

Peculiar

Many peculiar points make Hood's Sarsaparilla superior to all other medicines. Peculiar in combination, proportion, and preparation of ingredients. Hood's Sarsaparilla preserves the full curative value of the best known remedies of the vegetable kingdom. Peculiar in its strength and economy. Hood's Sarsaparilla is the only medicine which can truly be said to "One Hundred Doses One Dollar." Medicines in larger and smaller bottles require larger doses, and do not produce as good results as Hood's Sarsaparilla. Hood's Sarsaparilla cures such ailments as rheumatism, neuralgia, sciatica, and has won for itself the title of "The greatest blood purifier ever discovered." Hood's Sarsaparilla is sold in bottles of one, two, and four dollars. It is made in Lowell, where it has been prepared for over thirty years. It is made of the best and purest ingredients, and its record of sales and cures is a record of success and confidence among all classes of people so steadfastly. Do not be induced to buy other preparations, but be sure to get the Peculiar Medicine, Hood's Sarsaparilla. Sold by all druggists. \$1.50 for 40 doses. Prepared only by C. I. THE VERDICT UNANIMOUS.

W. D. Smith, druggist, Bippus, Indiana, writes: "I can recommend Electric Bitter as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of 15 years' standing. Abraham Hare, druggist, Bellville, Ohio, writes: "The best selling medicine I have ever handled in my 30 years' experience is Electric Bitter." Thousands of others have added their testimony so that the verdict is unambiguous that Electric Bitter cures all diseases of the Liver, Kidney or Blood. Only a half dollar a bottle at Cady's Drug Store. (2)

The Democratic Herald

TUESDAY, DEC. 18, 1889.

LOCAL AND VICINITY NEWS.

Christmas one week from to-day. Syracuse has a population of 100,000. Winter has undoubtedly come to stay. New Year's calls will not be popular this year.

December 21st will be the shortest day of the year.

An epidemic of death is again afflicting our community.

Nineteen heavy snow storms are predicted for this winter.

Coasting and skating were the uppermost topics of the boys last week.

The Herald will be issued on Monday next as Tuesday will be Christmas day.

West Shore officers bought additional land in Newark last week for yard purposes.

Vice-President elect Morton passed through here on the Central after last Tuesday.

A little snow—enough to make good sleighing—would make it seem more like Christmas.

The solar eclipse which occurs on New Year's day will not be visible in this village.

Lyons has had twenty-six cases of typhoid fever this fall. Of this number six proved fatal.

Sweet flag is said to be an agent that will relieve and stop persistent hiccup to almost any case.

Engage your girls for the holiday party now and it's two to one you get a Christmas present.

The Christmas season, the best of all, is close at hand. Let all prepare to observe it in accordance with the true spirit of the day.

The Star Jubilee Singers will give three entertainments at the Town Hall this week Friday and Saturday evenings and Saturday Matinee.

"Look out for counterfeit silver dollars," say the papers. But our folks think it requires a sharper detective to find the genuine article now-a-days.

The Masonic fair, of Lyons, was a grand success and netted the society over \$350. More than 1,500 tickets were sold during the three nights' entertainment.

The Central's new snow plow is of the rotary pattern, and is warranted to dispose of a drift in short order. It is run by a powerful engine and when in motion sends the snow in every direction.

Astronomers have a new task, watching the approach of Faye's comet on its periodical return. The latter would regard the affair with more interest if they were sure the visitor would make a brilliant display during the coming winter months.

The trunk lines to the west Saturday bid for 130 soldiers that are to be sent from New York to Council Bluffs. The highest bid was made by the Central-Judson, \$28. From this the prices ranged downward to \$18 by the West Shore, the regular rate being \$30.50.

Coal-gas is insulating and deadly. Recent examples have enforced anew the necessity for precaution. See that some fresh air is admitted into the sleeping apartment that contains a gas stove, and that the dampers and flues are adjusted so that no gas escapes into the room.

No change is reported in the cut of turkeys this year. The white meat is gathered in box plates on the breast as usual, while the bustle is discolored with sleginous frills as before. Small boys who have always been taught that the neck and drumsticks are the best parts will continue to have their pick of the fowls.

At this season of the year we especially request our Democratic friends to patronize those merchants who advertise with us, as, by so doing a mutual benefit will accrue to our advertisers as well as ourselves. We have received most loyal support, in fact far beyond our expectations, during the past year and we doubt not that our friends will need our request and thus still further assist us.

