VILLAGE ORDINANCE.

THE several sections following are declared Ordinances and By-Laws of the Village of Auburn.

§1. No person shall sell within the village of Auburn any fresh meats by the quarter or any greater quantity, (except fresh fish, venison and wild game) in any other place within said village than in North street in front of the market and in Franklin and Market streets, upon both sides of the Market at any hour of the day; but nothing in this section contained shall be construed to prevent the sale of fresh beef and pork by the quarter or greater quantity at any place in said village after the hour of ten o'clock in the morning; and any person who shall violate the provisions of this ordinance shall for each offence forfeit and pay a penalty of two dollars.

§2. Section eight of the Ordinances entitled "Of the Public market, the sale of fresh meat and vegetables and forestalling," is hereby amended, so as to read as follows:

§8. No butcher or victualler or any other person shall between the first day of May and the first day of November in each year [both days inclusive] bring into, or place within said Market house, any untried fat, commonly called gut fat; nor at any time or season, the head of any lamb, sheep or calf, unless the same be skinned or dressed and properly cleaned; nor any skins or hides of any kind [except calf skins] under the penalty of two dollars for each offence.

§3. Section twenty first of the said ordinances is hereby amended so as to read as follows:—

§21. It shall be the duty of the butchers or victuallers renting the stalls of said Market-house to cause the lower story of said Market-house to be swept and cleansed, and the streets and paved ways in front of, and on either side of said market to be swept and the dirt placed in heaps as often as occasion shall require; and also, at least once in each week to cause the floors of said Market to be scraped or washed and scrubbed; and if the said butchers or victuallers or any of them shall neglect or refuse to comply with the provisions in this section prescribed, it shall be the duty of the Clerk of the Market to cause the said duties to be performed, & rateably to assess the expense thereof upon and collect the same from such butchers and victuallers so refusing; and any butcher or other person occupying any stall as aforesaid, who shall refuse or neglect to pay such assessment to said Clerk, shall forfeit his lease of said Stall, and this ordinance shall be deemed a part of the contract or lease for any such Stall; and if the said Clerk shall neglect or refuse to perform the duties hereby enjoined he shall for each offence forfeit five dollars.

The foregoing ordinances shall take effect forthwith.

OPERATIONS ON THE TEETH.

Hustid C. Wanzer,

PROFESSOR OF DENTAL SURGERY—Most respectfully informs the inhabitants of Auburn and vicinity, that his new and easy method of repairing Decayed Teeth, has received the universal approbation from gentlemen of the highest respectability.

☞Loss of teeth disfigures the face; impedes articulation and mastication, destroys the general health, rendering the unfortunate sufferer almost incapable of the ordinary transactions of life.

Millions of the most beautiful teeth are annually sacrificed and irreparably lost for the want of an early and judicious operation.

There is not the slightest necessity for losing one tooth in a thousand. Decayed, broken, and misplaced teeth, removed with care and perfect safety.

Premium, incorruptable, artificial and natural Teeth, supplied from one to a full set.

☞Special attention given to the regulation and best method of managing children's teeth.

☞Office No. 10, Exchange Buildings, up stairs.

TESTIMONALS CONCERNING THE BRANDRETH PILLS.—A long standing costiveness with violent cholics has been entirely cured by one large box of Dr. Brandreth's Vegetable Universal Pills. The following case is sufficient to prove that Dr. Brandreth's Vegetable Universal Pills have been effective in violent cholics and constipation of the bowels.

Dr. H. D*****, German, in Delancey, near Attorney-st. N. Y. has been affected for some time with violent cholics and constipation of the bowels, for which his physician treated him a few times, with different medicines, but without success. He took the same twice a day, each time three drops of Croton Oil on a piece of sugar, but not any evacuation followed, which was astonishing. After he had been advised to take Brandreth's Vegetable Universal Pills, he sent immediately for a large box, took ten Pills in the evening, and one hour after found great relief of his cholics, and in 3 hours he had three strong evacuations, and his cholic entirely removed. The following morning he took six pills again, which operated the same several times; he continued a few days longer with these pills, by taking 4 in the morning and 4 in the evening, and he has been entirely cured of his complaint—after taking only one large box, and paid his physician who treated him before, 7 dollars for not having received any relief.

