OGDENSBURGH N. Y.

LOCAL AND MISCELLANEOUS

To-Night, Boys,—To-Night

The Union men, women and children of Oswegatchie are requested to meet at Lyceum Hall this evening at half past seven o'clock to rejoice over the defeat of the rebels in Indiana, Ohio, Pennsylvania and the Valley of Virginia.

Gettysburgh.

Remember Captain Jesse H. Jones' lecture on Gettysburgh, at Lyceum Hall, on Thursday evening, Oct. 13th. Capt. Jones was a member of the 60th N. Y. V., and he will recite in detail the part performed by that gallant regiment. It will be a treat.—Admission fifteen cents. The house should be crowded.

Old St. Lawrence.

When the last draft for a half a million men was made, St. Lawrence County, after receiving credit for the re-enlistment of her veterans, was required to furnish eleven hundred new recruits. Her townships thereupon held meetings, and each offered a bounty of $900 for volunteers. Seventeen hundred of the young farmers and mechanics of St. Lawrence at once stepped forward and offered to serve. From these, the U. S. Surgeon carefully selected the requisite number of those he deemed most robust and capable, all of whom were duly dispatched to the front; and he has received from the Medical Director of Gen. Grant's army a letter of acknowledgement, stating that these eleven hundred compose one of the finest bodies of men whereby that noble army has ever yet been strengthened. And there are more such where those came from. Having thus fulfilled the duty, the freemen of St. Lawrence turned quickly, though calmly, to another. They are now perfecting a thorough organization and making a spirited canvass in view of the coming election. They are looking carefully for their heavy Soldier vote, nineteen-twentieths are certain for Lincoln and Johnson; and they are looking after the home vote as well. They have already had a series of large and spirited meetings in the principal towns; they are yet to hold about two hundred more in the various neighborhoods throughout the County. They gave Lincoln and Hamlin 7,268 majority in 1860; and, though many of them have since laid down their lives for their country, they will do better than this for Lincoln and Johnson. If another county of like population (83,089) can do better, she will be very happy to acknowledge herself outdone and try again.—N. Y. *Tribune.*

☞ "Dais true de Demerak dey pull one half for de war tozzer half for de peaze?" inquired an honest Frenchman the other day of a gentleman in this village. "Yes," was the reply. "Den I sall not vote him, by dam."

☞ One hundred and forty-five towns in Connecticut, are heard from; eighty-four went Union, and sixty-one Rebel; the Unionists gain nine towns; the Rebels gain three.

☞ Some of the Copperhead papers have been making the statement that Archbishop Purcell, the eminently loyal and anti-slavery Catholic prelate, of Cincinnati, has declared himself favorable to the election of General McClellan. His organ, the Cincinnati *Catholic Telegraph*, authoritatively contradicted the statement. It really needed no contradiction.

☞ Hon. John D. Willard, ex-Judge and ex-State Senator, died in Troy Sunday evening, about eight o'clock. The Judge was sixty-four years of age. For some years he had been an invalid. There was scarcely an indication of the approaching dissolution until the moment, when he departed without a struggle.

☞ The lamentations of Jeff. Davis at Macon and Montgomery, reminds us of the prophetic words of the hardshell preacher, when he said, "they shall gnaw a file and flee into the mountains of Hepsidam, where the lion roareth and the wangdoodle mourneth for her first born."

☞ Diarrhœa and dysentery will decimate our volunteers far more than the bullets of the enemy, therefore let every man see to it that he carries with him a full supply of Holloway's Pills. Their use in India and the Crimea saved thousands of British soldiers.

If the reader cannot get a box of pills or ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount and I will mail a box free of expense. Many will not keep my medicines on hand because they cannot make as much profit on them as they can on other persons' make.

Price 35 c, 87c, and $1.40 per box or pot.

BY TELEGRAPH.

Afternoon Report.

