond gracefully to the natural lines of your figure because the fittings were made with MEN—not dummies—for models.

And just as one live man is worth many wooden manikins, so a Schloss garment is worth a household of ordinary garments.

We'd like you to get that idea firmly fixed in your head, because the sooner you do the sooner you'll have clothes that are REALLY satisfactory.

Don't take our bare word for it see the clothes themselves and then judge for yourself. You're more than welcome to examine and try on anything we have, and under no obligation to buy unless you wish.

Fit and fashion, fabric and findings match the product of the finest tailor so what's the use paying his exorbitant price?
