Home Matters.

☞ The CARRIERS of this paper are not permitted to SELL or GIVE AWAY copies of the AMERICAN. We are compelled to give this notice because complaints are frequent of the non receipt of the paper by its patrons, and we are led to believe the carriers sometimes sell papers which were destined for subscribers. We will take it as a great favor if any selling of papers on the part of the carrier is reported to us, as every such sale is contrary to our orders and a dead loss to us. Single copies of the AMERICAN may be procured at the Counting Room.

☞ We notice among the names of the persons recently appointed as guard on the Prison, that of Ex-Sheriff J. P. Swift.

☞ See GEORGE W. ELLIOTT'S advertisement in another column, headed "Experienced Agents Wanted."

☞ The cool weather of the last two days, has revived the pork market. We saw this forenoon several loads of dressed porkers, on their way to the depot where the pork buyers most do congregate.

☞ To-day being the last Friday in the month, according to the old saying, is the almanac for next month. As to-day looks and feels winterish enough, we may therefore expect under that old prognostication, that February as a winter month will do its duty as a part of the season.

☞ We mentioned yesterday the slippery state of our sidewalks, and that a number of persons caught falls. We have since learned that a woman, a Mrs. Dullingham, slipped down on the walk in Van Anden street and broke her arm. Dr. C. A. Hyde attended and set the broken limb.

☞ The Seymour perjury case, which had made some progress in the Court to-day, was, we understand, arrested about noon, by the finding a flaw in the indictment, in the matter of the form which it was alleged, the defendant committed the act of perjury, as set forth in the indictment.

☞ The Prison Inspectors, we understand, left town yesterday; and rumor says the most of the disappointed applicants from out of town, followed soon after. Their "phelinks" were no doubt hurt at their unsuccess; but they must recollect always "there is many a slip between the cup and the lip."

THE FIRST OUT.—A friend informs us he saw a lady on the pave this forenoon, sporting a red skirt. He had only occasional glimpses of this "new fiery dragon" of fashion, which has just commenced its rage.—The smiling wearer appeared rather reluctant of the exhibition; and only let the red lightning appear as her long dress was raised at the crossings of the streets, otherwise keeping it from view.

☞ We learn a disgraceful scene occurred at the Court House yesterday. On the the rendering of the verdict by the jury in the suit against the Railroad, a burst of applause broke out in the audience. The ill-timed manifestation was promptly stopped by judge Wells, and a withering rebuke administered by him for such an outrage in the Temple of Justice.

OPEN AGAIN.—The Marble Pillar Saloon on State-st., has again been resuscitated and will hereafter be conducted by Messrs. Post & Scribner. These gentlemen have a large experience in the business of Saloon keeping, and Mr. Post has no superior as a cook. In the drinkable line, nothing will be sold that is prohibited by the present Excise Law—a good idea. Their rooms are large and convenient, capable of accommodating a "rush," while the "two Georges" will be found on hand and attentive. Success to them.

☞ Yesterday and the day before was occupied by the Court now in session, in a suit against the Railroad for damages brought by the widow of one of the men killed at the station at Port Byron,—he being a drover from Ohio on the cattle train that was run into by an Express train, in consequence of the non-adjustment of the switch by the tender, who got asleep. The jury gave a verdict of $5000—the highest sum the law in such cases allow against the Railroad. They had we understand previously compromised with the friends of the others killed at the same time, for $2,500.

CITY AFFAIRS.—Our present Common Council, on organizing last Spring, gave out that great reforms in the financial affairs of the city should be brought about under their administration—that all the out-standing checks and debts contracted by the city should promptly be settled, and good care should be taken not to run the city into debt with floating checks against an empty Treasury. How well they have succeeded in their swaggering and bragging of what they would do, we know not. They may have paid the old outstanding checks, and probably have; but in doing that, have only changed the same amount and a good deal more to be held against the city by others, to be paid out of next year's taxes. In addition to this, they have made more new claims against the city, designed to be paid next year, than the whole amount of the sum authorized by the charter to be raised. The denunciations of the present board against the Americans for letting the expenses of the city over run the amount authorized by law to meet them, came with an ill grace; it would seem, seeing they are now putting the city in debt to a larger amount than any previous Common Council ever did. "Consistency is a jewel."—How the tax payers of the city will relish the doings of the republican republican Common Council they are now blessed with, is a question. In the present tight times, when economy is the order of the day, and dollars are as scarce as strawberries on a stone quarry, we are inclined to think the tax payers who, in the end have got to foot the bills of the expenditures, will squirm.—We shall see.

