STATE OF NEW YORK—DEPARTMENT OF CONSERVATION, WATER POWER AND CONTROL COMMISSION.

In the Matter of the Application of the MANITOU FARMS (Cayuga County).

PUBLIC NOTICE

Notice is hereby given that, pursuant to Section 523, Article XI of the Conservation Law, the Water Power and Control Commission will meet in the offices of the Cowles Company in the village of Cayuga on the 16th day of October, 1951, at 10:00 o'clock in the forenoon of that day for the purpose of hearing all persons, waterworks corporations, municipal corporations or other civil divisions of the State of New York that may be affected by the execution of the plans of Manitou Farms, a co-partnership, for the acquisition of a supply of water for use in its real estate development just south of the Village of Cayuga by purchase of water from the said village and for the construction of a water distribution system within the development, plans for which have been filed with the Water Power and Control Commission, at its office in Albany, N. Y., where the same are open for public inspection; and for the purpose of determining whether said plans are justified by public necessity, whether they provide for the proper and safe construction of all work connected therewith, whether they provide for the proper protection of the supply and watershed from contamination or provide for the proper filtration of such additional supply, whether they are just and equitable to the other municipalities and civil divisions of the State of New York and to the inhabitants thereof affected thereby, and whether they make fair and equitable provisions for the determination and payment of any and all legal damages to persons and property, both direct and indirect, which will result from the execution thereof.

All persons, waterworks corporations, municipal corporations or other civil divisions of the State of New York, who have objections to the execution of said plans, in order to be heard thereon, must file such objections thereto in writing and in duplicate in the office of the Water Power and Control Commission in the City of Albany, N. Y., on or before the 15th day of October 1951. Every objection so filed must particularly specify the grounds thereof.

No persons, waterworks or municipal corporation or local authority can be heard in opposition thereto except on objections so filed.

Dated Albany, New York, September 25, 1951.
