In the periodical Smith recommended the raising of \$5,000 for the support of the poor the current year.

Dr. W. O. Hubbard of Lowville was taken to the state hospital at Ogdensburg to-day for treatment, upon an order issued by Judge Turner. The order was issued upon petition of Superintendent John L. Smith and certificate of Dr. F. A. Crane and Dr. C. P. Kirkey. Judge Turner also issued an order upon the certificate of Dr. M. P. Crosby and Dr. J. Z. Hunt for the commitment of William Pitcher of Martinsburg to the insane institution, but Mr. Pitcher evidently made no desire to go there, and accordingly made his escape to parts unknown. In years ago Mr. Pitcher's mind has been unbalanced in spells, and when the "spells" take him it is said he has a desire to get married. He told her that he has one wife in Lewis county and two in the vicinity of Elmira. Marriages of widows appear to be his favorite.

In county court to-day an application was made for confirming the report of Hon. Fred C. Schuchler, Frank C. Doig and Eugene Arthur in the village of Castorland. The commissioners reported in favor of the proposed highway and assessed the damages as follows: Jones Cummings, \$20; George H. Cummings, \$27; Harry Hooper, Jr., \$15; Julia Edmonds, \$15; Eugene Dimick, \$10; Samuel Harper, \$10; Walter Hannah, \$7.50. There was no opposition to the report and it was confirmed.

The engagement is announced of Frank E. Boshaert and Miss Madeline J. Rauke, both of this village. The wedding, which will be a quiet affair, will take place on Wednesday, Dec. 22.

Coming to Justice Wright being engaged in the Smith murder trial at Rome, the term of the supreme court appointed to be held in Lowville, commencing Dec. 6, has been postponed until Tuesday, Feb. 15, therefore jurors and court attendants will not be required to report until the latter date. The calendar as already made up contains 12 cases. No notes of issue can be filed after the February term.

John L. Clark, clerk of the surrogate's court, has been visiting a few days at his home in Ogdensburg.

Mrs. Garmon, mother of Samuel F. Garmon and Mrs. Joseph Harvey, died to-day at the residence of her son at Old Forge, to which place the family recently moved from Lowville. The deceased was about 70 years of age, and had many old friends in this village who will regret to learn of her death.

The Web Tightening Around Burdett - Stephen Carlton Captured - District Attorney Kellogg After Burglars - Horse Thief Captured - Brief Notice of Minor Matters.

POTSDAM, Nov. 30. - Some new evidence has been developed by the prosecution in the Burdett case within the past 24 hours, which will undoubtedly have considerable weight at the preliminary hearing. It has been ascertained that Masters Spencer Barclay and Oliver Brewer, who visited the scene of the tragedy on the night of November 10, talked with Master Harry Burdett, and at that time he distinctly told them that the man who had blacked his eyes, and the young man who had changed his story, and now says that the man had blacked his eyes but no whippers, Young Barclay was in consultation with Felt and the district attorney last night and stuck to his story. From all appearances the people's case seems to be gaining strength.

ILLEGAL HUNTING.

Canvasser Taken for a State Spy by Men Who are Killing Deer Out of Season.

JOHNSTOWN, Nov. 30. - A salesman whose wife and children reside in Johnstown, having just returned from a somewhat extended trip, reports that a few days since he left Johnstown in the morning and proceeded to a place on the shore of the lake, a distance of about 40 miles, where he arrived in the evening. After capturing several orders he passed towards Morehouseville, 20 miles distant, the snow being six inches in depth. While plodding along the highway a deer while crossing the road was suddenly struck by a rifle ball, and fell dead near his feet. Arriving at Morehouseville, which contains a hotel and a post-office, he found about 30 deer hunters quartered at the hotel. In the evening he was invited to drink, but declined, remarking that his stomach was not in order. The following morning he was approached by a disciple of Nimrod, who quietly informed him that the hunters had considered him a state spy. After producing his card as a salesman he was allowed to pass on his way unmolested. When about leaving Morehouseville, a man arrived with a sleigh containing the carcass of a deer, which was quickly purchased by the hunters for ten dollars, and was soon on its way to Rome. The salesman then passed on through Wilmett, Ohio and Dolgville, and returned home by the way of LaSalleville.