CLIMAX SALVE.

A testimonial from Prof. C. P. Bronson, of Boston, who has lectured in more than fifty of our principal Colleges.

Geneva, Oct. 14, 1857.

MR. PAGE, DEAR SIR.—Several years ago I was induced to use your Climax Salve (in my extensive practice in Boston) for the cure of different cutaneous and other diseases. I found it a very effectual in the cure of Scrofula and and other sores, the cure of external bruises and soreness of joints, paralysis of eyelids, &c. I have not been without it since I have known its virtues. From my experience in its good qualities I would recommend it to the attention of other physicians.

A CARD
TO DEALERS AND CUSTOMERS OF
Prof. Wood's Hair Restorative.

A Dangerous Counterfeit is being Sold Throughout the Country!

THE Counterfeit (small size,) now being distinguished from the genuine, from the fact that in the vignette of *genuine wrapper* the feet of the man standing *are distinctly seen as well as the four legs of the chair, and also both legs of the figure sitting*, while in the counterfeit, the feet cannot be seen at all, and *discovers* only two of the (4) legs of the chair; and then the counterfeit is printed in light blue ink, while in the genuine it is in dark blue, or nearly green ink.

Beware of this counterfeit, touch it or if you would not lose your money. To dealers we would say, that should any be offered them less than our published rate they may be sure it is a counterfeit. Also to be on their guard against any parties purporting to be agents of ours, as the scoundrels counterfeiting have done. The only travelling agents we have, are W. E. Merwin, E. Dupont, Timothy Wood and A. Hanford, by these name, unless they have certificate of appointment and power of attorney, signed by the head of our firm, O. J. Wood.

Jan. 28. O. J. WOOD & CO.

Dr. Bardeen's Extract of Pinewood, and Vegetable Pills.

We ask a candid perusal of the advertisement of Dr. T. Bardeen, 143 State Street, Rochester. We can personally testify to some of the truly wonderful cures effected by his Extract of Pinewood and Vegetable Pills, as witnessed in his own case; he having been a great sufferer for over 20 years, from the worst of Scrofula, having lost one leg, and being terribly scared nearly all over. He is now perfectly well, having cured himself, after his case had been pronounced incurable by over 40 eminent Physicians; and many others might be named. When a medicine of such rare, and truly wonderful virtues, becomes generally known, there will, we are assured, be no need of the Press to speak its praise; but thousands upon thousands do still gladly proclaim its healing powers! Let all try for themselves; one fair trial will convince the most skeptical. *Livingston Republican.*

We cheerfully subscribe to the above, and will here add our own testimony, by stating that we have seen and conversed with a number of Dr. B's patients, as his office and elsewhere, and heard them declare, that they had been cured by him of the worst of Scrofula and other chronic complaints. One lady, a Miss Ann Jane Prevost, of East Henrietta, of fourteen years' standing; also a German, Jacob Neffleye, of a terrible Scrofula, Frank street, Rochester.

Dr. Bardeen's Compound Extract of Pinewood and Vegetable Pills are sold in Auburn by Richard Steel, Amos T. Wadley, D. L. Dodge, and by Druggists generally, from Wisconsin to New York city.

MEDICAL.

ONE DOLLAR

WILL BUY

ONE OF THE BEST PURGATIVE AND LIVER Medicines now before the public, namely, Dr. Sanford's Invigorator, or Liver Remedy, that acts as a cathartic, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to gain its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes so effectually, without any of the painful feelings supposed in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses will strengthen and build it up with unusual rapidity.

Dr. Sanford's Invigorator is prepared exclusively from new articles of medicine, namely, Gums.
