Official Paper of the County.

TUESDAY, JAN. 16, 1877.

THE ice strike at Rondout is believed to be at an end.

APPEALS calendar to-day: Nos. 123, 123, 41, 183, 134, 137, 138 and 139.

NUBAR PASHA, formerly head of the Egyptian ministry, has been appointed governor of Bulgaria.

HON. STEWART L. DURAND, assemblyman from the second Orange district, is critically ill of pneumonia at Middletown.

THE late storm has so completely blocked the eastern roads that no live-stock has been sent from Buffalo for the eastern market since Friday. New Yorkers will soon be short of meat, if the snow embargo continues.

IT is still asserted at Baltimore that May was seriously wounded in the duel with Bennett, and it is said he lies secreted at a ducking-shore twenty miles from Baltimore, owned by a distant relative of the Mays. A prominent Baltimore surgeon, it is said, has been out of town on a mysterious errand each day since Monday last, and suspicion strongly points to his travels being for the purpose of attending on May. Judge Donahue of New York, yesterday decided that Dr. Phelps is justified under the statute in refusing to answer the grand jury's questions on the May and Bennett duel, but also Judge Gildersleeve is justified in committing him for contempt as he did not avail himself of technicality to the effect that his answers might criminate him. Phelps was discharged yesterday by Judge Gildersleeve on his own recognizance, promising to appear before the grand jury to-day.

PRESIDENT GRANT'S policy of misinterferance in Louisiana was of short duration. On Sunday he sent a dispatch to Gen. Augur at New Orleans, saying that it had been his policy not to interfere in the Louisiana business until the congressional committees had made their report; but deeming it not proper "to sit idle by and see the state government gradually taken possession of by one of the claimants for gubernatorial honors by illegal means," he informs Gen. Augur that should there be a necessity for the recognition of either Nicholls or Packard, "it must be Packard." This decision he bases on the argument that the returning board counted in a Republican legislature, and that legislature counted in Packard—therefore Packard is governor. On the receipt of this, Packard yesterday morning issued a proclamation commanding the Nicholls legislature, courts and militia to disperse, deliver up the offices and desist from exercising authority. The Republicans in New Orleans are much elated by the new turn of affairs, but the Democrats assert that the orders of the president will not compel him to interfere unless to prevent bloodshed, and Gen. Augur himself does not regard the president's order of Sunday as materially changing his former instructions. It is stated that Nicholls and the Democratic legislature will not heed Packard's proclamation, and the former will resist any attempt of Packard to recapture the court or station houses.

Midnight Dispatches

FORTY-FOURTH CONGRESS.

Second Session.

Senate.

WASHINGTON, Jan. 15.—The chair presented a letter from the secretary of the Democratic convention held at Columbus, O., on the 8th inst., enclosing a copy of the resolutions adopted in regard to the pending presidential difficulties. Referred to a special committee of seven.

A resolution was passed to print 5,000 extra copies of the testimony before the committee on privileges and elections in regard to the late election in Louisiana, Florida and South Carolina and the casting of the electoral vote of Oregon.

A large number of petitions were presented during the morning and referred.

The senate during the afternoon considered a number of bills of a private character and then took up the report of the committee on rules prescribing new rules.

The committee reported an amendment to the third rule so as to compel the attendence of absent senators whenever it shall be ascertained that a quorum is not present.

After discussion the amendment was passed for the present, with the understanding that it should be again considered.

Pending the discussion Mr. Jones from the special committee to inquire into the changes relative to the value of gold and silver, etc., submitted a concurrent resolution extending the time for the submission of their report to February 15th. Agreed to.

Mr. Windom made a personal explanation regarding the charges published in the Washington Union, made by H. J. Chapman, asserting that Mr. Windom prostituted his influence in keeping Surveyor-General McMicken, of Washington territory, in office.

A letter from Montgomery Blair, editor of the Union, was read, declaring that the article would not have been published if he had seen it, not believing it true.

Mr. Windom read letters, stating the bad character of Chapman and moved the appointment of a committee of three, composed entirely of Democratic senators, he being a Republican, to investigate the charges.

Several senators, both Republicans and Democrats, declared their entire disbelief of the charges and urged that the report of a committee was not required to vindicate Mr. Windom.

The motion for the appointment of a committee was unanimously rejected.

Adjourned.

House.

Wm. Orton, president of the Western Union Telegraph Company, appeared before the house attended by his counsel, Mr. Lowrey, to answer the charge of being in contempt of the house in not appearing before the Louisiana investigating committee, and producing certain telegrams. Mr. Orton's answer pleads illness as an excuse for non-attendance.

Mr. Orton's answer and the whole matter was referred to the judiciary committee, and he was remanded to the sergeant-at-arms. The copies of most of the telegrams sent and received were in his possession, and he agreed to produce them.

