

# Farley Coming to Auburn October 25 For P. O. Dedication

Postmaster General James A. Farley of Washington, D. C., will dedicate the remodeled and reconstructed Federal Building, at 4 o'clock, Monday afternoon, October 25.

Word received today by Postmaster John F. McGrath gave assurance that the postmaster general will be in Auburn for the dedication. He will come to this city from Rochester and will leave soon after the event.

Mr. McGrath will co-operate with local civic and fraternal organizations in plans to welcome the noted visitor. Details will be announced from time to time.

# Osborne Hall Audience Listens To Lecture on Christian Science Delivered by Dr. Hubbard, C.S.B.

A large audience assembled Tuesday evening in Osborne Hall to listen to a lecture on Christian Science entitled "Christian Science: Its Healing Ministry" by Dr. Walton Hubbard, C. S. B. of Los Angeles, California, member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

A summary of the lecture follows: "Were it possible to call upon the students of Christian Science who form a large portion of this audience to explain the reason for their presence here and their allegiance to Christian Science, it would be found that most of them had been healed by Christian Science of sicknesses which had defied other methods of treatment. And the range of these sicknesses which had been healed would be found to be so wide and so varied as to indicate with certainty that the law of God, as taught and applied in Christian Science, heals all manner of sickness and sin.

"It is my intention not only to discuss the teachings of Christian Science, but to tell you something of my own observations in connection with my problem of growing out of the practice of medicine and into the practice of Christian Science. Perhaps these observations may be helpful to some of you.

"A discussion of Christian Science may quite properly begin with its Discoverer and Founder, Mary Baker Eddy. Whatever I may say of her in the limited time at my disposal must of necessity be brief. I would earnestly recommend a study of her life. Several biographies are available at Christian Science Reading Rooms, and she has written something of herself in her book 'Retrospection and Introspection.' To understand how Christian Science unfolded in her consciousness will make it easier for it to unfold in yours.

"Mary Baker Eddy was a woman of unusual spirituality and deep religious sense. She was a consistent and tireless student, an analytical student, and through years marked by sickness and trials her profound religious sense led her always to strive to see and to understand the infinite Principle in every blessing which she received. This persistent search for truth was finally rewarded by the discovery of the divine laws of God, which she named Christian Science.

"The usual reason for people turning to spiritual means for healing is that the use of material means for the alleviation of their sicknesses have been so disappointing. The history of medicine over the past hundreds of years has been one of constant change. New remedies and new measures are constantly brought forth and marvelous things are claimed for them, only to be discarded later on for newer remedies or newer measures, in which, for the moment, there is greater faith. They are effective only to the degree in which they are believed.

"Christian Science declares itself to be the law of God. It further declares that this law is demonstrably true; that we may understand it, that we may apply it, and that the results will prove its truth.

"The various healings which Jesus, the master Christian, brought are of especial interest to those who are endeavoring to follow his command to heal the sick, for he instructed his disciples to go into all the world and teach all nations to do whatsoever he had commanded them to do, and he certainly commanded his disciples to heal the sick.

"Jesus said a great many things about healing and the requisites for healing. He insisted that to see the Kingdom of God it is necessary to be born of the Spirit, and his experience in Christian Science demonstrates that to perceive the power of truth, it is necessary for one's consciousness to be spiritualized. Jesus described the human qualities which we must be rid of and the spiritual qualities which must be cultivated. He declared that by following his teachings we would demonstrate an abundance of every good thing, and would be able to withstand storms of error. He taught that prayer must be deep and heartfelt communion with God. He said the chapter on Prayer in the Christian Science text-book and course is but Jesus' teaching on this subject in his Sermon on the Mount.

"So to each one who studies Christian Science, there comes some consciousness of the Christ. This divine advent results in healing now as infidelity as it did in Jesus' time, and it brings a definite reward in peace, and healing, and blessing."

**Consumers Club Advances Plans**

The Auburn Consumers Club met last night at the home of Mrs. E. C. Mead. New members were welcomed, possible incorporation was discussed, and cider and doughnuts enjoyed during the informal social period. Percy V. Carls, who resumes his duties as general agent, gave an account of a regional "Co-op" conference held recently in Schenectady.

One speaker said, "The growing pains of most cooperatives are due to lack of education. The Gloverville Club conditions membership upon attendance at six preparatory lectures." A representative of the Eastern Cooperative Wholesale spoke.

The center will be open in an East Hill store on Tuesdays and Fridays, between 4:30 and 5:30.

Cato Home Bureau Session

The Cato Home Bureau will meet in the rooms Friday for an all day session. A covered dish luncheon will be served at noon. Miss Gladys Adams of Cornell University will give a talk on the winter wardrobe.

# MODIFIED HULA FAILS TO SHAKE ROTARY GREATLY

Swift and Allyn, Pacific Sojourners, Show Travel Films of Beauty, Movement And Color-Lots of It

Modified hula dances and semi-modern dances failed to shake the equality of staid Rotarians when they gazed last evening in the Palm Room of the Osborne Hotel at motion pictures, in color, of life, leisure and beauty in the Southern Pacific.

