SPECIAL NOTICES.

RADWAY'S READY RELIEF

ability is serious thing So is sickness The moment you are ill you desire to get well again at once what to take is the question? It will not do swallow which, instead of curing you, may render you an invalid for life Even a common cough or cold may, if allowed to progress improperly, be converted into a consumption of lungs or some other fatal disorder, whereas, if treated promptly and properly, it can be made to dispose in hours. Two teaspoonfuls of Radway's Ready Relief for instance, if mixed with half a tumbler of hot water previously sweetened to render it palatable, is all the dose you require Take it at night when you go to bed you will wonder in the morning what has become of the sore throat, the paroxysm cough, the hoarseness headache, the pain in the back or shoulders affected you the day before

most violent cold, attended though it may be with ing symptoms, is successfully mastered by one, or most by a couple of doses of Radway's Ready Relief administered in this simple manner We say this lently, because we know it from constant experience. If a doctor would cost you five dollars, at any rate, dition to the expense of his prescriptions, which probably be over a dollar more, but Radway's Relief, despite the high premium on gold, is only cents a bottle That small sum will not only perfect cure, therefore, but leave you Relief enough to use ontho to drive away other disorders

Iway's Ready Relief should be applied to the part or where pain is felt No matter what the cause may will afford immediate ease

Village Election.

The village election on Wednesday resulted in the success of the entire Union ticket, by majorities ranging from 190 to 223, on a vote of 521. Calvin W. Gibbs was chosen President by 194 majority. The vote was as follows: Gibbs, 383; Allen, 189. The Board of Trustees for the ensuing year will be composed of the following named persons.

First ward—J. H. Guest, N. H. Lytle, G. D. Seymour; Second Ward—Erastus Vilas, 2d, P. H. Delaney, F. N. Burt; Third Ward—DeWitt C. Brown, G. R. Bell, J. H. Morgan.

M. Mallon was elected Collector, having received 370 votes to 147 for Daniel Daily.

R. G. Pottibone, D. F. Sherman, R. W. Judson were elected School Commissioners, by majorities averaging 190.

The first resolution to raise $1,200 to light the streets by gas was carried 132 for to 40 against. The second resolution to raise $2,000 to pay the police, was lost 96 for, to 96 against. The third resolution to raise $3,000 to purchase a steam fire engine, was lost, 63 for, 104 against.

Gold 1.31.

Gold continues to decline, under the favorable news from Europe, and the unmistakable evidences, that the rebellion is completely crushed.

☞ Quite a number of the boys of the 142d N. Y. V., arrived home from North Carolina, on Tuesday. They come through in five days.—Most of them have been absent for nearly three years.

☞ We have received an interesting letter from Capt. Robertson, of the 106th, giving the incidents of the march from Burkesville to Danville, which we shall publish in a day or two.—He sends us a list of the deaths of soldiers of the 106th, who died in the rebel prisons in Danville. He gained his information from the headboards of their graves in the cemetery.

ITEMS.

The report that the rebel ex-Secretary of the Navy, Mallory, had surrendered himself is not confirmed. His whereabouts is unknown.

Many of General Lee's soldiers have arrived in New Orleans. Gen. Banks has ordered them to report to the Provost Marshals, and prohibited them from wearing Confederate uniforms.

Gen. Johnston has endeavored to carry out the terms agreed upon in his surrender, but the time intervening between the first and second agreements occasioned some demoralization.

It has been decided by the President and Cabinet to reduce our military force to a sum total of 150,000 men. The permanent army is not to exceed this number, and it is stated a very large proportion of the rank, of colored troops.

Major-General J. M. Schofield, Commander of the Army of the Ohio and of all the troops in North Carolina, becomes virtually the Military Governor of the State. He has had considerable experience in the administration of the affairs of districts restored to Union protection.

General Sherman has issued an order announcing the final surrender of Johnston. He prohibits all foraging and provides certain ways to relieve the pressing wants of the inhabitants. The Tenth and Twenty-third Corps remain in the Department of North Carolina, together with Kilpatrick's cavalry.

☞ Only some $15,000,000 of the rebel loan, placed on the English market two years ago, has ever been disposed of. We wish it had been more, so that the English sympathizers with rebellion would feel their loss.

☞ It warms the marrow in a loyal man's bones to peruse the columns of the Raleigh *Standard* and *Progress*, the former published by Mr. Holden and the latter by Pennington. Their loyalty is like burnished gold.

Important Proclamation by the President

The President has issued another Proclamation, of which the following is a synopsis:

Washington, 9.—President Johnson has issued a proclamation declaring that the insurrection may be regarded as virtually at an end, and the persons by whom the resistance, as well as the operations of the insurgent cruisers were directed, are fugitives or captives. He enjoins officers of the United States, diligently to endeavor, by all lawful means, to arrest the said cruisers and bring them into a port of the United States, in order that the persons on board of them may no longer enjoy immunity for their crimes.