New York, 11.—The Herald 9th corps correspondent, 9th, says: This morning the division of Gen. Wilcox, holding the centre of our line, made an advance with the intention of advancing our position and reconnoitering that of the enemy. The force making the reconnoisance consisted of the brigades of Hartshuff and that lately commanded by Col Steer. An advance was made of over a mile and a half, under slight skirmishing, when the 57th Massachusetts, commanded by Col. McLaughlin, was fired upon by the enemy. Some fifteen men were lost. The party was accompanied by Capt. Twitchell, with his battery, but no opportunity was afforded for using the pieces, so well known to the enemy.

The result of the recent reconnoisance is that the enemy are not in force this side of Petersburg on the Appomattox, and that any effort on our part will force them to a new position on the latter mentioned river.

This is the amount of the information which I gather this morning.

Tribune special: We learn from the front that a movement commenced on Saturday, though its object is not stated.

It is said an order will at once be issued by Gen. Grant, directing the the shooting of every guerrilla, the burning of every house, and the driving out of men, women and children from the Shenandoah valley and the guerrilla infested region between Winchester and the Potomac.

By order of the Secretary of War all stoppages against the pay of officers of the army at the request of the ordnance officer, for non-rendition of ordnance returns for the years 1861 and 1862, will be removed, except in cases where regiments have been mustered out of service, or where they are to be so mustered out during the present quarter.

New York, 11.—In all the rebel accounts of the affair on Friday they make out that the severest fighting was done in the attack on Kautz, while our accounts represent the heaviest part of the engagement to have taken place after the rout of Kautz.

The Times correspondent sums up the affair as follows:—We lost eight guns. As a set off, however, we captured seventeen last Thursday. We slaughtered and wounded, at least 1,000 of the enemy in front of the infantry, exclusive of what injury Kautz inflicted on them besides taking 100 prisoners. Most of the enemy's killed and wounded were left on the field. Considering their losses in men they bought their guns dearly although we must give them the credit of killing, disabling and capturing at an outside estimate of 400 in addition to the guns.

Looking at the matter from all points of view, we claim a very decisive victory. We can afford to lose guns, but the enemy cannot afford to lose the large numbers they lost to-day in capturing them. They signally failed in their object of flanking us and will scarcely be likely to resume the experiment at least not for some time.

New York, 11.—The Herald's correspondent at Butler's headquarters, 9th, says he has been throughout the lines of the army of the James, and believes that several large armies united with the object of dislodging this army, would not only suffer immensely but would serious risk a defeat. These works and their maintenance are a necessity to the taking of Richmond, and the country may congratulate itself that the army has won the position.

New York, 11.—Stocks better. Sterling exchange quiet 1 06¾, specie. Money on call 7 per cent. Gold 2 00.

Cape Race, 10.—The steamship Europa, from Liverpool, 1st, via Queenstown 2d, passed this point this evening her dates are two days later.

The steamer Kearsarge was spoken on the 1st inst., in search of the pirate Florida.

By the explosion of the Dartford powder mills on Saturday morning, 40 persons were killed.

St. Louis, 10.—From the Democrat's Jefferson City correspondent it seems that the rebel demonstration on that place on the 7th was merely to occupy our forces while the enemy's main body crossed the Osage river. After feeling our fortifications and finding them strong they passed westward during the the night. Gen. Pleasanton arrived on the morning of the 8th and assumed command and in the afternoon followed the rebels with about 8,000 cavalry.

The rebel Col. Standwaite is reported to have been at Tipton last night with 5,000 men moving towards Booneville. Colonel Fletcher with fifteen men arrived here from Rolla to-night and reports that 1,500 men repairing the southwest branch of the road; that the telegraph will be working to-morrow; that the road will be open from Rolla to Moselle the day after. The bridge and water tank at Scott, eight miles west of Jefferson City have been burned by the rebels, also the Railroad depot at Lookout a few miles beyond.