The members of the family are well known, having lived in that immediate vicinity for many years. The young man gave no intimation that he was to take his life, leaving the house quietly and in the usual manner, except that it was learned afterward that he had taken his rifle with him. Not returning, a search was made, and his body was found as stated, by a farm hand. It was still warm, and it is believed that the discovery was made about half an hour after the fatal shot was fired. It is recalled that Vandreser's wife and two of his uncles committed suicide.

DR. H. S. CRANDALL.

Interesting Sketch of the Life and Work of This Highly Esteemed Physician.

LEONARDSVILLE, Nov. 30.-(Special).-The late Dr. Hiram Sanders Crandall, who died at his home yesterday, as announced in Tuesday's Herald, was born in De Ruyter January 11, 1818. Until he attained his majority he lived with his father on the farm, assisting about the farm work. Early in life he decided to become a physician, and the money earned by his labor on the farm was devoted to paying for his medical tuition. During the latter part of his stay at home he taught a school as a means to the end he had in view. His early education was at the district school, and later he enjoyed the excellent advantage afforded by the De Ruyter academy, then and long afterwards a leading institution of learning. After graduating here he entered Hobart college at Geneva, which was then known as the Geneva medical college. Among his associates he soon attained a pre-eminence of influence by means of his natural aptness for study. In 1839 and 1840 he was assistant house surgeon at the Geneva hospital. The honors of the state medical society for western New York awarded him a diploma February 21, 1841.

On May 10 of the same year Dr. Crandall drove to Lehighville behind his faithful mare "Kitty" and on that day he arrived in town late in the evening, and will remain here securing a residence after Thursday. Mr. Kellogg stated he was positively convinced of the innocence of his client, and would not only endeavor to secure his release but hoped to prove his innocence without a doubt. While nothing new has been developed by Mr. Felt or the district attorney, the evidence already obtained was corroborated by reliable witnesses, and in this way, it is believed, the people's case has been strengthened. John Miller, a laborer, stated he saw Felt in front of the People's bank at 6:30 on the night of the crime. But if this is so it is strange that no one else can be found who saw Mr. Felt at this time.

Board of Supervisors at Herkimer - Two Poland Burglars Under Arrest - Little Falls Athletic Association Gives Banquet in Honor of Robert MacKinnon - Brief Mention.

HERKIMER, Nov. 30.-(Special).-Today's forenoon session of the board of supervisors was taken up with committee work. At the afternoon session the contract for printing the court calendars for the ensuing year is awarded to the Newport Journal at \$200.

Superior J. H. Hanks and Garlock, the commit, having charge of the maintenance of Elm's locks, reported that they had expended for repairs during the year the sum of \$10,741. J. H. Conroy, county house inspector, presented his report for the year, as follows: State appointment as county house inspector I have at several different times visited the county house. It is my candid opinion and I believe that I value the institution and I believe that I have inspected the premises for cleanliness and good taste in the management of the buildings, for kind, judicious treatment of the inmates, poor and for good judgment generally in the conduct of the affairs of the institution, the county house was never in better hands. Mr. Hanks has worked early and late, leaving his own home to give the county his judicious and economical administration as county superintendent of the poor. The committee on county buildings has done its duty well, but some improvements are still necessary, among which I would mention especially the need of a good ice house. I think it would be a saving to the county, and a great convenience to the institution. Respectfully submitted.

Mr. Garlock and Davis were appointed a committee to superintend the printing of the pamphlets containing the proceedings of the board. The Grand opera house block on Main street in this village will be sold at auction on Thursday, Dec. 30, at 10 a. m. This is the largest business block in this village, and is now owned by Detmel & Schermer.

In order to adjust the business affairs of the late E. S. W. Thomson, the plumbing and hardware business of the firm of Frowse & Thomson, in this village, is offered for sale. Here is a grand opportunity for any one with the necessary amount of capital to engage in an established and well paying business. Louis R. Jones, who for many years has had charge of the drug department for the firm has purchased the same, and will hereafter conduct it on his own account. Mr. Frowse, who has been one of Herkimer's leading business men for the past 31 years, will retire from active business life.

