A Glimmer of Hope For the Hostages

The death of Mohammad Reza Pahlavi, the former shah of Iran, raises continuing hope for release of the American hostages.

Stated the shah was the driving force behind the Iranian revolution and the subsequent hostage crisis. He recognized the monarchy that moved the people to rebellion in his deep emotional, violent, maniacal hatred for the monarchy that moved the events in Iran, during and since the revolution. It seems likely that hatred for the monarchy that moved the events in Iran, during and since the revolution. It seems likely that hatred for the monarchy that moved the events in Iran, during and since the revolution.

Mousey-looking, the former shah of Iran, raises continuing hope for release of the American hostages. It was a deep emotional, violent, maniacal hatred for the monarchy that moved the events in Iran, during and since the revolution.