Mr. Orton pleads further, that the telegrams called for had never been in his possession or control, except as an agent of his company, and that the company had, without any knowledge or participation on his part, taken from him all power and control over telegrams sent through its offices.

Mr. Whyte offered a resolution reciting that fears are entertained that there may not be a peaceable settlement of the presidential question and declaring that any attempt to prejudice or excite the public mind in advance of authority provided for in the constitution, is unwise, unpatriotic and fall of danger to the country. Adopted.

Mr. Cochrane, of Pennsylvania, moved to suspend the rules and adopt the resolution instructing the judiciary committee to inquire as to the propriety of revoking any concessions and privileges held by the Western Union Telegraph Company under acts of congress in consequence of the centumacy of the company.

Mr. Cochrane's motion was defeated—yeas 121, nays 58, not the necessary two-thirds in the affirmative.

Mr. Caulfield, of Illinois, moved to suspend the rules and pass the bill providing that it shall be unlawful for more than one regiment of infantry, one company of cavalry and one battery of artilery, to be stationed at the capital of the United States, and that no portion of that force shall be allowed within half a mile of the capitol during the sessions of congress. Referred to special committee on duties, powers and privileges.

Mr. Caulfield's motion to suspend the rules, was defeated—yeas 99, nays 97—not two-thirds majority.

The Evening Democrat on the Situation.

The Evening Democrat, in a leading editoral, referring to the probabilities of Gov. Packard's attempting to retake the court house and stations, says:

"If Packard forces this conflict, we appeal to our friends to spare, as far as a final and complete victory will permit, the lives of the metropolitan and negro dupes. We advise them to let the full weight of their vengence fall upon the leaders of this iniquitious, murderous and most damnable scheme, and to follow Packard into the hotel, and if need be, into the custom house itself, and hang him from its highest window."

Unsuccessful Ballot.

Both legislatures balloted for senator without choice.

Sheriff Bourges, representing the supreme court over which Chief Justice Ludeling presides, made a demand for the court house this morning, which was refused.

How Matters Stand at the Latest Account.

Gov. Packard to-day made an official requisition upon Gen. Augur for assistance to reinstate the supreme court in the building from which it had been dispossessed. It is supposed that Gen. Augur referred the matter to Washington for instructions.

The Oregon Investigation.

WASHINGTON, Jan. 15.—The Oregon investigation was resumed to-day.

J. M. Johns t stified, that Secretary of State Chadwick had told him Gov. Grover wanted him (Chadwick.) to count Watts out and Cronin in, that Grover wished to shift the responsibility upon Chadwick.

W. N. Turner, the contumacious witness testified that the parties telegraphing the $8,000 from New York to Oregon had told the committee all and more than he, witness, knew in relation to that transaction. He stated further that he knew nothing in relation to $17,000 being sent from New York to Oregon.

Senator Morton stated to the committee that Mr. Dimond had left a transcript of his books and papers with the committee, with the understanding that nothing in relation to his (Dimond's) business transactions was to be made public, save such parts as were connected with his Oregon case. The senator stated that since he (Morton) had examined the transcript, he finds an item dated Dec. 15th, showing that Dimond had paid Kountz & Bros., of New York, $1,039 on account of J. H. N. Patrick.

In this he explained that, learning the report of the naval committee was likely to injure himself, and hearing that Whitthorne was a man of lose habits he requested Richards to have Whitthorne watched in order to expose him if it was found he visited houses of ill repute. Secretary Robeson knew nothing of the matter.

Duties and Powers of the House.

The house special committee on the duties, powers and privileges of the house, have removed their injunction of secrecy.

In their examination of Representative Purman, Saturday, a number of questions were asked as to his recollection of the tenor of the telegrams passing between the Florida and New York politicsl managers.

He remembered a number of telegrams were exchanged, but did not recognize any of the words quoted by his questioners. His recollection was that he had telegraphed north on Nov. 7th or 8th, that the state had gone Republican by several thousand majority. The substance of the telegram from the north was, as you have carried the state by a Republican majority preserve it and keep yourselves from being defrauded out of it. None of the suggestions as to the proper language of the messages refreshed the witness' memory to any degree.

Richard McCormick, secretary of the National Republican committee was examined to-day. His testimony threw no light on the telegraphic correspondence of the party managers.

Witness, when asked if he knew of any money's being used in behalf of the Republican National committee to influence votes, replied that as as the question involved a general policy and conduct of the campaign, he would like to consult members of the committee before answering.

He was then asked, was there any assessment made on office-holders throughout the United States to obtain money for use in the election, and made a similar reply.

Witness will be further examined to-morrow.