The two persons arrested at Poland yesterday on suspicion of having burglarized the store of M. N. Pearce in Newport on Friday night last, were brought before Justice B. W. Ford in New York last evening, and they proved to be George McLaughlin, aged 23 years, and Harry Crogan, aged 23 years, both of Newport. Both pleaded guilty to the charge of burglary and petit larceny, and were held to await the action of the grand jury, which meets here next week. This is said to be McLaughlin's first appearance on the road to destruction, but Crogan has been on the turf for some time, and was three years ago burglarized the post-office in Newport, and was sent to the Albany reformatory for 18 months for the crime. He has also served time in the Elmira reformatory. Crogan and McLaughlin were brought here by Officer Countryman of Poland late this afternoon, and were lodged in jail.

Complimentary Banquet to Robert MacKinnon by Athletic Association - Other Little Falls News.

LITTLE FALLS, Nov. 30.-(Special).-A complimentary banquet to Robert MacKinnon was given to-night by the members of the Little Falls athletic association at the rooms of the association in the McCauley block. The banquet proved to be one of the most pleasant informal affairs that has been held in the city in some time. Falls & Wires' complete orchestra rendered an excellent musical program during the evening. The evening's entertainment and refreshment was in the hands of a large committee with Nelson E. Raheem as chairman, and this part of the program was complete even to the minutest detail.

It is to the generous financial assistance of Robert MacKinnon that the Little Falls athletic association owes its existence and the pleasant quarters that the association occupies. Mr. MacKinnon is an enthusiastic and earnest lover in the benefits derived from practice in a well appointed gymnasium. The gymnasium of the association has been fitted up regardless of expense, the apparatus is of the latest and most improved pattern and during the winter months a competent instructor is engaged for the training classes. The classes are arranged for men, women and children, and enrolled on the membership of the organization are the first society people of the city, comprising ladies and gentlemen. Less than a year ago Mr. MacKinnon donated \$1,000 in a lump to the association, and he is continually doing clever things in a financial and social way for the society in which he takes a deep interest. It was for the purpose of showing the appreciation of the members of the society for many kind and generous acts bestowed by Mr. MacKinnon on the society that the banquet was given. The committee having in charge the undertaking performed its duties well and it must be very gratifying to Mr. MacKinnon to know that his efforts are fully appreciated. The association has a long list of participating members who had the pleasure of participating. The committee having in charge the granting of a franchise to the Dolgville electric light and power company has

Special Taxpayers' Election Held Yesterday.

Voted to Bond the City School District to Build a New School Building - 359 for, 241 Against the Question - Brief Mention and Other Matters of Interest.

The special election by taxpayers to decide on the bonding of the city school district for a new and needed school house was held at the city hall yesterday. The polls opened at 11 a. m. and closed at 2 p. m., thus giving all taxpayers an opportunity to vote. The election passed very quietly. It looked during the afternoon as if the question was going to be decided, which caused those favoring the election to hustle around, which they did in grand style. When the votes were counted it showed that there had been just 69 more votes cast, of which 359 were for a new academy and 241 against. Presently at 10 o'clock the city hall was crowded with a large number of the board of education expressed themselves as being highly gratified with the result. After the announcement of the vote was made a crowd of academy students who had been waiting for the result gave vent to their feelings by giving the academy yell with a vigor, after which they proceeded to the academy, where they rang the academy bell for a quarter of an hour.

George R. Hughes of Utica has just published a directory of Little Falls and Dolgville. The volume contains all the features of an up-to-date directory, street directory, alphabetical residence directory, national, state, county and city governments, including the city and village institutions, etc.; also the complete charter of Little Falls, with amendments and ordinances. A feature which is quite new, and which adds much to the value of the book is the illustration of the principal manufacturing industries, public men and public institutions. Thomas J. Griffin is the printer, and the typographical work is neatly done.