Only the brighter side of life on the sunny islands of the Pacific was shown, because, probably, that was all that Frank E. Swift, retired Auburn banker, and William N. Allyn, members of the Auburn Rotary Club, saw when they took their 24,000 mile cruise all around the Pacific Ocean last winter. At least that is all they photographed, and they spent some time among the comely and shapely Balinese women, as well as among the more completely dressed women and girls of Java.

Several reels of travel pictures were shown as Mr. Swift and Mr. Allyn alternated in the narration. There were many alluring views of Honolulu, and it was there the famous Hula girls put on their dances for the Rotarians. But the girls were quite discreet, or the films had been cut, for the dancing was not too exotic.

From Hawaii the Auburn men sailed south to Australia, stopping at many of the islands along the way. The photographic record of their travels was interesting throughout, and their narrative was interspersed with anecdotes and banter.

The Rotary directors met previous to the club dinner in the Palm Room. President Frank Smith presided, and Clairman E. C. S. Drummond was fined a dollar for a lapse which was brought to the attention of the club by an unfeeling fellow barrister.

# BEARS TRIM COLUMBUS TO EVEN SERIES

Columbus, O., Oct. 6.—(AP)—The Newark Bears, champions of the International League, battled their way back to even terms at three-all in the little World Series with Columbus last night, defeating the Red Birds 10 to 1 in an exhibition of hitting power and pitching finesse.

A crowd of 4,430 watched the Bears win their third straight here, after losing three in a row on the New Jersey diamond. The Red Birds scored but two runs in 27 innings of the three games here.

Spurgeon Chandler, tall right-hander released to the Bears by the Yanks with a sore arm after he had won 7 and lost 3 for the American League champions, told Manager Oscar Vitt he was ready to go tonight, and he lived up to his promise.

He throttled the Columbus bats with seven bingles, three of them doubles off the willow of First Baseman Dick Siebert, who scored twice in his fourth time up for a perfect night at bat.

Fourteen hits, including four doubles and two triples, rattled off the Newark bats as they took no chance on the Birds clinching the series. Left Fielder Gleason, with a double and three singles in five times up, led the Bear attack.

Four Columbus hurlers were unable to stop the drive. Tail Merton Cooper started, and was greeted by doubles by Gordon and Gleason, the first two up for the Bears. McQuinn fanned, but Dahlgren tripled to right and the two runs were all Chandler needed.

Three more Newark runs rattled across in the fourth on two walks, a single and McQuinn's double, and Max Lanier, left-hander, took over the mound.

A three-hit barrage which netted two runs sent him to the showers in the sixth, and Ed Heusser took over.

Ed Schroeder came in for the eighth, but was blasted for three runs in the ninth as the Bears clinched it.

# Max Eastman Gives Wells Lecture Thursday Night

Max Eastman will open the Wells College Lecture Series for 1937-38 with an address on Thursday evening at 8 o'clock in Macmillan Hall Auditorium. Mr. Eastman is well-known as a journalist, author and editor. He is a powerful platform lecturer and stimulating in presenting his particular philosophy. He is a famous social philosopher and was former editor of The Masses. His books include "Enjoyment of Laughter," "The Sense of Humor," and "Enjoyment of Poetry." He is a translator and biographer of Trotsky. The next lecture in the series will be given by Stuart Chase on November 1.

# Robert J. Stephenson Invention Described in Popular Mechanics

The November issue of Popular Mechanics, a science periodical, devotes large sized space to the photograph and description of a device which is being manufactured by the Stephenson Engineering Company, 303 Genesee Street, this city. Patents have been applied for by the inventor, Robert J. Stephenson of Auburn. The caption for the article is "Photo darkroom ventilator has light trapped tubes." The Stephenson firm manufactures the device for the Eastman Kodak Company.

In speaking of the invention, Mr. Stephenson said: "The device provides noiseless ventilation for telephone booths, confessionals, clothes closets and for any closed room or compartment."

That is one of many inventions patented by Mr. Stephenson in recent years.

# Mary U. Hanlon Bride of Francis Martin Kaufman

At St. Joseph's Church, Danmore, N. Y., Monday morning, September 27, Miss Mary Ursula Hanlon, daughter of Mr. and Mrs. Michael Hanlon of Danmore, and Francis Martin Kaufman formerly of Auburn were married by Father Hebrum, pastor.

The bride was given in marriage by her father, Mrs. Clarence Mead was matron of honor and Louis Kaufman, brother of the bridegroom was best man. The bride was attired in transparent mahogany colored velvet princess style with accessories to match. Her bouquet was of bronze chrysanthemums. The matron of honor wore hunter green velvet and carried yellow chrysanthemums.

Clairmont Hanlon of Philadelphia, brother of the bride, and Clarence Mead of Danmore were ushers.