He further proclaims and declares that if after a reasonable time shall have elapsed for this proclamation to become known in the ports of nations claiming to have been neutral, the said insurgent cruisers and the persons on board of them shall continue to receive hospitality in the said ports, this government will deem itself justified in refusing hospitality to the public vessels of such nations in the ports of the U. S., and in adopting such other measures as may be deemed advisable toward vindicating the national sovereignty.

The President has also issued an executive order to re-establish the authority of the United States, and to execute the laws within the geographical limits, known as the State of Virginia. It is ordered that all acts and proceedings of the political military and civil organizations which have been in a state of insurrection and rebellion, within the state of Virginia, of which Jefferson Davis, John Letcher, and Wm. Smith, were late the respective chiefs, are declared null and void. All persons who shall exercise, claim, pretend or attempt to exercise any political, military or civil power, authority, jurisdiction or right, by, through or under Jefferson Davis, late of the city of Richmond, and his confederates, or under John Letcher or Wm. Smith, and their confederates, or under any pretended political, military or civil commission or authority, issued by them or of them, since the 17th day of April, 1861, shall be deemed and taken as in rebellion against the United States, and shall be dealt with accordingly.

The Secretaries of State, War, Treasury, Navy and Interior, and Post Master General, are ordered to proceed to put in force all laws of the United States pertaining to their several department, and the District Judge of said district is ordered to proceed to hold courts within the said State in accordance with the provisions of the acts of Congress. The Attorney General will instruct the proper officers to bring to judgment, confiscation and sale property subject to confiscation and enforce the administration of justice within said state, in all matters," civil and criminal, within the cognizance of the Federal courts, to carry into effect the guarantee of the Federal Constitution of the republican form of State government and afford the advantage and security of domestic laws, as well as to complete the re-establishment of the U. S. authority and the full and complete restoration of peace within the limits aforesaid.

Francis H. Pierpont, Governor of the State of Virginia, will be aided by the Federal Government so far as it may be necessary, in the lawful measures which he may take for the extension and administration of the State government throughout the geographical limits of said State.

☞ The trial of the assassination conspirators was postponed from Monday till Wednesday.

[Business Notice.]

☞ "The Apostle," said the Elder, "was moved by many kinds of doctrine." "Yes," replied Mrs. Partington, looking over her spectacles at the Elder, "there's where he was wrong. What did he want to try so many kinds of doctrine for when Pinkerton's Wahoo and Calisaya Bitters would have kept him perfectly regular. The Elder confessed the thing had never struck him in that light before, and the old lady was going on to elucidate further, when her attention was attracted by Ike, who was trying to pour some Bitters down the cat's throat with a tunnel.

BY TELEGRAPH.

Afternoon Report.

New York, 10.—The Vicksburgh correspondent of the Herald says that points in the interior of Mississippi will be immediately occupied by our troops, so as to surpress guerrilla bands and preserve order.

General Dana will probably move his headquarters to Jackson, Miss., soon.

About 1,000 rebel prisoners are at Vicksburgh, awaiting delivery to the rebel bureau of exchange.

Louisville, 9.—No military passes will hereafter be required of citizens traveling over the Louisville and Nashville Railroad.

Large numbers of paroled rebels are here, including Col. Juice, going to their respective homes.

Small bands of guerrillas, under Hughes and Gilding, are committing depredations near New Haven, in Nelson County. Federal troops are pursuing them.

Washington, 10.—The civil machinery is already being put into operation in Virginia. The State has just been divided into four districts and the Secretary of the Treasury has appointed a number of assessors and collectors.

New York, 10.—The tendency of gold continues downward. The apprehension of a continued fall has brought out so many sellers that there is no resisting the downward movement.—The opening price was 1 33½, but the offerings immediately put it down to 1 31½.

Washington, 10.—The re-establishment of a civil government in Virginia, no longer occupying the attention of the President, it is now directed toward North Carolina.

Considerable discussion is excited by the significant fact that Gen. Grant and staff dined yesterday with M. Romero, the minister of the Mexican Republic.

Cairo, 9.—Gen. Washburne at Memphis administers the oath to rebel soldiers, but not to southern officers or citizens, saying it is too late for the benefit of the amnesty proclamation, after maintaining an attitude of hostility for four years. Gen. Washburne has directed that the citizens of Tennessee, who left our lines and sought refuge in the rebel dominions and have resisted all persuasion to return until now will not be allowed to come to Memphis. Rebel officers coming to Gen. Washburne's District, who have been paroled from Lee's, Johnston's or Taylor's army will not be permitted to wear their uniforms or any badges to remind loyal persons of their treason paroled enlisted men will be allowed thirty days to change their dress.

Morning Report.

New York, 10.—The Commercial special says President Johnson will not suffer his private views in favor the Monroe doctrine, to influence the national policy of neutrality observed by Mr. Lincoln. The neutrality laws will therefore, be put forth against all who attempt to compromise the government upon the Mexican question.

