Official Paper of the County.

TUESDAY, JAN. 4, 1876.

City and County.

☞ A regular monthly meeting of the Board of Education occurs this evening.

☞ The mercury took a decided fall last evening, going from forty down to below the freezing point, standing at twenty degrees at midnight.

☞ $1,000, excise money, was paid into the city treasury yesterday, by the Commissioners. Unlicensed dealers in liquors are promised to be dealt with by the grand jury.

☞ Mrs. Hardwick, residing on Orchard street, drew the ton of coal at the Harts entertainment last evening, and Mr. Wm. Embody, 14 Miller street, the barrel of flour. Who will get the china tea set to-night?

☞ The exhibition given by the Wizzard King, Harts, the Illusionist, was well attended at the Academy of Music last evening. Unlike many so-called gift enterprises the entertainment proper is not sacrificed to the gift department but it is in itself the very best of its kind. The inventor of most of the tricks which form the stock in trade of his imitators, the original Hartz offers an entertainment, in which all the features are novel, startling and entertaining. The gifts also are all articles of use and value and comprized, last evening, barrels of flour, tons of coal, parlor lamps, sets of cut glass goblets, toilet sets, vases, fruit dishes, &c., &c. To-night the leading articles will be a set of china comprising fifty-six pieces, and a ton of coal, with large numbers of other gifts, distributed impartially by lot. Mr. Hartz spent several weeks in Auburn some months since, and made many friends by his genial and gentlemanly personal qualities. His name in connection with the exhibition, and that of E. Rosenbaum, manager, are guarantees of its high tone, and excellent character. The Indian box trick, an inexplicable mystery; the magic growth of flowers, the hat and card tricks and dozens of others are each worth the admission price. Mr. Hartz will remain in Auburn to-day and to-morrow, giving an exhibition on each evening with a matinee on Wednesday for ladies and children.

Common Council Proceedings.

REGULAR MEETING.

JANUARY 3, 1876.

Present—His Honor, Mayor Pomeroy, Messrs. Crooker, Fay, Fiero, Garrett, Guion, Hudson, McCrea, Perkins, Reed, Rathbun, Westlake, Wheeler, White.

Petition was presented from residents of Bostwick street, praying for the laying of gas main and erection of one lamp on that street.

City Treasurer was unable to present report, owing to pressure of business.

Report of City Sexton was received and referred to Committee on Burying Grounds.

Ald. Rathbun made a lengthy statement in relation to the claim of Wm. Poulson for injuries sustained by a fall on a defective sidewalk in front of the premises of John N. Knapp, North street, and as chairman of the Legal Committee to whom it was referred, reported in favor of rejecting the claim.

Ald. Perkins moved as an amendment that a check for $750 be passed to Mr. Poulson in full settlement of his claim.

The ayes and nays were called, and the amendment lost by a vote of 11 to 2. The original motion was then adopted by a similar vote.

Ald. Wheeler called for a report on the petition of F. D. Wright, now in the possession of the Legal Committee.

Ald. Rathbun asked for an extension of time until next meeting. Granted.

Ald. McCrea, from the Committee on Lamps, stated that the contract with the Auburn Gas Company had now expired, and asked for further instructions in the matter.

Ald. Guion introduced a resolution that the Committee be directed to ascertain the best terms on which a new contract could be effected with the Gas Co. and report at next meeting. Carried.

Petition of Frank Stevens, sexton of Second Presbyterian Church, for compensation for ringing fire alarm, was presented by Ald. Fiero.

After some discussion the resolution of Ald. Westlake that a check for $10.00 ($5.00 per annum) be allowed in compensation for the service, was adopted.

Ald. Crocker, from the Finance Committee, reported the following claims as correct and checks for the same were ordered:

Ald. Crocker said the City Treasurer reports no funds for the South street improvement, and the gentleman suggested a note of $2,438.18 to pay the laborers, etc., in anticipation of collection of the assessment.

The special committee, to whom the subject of furnishing employment for the needy poor of the city was referred, reported in favor of employing them in breaking stone for the streets.

In his usual boisterous manner, Ald. Rathbun sharply criticized the report in an elaborate argument, animadverted at length on the quality of stone put upon the streets, commented on its value for such purpose as compared with gravel, and finally amended the report, that the laborers be appointed by the Mayor instead of the Street Committee.

The amendment was accepted, and after another bluster from the legal luminary, in which he succeeded in patching on another amendment of but little consequence, the report as amended was adopted.

Ald. Perkins moved that when the Board adjourned it be to reassemble on Thursday evening next, and that the report of the Special Committee on securing a new site for a cemetery, be made a special order for that evening. Carried.

The matter of restraining Anthony Shimer from constructing his building on State street, contrary to the provisions of the city ordinances and the permission granted by the Common Council, was called up by Ald. Fiero, who moved that he be compelled to take the precautions against fire, embodied in the resolution permitting him to proceed with the work.

At this juncture another lengthy argument arose regarding the technicalities and legalities involved in the case, which finally terminated by the adoption of a resolution instructing the City Attorney to serve upon Shimer a copy of the resolution adopted by the Board relative to his new building on State street, and to notify him that if he proceeds to erect the structure contrary to its provisions, the city would take legal measures to enforce his compliances.

The bill of James Bryan for three months rent for Hose House No. 6, amounting to $50, was referred to the Committee on City Buildings.

Ald. Westlake moved that the Street Superintendent be directed to lay a cross walk on Mechanic street at Lizzette street. Lost.

Bill of Auburn Woolen Co. for $60.00 for gas furnished the city at corner of Owasco and Mill street at $20.00 per annum, was presented and referred to the Committee on Finance.

Ald. Wheeler's resolution for a cross walk on Bradford street, at Howard street was lost.

Matter of graveling Mechanic street, from Moravia to Elizabeth streets, was referred to the Committee on Streets and Bridges.

On motion of Ald. Rathbun the Board then resolved itself into secret session.

LOYAL SOCK COAL.

THE attention of consumers is called to these superior coals from the newly opened veins of the

Sullivan Mines!

The several sizes are carefully prepared.
Free From Slate and Dirt.
They burn freely with slight draft, kindle quickly, hold fire longer, and give out more heat than any coals in the market. They make no clinkers or cinders, the whole body consuming so entirely as to leave no waste or anything to remove but a light ash. They are a pure anthracite and make no smoke or odor. For
Cook Stoves,
Base Burners,
Furnaces and
Open Parlor Grates
they are the
Most Economical and Cheerful Fuel

in the market. The mines being located much nearer the city than any other anthracite, I am able to offer them at the following very low prices:

	At yard	Laid'd in bin	Ton lots
Grate,	$5 50	$5 00	$4 75
Egg,	5 65	6 00	5 10
Stove,	6 00	6 25	5 25
Large Chestnut,	6 00	6 25	5 25
Small Chestnut,	4 50	4 85	3 75

Special attention is invited to the SMALL CHESTNUT, as being the cheapest and most desirable coal for all stoves having fine grates, that can be procured.
The subscriber having been appointed agent for the sale of the above coals, invites his friends and the public to give them a trial, believing that they will give entire satisfaction.