Get ready for the annual Collaboration as to whether you will buy a diary or not. It would be an interesting computation that could show the proportion between diaries that are started and those that are completed. Such a daily routine as the eating of meals would undoubtedly be forgotten if it were not for the cravings of appetite that hunger every day for writing in a diary. Of all fragmentary documents the average diary is easily the most broken-up.

This is the right time to drop suggestive hints in the domestic circle. "How I would like this," or "If I only had such a thing my happiness would be complete." Such remarks made at the right moment are like finger-boards on the Christmas highway. It is sometimes a maze of perplexity in which the prescient giver finds himself or herself, and the choice remarks of the object of loving benevolence often simplify things. And he gets what he wants, too, which is better than having a full line of articles of the same kind or an assortment of things that he never thought of before and prefers never to think of again. Neither is the delightful element of surprise lacking, for there will not be perfect confidence that the hint has been accepted.

The Central Drug-Store is the place to call before you purchase Holiday Goods. Larger stock than ever, and at reasonable figures.

The snow-avalanche brigade was out in full force this morning.

An unusually heavy freight business is being done on the railroads at this season.

A new art store has been temporarily opened in the vacant store of the Strauss block.

All the young people and many of the older ones are looking forward to Christmas with great anticipation.

The transfer of the proprietorship of the Clyde Hotel has been annulled and Mr. Earnest is again the manager.

Venus, the evening star, is very beautiful at present. She remains a prominent object in the western sky for two hours after sunset.

Coffee has gone up again, owing to reports of a short crop and the operations of speculators. There seem to be no real grounds for a rise.

Mr. Wadley's new "bus" has attracted considerable attention, and well it may as it is a very fine one. It was purchased of the Cortland Wagon Co.

The season of weddings and wedding anniversaries is well under way. For the best work and finest assortment of invitations for these occasions call at the Herald office.

Wheat holds in this vicinity are reported by members of the Grange as improving in appearance and the prospects of a good crop are superior to that of last year at this time.

The Juvenile entertainment Friday evening was well patronized and proved a complete success. The recitations by the little ones were cute and interesting and afforded the audience considerable enjoyment.

The Methodist variety sale and supper at the Town Hall last Wednesday evening was a grand success in every particular. The bountiful supper proved a tempting allurement and was well patronized as were also the several booths. The total receipts of the entertainment were about \$210.

An interesting relic of the frightful wreck that occurred on the Central road just east of the freight house about 12 years ago, was unearthed last week by the workmen who are engaged in building an arched culvert in place of the short bridge at that point. It was an old jack-screw that had been lost at the time of the wreck, and was found about eight feet below ground.

At special meeting of the Protective Fire Company held at their parlors last evening it was decided to hold a grand fair and entertainment at the Town Hall about February 20th-25th. The committees have all been appointed and are composed of energetic members who will give the event an impetus that is bound to make it a complete success. The preliminary work will rapidly be pushed to completion and nothing will be left undone that will in any way add to the attractive features of the occasion.

The Young Men's Parties.

The second of the series of dancing parties given by the Young Men of Clyde, will occur to-morrow (Wednesday) evening, December 19th. A mistake in the printing of the Clyde Times of last week gave the date as the "19th" instead of the 18th. It is hoped that it may be generally understood that the date is the 18th. The young men who have the parties in charge have put forth every effort to make this party successful; and suitable furniture will be furnished for the occasion and the latest music will be played by the original Myrings Orchestra of Rochester. Alfred Woody, the well-known caterer will serve the supper in the lower hall, which will be prepared for the occasion. Many guests have manifested to the manager, by letter, their intention to be present at this reception and a first class time may be expected. Carriages will be furnished for the accommodation of the guests at 50 cents per couple; orders may be left at the store of P. G. Denison or at the office of H. Case's livery. Spectators will be admitted to the gallery at 30 cents per couple—and not restricted to invited guests. Cards and tables will be provided for those who wish to play. The reception will open promptly at 8:30 P. M. Any information in regard to the parties will be gladly furnished to all by the manager.

Obituary.

The sad death of Mrs. Isabel Simons, wife of John Simons, occurred at her residence on Factory street, last Saturday, at the age of 28 years. Mrs. Simons was a woman of kind and lovable disposition and won for herself a wide circle of friends who greatly mourn her loss. She leaves, beside her husband, two children, of tender years, who will greatly miss the affectionate care of a devoted mother. Funeral services were conducted by the Rev. J. B. Vrooman, from the late residence, at half-past five Friday afternoon.

