STATE OF NEW YORK—SUPREME COURT—COUNTY OF CAYUGA—Betty Wellington, Plaintiff, vs. Lehigh Valley Railroad Company, George Leonard and Thomas Mitchell, Defendant.

Plaintiff herein, complaining of the defendant, alleges and shows to the Court as follows:

1. Upon information and belief, that the defendant herein, Lehigh Valley Railroad Company, is a domestic corporation, duly organized and existing under and by virtue of the laws of the State of New York, and having an office and principal place of business located in the State of New York.

2. That heretofore and on or about the 4th day of January, 1929, while the plaintiff herein was a passenger by invitation in a motor vehicle, owned by the defendant, George Leonard, and driven by the defendant, Thomas Mitchell, and that while said motor vehicle was being driven along a public highway in the County of Cayuga, south of the City of Auburn, New York, the same was struck by a locomotive, engine and train, owned by the defendant, Lehigh Valley Railroad Company, and plaintiff then and there sustained certain personal injuries and damages.

3. That the defendant, George Leonard, was the owner of the motor vehicle in which plaintiff was riding, and that the same was being used and driven by the said defendant, Thomas Mitchell, in connection with the business and with the permission of the defendant, George Leonard.

4. Plaintiff further shows that said accident and resulting injuries and damages were caused solely by reason of the carelessness and negligence on the part of each defendant herein, and their agents and servants, in that the said defendant, Thomas Mitchell, being the agent of the defendant, George Leonard, and the said motor vehicle being driven with the knowledge and consent of the defendant, George Leonard, and for whose acts, said defendant, George Leonard, was by law responsible, failed and neglected to keep a proper lookout while approaching the railroad crossing aforesaid, failed and neglected to properly slow down the motor vehicle which he was driving; failed and neglected to follow warnings and instructions of the plaintiff, and failed to so manage, operate and control said motor vehicle so as to give proper protection to the life and limb of the plaintiff; that the defendant, Lehigh Valley Railroad Company, was negligent and careless, including its agents and servants, in that it failed and neglected to give by whistle, bell, or other warning, due and timely notice of the approach of said train, failed and neglected to keep a proper look-out, failed and neglected to provide a safe and proper means of signals between the front and rear of said train, and failed to carefully operate said train, after the agents of the said defendant knew or should have known that plaintiff was in the place of danger.

5. Plaintiff further shows that at the time and place aforesaid, and as a result of said accident, she was injured and damaged as follows: That the muscles, tendons, flesh and ligaments of her arms, head, limbs and body, were torn, cut, lacerated and bruised; that she suffered and sustained a severe injury to her right eye; that she suffered and sustained severe injuries and lacerations to her head, which has required and is a permanent injury; that she suffered and sustained severe injury to her legs, that she suffered and sustained severe internal injuries; that she suffered and sustained a severe injury to her back and spine, which, as plaintiff is informed and verily believes, will be permanent; that she has endured great pain and suffering, and will continue to suffer pain in the future; that she has been unable to attend to her usual work and duties, and will be so prevented in the future; that she has paid, laid-out and expended various sums of money for medical attention, treatment and care, and will be so obliged in the future; that plaintiff's injuries are, to a large extent, permanent; and that by reason of the foregoing premises, plaintiff has been injured and damaged in the amount and to the extent of $20,000.00.

6. Plaintiff further shows that said accident and resulting injuries and damages were caused solely by reason of the carelessness and negligence on the part of the defendants herein, and without any fault, carelessness or contributory negligence on the part of the plaintiff herein.

WHEREFORE, Plaintiff demands judgment against the defendants for the sum of Twenty Thousand Dollars ($20,000.00), together with the costs and disbursements of this action.

## MARKET SLIPS SLOWLY BACK

### Hoover's Message Seen As Hopeful Sign, Although General Sentiment Is Gloomy

(By Claude A. Jagger, Associated Press Financial Editor)

New York, Jan. 4.—(AP)—The financial markets limped feebly into the new week today.

With seasonal improvement in major industries such as steel failing to appear as promptly as had been hoped in some quarters, sentiment remained rather gloomy. The president's message to Congress urging immediate action upon his emergency program was regarded hopefully, but as fresh evidence of the gravity of the situation, was scarcely stimulating to the security markets.

Share prices slipped 1 to 4 points or more, with the general average sagging into the vicinity of the bear market low of December 17. A ghost of a rally at midday disappeared when Case tumbled more than 5 points. Losses of 2 to 4 were registered in such issues as American Telephone, Consolidated Gas, North American, Allied Chemical, Eastman and Norfolk & Western. Issues off a point or more included U. S. Steel, American Can, General Motors, New York Central and Southern Pacific.

Annual statements of leading banks, which began to appear, were read with considerable interest. The high degree of liquidity shown was indicated in high financial quarters as an evidence of the success with which the shrinkage of commercial activity and outstanding credit, with consequent shrinkage of deposits of commercial banks, had been met. Shrinkage in deposits in the first statements roughly coincided in percentage with the shrinkage in federal reserve credit outstanding.

Annual surveys of business and finance appearing in large volume attracted interest in Wall Street chiefly for the somewhat chastened attitude of commentators, so lacking two years ago. Some leaders felt that the evidence of a determination to face facts augured well for substantial progress toward recovery during the new year.

Failure of the market to improve with the lifting of tax selling, has caused some disappointment, but indications of a substantial increase in the short interest caused some observers to look for a technical rally. Lasting improvement, it was felt, would require an upturn in general business. By the end of January, the steel industry, which has shown little comeback from the year end slump as yet, may provide some indication of the seasonal improvement that may be expected.