At night reports reached Jefferson that we had engaged Price's rear, while Gen. Curtis, coming from Kansas, was fighting their front.

The Democrat's Jefferson City dispatch to-night says a courier just arrived from California, twenty-five miles west, brings information that our cavalry were skirmishing nearly all day yesterday. In the afternoon the rebels entered California, burning the depot and a train of cars. The rebels have torn up about a mile of the railroad track on the east side of California, and it is also torn up in several places on this side.

New York, 11.—The gold market is excited about the Pennsylvania election. About noon, reports that the State would be sure to go Republican were circulated among the speculators, which was construed into an advance, and gold rose to 2 01.

New York, 11.—The Herald 5th corps correspondent, 8th, says the skirmish line of the 5th corps has been advanced three-fourths of a mile and now holds the position taken. This advance has demonstrated that the enemy is in large force along our entire front.

New York, 11.—It is stated here that Sheridan's movement to Strasburg was made by order of Gen. Grant.

Philadelphia, 11—2:30 p. m.—A very heavy vote is polling in the various wards of the city. Both sides are in good spirit.

Glorious News from Sheridan

HE WINS ANOTHER VICTORY.

11 Guns and 350 Prisoners Captured.

War Department, Washington, Oct. 10—8 30 P. M.—*To Maj.-Gen. Dix:* Maj.-Gen. Augur, commanding at Washington, has, for the past four days, been in the line toward Front Royal, to which point the railroad was being extended for the supply of Gen. Sheridan. A telegram from him, dated Rectortown, reports Sheridan's arrival at Strasburgh, followed by the enemy's cavalry, and that sharp cannonading has been heard from that direction.

A telegram from Brig.-Gen. Stevenson, commanding at Harper's Ferry, reports that engagements took place yesterday between the cavalry forces near Fisher's Hill: that the enemy were whipped and scattered to the woods and mountains, with the loss of eleven pieces of artillery and three hundred and fifty prisoners.

Harper's Ferry, Va., 10—8:35 p. m.—*To Hon. E. M. Stanton:* General Sheridan, just from our cavalry, attacked the enemy beyond Fisher's Hill, and whipped them, driving them beyond Mount Jackson, and capturing eleven pieces of artillery and three hundred and fifty prisoners. The rebels scattered into the woods and mountains.

Respectfully yours,
J. D. STEVENSON,
Brig.-Gen. Commanding.

9 30 p. m.—Since the forgoing dispatch reached the department an official dispatch from Maj.-Gen. Sheridan has been received announcing the victory of his cavalry over the entire force of rebel cavalry in the valley under command of Gen. Rosser.

E. M. STANTON, Secretary of War.

Strasburg, Va., Midnight, Oct. 9.

Lieut.-Gen. U. S. Grant: In coming back this to point, I was not followed up until late yesterday, when a large force of rebel cavalry appeared in my rear. I then halted my command to offer battle by attacking the enemy. I became satisfied that it was only all the rebel cavalry of the valley, commanded by Rosser, and directed Torbett to attack which was handsomely made. Custar, commanding the Third Cavalry Division, charged on the back road, and Merritt commanding the First Cavalry Division on the Strasburg pike.—Merritt captured five pieces of artillery.—Custer captured six pieces of artillery with caissons, battery forge, &c.

The two divisions captured forty-seven wagons, ambulances, &c. Among the wagons captured are the headquarters wagons of Rosser, Lomax, Wickman and Col. Pollard. The number of prisoners will be about 330.

The enemy after being charged by our gallant cavalry, were broken and ran. They were followed by our men on the jump for twenty-six miles through Mount Jackson and across the north fork of the Shenandoah. I deem it best to make this delay of one day here to settle this new cavalry General.

The eleven pieces of artillery captured to-day make thirty-six pieces captured in the Shenandoah Valley since the 19th of September. Some of the artillery was new, and never had been fired. The pieces were marked "Tredigar Works."

P. H. SHERIDAN, Major-Gen.