The intelligence of the death of Mrs. Anna Z. Grosbeck, which occurred Saturday forenoon at her late residence on DeZong street, cast a feeling of profound sorrow over this community which can ill afford to bear the loss. Mrs. Grosbeck, whose maiden name was Anna Z. Donaldson, was born in Langley, Va., in 1848, and was married at her home on the 24th day of February, 1869, to Ward H. Grosbeck, and in October of that year they removed to this town and Mr. Grosbeck soon started a grocery in partnership with his brother, Chas. S. Grosbeck, whose interest he purchased a few years later, and the establishment has since grown to be one of our leading business places. Mrs. Grosbeck had been, up to the time of her illness, a most earnest Christian and faithful member of the Baptist church, and her guiding hand and charitable disposition had wrought much that will long endure her name among us. In character she was kind, gentle and courteous and these rare traits daily made themselves manifest in her. As a wife, loyal and true; as a mother, tender and devoted, and as a friend whose associations were to be cherished, her death is a loss that is most keenly felt by her family and acquaintances, and the bereft husband and children have the sympathy of the entire community in their great affliction. Besides her husband, Mrs. Grosbeck leaves two sons and a daughter. The deceased was 40 years of age and the funeral services will be conducted by Rev. J. B. Vrooman, from the residence at 2:30 o'clock, to-morrow (Wednesday) afternoon.

Messrs. L. A. Powers and E. Q. Corbin have been spending the past week in New York.

Mr. Louis F. Raf, of the Auburn Theological Seminary is visiting his brother Dr. J. P. Raf, for a few days.

Mr. George S. Morley left yesterday for Palmyra, where he has accepted a position in Stuart's nursery.

Mr. and Mrs. E. N. Hughson will celebrate the forty-fifth anniversary of their marriage at their residence on Glasgow street this (Tuesday) evening.

Miss Corilla A. Borradaile, of Sodus Centre, and Mr. Omar M. Curtis, of Wolcott, were married Wednesday afternoon at the home of the bride.

Messrs. Charles D. Kellogg and O. S. Darling have taken rooms in the third story of the Graham Block and will soon open a school for instruction in music.

Mrs. Anna Marston, of South Bend, Ind., has invited her friends to witness the marriage of Mr. Charles A. Suedaker to Mrs. Sophia Belknap. The ceremony will be performed on Christmas Day. The best wishes of a host of sincere friends are extended.

The marriage of Albert D. Collier to Grace L. Crowell was solemnized at the residence of the bride's mother, Mrs. M. J. Crowell, last Wednesday evening. The affair was exclusively private, only the immediate relatives of the contracting parties being present. Rev. S. C. Thicks officiated.

A pleasant gathering occurred at the residence of Mr. and Mrs. W. H. Garlic on Saturday evening, the occasion being the twenty-fifth anniversary of their marriage. A most agreeable evening was passed, after which the guests departed with best wishes of continued prosperity in life for Mr. and Mrs. Garlic.

A large number of friends of Mr. and Mrs. Adrastus Suedaker surprised the latter at her residence on Sodus street last Saturday evening. The occasion being the fiftieth anniversary of their marriage. The guests flitted their spacious residence to overflowing and passed a thoroughly enjoyable evening, after which a bountiful supper was served to which the gathered hosts did ample justice. A purse of \$75 was presented to the aged couple as a token of the high esteem in which they are held by their friends with whom they have spent their prolonged honeymoon. Congratulations and well-wishes were showered upon Mr. and Mrs. Suedaker after which the guests took their departure.

Bright's Disease

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little child, three years of age, was taken sick in March, 1887, with a severe cold. The doctor who took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and eyes were terribly swollen; she had a burning fever and all the symptoms of an aggravated case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But another's love and prayers procured all that I could, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rochester, N. Y. This was a last resort, and I hoped, although my little daughter was a very severe case, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, so hopeless. How happy I was that I determined upon this course—for an improvement was made possible.

The fever left her—her appetite improved—she gained six pounds in a short time and one by one the swellings and tenderness of the kidneys disappeared. Words fail to express my gratitude, and I cannot too warmly recommend the Favorite Remedy. It was a marvelous recovery.

A MARVELOUS RECOVERY.