Halifax, 20.—The S. S. Asia left which Liverpool at eleven o'clock on the morning of the 29th of April, has arrived here.

Liverpool, 30.—An address of condolence to the American people has passed the lower house of the Austrian Reichsrath unanimously. The Austrian and Swiss governments have forwarded addresses.

The Protestant church of Paris performed a funeral service yesterday.

London, 30.—On the 29th of April an immense public meeting convened under the auspices of the Emancipation society in St. James Hall to express feelings of grief and horror at the assassination of President Lincoln and sympathy with the government and people of the United States and with Mrs. Lincoln, Mr. Seward and family. The galleries of the hall were draped in black. Over the end of the gallery was hung the American flag.

Various resolutions were carried, not merely with unanimity, but with an intense feeling rarely seen at public meetings. The chair was occupied by William Evans, President of the Emancipation Society. Messrs. Forester, Stansfield, Leander, Taylor, Potter, Baxter and Barnes, members of the Parliament, commenced the proceedings with expression of deep sympathy with the American Government and people, and entire confidence in the administration of President Johnson. The chairman was supported by twenty influential members of the Parliament and a large array of distinguished residents representing every section of the community.

FOR MORE THAN TWENTY YEARS MATHEWS' Venetian Hair Dye, has stood the test of trial and is constantly increasing in public favor.

THE VENETIAN HAIR DYE is the best and cheapest made. Its price is only 75 cents, and each bottle contains double the quantity of dye in those usually sold for $1.

THIS HAIR DYE is manufactured by a peculiar process, which renders it infinitely superior to any dye in market. Being complete in one bottle, no preparation is required, which greatly simplifies the application.

IN USING THIS DYE you avoid that rusty, dead appearance by which dyed hair and whiskers are so readily recognized, when an inferior article has been used, as it produces a perfectly natural color of any shade that is desired, from a rich brown to a jetty, lustrous black, that will not smut, stain or crock the clothing. Invest 75 cts. and you will be convinced. Sold by all druggists and Fancy Goods dealers. A. I. MATHEWS.

BRYAN'S LIFE PILLS

Are adapted for all ages and constitutions. They are composed of the active principles of Herbs and Roots culled from our fields and forests. They are mild and certain in their operation—producing neither cramps, griping pains or sickness. They may be taken by all ages, sexes and conditions without fear.

To cure disease we must go further than simply purge the bowels, we must use such remedies as act in harmony with the laws of nature, in the greatest manner. A cathartic merely prepares the way for other means, but is indispensible in very many cases to evacuate the bowels of accumulated acrid matter. A disordered system comes on by slow degrees, and the action of medicine must be in like manner. Disease, though local in its character, affects more or less the whole system; and it is necessary to act in a similar manner on the system by blood-healing and purifying remedies—first locally on the stomach and bowels, and then on the whole system. The medicine, instead of going through the body, should partially remain in it until a change is effected, so as to accomplish the work designed, therefore a simple cathartic pill is what the system requires. A medicine is necessary that will not only operate on the bowels, but have an especial action on the secretions of the Liver, Stomach, Nerves, Kidneys and Alimentary Canal, and finally on the blood. Such then is the operation of Bryan's Life Pills; consequently, they are invaluable in all cases of Dyspepsia, Headache, and Nervousness, will expel all humors from the blood. They act on all parts of the body and influence a change in those organs that are deranged, and can be successfully used in any disease that affects the human frame. They have healthful and life giving properties, which, when taken up by the many minute vessels, enters the blood and assists nature to perform her functions. If attention is paid to the digestive organs and regular evacuations of the body, much disease may be avoided. These pills are designed to effect that end, as they not only act on the biliary secretions, by promoting digestion, but carry off through the bowels and kidneys all irritating humors. Nature expounds her laws and the practice that falls in harmony with them is most successful. No medicine should be taken that weakens the system and prevents the proper performance of the functions of the body, the vast machinery of the human fabric must be kept in order, or some part becomes influenced by undue excitement; the whole system must be nourished or it dies; so by understanding fully the laws upon which life and health depend, we can guide the system by the silent forces of nature and keep all the functions in harmonious order. Such is the design of Bryan's Life Pills, for although a mild cathartic, they never weaken the system, but restore it to a natural equilibrium—and this great principle lies at the foundation of every disease. They act on all parts of the system and influence a change in those organs which are deranged.—The utmost reliance may be placed in these pills; they are the result of deep sought study and experience in the true action of nature's remedies, directed to the cause that lies at the foundation of disease. They have been tried by thousands with successful results, and they are now placed before the people with the greatest confidence.

A box of Bryan's Life Pills will cost but 25 Cents. They will accomplish faithfully, all that is represented. They are elegantly put up by the proprietor, who was the the inventor of Bryan's Pulmonic Wafers, a medicine long and favorably known to the American nation.

If you wish to buy Bryan's Life Pills, and cannot get them of your druggist, don't take any other, but send 25 cents in a letter to the proprietor, and you will get them by return of mail, post paid. Address