Following the church ceremony a wedding breakfast was served to the bridal party and guests at Hotel Cumberland, Plattsburgh.

Mrs. Kaufman is a graduate of Danmore High School, Plattsburgh State Normal School and Columbia University and for the past six years has been a member of the Danmore High School faculty. Mr. Kaufman is an officer at Clinton Prison, Danmore, and is the past president of the Y.M.C.A. Among the out of town guests were Miss Agnes Kaufman, Mr. and Mrs. Louis Kaufman and Leo Kaufman all of Auburn, Clairmont Hanlon of Philadelphia, Mrs. Nellie Barry and Mrs. Helen Donnelly of Fishkill, N. Y., Mr. and Mrs. Joseph Murphy of Beacon, N. Y., Mrs. John Grobley of Hempstead, L. I., and Mrs. Sarah Fox of Syracuse.

Mr. and Mrs. Kaufman left on a two week tour. They will reside at Danmore.

The Women's Auxiliary to Meet

The Y.M.C.A. will hold its first meeting of the fall season at 2:45 Thursday afternoon, at the home of Mrs. William Wenz, 81 Lake Avenue.

Junior High P.T.A. to Meet

The Junior High School Parent-Teacher Association will hold its first meeting at 3:30 o'clock Thursday afternoon in Room 201. Earl E. Krum, principal of the school, will be the speaker.

Work on Winter Wardrobes

The second series of meetings in the Planning the Winter Wardrobe project sponsored by the Cayuga County Home Bureau opened Friday and will continue through Friday in various parts of the county. The sessions are in charge of Miss Gladys Adams, clothing expert from the College of Home Economics, Cornell University. The sessions were arranged by Mrs. Edith Nash Blanchard, Home Bureau manager.

over. Ed Schroeder came in for the eighth, but was blasted for three runs in the ninth as the Bears clinched it.

# HOME BUREAU WOMEN REVIEW 20-YEAR GAINS

Anniversary Celebrated With Big Program, Two Former County Agents Among Day's Guests

Twenty years of steadily growing Home Bureau work in Cayuga County came to a focus Tuesday when several hundred women assembled for luncheon at Second Presbyterian Church House to celebrate the twentieth anniversary of their organization. There are 18 units in the Cayuga Home Bureau and the membership is well over 250 women.

Pantomime illustrated the history of Home Bureau work in this county. Mrs. Eber Salley gave explanatory remarks and various members on the stage enacted some of the high lights of earlier activities.

Two former Home Bureau agents were present: Miss Dorothy Williams who worked in the county about 10 years ago, and Miss Eunice Heywood who left about four years ago to become Oswego County agent. She is now agent at large in the state, and Miss Williams is a member of the Home Economics staff at Cornell.

Miss Mary Bowen, this county's first agent, who is now in Vermont, was unable to be present, but a letter from her was read, and likewise a telegram from Miss Grace Smith, also a former agent.

Mrs. Edward C. Roberts, county vice chairman, presided and introduced the guests among whom was Miss Helen Paine, assistant county agent leader, and Mrs. Carrie Bridgen of Rochester, president of the State Home Bureau Federation, who gave the afternoon's address. Mrs. Bridgen is one of the pioneers in home economics work in this state. She spoke on some of the achievements of county women, and means of the more far-reaching effects of their work in behalf of their homes and families.

Mrs. Bridgen contrasted the aim of Congress in "appropriating funds for extension work with the aim of Communism which is to provide for the care of children while their mothers work for the state, and with that of Fascism, which is larger families."

"Congress is not interested in whether the Home Bureau makes possible nice hats and dresses," said she, "but in how you bring up your families, for it realizes that good homes and fine citizens are the hope of democracy."

Singing was led by Miss Martha Capria. The anniversary event was planned by Mrs. Edith Blanchard, Home Bureau agent, and women leaders throughout the county. A membership report from unit chairmen showed a substantial increase in the size of each unit, with promise of greater activity along the lines of home economics during the year just opening.

Lodge to Hear Reports

At the meeting of St. Paul's Lodge, 124, F. & A. M., Friday evening in Masonic Temple, reports will be received from committees having in charge plans for social events. A smoker will follow the meeting. Fred R. Clark, worshipful master, expects a report on final plans for the Masonic officers conference and open meeting to be held in Auburn next Tuesday.

Mrs. Endora Rude

Mrs. Endora Rude, 85, died Wednesday morning at the home of her son, Herman Rude, in Weedsport. Mrs. Rude had been falling in health for the past several weeks. She was born in the Town of Brutus and had lived practically all her life in that vicinity. She lived with her son for the past 12 years. Besides her son, she is survived by one daughter, Mrs. Jessie Chaffield of Weedsport; three grandchildren, and three great-grandchildren. Funeral services will be held at the home, 143 East Brutus Street, at 2:30 o'clock Friday afternoon. Burial will be in Weedsport Rural Cemetery.
