Another outrage in Lexington.—A mob of young men in Lexington, animated by the example of their seniors, on the next (Tuesday) night after the removal of the True American press, made an attack upon several free negroes, and in the language of the Lexington Inquirer, "beat them in a most cruel and inhuman manner, tarring and feathering one of them in public view."

On Wednesday evening, a public meeting of the citizens was held in the court house, to take into consideration the necessity and propriety of adopting prompt measures to prevent the recurrence of such outrages.

Counterfeit.—Correspondent of the Buffalo Commercial Advertiser. CINCINNATI, Aug. 26. The criminal court of this city has just closed a long and laborious session. Among the convictions was that of Leonard Whitcomb, who, for years, has been at the head of the largest gang of counterfeiters in the United States, and is well known to the police of all our principal cities.

Since his trial at Ithaca, Whitcomb has been notorious for engaging in the most desperate and reckless enterprises. He has been arrested on several occasions for various crimes, and has been sentenced to the penitentiary on several occasions.

During the trial of Whitcomb, his two daughters, who are young women, were in court, and attracted a great deal of notice, from their beauty and artless manners. What a pity that they should be disgraced by having such an arch scandal for a father!

Criminal Carelessness.—We are informed by Captain Chase, Wagoner of the Schooner Joseph M. Warren, that in passing West Point, on his way up, a number of musket balls fired by some of the cadets, who were practicing at a target, passed through the rigging and sails of his vessel. The Joseph M. Warren was in company with five or six sail sloops and schooners, which received similar damage, the effect of one of them being to stop her run below for safety. This occurred between 5 and 6 o'clock in the morning on the 28th ult., and when the vessels were abreast of the parade ground.

DEAROLD RAIL ROAD CATASTROPHE.—On Thursday evening, Aug. 21st, in the city of Albany, Mr. Anthony, from Cohoes Falls, and his brother-in-law, with two ladies, and a little child started from the Albany Madison House to a carriage, but as the Western Cars were coming, the driver attempted to cross the track, and the engine and was just in time for the carriage and all within to be caught by the locomotive, and carried 20 or 30 yards, in one single mass of ruin. Mr. Anthony was thrown under the cars between cars, and a third wife was thrown directly across the track and instantly killed, her wheels passing over her body. A gentleman thrust his head out of the window, and as the wheels rolled over him, without ever jolting the cars, she, in the agonies of death, stood him in the face, with such a look as will never be forgotten. Few can

imagine the feelings of Mr. A. as he sprang from under the cars with the imploring cry, "My God, where is my wife?" The other lady, and the little child, were not much injured, but the brother-in-law was terribly bruised, being rolled along on the wheels of the engine, and the carriage was wrecked. The accident is to be attributed to the carelessness of the driver, who had been drinking freely of gin.

Spirit of the Markets. ALBANY, Aug. 30.—Flour looks up 6c to-day, and holds very firm at that. We quote as follows: at \$4 56 1/4, of brands, for which \$4 50 would have been taken yesterday. We quote \$4 56 1/4, as the full range. We make a sale of 6,000 bushels and oats, at 41c.

Flour.—The market remains firm at yesterday's quotations—any from \$4 43 3/4 to \$4 56 1/4. Wheat.—The feeling in the market has not been so good to-day; we think, however, that wheat would not be so low to-day's prices. The only sale we note, is one of 1,300 bush of Tompkins Co., at 99 1/2c, to be delivered in Albany. The wheat was not good in quality as that sold yesterday.

Flour.—We have to report a slight advance in flour—Troy and Genesee is worth \$4 62 1/2. The market may be said to range from \$4 50 to \$4 62 1/2, and close at the price of the day.

Wheat.—There is a better feeling in the wheat market, which may be attributed to the rise in the price of flour in New York. Prices have an onward tendency, and it is possible, may continue to advance, moderately, until the arrival of the next steamer, with more definite intelligence of the European crop.

Purchasers offer \$4 1/8 for flour, but holders ask \$4 1/4. It is rather above the warrant of the New York market. 1,500 bushels Jefferson county now delivering at 47c; sold some days since.

THE PRIMITIVE CHRISTIAN.—According to contract with Br. H. Mattison, formerly editor of the Primitive Christian, we are now sending the Advocate to all subscribers in the Primitive Christian, who had paid in advance for that paper, for the purpose of paying them what is due them by their subscriptions, and also in hope of their continuing as permanent subscribers for our paper. It is Br. Mattison's earnest desire, he wishes us to say, that all his personal friends, and the friends of the late Primitive Christian, should take the Northern Christian Advocate, or the Christian Advocate and Journal, in its place.

THE QUEEN AND PRINCE ALBERT.—The Queen and Prince Albert are now on a visit to Germany. "Facts for a thousand millions" is another column of this paper, are from Elihu Burritt, the Learned Blacksmith.

THE SWAN STREET CHURCH, BUFFALO.—This new, neat and convenient Methodist Chapel was occupied during the Conference nearly every evening by public service. And on Sabbath the Ordination of Elders was performed there by Bishop Hedding, after a sermon by the same. The entire-prise and benevolent spirit shown by this society in getting up and paying for their house, is a good example for others.

THE SUFFRAGE CONVENTION OF COLORED PEOPLE.—There was a convention of free negroes of this state held at Syracuse on the 26th and 27th of last month. The following officers were elected: President—Charles R. Stewart, of New York. Vice President—Austin Stewart, of Canandaigua. John C. Foster, of Syracuse; Francis Thompson, of Seneca County.

The Mariners Church in Roosevelt Street, which has been closed for several weeks, for the purpose of undergoing repairs, was reopened, for Divine service, on Sabbath, the 10th of August. The congregation, consisting principally of seamen, was unusually large, and the services of a very interesting character. The pulpit was occupied in the morning by the Rev. Joseph Cross, of the Methodist Episcopal Church; agent of the Am. Seaman's Friend Society; in the afternoon, by the Rev. Mr. Dowling, Pastor of the Baptist church, in Bedford street; and in the evening, by Rev. Mr. Whist, Seaman's Chaplain, in New Orleans.