☞NO ONE IS SO FOOFISH as to suppose for a moment that we can live without eating, any more than the tree could derive nourishment from the air alone, without the soil.—Cameleons may live on air, tho' 'tis well known that such air is full of living insects. All, therefore know that it is what we put into the stomach which causes us to live. We make over our bodies to the stomach. In from three to five years we make over our bodies entirely. Thus, what is a part of us TO-DAY, is absolutely not a part of us to-morrow. The secretions, such as perspirations and other evacuations, continually make our bodies waste, and it is from the Stomach that we supply this waste; all we have to do to make our bodies healthy, is to prevent unhealthy particles from mixing with the blood. Purgation does this for us, provided the purgative we employ contains nothing which will weaken or do us injury. Brandreth's Pills for this purpose will be found all that is required. Thousands bless the day that made them acquainted with their virtues. Remember that no drug store has them for sale—and O beware, beware of counterfeits!

☞PURGATION *vs.* BLOODLETTING—All parts of the blood are not with equal ease supplied, nor with equal ease discharged from the system. The former of these positions is well illustrated by comparing the effects of bloodletting with those of purgatives. We recover from the effects of many times the quantity, discharged by the latter means in half the time required in the case of bloodletting; because by the one, it is chiefly the watery part of the blood that is drained off; by the other, along with this, the more essential parts also. While purgation lessens the quantity of blood, it leaves what remains richer. Thus the crassamentum or oxygen is left, which is indeed the life of the blood, the watery part of the blood being that which is discharged by purgatives. Think of this, you, whose constitutions are inclined to plethora, and in time purge with that most innocent of all purgatives, the far famed Brandreth Pills.

☞CALOMEL.—When the universal and extraordinary sensitive properties of Brandreth's Universal Vegetable Pills, shall have become fully appreciated, then will this vile preparation from that must unamalgamating of all the mineral kingdom, cease to exert its pestilential influence on the lives and happiness of the inhabitants of this lower world. Yes, then shall this dangerous medicine be totally superceded by that which experience has taught to be all that is required in the most miserable and horrible diseases, as well as proving itself to be equally applicable to both sexes and all ages.—After a dose of Calomel, how miserable the feelings! And which it requires some days to disperse; and the greatest care is required as to diet. With Brandreth's Pills all this is reversed. At first, it is true, you may feel a little queer, but then it does not last generally half an hour, and the improvement in the whole body is almost immediately. Observe the eye, that index of the mind, aye, the body too, how it seems to revel in life and imagination after some use has been made of these far famed pills—the invariable exclamation of all that use them is: "No wonder these Brandreth Pills acquire so much fame, if all who use, are as much benefitted by them as I am.

☞THE FOLLOWING CASE I GIVE ON the responsibility of Mr. John B. Peabody, my General Agent, for the States of Georgia and Alabama, who resides at Columbus, and is well known.

B BRANDRETH.

Columbus, Geo. Feb. 15, 1837.

☞ASTHMA.—This is to certify that I have been afflicted with the asthma for about two years, of the most distressing kind, coughing & spitting phlegm in considerable quantities,—which had so reduced my system, as to render me entirely unfit for any work, & after taking the prescriptions of other physicians, to no avail, I heard of Brandreth's Vegetable Universal Pills, and was induced to take some, and found such relief that I continued to take some, and have taken but two boxes and a half and am now so far recovered as to be able to resume my work; am confident that perseverance in them will entirely restore my health. I consider them invaluable, and will never be without them in my family. Residence about eleven miles from Columbus, on Bull Creek.

GEORGE BRITTON.

☞THOUSANDS OF PERSONS continue to cure themselves of colds, Coughs, headache, Rheumatic affections, small pox, measles, costiveness, Influenza, and the host of those indications of the body or the blood being out of order, simply by perseveringly purging themselves with the Brandreth Vegetable Universal Pills, so long as any symptoms of derangement exists in any organ. Often by adopting this course, which experience has proved is according to nature, it being merely assisting her, have many been restored in a few days to health, when, had the usual plan of sending for a physician been adopted, the patient might have been months before, had been be CURED. This word can never be applied to those who employ physicians.

☞WHERE is the nonsense of the idea that Purgation will cure all the ill to which flesh is heir? It is allowed that One Principle doth animate the frame of man, namely: the Vitals. This is known to be a truth; an allowed Truth; and whoever has followed thoroughly out the principle of purgation with the right purgative, has invariably been insured sound health. To what purgative doth fame point? To the Pills known by the name of Brandreth.

SYSTEM OF INSTRUCTION.

The pupils of this Institution are arranged in three departments. Primary, Junior, and Senior. Each department being under the personal supervision of the Principal, who has had large experience in the business of instruction. The course of instruction is designed to embrace all the various branches of a complete system of female education.

Primary Department—In this division instruction is given in all the rudiments of a good English education.

Junior Department—Studies adapted to the capacities of minds, and to their several degrees of improvement, are assigned to the
