STATE NOTES.

There are now sixty-one counties in New York state. The sixty-first is Nassau, a portion of Queens county, not included in Greater New York city.

Johnstown, N. Y., has just entertained the annual gathering of the Woman's Christian Temperance Union. At the election of officers Mrs. Ella A. Boole, the former vice president was called to fill the vacancy caused by the death of the president, Mrs. Mary Towne Burt, who for sixteen years had stood at this post of honor. Miss Celia Hutton of Penn Yan, was made vice president; Mrs. Frances W. Graham, of Lockport, corresponding secretary; Mrs. Nellie Hutchinson, of Owego, recording secretary, and Mrs. Ellen L. Tenney of Albany, treasurer. The last three were re-elected. The next annual convention will be held in Binghamton.

The State Baptist Convention will meet in Oneonta, October 25. The Convention embraces forty-three associations in the state and comprises 930 churches, 815 pastors and 150,406 members.

The Ithaca Gun company has purchased the entire plant of the Wilkes-Barre Arms company, makers of the Wilkes-Barre and Parry gun. The whole equipment will be moved to Ithaca and added to the plant of the Ithaca Gun company, making it the [illegible] burned last Friday morning. Loss about $30,000.

As apple picking progresses in Monroe and Orleans counties it is found that orchards which were properly sprayed make a fair showing, while the fruit in the unsprayed orchards is scant and of very poor quality. Some of the finest fruit ever grown is to be found this year, but in only a comparatively few orchards. The present price is from $2.25 to $2.50 a barrel.

Flour made from potatoes is coming into quite general use. It is cheaper than good wheat flour and is said to be highly nutritious. It is beautifully white and especially adapted to confectionery and fancy bakery work. Some Rochester bakeries are advertising potato flour bread.

FOR A NEW ORGAN.

For several months the ladies of the M. E. church have been perfecting plans for an "Every Day Dollar Party," the proceeds of which were to be the nucleus of a fund for the purchase of a new pipe organ. The date of the party has been set for Tuesday evening, November 1, and the place the Moravia Opera House.

Mrs. J. M. Maltbie represents the year, and appointed by her are twelve ladies to represent the several months. Each month in turn appoints her weeks and the weeks name the days. The year, each month, week and day secures a dollar.

The four seasons of the year Spring, Summer, Autumn and Winter, furnish refreshments at their several tables, appropriately set for the time of year.

The entertainment is novel in every way, and the ladies ask the patronage of the public.

SMALL POX AT MC LEAN.

The section about McLean is afflicted with an epidemic of small pox in a mild form. The disease has been raging for some time and the local doctors diagnosed the case as a skin trouble. The attention of an Ithaca physician was called to the matter and an investigation by the State Board of Health disclosed the fact that the disease was small pox. A large number of people have been exposed, and over a score of cases have been reported. So far none have resulted fatally. The origin of the disease is said to have been the same as in the case of Moravia last Spring.

CARD OF THANKS.

We desire to thank our friends for kindnesses shown in our recent bereavement by the death of our mother.

CARLTON CHURCH,
ARTHUR CHURCH.

THIEVES IN NILES.

Chicken thieves have begun operations in Niles. On Thursday night of last week D. W. Head had one hundred fowls stolen.

LITERARY NOTES.

Mrs. Ballington Booth of The American Volunteers is writing and has [illegible] of American prisons, and on the [illegible] New York for the Ladies Home Journal. Mrs. Booth has perhaps come closer to the lives and confidences of the men and women in prisons and to know the poor better, than any woman living. She will not only tell what she has seen, but she will point out what her experience has shown her to be the most effective way in dealing with the people of the prisons and the slums.

McClure's Magazine for October will contain an account of "The Fight for Santiago" written by Stephen Bonsal. Mr. Bonsal was the special representative of McClure's in the field during the war. His paper will be illustrated largely from photographs taken by himself and from drawings by W. J. Glackens, the special artist of McClure's with the army of invasion.

The November Number of The Delineator is called the Early Winter Number, and contains a variety of matter of unsurpassed freshness and charm. Made on Earth, a story by Cornelia Atwood Pratt, typifies the love that women cherish for a home they can call their own. The College Stories by Nancy Vincent McClelland, the scenes of which are laid at Vassar, reveal much of the significance of college spirit and student life. Floral Hunting Party, by Katherine E. Maxwell, outlines a delightful indoor entertainment. The Womens Press Associations of the country furnish material for the regular article on Club Women and Club Life by Helen M. Winslow. In Girls' Interests and Occupations, by Lafayette McLaws, will be found a number of attractive suggestions. The Delineator is the Woman's Favorite Magazine, issued by the famous Fashion Publishers, The Butterick Publishing Co., New York, at the remarkably low rate of $1 for a year's subscription or 15c per copy.

Beginning with the November number Frank Leslie's Popular Monthly will be issued at 10 cents a copy. This does not signify that it will be a cheaper magazine except in price. The cost of production has been increased. New machinery has been introduced and its list of contributors enlarged. Its contributors are the best men and women of letters in the land. The Monthly will be found at all newsdealers at 10 cents a copy.

The fact that the work of the best writers, at home and abroad, appears from week to week in the Waverley; the prince of story papers, explains the immense popularity of this magazine. It contains a number of short stories and miscellaneous departments each week, and is just the thing for a busy housewife to pick up during the [illegible]

THE CHARITY WORKERS.
